Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2023), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not dropped in error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

As used in this part:

Component means each separate organizational entity within the U.S. Department of Homeland Security (DHS) that reports directly to the Office of the Secretary.

Rulemaking petition means a petition to issue, amend, or repeal a rule, as described at 5 U.S.C. 553(e).

§ 3.3 Applicability.

(b) *Exceptions*—(1) *U.S. Coast Guard.* This part does not apply to any petition for rulemaking directed to the U.S. Coast Guard. Such petitions are governed by 33 CFR 1.05–20.

(2) *Federal Emergency Management Agency.* This part does not apply to any petition for rulemaking directed to the Federal Emergency Management Agency. Such petitions are governed by 44 CFR 1.18.

§ 3.5 Format and mailing instructions.

(a) *Format.* A rulemaking petition must include in a prominent location—

(1) The words “Petition for Rulemaking” or “Rulemaking Petition;” and

(2) The petitioner's name and a mailing address, in addition to any other contact information (such as telephone

number or email) that the petitioner chooses to include.

(b) *Mailing instructions*—(1) *General mailing address.* Any interested person may submit a rulemaking petition by sending it to the following address: U.S. Department of Homeland Security, Office of the General Counsel, Mail Stop 0485, Attn: Regulatory Affairs Law Division, 245 Murray Lane SW., Washington, DC 20528–0485.

§ 3.7 Content of a rulemaking petition.

(a) DHS will be better positioned to understand and respond to a rulemaking petition if the petition describes with reasonable particularity the rule that the petitioner is asking DHS to issue, amend, or repeal, and the factual and legal basis for the petition. For instance, DHS would be better able to understand and respond to a petition that includes—

(1) A description of the specific problem that the requested rulemaking would address;

(2) An explanation of how the requested rulemaking would resolve this problem;

(3) Data and other information that would be relevant to DHS's consideration of the petition;

(4) A description of the substance of the requested rulemaking; and

(5) Citation to the pertinent existing regulations provisions (if any) and pertinent DHS legal authority for taking action.

(b) [Reserved]

(c) *Grounds for denial.* DHS may deny the petition for any reason consistent with law, including, but not limited to, the following reasons: The petition has no merit, the petition is contrary to pertinent statutory authority, the petition is not supported by the relevant information or data, or the petition cannot be addressed because of other priorities or resource constraints.

(d) *Summary disposition.* DHS may, by written letter, deny or summarily dismiss without prejudice any petition that is moot, premature, repetitive, or frivolous, or that plainly does not warrant further consideration.

Subpart A—Procedures for Disclosure of Records Under the Freedom of Information Act

SOURCE: 81 FR 83632, Nov. 22, 2016, unless otherwise noted.

§ 5.1 General provisions.

(a)(1) This subpart contains the rules that the Department of Homeland Security follows in processing requests for records under the Freedom of Information Act (FOIA), 5 U.S.C. 552 as amended.

(2) The rules in this subpart should be read in conjunction with the text of the FOIA and the Uniform Freedom of Information Fee Schedule and Guidelines published by the Office of Management and Budget at 52 FR 10012 (March 27, 1987) (hereinafter “OMB Guidelines”). Additionally, DHS has additional policies and procedures relevant to the FOIA process. These resources are available at <http://www.dhs.gov/freedom-information-act-foia>. Requests made by individuals for records about themselves under the Privacy Act of 1974, 5 U.S.C. 552a, are processed under subpart B of part 5 as well as under this subpart.

(b) As referenced in this subpart, component means the FOIA office of each separate organizational entity within DHS that reports directly to the Office of the Secretary.

(c) DHS has a decentralized system for processing requests, with each component handling requests for its records.

(d) *Unofficial release of DHS information.* The disclosure of exempt records, without authorization by the appropriate DHS official, is not an official release of information; accordingly, it is not a FOIA release. Such a release does not waive the authority of the Department of Homeland Security to assert FOIA exemptions to withhold the same records in response to a FOIA request. In addition, while the authority may exist to disclose records to individuals in their official capacity, the provisions of this part apply if the same individual seeks the records in a private or personal capacity.

§ 5.2 Proactive disclosure of DHS records.

Records that are required by the FOIA to be made available for public inspection in an electronic format are accessible on DHS’s Web site, <http://www.dhs.gov/freedom-information-act-foia-and-privacy-act>. Each component is responsible for determining which of its records are required to be made publicly available, as well as identifying additional records of interest to the public that are appropriate for public disclosure, and for posting and indexing such records. Each component shall ensure that posted records and indices are updated on an ongoing basis. Each component has a FOIA Public Liaison who can assist individuals in locating records particular to a component. A list of DHS’s FOIA Public Liaisons is available at <http://www.dhs.gov/foia-contact-information> and in appendix A to this part. Requesters who do not have access to the internet may contact the Public Liaison for the component from which they seek records for assistance with publicly available records.

[81 FR 83632, Nov. 22, 2016, as amended at 87 FR 68601, Nov. 16, 2022]

§ 5.3 Requirements for making requests.

(a) *General information.* (1) DHS has a decentralized system for responding to FOIA requests, with each component designating a FOIA office to process records from that component. All components have the capability to receive requests electronically, either through email or a web portal. To make a request for DHS records, a requester should write directly to the FOIA office of the component that maintains the records being sought. A request will receive the quickest possible response if it is addressed to the FOIA office of the component that maintains the records sought. DHS’s FOIA Reference Guide contains or refers the reader to descriptions of the functions of each component and provides other information that is helpful in determining where to make a request. Each component’s FOIA office and any additional requirements for submitting a request to a given component are listed

§ 5.3

6 CFR Ch. I (1–1–23 Edition)

in appendix A to this part. These references can all be used by requesters to determine where to send their requests within DHS.

(2) A requester may also send his or her request to the Privacy Office, U.S. Department of Homeland Security, 245 Murray Lane SW STOP-0655, or via the internet at <http://www.dhs.gov/dhs-foia-request-submission-form>, or via fax to (202) 343-4011. The Privacy Office will forward the request to the component(s) that it determines to be most likely to maintain the records that are sought.

(3) A requester who is making a request for records about him or herself must comply with the verification of identity provision set forth in subpart B of this part.

(4) Where a request for records pertains to a third party, a requester may receive greater access by submitting either a notarized authorization signed by that individual, in compliance with the verification of identity provision set forth in subpart B of this part, or a declaration made in compliance with the requirements set forth in 28 U.S.C. 1746 by that individual, authorizing disclosure of the records to the requester, or by submitting proof that the individual is deceased (*e.g.*, a copy of a death certificate or an obituary). As an exercise of its administrative discretion, each component can require a requester to supply additional information if necessary in order to verify that a particular individual has consented to disclosure.

(b) *Description of records sought.* Requesters must describe the records sought in sufficient detail to enable DHS personnel to locate them with a reasonable amount of effort. A reasonable description contains sufficient information to permit an organized, non-random search for the record based on the component's filing arrangements and existing retrieval systems. To the extent possible, requesters should include specific information that may assist a component in identifying the requested records, such as the date, title or name, author, recipient, subject matter of the record, case number, file designation, or reference number. Requesters should refer to appendix A to this part for additional component-spe-

cific requirements. In general, requesters should include as much detail as possible about the specific records or the types of records that they are seeking. Before submitting their requests, requesters may contact the component's FOIA Officer or FOIA public liaison to discuss the records they are seeking and to receive assistance in describing the records. If after receiving a request, a component determines that it does not reasonably describe the records sought, the component should inform the requester what additional information is needed or why the request is otherwise insufficient. Requesters who are attempting to reformulate or modify such a request may discuss their request with the component's designated FOIA Officer, its FOIA Public Liaison, or a representative of the DHS Privacy Office, each of whom is available to assist the requester in reasonably describing the records sought.

(c) If a request does not adequately describe the records sought, DHS may at its discretion either administratively close the request or seek additional information from the requester. Requests for clarification or more information will be made in writing (either via U.S. mail or electronic mail whenever possible). Requesters may respond by U.S. Mail or by electronic mail regardless of the method used by DHS to transmit the request for additional information. In order to be considered timely, responses to requests for additional information must be postmarked or received by electronic mail within 30 working days of the postmark date or date of the electronic mail request for additional information or received by electronic mail by 11:59:59 p.m. ET on the 30th working day. If the requester does not respond to a request for additional information within thirty (30) working days, the request may be administratively closed at DHS's discretion. This administrative closure does not prejudice the requester's ability to submit a new request for further consideration with additional information.

[81 FR 83632, Nov. 22, 2016, as amended at 87 FR 68601, Nov. 16, 2022]

§ 5.4 Responsibility for responding to requests.

(a) *In general.* Except in the instances described in paragraphs (c) and (d) of this section, the component that first receives a request for a record and maintains that record is the component responsible for responding to the request. In determining which records are responsive to a request, a component ordinarily will include only records in its possession as of the date that it begins its search. If any other date is used, the component shall inform the requester of that date. A record that is excluded from the requirements of the FOIA pursuant to 5 U.S.C. 552(c), shall not be considered responsive to a request.

(b) *Authority to grant or deny requests.* The head of a component, or designee, is authorized to grant or to deny any requests for records that are maintained by that component.

(c) *Re-routing of misdirected requests.* Where a component's FOIA office determines that a request was misdirected within DHS, the receiving component's FOIA office shall route the request to the FOIA office of the proper component(s).

(d) *Consultations, coordination and referrals.* When a component determines that it maintains responsive records that either originated with another component or agency, or which contains information provided by, or of substantial interest to, another component or agency, then it shall proceed in accordance with either paragraph (d)(1), (2), or (3) of this section, as appropriate:

(1) The component may respond to the request, after consulting with the component or the agency that originated or has a substantial interest in the records involved.

(2) The component may respond to the request after coordinating with the other components or agencies that originated the record. This may include situations where the standard referral procedure is not appropriate where disclosure of the identity of the component or agency to which the referral would be made could harm an interest protected by an applicable exemption, such as the exemptions that protect personal privacy or national se-

curity interests. For example, if a non-law enforcement component responding to a request for records on a living third party locates records within its files originating with a law enforcement agency, and if the existence of that law enforcement interest in the third party was not publicly known, then to disclose that law enforcement interest could cause an unwarranted invasion of the personal privacy of the third party. Similarly, if a component locates material within its files originating with an Intelligence Community agency, and the involvement of that agency in the matter is classified and not publicly acknowledged, then to disclose or give attribution to the involvement of that Intelligence Community agency could cause national security harms. In such instances, in order to avoid harm to an interest protected by an applicable exemption, the component that received the request should coordinate with the originating component or agency to seek its views on the disclosability of the record. The release determination for the record that is the subject of the coordination should then be conveyed to the requester by the component that originally received the request.

(3) The component may refer the responsibility for responding to the request or portion of the request to the component or agency best able to determine whether to disclose the relevant records, or to the agency that created or initially acquired the record as long as that agency is subject to the FOIA. Ordinarily, the component or agency that created or initially acquired the record will be presumed to be best able to make the disclosure determination. The referring component shall document the referral and maintain a copy of the records that it refers.

(e) *Classified information.* On receipt of any request involving classified information, the component shall determine whether information is currently and properly classified and take appropriate action to ensure compliance with 6 CFR part 7. Whenever a request involves a record containing information that has been classified or may be appropriate for classification by another component or agency under any

applicable executive order concerning the classification of records, the receiving component shall refer the responsibility for responding to the request regarding that information to the component or agency that classified the information, or should consider the information for classification. Whenever a component's record contains information classified by another component or agency, the component shall coordinate with or refer the responsibility for responding to that portion of the request to the component or agency that classified the underlying information.

(f) *Notice of referral.* Whenever a component refers any part of the responsibility for responding to a request to another component or agency, it will notify the requester of the referral and inform the requester of the name of each component or agency to which the records were referred, unless disclosure of the identity of the component or agency would harm an interest protected by an applicable exemption, in which case the component should coordinate with the other component or agency, rather than refer the records.

(g) *Timing of responses to consultations and referrals.* All consultations and referrals received by DHS will be handled according to the date that the FOIA request initially was received by the first component or agency, not any later date.

(h) *Agreements regarding consultations and referrals.* Components may establish agreements with other components or agencies to eliminate the need for consultations or referrals with respect to particular types of records.

(i) *Electronic records and searches—(1) Significant interference.* The FOIA allows components to not conduct a search for responsive documents if the search would cause significant interference with the operation of the component's automated information system.

(2) *Business as usual approach.* A “business as usual” approach exists when the component has the capability to process a FOIA request for electronic records without a significant expenditure of monetary or personnel resources. Components are not required

to conduct a search that does not meet this business as usual criterion.

(i) Creating computer programs or purchasing additional hardware to extract email that has been archived for emergency retrieval usually are not considered business as usual if extensive monetary or personnel resources are needed to complete the project.

(ii) Creating a computer program that produces specific requested fields or records contained within a well-defined database structure usually is considered business as usual. The time to create this program is considered as programmer or operator search time for fee assessment purposes and the FOIA requester may be assessed fees in accordance with § 5.11(c)(1)(iii). However, creating a computer program to merge files with disparate data formats and extract specific elements from the resultant file is not considered business as usual, but a special service, for which additional fees may be imposed as specified in § 5.11. Components are not required to perform special services and creation of a computer program for a fee is up to the discretion of the component and is dependent on component resources and expertise.

(3) *Data links.* Components are not required to expend DHS funds to establish data links that provide real time or near-real-time data to a FOIA requester.

§ 5.5 Timing of responses to requests.

(a) *In general.* Components ordinarily will respond to requests according to their order of receipt. Appendix A to this part contains the list of components that are designated to accept requests. In instances involving misdirected requests that are re-routed pursuant to § 5.4(c), the response time will commence on the date that the request is received by the proper component, but in any event not later than ten working days after the request is first received by any DHS component designated in appendix A to this part.

(b) *Multitrack processing.* All components must designate a specific track for requests that are granted expedited processing, in accordance with the standards set forth in paragraph (e) of this section. A component may also designate additional processing tracks

that distinguish between simple and more complex requests based on the estimated amount of work or time needed to process the request. Among the factors a component may consider are the number of pages involved in processing the request or the need for consultations or referrals. Components shall advise requesters of the track into which their request falls, and when appropriate, shall offer requesters an opportunity to narrow their request so that the request can be placed in a different processing track.

(c) *Unusual circumstances.* Whenever the statutory time limits for processing a request cannot be met because of “unusual circumstances,” as defined in the FOIA, and the component extends the time limits on that basis, the component shall, before expiration of the twenty-day period to respond, notify the requester in writing of the unusual circumstances involved and of the date by which processing of the request can be expected to be completed. Where the extension exceeds ten working days, the component shall, as described by the FOIA, provide the requester with an opportunity to modify the request or agree to an alternative time period for processing. The component shall make available its designated FOIA Officer and its FOIA Public Liaison for this purpose. The component shall also alert requesters to the availability of the Office of Government Information Services (OGIS) to provide dispute resolution services.

(d) *Aggregating requests.* For the purposes of satisfying unusual circumstances under the FOIA, components may aggregate requests in cases where it reasonably appears that multiple requests, submitted either by a requester or by a group of requesters acting in concert, constitute a single request that would otherwise involve unusual circumstances. Components will not aggregate multiple requests that involve unrelated matters.

(e) *Expedited processing.* (1) Requests and appeals will be processed on an expedited basis whenever the component determines that they involve:

(i) Circumstances in which the lack of expedited processing could reasonably be expected to pose an imminent

threat to the life or physical safety of an individual;

(ii) An urgency to inform the public about an actual or alleged federal government activity, if made by a person who is primarily engaged in disseminating information;

(iii) The loss of substantial due process rights; or

(iv) A matter of widespread and exceptional media interest in which there exist possible questions about the government’s integrity which affect public confidence.

(2) A request for expedited processing may be made at any time. Requests based on paragraphs (e)(1)(i), (ii), and (iii) of this section must be submitted to the component that maintains the records requested. When making a request for expedited processing of an administrative appeal, the request should be submitted to the DHS Office of General Counsel or the component Appeals Officer. Address information is available at the DHS Web site, <http://www.dhs.gov/freedom-information-act-foia>, or by contacting the component FOIA officers via the information listed in appendix A to part 5. Requests for expedited processing that are based on paragraph (e)(1)(iv) of this section must be submitted to the Senior Director of FOIA Operations, the Privacy Office, U.S. Department of Homeland Security, 245 Murray Lane SW STOP-0655, Washington, DC 20598-0655. A component that receives a misdirected request for expedited processing under the standard set forth in paragraph (e)(1)(iv) of this section shall forward it immediately to the DHS Senior Director of FOIA Operations, the Privacy Office, for determination. The time period for making the determination on the request for expedited processing under paragraph (e)(1)(iv) of this section shall commence on the date that the Privacy Office receives the request, provided that it is routed within ten working days, but in no event shall the time period for making a determination on the request commence any later than the eleventh working day after the request is received by any component designated in appendix A to part 5.

(3) A requester who seeks expedited processing must submit a statement,

§ 5.6

6 CFR Ch. I (1–1–23 Edition)

certified to be true and correct, explaining in detail the basis for making the request for expedited processing. For example, under paragraph (e)(1)(ii) of this section, a requester who is not a full-time member of the news media must establish that he or she is a person who primarily engages in information dissemination, though it need not be his or her sole occupation. Such a requester also must establish a particular urgency to inform the public about the government activity involved in the request—one that extends beyond the public’s right to know about government activity generally. The existence of numerous articles published on a given subject can be helpful to establishing the requirement that there be an “urgency to inform” the public on the topic. As a matter of administrative discretion, a component may waive the formal certification requirement.

(4) A component shall notify the requester within ten calendar days of the receipt of a request for expedited processing of its decision whether to grant or deny expedited processing. If expedited processing is granted, the request shall be given priority, placed in the processing track for expedited requests, and shall be processed as soon as practicable. If a request for expedited processing is denied, any appeal of that decision shall be acted on expeditiously.

§ 5.6 Responses to requests.

(a) *In general.* Components should, to the extent practicable, communicate with requesters having access to the Internet using electronic means, such as email or web portal.

(b) *Acknowledgments of requests.* A component shall acknowledge the request and assign it an individualized tracking number if it will take longer than ten working days to process. Components shall include in the acknowledgment a brief description of the records sought to allow requesters to more easily keep track of their requests.

(c) *Grants of requests.* Ordinarily, a component shall have twenty (20) working days from when a request is

received to determine whether to grant or deny the request unless there are unusual or exceptional circumstances. Once a component makes a determination to grant a request in full or in part, it shall notify the requester in writing. The component also shall inform the requester of any fees charged under § 5.11 and shall disclose the requested records to the requester promptly upon payment of any applicable fees. The component shall inform the requester of the availability of its FOIA Public Liaison to offer assistance.

(d) *Adverse determinations of requests.* A component making an adverse determination denying a request in any respect shall notify the requester of that determination in writing. Adverse determinations, or denials of requests, include decisions that the requested record is exempt, in whole or in part; the request does not reasonably describe the records sought; the information requested is not a record subject to the FOIA; the requested record does not exist, cannot be located, or has been destroyed; or the requested record is not readily reproducible in the form or format sought by the requester. Adverse determinations also include denials involving fees, including requester categories or fee waiver matters, or denials of requests for expedited processing.

(e) *Content of denial.* The denial shall be signed by the head of the component, or designee, and shall include:

(1) The name and title or position of the person responsible for the denial;

(2) A brief statement of the reasons for the denial, including any FOIA exemption applied by the component in denying the request;

(3) An estimate of the volume of any records or information withheld, for example, by providing the number of pages or some other reasonable form of estimation. This estimation is not required if the volume is otherwise indicated by deletions marked on records that are disclosed in part, or if providing an estimate would harm an interest protected by an applicable exemption; and

(4) A statement that the denial may be appealed under § 5.8(a), and a description of the requirements set forth therein.

(5) A statement notifying the requester of the assistance available from the agency's FOIA Public Liaison and the dispute resolution services offered by OGIS.

(f) *Markings on released documents.* Markings on released documents must be clearly visible to the requester. Records disclosed in part shall be marked to show the amount of information deleted and the exemption under which the deletion was made unless doing so would harm an interest protected by an applicable exemption. The location of the information deleted also shall be indicated on the record, if technically feasible.

(g) *Use of record exclusions.* (1) In the event that a component identifies records that may be subject to exclusion from the requirements of the FOIA pursuant to 5 U.S.C. 552(c), the head of the FOIA office of that component must confer with Department of Justice's Office of Information Policy (OIP) to obtain approval to apply the exclusion.

(2) Any component invoking an exclusion shall maintain an administrative record of the process of invocation and approval of the exclusion by OIP.

§ 5.7 Confidential commercial information.

(a) *Definitions*—(1) *Confidential commercial information* means commercial or financial information obtained by DHS from a submitter that may be protected from disclosure under Exemption 4 of the FOIA.

(2) *Submitter* means any person or entity from whom DHS obtains confidential commercial information, directly or indirectly.

(b) *Designation of confidential commercial information.* A submitter of confidential commercial information must use good faith efforts to designate by appropriate markings, either at the time of submission or within a reasonable time thereafter, any portion of its submission that it considers to be protected from disclosure under Exemption 4. These designations will expire ten years after the date of the submission

unless the submitter requests and provides justification for a longer designation period.

(c) *When notice to submitters is required.* (1) A component shall promptly provide written notice to a submitter whenever records containing such information are requested under the FOIA if, after reviewing the request, the responsive records, and any appeal by the requester, the component determines that it may be required to disclose the records, provided:

(i) The requested information has been designated in good faith by the submitter as information considered protected from disclosure under Exemption 4; or

(ii) The component has a reason to believe that the requested information may be protected from disclosure under Exemption 4.

(2) The notice shall either describe the commercial information requested or include a copy of the requested records or portions of records containing the information. In cases involving a voluminous number of submitters, notice may be made by posting or publishing the notice in a place or manner reasonably likely to accomplish it.

(d) *Exceptions to submitter notice requirements.* The notice requirements of paragraphs (c) and (g) of this section shall not apply if:

(1) The component determines that the information is exempt under the FOIA;

(2) The information lawfully has been published or has been officially made available to the public;

(3) Disclosure of the information is required by a statute other than the FOIA or by a regulation issued in accordance with the requirements of Executive Order 12600 of June 23, 1987; or

(4) The designation made by the submitter under paragraph (b) of this section appears obviously frivolous, except that, in such a case, the component shall give the submitter written notice of any final decision to disclose the information and must provide that notice within a reasonable number of days prior to a specified disclosure date.

§ 5.8

6 CFR Ch. I (1–1–23 Edition)

(e) *Opportunity to object to disclosure.*

(1) A component will specify a reasonable time period, but no fewer than 10 working days, within which the submitter must respond to the notice referenced above. If a submitter has any objections to disclosure, it should provide the component a detailed written statement that specifies all grounds for withholding the particular information under any exemption of the FOIA. In order to rely on Exemption 4 as basis for nondisclosure, the submitter must explain why the information constitutes a trade secret, or commercial or financial information that is privileged or confidential.

(2) A submitter who fails to respond within the time period specified in the notice shall be considered to have no objection to disclosure of the information. Information received by the component after the date of any disclosure decision will not be considered by the component. Any information provided by a submitter under this subpart may itself be subject to disclosure under the FOIA.

(f) *Analysis of objections.* A component shall consider a submitter's objections and specific grounds for nondisclosure in deciding whether to disclose the requested information.

(g) *Notice of intent to disclose.* Whenever a component decides to disclose information over the objection of a submitter, the component shall provide the submitter written notice, which shall include:

(1) A statement of the reasons why each of the submitter's disclosure objections was not sustained;

(2) A description of the information to be disclosed; and

(3) A specified disclosure date, which shall be a reasonable time subsequent to the notice, but no fewer than 10 working days.

(h) *Notice of FOIA lawsuit.* Whenever a requester files a lawsuit seeking to compel the disclosure of confidential commercial information, the component shall promptly notify the submitter.

(i) *Requester notification.* The component shall notify a requester whenever it provides the submitter with notice and an opportunity to object to disclosure; whenever it notifies the sub-

mitter of its intent to disclose the requested information; and whenever a submitter files a lawsuit to prevent the disclosure of the information.

(j) *Scope.* This section shall not apply to any confidential commercial information provided to CBP by a business submitter. Section 5.12 applies to such information. Section 5.12 also defines "confidential commercial information" as used in this paragraph.

§ 5.8 Administrative appeals.

(a) *Requirements for filing an appeal.*

(1) A requester may appeal adverse determinations denying his or her request or any part of the request to the appropriate Appeals Officer. A requester may also appeal if he or she questions the adequacy of the component's search for responsive records, or believes the component either misinterpreted the request or did not address all aspects of the request (*i.e.*, it issued an incomplete response), or if the requester believes there is a procedural deficiency (*e.g.*, fees were improperly calculated). For the address of the appropriate component Appeals Officer, contact the applicable component FOIA liaison using the information in appendix A to this part, visit www.dhs.gov/foia, or call 1-866-431-0486. An appeal must be in writing, and to be considered timely it must be postmarked or, in the case of electronic submissions, transmitted to the Appeals Officer within 90 working days after the date of the component's response. An electronically filed appeal will be considered timely if transmitted to the Appeals Officer by 11:59:59 p.m. ET or EDT on the 90th working day. The appeal should clearly identify the component determination (including the assigned request number if the requester knows it) that is being appealed and should contain the reasons the requester believes the determination was erroneous. To facilitate handling, the requester should mark both the letter and the envelope, or the transmittal line in the case of electronic transmissions "Freedom of Information Act Appeal."

(2) An adverse determination by the component appeals officer will be the final action of DHS.

(b) *Adjudication of appeals.* (1) The DHS Office of the General Counsel or its designee (*e.g.*, component Appeals Officers) is the authorized appeals authority for DHS;

(2) On receipt of any appeal involving classified information, the Appeals Officer shall consult with the Chief Security Officer, and take appropriate action to ensure compliance with 6 CFR part 7;

(3) If the appeal becomes the subject of a lawsuit, the Appeals Officer is not required to act further on the appeal.

(c) *Appeal decisions.* The decision on the appeal will be made in writing. A decision that upholds a component's determination will contain a statement that identifies the reasons for the affirmance, including any FOIA exemptions applied. The decision will provide the requester with notification of the statutory right to file a lawsuit and will inform the requester of the mediation services offered by the Office of Government Information Services, of the National Archives and Records Administration, as a non-exclusive alternative to litigation. Should the requester elect to mediate any dispute related to the FOIA request with the Office of Government Information Services, DHS and its components will participate in the mediation process in good faith. If the adverse decision is reversed or modified on appeal, in whole or in part, the requester will be notified in a written decision and the request will be thereafter be further processed in accordance with that appeal decision.

(d) *Time limit for issuing appeal decision.* The statutory time limit for responding to appeals is generally 20 working days after receipt. However, the Appeals Officer may extend the time limit for responding to an appeal provided the circumstances set forth in 5 U.S.C. 552(a)(6)(B)(i) are met.

(e) *Appeal necessary before seeking court review.* If a requester wishes to seek court review of a component's adverse determination on a matter appealable under paragraph (a)(1) of this section, the requester must generally first appeal it under this subpart. However, a requester is not required to first file an appeal of an adverse determina-

tion of a request for expedited processing prior to seeking court review.

[81 FR 83632, Nov. 22, 2016, as amended at 87 FR 68601, Nov. 16, 2022]

§ 5.9 Preservation of records.

Each component shall preserve all correspondence pertaining to the requests that it receives under this subpart, as well as copies of all requested records, until disposition or destruction is authorized pursuant to title 44 of the United States Code or the General Records Schedule 4.2 and/or 14 of the National Archives and Records Administration. Records will not be disposed of or destroyed while they are the subject of a pending request, appeal, or lawsuit under the FOIA.

§ 5.10 FOIA requests for information contained in a Privacy Act system of records.

(a) *Information subject to Privacy Act.*

(1) If a requester submits a FOIA request for information about him or herself that is contained in a Privacy Act system of records applicable to the requester (*i.e.*, the information contained in the system of records is retrieved by the component using the requester's name or other personal identifier, and the information pertains to an individual covered by the Privacy Act) the request will be processed under both the FOIA and the Privacy Act.

(2) If the information the requester is seeking is not subject to the Privacy Act (*e.g.*, the information is filed under another subject, such as an organization, activity, event, or an investigation not retrievable by the requester's name or personal identifier), the request, if otherwise properly made, will be treated only as a FOIA request. In addition, if the information is covered by the Privacy Act and the requester does not provide proper verification of the requester's identity, the request, if otherwise properly made, will be processed only under the FOIA.

(b) *When both Privacy Act and FOIA exemptions apply.* Only if both a Privacy Act exemption and a FOIA exemption apply can DHS withhold information from a requester if the information sought by the requester is about him or herself and is contained in a Privacy

§5.11

6 CFR Ch. I (1–1–23 Edition)

Act system of records applicable to the requester.

(c) *Conditions for release of Privacy Act information to third parties in response to a FOIA request.* If a requester submits a FOIA request for Privacy Act information about another individual, the information will not be disclosed without that person's prior written consent that provides the same verification information that the person would have been required to submit for information about him or herself, unless—

(1) The information is required to be released under the FOIA, as provided by 5 U.S.C. 552a (b)(2); or

(2) In most circumstances, if the individual is deceased.

(d) *Privacy Act requirements.* See DHS's Privacy Act regulations in 5 CFR part 5, subpart B for additional information regarding the requirements of the Privacy Act.

§5.11 Fees.

(a) *In general.* Components shall charge for processing requests under the FOIA in accordance with the provisions of this section and with the OMB Guidelines. Components will ordinarily use the most efficient and least expensive method for processing requested records. In order to resolve any fee issues that arise under this section, a component may contact a requester for additional information. A component ordinarily will collect all applicable fees before sending copies of records to a requester. If you make a FOIA request, it shall be considered a firm commitment to pay all applicable fees charged under §5.11, up to \$25.00, unless you seek a waiver of fees. Requesters must pay fees by check or money order made payable to the Treasury of the United States.

(b) *Definitions.* Generally, “requester category” means one of the three categories in which agencies place requesters for the purpose of determining whether a requester will be charged fees for search, review and duplication; categories include commercial requesters, noncommercial scientific or educational institutions or news media requesters, and all other requesters. The term “fee waiver” means that processing fees will be waived, or reduced, if a requester can demonstrate that

certain statutory standards are satisfied including that the information is in the public interest and is not requested for a primarily commercial interest. For purposes of this section:

(1) *Commercial use request* is a request that asks for information for a use or a purpose that furthers a commercial, trade, or profit interest, which can include furthering those interests through litigation. A component's decision to place a requester in the commercial use category will be made on a case-by-case basis based on the requester's intended use of the information.

(2) *Direct costs* are those expenses that an agency expends in searching for and duplicating (and, in the case of commercial use requests, reviewing) records in order to respond to a FOIA request. For example, direct costs include the salary of the employee performing the work (*i.e.*, the basic rate of pay for the employee, plus 16 percent of that rate to cover benefits) and the cost of operating computers and other electronic equipment, such as photocopiers and scanners. Direct costs do not include overhead expenses such as the costs of space, and of heating or lighting a facility.

(3) *Duplication* is reproducing a copy of a record or of the information contained in it, necessary to respond to a FOIA request. Copies can take the form of paper, audiovisual materials, or electronic records, among others.

(4) *Educational institution* is any school that operates a program of scholarly research. A requester in this fee category must show that the request is made in connection with his or her role at the educational institution. Components may seek verification from the requester that the request is in furtherance of scholarly research.

Example 1. A request from a professor of geology at a university for records relating to soil erosion, written on letterhead of the Department of Geology, would be presumed to be from an educational institution if the request adequately describes how the requested information would further a specific research goal of the educational institution.

Example 2. A request from the same professor of geology seeking immigration information from the U.S. Immigration and Customs Enforcement in furtherance of a murder mystery he is writing would not be presumed to be an institutional request, regardless of whether it was written on institutional stationery.

Example 3. A student who makes a request in furtherance of their coursework or other school-sponsored activities and provides a copy of a course syllabus or other reasonable documentation to indicate the research purpose for the request, would qualify as part of this fee category.

NOTE: These examples are provided for guidance purposes only. Each individual request will be evaluated under the particular facts, circumstances, and information provided by the requester.

(5) *Noncommercial scientific institution* is an institution that is not operated on a “commercial” basis, as defined in paragraph (b)(1) of this section, and that is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry. A requester in this category must show that the request is authorized by and is made under the auspices of a qualifying institution and that the records are sought to further scientific research and not for a commercial use.

(6) *Representative of the news media* is any person or entity that actively gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. The term “news” means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations that broadcast “news” to the public at large and publishers of periodicals that disseminate “news” and make their products available through a variety of means to the general public, including but not limited to, news organizations that disseminate solely on the Internet. A request for records that supports the news-dissemination function of the requester shall not be considered to be for a commercial use. In contrast, data brokers or others who merely compile and market government information for direct economic return shall not be presumed to be news media entities.

“Freelance” journalists must demonstrate a solid basis for expecting publication through a news media entity in order to be considered as working for a news media entity. A publication contract would provide the clearest evidence that publication is expected; however, components shall also consider a requester’s past publication record in making this determination.

(7) *Review* is the page-by-page, line-by-line examination of a record located in response to a request in order to determine whether any portion of it is exempt from disclosure. Review time includes processing any record for disclosure, such as doing all that is necessary to prepare the record for disclosure, including the process of redacting the record and marking the appropriate exemptions. Review costs are properly charged even if a record ultimately is not disclosed. Review time also includes time spent both obtaining and considering any formal objection to disclosure made by a confidential commercial information submitter under §5.7 or §5.12, but it does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(8) *Search* is the process of looking for and retrieving records or information responsive to a request. Search time includes page-by-page or line-by-line identification of information within records; and the reasonable efforts expended to locate and retrieve information from electronic records. Components shall ensure that searches are done in the most efficient and least expensive manner reasonably possible by readily available means.

(c) *Charging fees.* In responding to FOIA requests, components shall charge the following fees unless a waiver or reduction of fees has been granted under paragraph (k) of this section. Because the fee amounts provided below already account for the direct costs associated with a given fee type, unless otherwise stated in §5.11, components should not add any additional costs to those charges.

(1) *Search.* (i) Search fees shall be charged for all requests subject to the restrictions of paragraph (d) of this section. Components may properly charge for time spent searching even if

they do not locate any responsive records or if they determine that the records are entirely exempt from disclosure.

(ii) For each quarter hour spent by personnel searching for requested records, including electronic searches that do not require new programming, the fees will be as follows: Managerial—\$10.25; professional—\$7.00; and clerical/administrative—\$4.00.

(iii) Requesters will be charged the direct costs associated with conducting any search that requires the creation of a new computer program, as referenced in section 5.4, to locate the requested records. Requesters shall be notified of the costs associated with creating such a program and must agree to pay the associated costs before the costs may be incurred.

(iv) For requests that require the retrieval of records stored by an agency at a federal records center operated by the National Archives and Records Administration (NARA), additional costs shall be charged in accordance with the Transactional Billing Rate Schedule established by NARA.

(2) *Duplication.* Duplication fees will be charged to all requesters, subject to the restrictions of paragraph (d) of this section. A component shall honor a requester's preference for receiving a record in a particular form or format where it is readily reproducible by the component in the form or format requested. Where photocopies are supplied, the component will provide one copy per request at a cost of ten cents per page. For copies of records produced on tapes, disks, or other media, components will charge the direct costs of producing the copy, including operator time. Where paper documents must be scanned in order to comply with a requester's preference to receive the records in an electronic format, the requester shall pay the direct costs associated with scanning those materials. For other forms of duplication, components will charge the direct costs.

(3) *Review.* Review fees will be charged to requesters who make commercial use requests. Review fees will be assessed in connection with the initial review of the record, *i.e.*, the review conducted by a component to de-

termine whether an exemption applies to a particular record or portion of a record. No charge will be made for review at the administrative appeal stage of exemptions applied at the initial review stage. However, when the appellate authority determines that a particular exemption no longer applies, any costs associated with a component's re-review of the records in order to consider the use of other exemptions may be assessed as review fees. Review fees will be charged at the same rates as those charged for a search under paragraph (c)(1)(ii) of this section.

(d) *Restrictions on charging fees.* (1) No search fees will be charged for requests by educational institutions, non-commercial scientific institutions, or representatives of the news media, unless the records are sought for a commercial use.

(2) If a component fails to comply with the FOIA's time limits in which to respond to a request, it may not charge search fees, or, in the instances of requests from requesters described in paragraph (d)(1) of this section, may not charge duplication fees, except as described in (d)(2)(i) through (iii).

(i) If a component has determined that unusual circumstances as defined by the FOIA apply and the component provided timely written notice to the requester in accordance with the FOIA, a failure to comply with the time limit shall be excused for an additional 10 days.

(ii) If a component has determined that unusual circumstances, as defined by the FOIA, apply and more than 5,000 pages are necessary to respond to the request, a component may charge search fees, or, in the case of requesters described in paragraph (d)(1) of this section, may charge duplication fees, if the following steps are taken. The component must have provided timely written notice of unusual circumstances to the requester in accordance with the FOIA and the component must have discussed with the requester via written mail, email, or telephone (or made not less than three good-faith attempts to do so) how the requester could effectively limit the scope of the request in accordance with 5. U.S.C. 552(a)(6)(B)(ii). If this exception is satisfied, the component may charge all

applicable fees incurred in the processing of the request.

(iii) If a court has determined that exceptional circumstances exist, as defined by the FOIA, a failure to comply with the time limits shall be excused for the length of time provided by the court order.

(3) No search or review fees will be charged for a quarter-hour period unless more than half of that period is required for search or review.

(4) Except for requesters seeking records for a commercial use, components will provide without charge:

(i) The first 100 pages of duplication (or the cost equivalent for other media); and

(ii) The first two hours of search.

(5) When, after first deducting the 100 free pages (or its cost equivalent) and the first two hours of search, a total fee calculated under paragraph (c) of this section is \$14.00 or less for any request, no fee will be charged.

(e) *Notice of anticipated fees in excess of \$25.00.* (1) When a component determines or estimates that the fees to be assessed in accordance with this section will exceed \$25.00, the component shall notify the requester of the actual or estimated amount of the fees, including a breakdown of the fees for search, review and/or duplication, unless the requester has indicated a willingness to pay fees as high as those anticipated. If only a portion of the fee can be estimated readily, the component shall advise the requester accordingly. If the requester is a noncommercial use requester, the notice will specify that the requester is entitled to his or her statutory entitlements of 100 pages of duplication at no charge and, if the requester is charged search fees, two hours of search time at no charge, and will advise the requester whether those entitlements have been provided. Two hours of search time will be provided free of charge to non-commercial requesters regardless of whether they agree to pay estimated fees.

(2) In cases in which a requester has been notified that the actual or estimated fees are in excess of \$25.00, the request shall not be considered received and further work will not be completed until the requester commits in writing to pay the actual or esti-

mated total fee, or designates some amount of fees he or she is willing to pay, or in the case of a noncommercial use requester who has not yet been provided with his or her statutory entitlements, designates that he or she seeks only that which can be provided by the statutory entitlements. The requester must provide the commitment or designation in writing, and must, when applicable, designate an exact dollar amount the requester is willing to pay. Components are not required to accept payments in installments.

(3) If the requester has indicated a willingness to pay some designated amount of fees, but the component estimates that the total fee will exceed that amount, the component will toll the processing of the request while it notifies the requester of the estimated fees in excess of the amount the requester has indicated a willingness to pay. The component shall inquire whether the requester wishes to revise the amount of fees he or she is willing to pay and/or modify the request. Once the requester responds, the time to respond will resume from where it was at the date of the notification.

(4) Components will make available their FOIA Public Liaison or other FOIA professional to assist any requester in reformulating a request to meet the requester's needs at a lower cost.

(f) *Charges for other services.* Although not required to provide special services, if a component chooses to do so as a matter of administrative discretion, the direct costs of providing the service will be charged. Examples of such services include certifying that records are true copies, providing multiple copies of the same document, or sending records by means other than first class mail.

(g) *Charging interest.* Components may charge interest on any unpaid bill starting on the 31st day following the date of billing the requester. Interest charges will be assessed at the rate provided in 31 U.S.C. 3717 and will accrue from the billing date until payment is received by the component. Components will follow the provisions of the Debt Collection Act of 1982 (Pub. L. 97-365, 96 Stat. 1749), as amended,

and its administrative procedures, including the use of consumer reporting agencies, collection agencies, and offset.

(h) *Aggregating requests.* When a component reasonably believes that a requester or a group of requesters acting in concert is attempting to divide a single request into a series of requests for the purpose of avoiding fees, the component may aggregate those requests and charge accordingly. Components may presume that multiple requests of this type made within a 30-day period have been made in order to avoid fees. For requests separated by a longer period, components will aggregate them only where there is a reasonable basis for determining that aggregation is warranted in view of all the circumstances involved. Multiple requests involving unrelated matters will not be aggregated.

(i) *Advance payments.* (1) For requests other than those described in paragraphs (i)(2) and (3) of this section, a component shall not require the requester to make an advance payment before work is commenced or continued on a request. Payment owed for work already completed (*i.e.*, payment before copies are sent to a requester) is not an advance payment.

(2) When a component determines or estimates that a total fee to be charged under this section will exceed \$250.00, it may require that the requester make an advance payment up to the amount of the entire anticipated fee before beginning to process the request. A component may elect to process the request prior to collecting fees when it receives a satisfactory assurance of full payment from a requester with a history of prompt payment.

(3) Where a requester has previously failed to pay a properly charged FOIA fee to any component or agency within 30 calendar days of the billing date, a component may require that the requester pay the full amount due, plus any applicable interest on that prior request and the component may require that the requester make an advance payment of the full amount of any anticipated fee, before the component begins to process a new request or continues to process a pending request or any pending appeal. Where a compo-

nent has a reasonable basis to believe that a requester has misrepresented his or her identity in order to avoid paying outstanding fees, it may require that the requester provide proof of identity.

(4) In cases in which a component requires advance payment, the request shall not be considered received and further work will not be completed until the required payment is received. If the requester does not pay the advance payment within 30 calendar days after the date of the component's fee determination, the request will be closed.

(j) *Other statutes specifically providing for fees.* The fee schedule of this section does not apply to fees charged under any statute that specifically requires an agency to set and collect fees for particular types of records. In instances where records responsive to a request are subject to a statutorily-based fee schedule program, the component will inform the requester of the contact information for that source.

(k) *Requirements for waiver or reduction of fees.* (1) Records responsive to a request shall be furnished without charge or at a reduced rate below that established under paragraph (c) of this section, where a component determines, on a case-by-case basis, based on all available information, that the requester has demonstrated that:

(i) Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government; and

(ii) Disclosure of the information is not primarily in the commercial interest of the requester.

(2) In deciding whether disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government, components will consider the following factors:

(i) The subject of the request must concern identifiable operations or activities of the federal government, with a connection that is direct and clear, not remote or attenuated.

(ii) Disclosure of the requested records must be meaningfully informative about government operations or

activities in order to be “likely to contribute” to an increased public understanding of those operations or activities. The disclosure of information that already is in the public domain, in either the same or a substantially identical form, would not contribute to such understanding where nothing new would be added to the public’s understanding.

(iii) The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. A requester’s expertise in the subject area as well as his or her ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) The public’s understanding of the subject in question must be enhanced by the disclosure to a significant extent. However, components shall not make value judgments about whether the information at issue is “important” enough to be made public.

(3) To determine whether disclosure of the requested information is primarily in the commercial interest of the requester, components will consider the following factors:

(i) Components shall identify any commercial interest of the requester, as defined in paragraph (b)(1) of this section, that would be furthered by the requested disclosure. Requesters shall be given an opportunity to provide ex-

planatory information regarding this consideration.

(ii) A waiver or reduction of fees is justified where the public interest is greater than any identified commercial interest in disclosure. Components ordinarily shall presume that where a news media requester has satisfied the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market government information for direct economic return shall not be presumed to primarily serve the public interest.

(4) Where only some of the records to be released satisfy the requirements for a waiver of fees, a waiver shall be granted for those records.

(5) Requests for a waiver or reduction of fees should be made when the request is first submitted to the component and should address the criteria referenced above. A requester may submit a fee waiver request at a later time so long as the underlying record request is pending or on administrative appeal. When a requester who has committed to pay fees subsequently asks for a waiver of those fees and that waiver is denied, the requester will be required to pay any costs incurred up to the date the fee waiver request was received.

(6) *Summary of fees.* The following table summarizes the chargeable fees (excluding direct fees identified in § 5.11) for each requester category.

Category	Search fees	Review fees	Duplication fees
Commercial-use	Yes	Yes	Yes.
Educational or Non-Commercial Scientific Institution.	No	No	Yes (100 pages free).
News Media	No	No	Yes (100 pages free).
Other requesters	Yes (2 hours free)	No	Yes (100 pages free).

§ 5.12 Confidential commercial information; CBP procedures.

(a) *In general.* For purposes of this section, “commercial information” is defined as trade secret, commercial, or financial information obtained from a person. Commercial information provided to CBP by a business submitter and that CBP determines is privileged

or confidential commercial or financial information will be treated as privileged or confidential and will not be disclosed pursuant to a Freedom of Information Act request or otherwise made known in any manner except as provided in this section.

(b) *Notice to business submitters of FOIA requests for disclosure.* Except as

provided in paragraph (b)(2) of this section, CBP will provide business submitters with prompt written notice of receipt of FOIA requests or appeals that encompass their commercial information. The written notice will describe either the exact nature of the commercial information requested, or enclose copies of the records or those portions of the records that contain the commercial information. The written notice also will advise the business submitter of its right to file a disclosure objection statement as provided under paragraph (c)(1) of this section. CBP will provide notice to business submitters of FOIA requests for the business submitter's commercial information for a period of not more than 10 years after the date the business submitter provides CBP with the information, unless the business submitter requests, and provides acceptable justification for, a specific notice period of greater duration.

(1) *When notice is required.* CBP will provide business submitters with notice of receipt of a FOIA request or appeal whenever:

(i) The business submitter has in good faith designated the information as commercially- or financially-sensitive information. The business submitter's claim of confidentiality should be supported by a statement by an authorized representative of the business entity providing specific justification that the information in question is considered confidential commercial or financial information and that the information has not been disclosed to the public; or

(ii) CBP has reason to believe that disclosure of the commercial information could reasonably be expected to cause substantial competitive harm.

(2) *When notice is not required.* The notice requirements of this section will not apply if:

(i) CBP determines that the commercial information will not be disclosed;

(ii) The commercial information has been lawfully published or otherwise made available to the public; or

(iii) Disclosure of the information is required by law (other than 5 U.S.C. 552).

(c) *Procedure when notice given—(1) Opportunity for business submitter to ob-*

ject to disclosure. A business submitter receiving written notice from CBP of receipt of a FOIA request or appeal encompassing its commercial information may object to any disclosure of the commercial information by providing CBP with a detailed statement of reasons within 10 days of the date of the notice (exclusive of Saturdays, Sundays, and legal public holidays). The statement should specify all the grounds for withholding any of the commercial information under any exemption of the FOIA and, in the case of Exemption 4, should demonstrate why the information is considered to be a trade secret or commercial or financial information that is privileged or confidential. The disclosure objection information provided by a person pursuant to this paragraph may be subject to disclosure under the FOIA.

(2) *Notice to FOIA requester.* When notice is given to a business submitter under paragraph (b)(1) of this section, notice will also be given to the FOIA requester that the business submitter has been given an opportunity to object to any disclosure of the requested commercial information.

(d) *Notice of intent to disclose.* CBP will consider carefully a business submitter's objections and specific grounds for nondisclosure prior to determining whether to disclose commercial information. Whenever CBP decides to disclose the requested commercial information over the objection of the business submitter, CBP will provide written notice to the business submitter of CBP's intent to disclose, which will include:

(1) A statement of the reasons for which the business submitter's disclosure objections were not sustained;

(2) A description of the commercial information to be disclosed; and

(3) A specified disclosure date which will not be less than 10 days (exclusive of Saturdays, Sundays, and legal public holidays) after the notice of intent to disclose the requested information has been issued to the business submitter. Except as otherwise prohibited by law, CBP will also provide a copy of the notice of intent to disclose to the FOIA requester at the same time.

(e) *Notice of FOIA lawsuit.* Whenever a FOIA requester brings suit seeking to

compel the disclosure of commercial information covered by paragraph (b)(1) of this section, CBP will promptly notify the business submitter in writing.

§ 5.13 Other rights and services.

Nothing in this subpart shall be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

Subpart B—Privacy Act

SOURCE: 87 FR 68601, Nov. 16, 2022, unless otherwise noted.

§ 5.20 General provisions.

(a) *Purpose and scope.* (1) This subpart contains the rules that the Department of Homeland Security (Department or DHS) follows in processing records under the Privacy Act of 1974 (Privacy Act) (5 U.S.C. 552a) and under the Judicial Redress Act of 2015 (JRA) (5 U.S.C. 552a note).

(2) The rules in this subpart should be read in conjunction with the text of the Privacy Act and the JRA, 5 U.S.C. 552a and 5 U.S.C. 552a note, respectively (which provide additional information about records maintained on individuals and covered persons), and JRA designations issued in the FEDERAL REGISTER. The rules in this subpart apply to all records in systems of records maintained by the Department. These rules also apply to all records containing Social Security Numbers regardless of whether such records are covered by an applicable system of records maintained by the Department. They describe the procedures by which individuals may request access to records about themselves, request amendment or correction of those records, and request an accounting of disclosures by Department personnel and contractors. In addition, the Department processes all Privacy Act and JRA requests for access to records under the Freedom of Information Act (FOIA) (5 U.S.C. 552), following the rules contained in subpart A of this part, which gives requesters the benefit of both statutes.

(3) The provisions established by this subpart apply to all Department Com-

ponents, as defined in paragraph (b)(1) of this section.

(4) DHS has a decentralized system for processing requests, with each component handling requests for its records.

(b) *Definitions.* As used in this subpart:

(1) *Component* means the office that processes Privacy Act and JRA requests for each separate organizational entity within DHS that reports directly to the Office of the Secretary.

(2) *Request for access to a record* means a request made under Privacy Act subsection (d)(1).

(3) *Request for amendment or correction of a record* means a request made under Privacy Act subsection (d)(2).

(4) *Request for an accounting* means a request made under Privacy Act subsection (c)(3).

(5) *Requester* means an individual who makes a request for access, a request for amendment or correction, or a request for an accounting under the Privacy Act.

(6) *Individual* means, as defined by the Privacy Act, 5 U.S.C. 552a(a)(2), a citizen of the United States or an alien lawfully admitted for permanent residence. Also, an individual, for purposes of this subpart, but limited to the exclusive rights and civil remedies provided in the JRA, includes covered persons, as defined by the JRA, as a natural person (other than an individual) who is a citizen of a covered country, as designated by the Attorney General, with the concurrence of the Secretary of State, the Secretary of the Treasury, and the Secretary of Homeland Security.

(7) *Record* has the same meaning as contained in the Privacy Act, 5 U.S.C. 552a(a)(4), except that in cases covered by the JRA, the term “record” has the same meaning as “covered record” in the JRA, 5 U.S.C. 552a note.

(c) *Authority to request records for a law enforcement purpose.* The head of a component or designee thereof is authorized to make written requests under subsection 552a(b)(7) of the Privacy Act for records maintained by other agencies that are necessary to carry out an authorized law enforcement activity.

(d) *Notice on Departmental use of (b)(1) exception.* As a general matter, when applying the Privacy Act (b)(1) exception for authorized disclosures within an agency on a need to know basis, the Department will consider itself a single entity, meaning that information may be disclosed between components of the Department under the (b)(1) exception.

§ 5.21 Requests for access to records.

(a) *How made and addressed.* (1) DHS has a decentralized system for responding to Privacy Act and JRA requests, with each component designating an office to process records from that component.

(2) An individual may make a request for access to a Department of Homeland Security record about that individual covered by a DHS or Component system of records notice (SORN) by writing directly to the Department component that maintains the record at the address listed in appendix A to this part or via the internet at <http://www.dhs.gov/dhs-foia-request-submission-form>. A description of all DHS-wide and component SORNs may be found here: <https://www.dhs.gov/system-records-notices-sorn>.

(3) In most cases, a component's central FOIA office, as indicated in appendix A to this part, is the place to send a Privacy Act request. For records held by a field office of U.S. Customs and Border Protection, the U.S. Coast Guard, or other Department components with field offices other than the U.S. Secret Service and Transportation Security Administration, the requester must write directly to that U.S. Customs and Border Protection, Coast Guard, or other field office address, which can be found by calling the component's central FOIA office. Requests for U.S. Secret Service records should be sent only to the U.S. Secret Service central FOIA office, and requests for Transportation Security Administration records should be sent only to the Transportation Security Administration central FOIA office.

(4) Requests for records held by the Cybersecurity and Infrastructure Security Agency (CISA) should be sent to the DHS Privacy Office.

(5) DHS's FOIA website refers the reader to descriptions of the functions

of each component and provides other information that is helpful in determining where to make a request. Each component's FOIA office and any additional requirements for submitting a request to a given component are listed in appendix A to this part. These references can all be used by requesters to determine where to send their requests within DHS.

(6) An individual may also send a request to the Privacy Office, Mail Stop 0655, U.S. Department of Homeland Security, 2707 Martin Luther King Jr. Ave. SE, Washington DC 20528–0655, or via the internet at <http://www.dhs.gov/dhs-foia-request-submission-form>, or via fax to (202) 343–4011. The Privacy Office will forward the request to the component(s) that it determines to be most likely to maintain the records that are sought. For the quickest possible handling, the requester should mark both the request letter and the envelope “Privacy Act Request” or “Judicial Redress Act Request.”

(b) *Government-wide SORNs.* A government-wide system of records is a system of records where one agency has regulatory authority over records in the custody of multiple agencies, and the agency with regulatory authority publishes a SORN that applies to all of the records regardless of their custodial location. If records are sought that are covered by a Government-wide SORN and requested of DHS, DHS will consult or refer such request, only as applicable and necessary, to the corresponding agency having authority over such records for further processing. DHS will acknowledge to the requester that it is referring the request to another agency or consulting with that agency when processing the request.

(c) *Description of records sought.* A requester must describe the records sought in sufficient detail to enable Department personnel to locate the system of records covering them with a reasonable amount of effort. Whenever possible, the request should describe the records sought, the time periods in which the requester believes they were compiled, the office or location in which the requester believes the records are kept, and the name or identifying number of each system of

records in which the requester believes they are kept. The Department publishes notices in the FEDERAL REGISTER that describe its components' systems of records. These notices can be found on the Department's website here: <https://www.dhs.gov/system-records-notices-sorns>. If a request does not adequately describe the records sought, DHS may at its discretion either administratively close the request or seek additional information from the requester. Requests for clarification or more information will be made in writing (either via U.S. mail or electronic mail whenever possible). Requesters may respond by U.S. Mail or by electronic mail regardless of the method used by DHS to transmit the request for additional information. To be considered timely, responses to requests for additional information must be postmarked or received by electronic mail within 30 working days of the postmark date or date of the electronic mail request for additional information. If the requester does not respond timely, the request may be administratively closed at DHS's discretion. This administrative closure does not prejudice the requester's ability to submit a new request for further consideration with additional information.

(d) *Agreement to pay fees.* DHS and components shall charge for processing requests under the Privacy Act or JRA. DHS and components will ordinarily use the most efficient and least expensive method for processing requested records. DHS may contact a requester for additional information in order to resolve any fee issues that arise under this section. DHS ordinarily will collect all applicable fees before sending copies of records to a requester. If one makes a Privacy Act or JRA request for access to records, it will be considered a firm commitment to pay all applicable fees charged under § 5.29, up to \$25.00. The component responsible for responding to a request ordinarily will confirm this agreement in an acknowledgement letter. When making a request, an individual may specify a willingness to pay a greater or lesser amount. Requesters must pay fees by check or money order made payable to the Treasury of the United States.

(e) *Verification of identity.* When an individual makes a request for access to their own records, their identity must be verified. The individual must provide their full name, current address, date and place of birth, and country of citizenship or residency. The individual must sign the request and provide a signature that must either be notarized or submitted by the requester under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury, as a substitute for notarization. An individual may obtain more information about this process at <http://www.dhs.gov/foia> or 1-866-431-0486. In order to help the identification and location of requested records, an individual may also voluntarily include other identifying information that are relevant to the request (e.g., passport number, Alien Registration Number (A-Number)).

(f) *Verification of guardianship.* When making a request as the parent or guardian of a minor or as the guardian of someone determined by a court of competent jurisdiction to be incompetent due to physical or mental incapacity or age, for access to records about that individual, the individual submitting a request must establish:

(1) The identity of the individual who is the subject of the record, by stating the name, current address, date and place of birth, and country of citizenship or residency of the individual;

(2) The submitting individual's own identity, in the same manner as required in paragraph (e) of this section;

(3) That the submitting individual is the parent or guardian of the subject of the record, which may be proven by providing a copy of the subject of the record's birth certificate showing parentage or by providing a court order establishing guardianship; and

(4) That the submitting individual is acting on behalf of that individual that is the subject of the record.

(g) *Verification in the case of third-party information requests.* Outside of requests made pursuant to paragraph (f) of this section, if a third party requests records about a subject individual, the third party requester must provide verification of the subject individual's identity in the manner provided in paragraph (e) of this section along with

the subject individual's written consent authorizing disclosure of the records to the third party requester, or by submitting proof by the requester that the subject individual is deceased (*e.g.*, a copy of a death certificate or an obituary). As an exercise of its administrative discretion, each component can require a third-party requester to supply additional information to verify that the subject individual has consented to disclosure or is deceased.

§ 5.22 Responsibility for responding to requests for access to records.

(a) *In general.* Except as stated in paragraphs (c), (d), and (e) of this section, the component that first receives a request for access to a record, and has possession of that record, is the component responsible for responding to the request. In determining which records are responsive to a request, a component ordinarily will include only those records in its possession as of the date the component begins its search for them. If any other date is used, the component will inform the requester of that date.

(b) *Authority to grant or deny requests.* The head of a component, or the component head's designee, is authorized to grant or deny any request for access or amendment to a record of that component.

(c) *Consultations, coordination, and referrals.* All consultations, coordination, and referrals for requests of records subject to the Privacy Act or JRA will follow the same process and procedures as described in § 5.4(d), including how to handle those requests that pertain to law enforcement information, as specified in § 5.4(d)(2), and classified information, as specified in § 5.4(d)(2) and (e). Further, whenever a request is made for access to a record containing information that has been classified by or may be appropriate for classification by another component or agency under any relevant executive order concerning the classification of records, the receiving component will refer to § 5.24 for processing.

(d) *Release of medical records.* (1) Generally, an individual has the right to access their medical records maintained by the Department. Special procedures for requests from an individual

requesting medical records that include psychological records for which direct release may cause harm to the individual requesting access are set forth in paragraph (d)(2) of this section.

(2) If a request is made for access to medical records that include psychological records, and a component medical practitioner or qualified designee determines that direct release is likely to adversely affect the individual who is requesting access, the component will request the individual to provide the name and contact information of a representative who is capable of ameliorating the potential adverse effect. The representative may be a physician or other health professional who will be willing to review the record and inform the requester of its contents. Once provided, the component FOIA office or designated component official will send the medical records to the individual's designated representative. The component will inform the subject individual in writing (either via U.S. mail or electronic mail whenever possible) that the record has been sent to that individual's chosen representative. The representative does not have the discretion to withhold any part of the individual's record. If the subject individual does not comply with the procedural requirement to designate a representative, the component may decline to release the requested information.

(3) Paragraph (d)(2) of this section does not apply to Coast Guard records held by another agency.

(e) *Notice of referral.* Whenever a component refers all or any part of the responsibility for responding to a request to another component or agency, it ordinarily will notify the requester of the referral and inform the requester of the name of each component or agency to which the request has been referred and of the part of the request that has been referred.

(f) *Timing of responses to consultations and referrals.* All consultations and referrals received by DHS will be handled according to the date the Privacy Act or JRA access request was initially received by the first component or agency, not any later date.

(g) *Agreements regarding consultations and referrals.* Components may establish agreements with other components or agencies to eliminate the need for consultations or referrals with respect to types of records.

§ 5.23 Responses to requests for access to records.

(a) *In general.* Components should, to the extent practicable, communicate with requesters having access to the internet using electronic means, such as email or web portal.

(b) *Acknowledgements of requests.* Consistent with the procedures in subpart A of this part, a component will acknowledge the request and assign it an individualized tracking number if it will take longer than ten (10) working days to process. Components will include in the acknowledgement letter a brief description of the records sought to allow requesters to more easily keep track of their requests. Further, in the acknowledgment letter, the component will confirm the requester's agreement to pay fees under §§ 5.21(d) and 5.29.

(c) *Grants of requests for access.* Consistent with the procedures in subpart A to this part, a component will have twenty (20) working days from when a request is received to determine whether to grant or deny the request unless there are unusual or exceptional circumstances as defined by the FOIA and set out in § 5.5(c). Once a component decides to grant a request for access to record(s) in whole or in part, it will notify the requester in writing. The component will inform the requester in the notice of any fee charged under §§ 5.21(d) and 5.29 and will disclose records to the requester promptly upon payment of any applicable fee. The component will inform the requester of the availability of its FOIA Liaison to offer assistance.

(d) *Adverse determinations of requests for access.* A component making an adverse determination denying a request for access in any respect will notify the requester of that determination in writing. Adverse determinations, or denials of requests, include decisions that: the requested record is exempt, in whole or in part; the requested record does not exist or cannot be located; or the record requested is not subject to

the Privacy Act or JRA. Further, adverse determinations also include disputes regarding fees, or denials of a request for expedited processing. The denial letter will be signed by the head of the component, or the component head's designee, and will include:

(1) The name and title or position of the person responsible for the denial;

(2) A brief statement of the reason(s) for the denial, including any Privacy Act exemption(s) applied by the component in denying the request; and

(3) A statement that the denial may be appealed under § 5.25(a) and a description of the requirements of § 5.25(a).

(e) *JRA access requests.* For purposes of responding to a JRA access request, a covered person is subject to the same limitations, including exemptions and exceptions, as an individual is subject to under section 552a of title 5, United States Code, when pursuing access to records. The implementing regulations and reasons provided for exemptions can be found in appendix C to this part.

§ 5.24 Classified information.

On receipt of any request involving classified information, the component will determine whether information is currently and properly classified and take appropriate action to ensure compliance with 6 CFR part 7. Whenever a request is made for access to a record that is covered by a system of records containing information that has been classified by or may be appropriate for classification by another component or agency under any applicable executive order, the receiving component will consult the component or agency that classified the information. Whenever a record contains information that has been derivatively classified by a component or agency because it contains information classified by another component or agency, the component will consult the component or agency that classified the underlying information. Information determined to no longer require classification will not be withheld from a requester based on exemption (k)(1) of the Privacy Act. On receipt of any appeal involving classified information, the DHS Office of the General Counsel, or its designee, shall

§ 5.25

6 CFR Ch. I (1–1–23 Edition)

take appropriate action to ensure compliance with 6 CFR part 7.

§ 5.25 Administrative appeals for access requests.

(a) *Requirements for filing an appeal.* An individual may appeal an adverse determination denying the individual's request for access in any respect to the appropriate Appeals Officer. For the address of the appropriate component Appeals Officer, an individual may contact the applicable component FOIA Liaison using the information in appendix A to this part, visit www.dhs.gov/foia, or call 1-866-431-0486. An appeal must be in writing, and to be considered timely it must be postmarked or, in the case of electronic submissions, transmitted to the Appeals Officer within 90 working days, consistent with the procedures in subpart A to this part, after the date of the component's response. An electronically filed appeal will be considered timely if transmitted to the Appeals Officer by 11:59:59 p.m. EST or EDT on the 90th working day. The appeal should clearly identify the component determination (including the assigned request number if the requester knows it) that is being appealed and should contain the reasons the requester believes the determination was erroneous. For the quickest possible handling, an individual should mark both the appeal letter and the envelope "Privacy Act Appeal" or "Judicial Redress Act Appeal."

(b) *Adjudication of appeals.* The DHS Office of the General Counsel, or its designee, (e.g., Component Appeals Officer) is the authorized appeals authority for DHS. On receipt of any appeal involving classified information, the Appeals Officer will consult with the Chief Security Officer and take appropriate action to ensure compliance with 6 CFR part 7. If the appeal becomes the subject of a lawsuit, the Appeals Officer is not required to act further on the appeal.

(c) *Appeal decisions.* Consistent with the procedures in subpart A to this part, the decision on an appeal will be made in writing generally twenty (20) working days after receipt. However, consistent with the procedures in subpart A to this part, the time limit for

responding to an appeal may be extended provided the circumstances set forth in 5 U.S.C. 552(a)(6)(B)(i) are met. A decision affirming an adverse determination in whole or in part will include a brief statement of the reason(s) for the affirmance, including any Privacy Act exemption applied, and will inform the requester of the Privacy Act provisions for court review of the decision. If the adverse determination is reversed or modified on appeal in whole or in part, the requester will be notified in a written decision and the request will be reprocessed in accordance with that appeal decision. An adverse determination by the DHS Office of the General Counsel or its designee or Component Appeals Officer will be the final action of the Department.

(d) *Appeal necessary before seeking court review.* If an individual wishes to seek review by a court of any adverse determination or denial of a request by DHS within the allotted 20 working days to respond unless there are unusual or exceptional circumstances, that individual must first appeal it under this subpart. An appeal will not be acted on if the request becomes a matter of litigation.

§ 5.26 Requests for amendment or correction of records.

(a) *How made and addressed.* Unless the record is not subject to amendment or correction as stated in paragraph (f) of this section, an individual may make a request for amendment or correction of a record of the Department about that individual by writing directly to the component that maintains the record, following the procedures in § 5.21. The request should identify each record in question, state the amendment or correction requested, and state the reason why the requester believes that the record is not accurate, relevant, timely, or complete. The requester may submit any documentation that the requester thinks would support the request. If the individual believes that the same record is in more than one system of records, the requester should state that and address the request to each component that maintains a system of records containing the record.

(b) *Component responses.* Within ten working days of receiving a request for amendment or correction of records, a component will send the requester a written acknowledgment of its receipt of the request, and it will promptly notify the requester whether the request is granted or denied. If the component grants the request in whole or in part, it will describe the amendment or correction made and will advise the requester of the right to obtain a copy of the corrected or amended record, in disclosable form. If the component denies the request in whole or in part, it will send the requester a letter signed by the head of the component, or the component head's designee, that will state:

(1) The reason(s) for the denial; and

(2) The procedure for appeal of the denial under paragraph (c) of this section, including the name and business address of the official who will act on the appeal.

(c) *Appeals.* Within 90 working days after the date of the component's response, the requester may appeal a denial of a request for amendment or correction to the Component Appeals Officer or the DHS Office of the General Counsel or its designee. The Component Appeals Officer or the DHS Office of the General Counsel or its designee must complete its review and make a final determination on the requester's appeal no later than 30 days (excluding Saturdays, Sundays, and legal public holidays) from the date on which the individual requests such review unless good cause is shown, and communicated to the individual, for which the 30-day period may be extended for an additional 30 days. If the appeal is denied, the requester will be advised of the right to file a Statement of Disagreement as described in paragraph (d) of this section and of the right under the Privacy Act, 5 U.S.C. 552a(d)(3), for court review of the decision. If an individual wishes to seek review by a court of any adverse determination or denial of a request, that individual must first appeal it under this subpart. For purposes of responding to a JRA amendment request, a covered person is subject to the same limitations, including exemptions and exceptions, as an individual is subject

to under section 552a of title 5, United States Code, when pursuing amendment to records. The implementing regulations and reasons provided for exemptions can be found in appendix C to this part, titled DHS Systems of Records Exempt from the Privacy Act.

(d) *Statements of Disagreement.* If an individual's appeal under this section is denied in whole or in part, that individual has the right to file a Statement of Disagreement, unless exempt, that states the individual's reason(s) for disagreeing with the Department's denial of the request for amendment or correction. Statements of Disagreement must be concise, must clearly identify each part of any record that is disputed, and should be no longer than one typed page for each fact disputed. The individual's Statement of Disagreement must be sent to the component involved, which will place it in the system of records in which the disputed record is maintained and will mark the disputed record to indicate that a Statement of Disagreement has been filed and where in the system of records it may be found.

(e) *Notification of amendment/correction or disagreement.* Within 30 working days of the amendment or correction of a record, the component that maintains the record will, unless exempt, notify all persons, organizations, or agencies to which it previously disclosed the record, if an accounting of that disclosure was made or should have been made, that the record has been amended or corrected. If an individual has filed a Statement of Disagreement, the component will append a copy of it to the disputed record whenever the record is disclosed and may also append a concise statement of its reason(s) for denying the request to amend or correct the record.

(f) *Records not subject to amendment or correction.* The following records are not subject to amendment or correction:

(1) Transcripts of testimony given under oath or written statements made under oath;

(2) Transcripts of grand jury proceedings, judicial proceedings, or quasi-judicial proceedings, which are the official record of those proceedings;

§ 5.27

(3) Presentence records that originated with the courts; and

(4) Records in systems of records that have been exempted from amendment and correction under the Privacy Act (5 U.S.C. 552a(j) or (k)) pursuant to a final rule published in the FEDERAL REGISTER.

§ 5.27 Requests for an accounting of record disclosures.

(a) *How made and addressed.* Except where accountings of disclosures are not required to be kept (as stated in paragraph (b)(1) of this section), an individual may make a request for an accounting of any disclosure that has been made by the Department to another person, organization, or agency of any record about the requester. This accounting contains the date, nature, and purpose of each disclosure, as well as the name and address of the person, organization, or agency to which the disclosure was made. A request for an accounting should identify each record in question and should be made by writing directly to the Department component that maintains the record, following the procedures in § 5.21.

(b) *Where accountings are not required.* Components are not required to provide accountings to the requester where they relate to:

(1) Disclosures for which accountings are, by statute (5 U.S.C. 552a(c)(1)), not required to be kept, such as disclosures that are made to officers and employees within the agency and disclosures that are required to be made under the FOIA, or for records covered by the JRA;

(2) Disclosures made to law enforcement agencies for authorized law enforcement activities in response to written requests from those law enforcement agencies specifying the law enforcement activities for which the disclosures are sought; or

(3) Disclosures made from systems of records that have been exempted from accounting requirements by a rule-making pursuant to 5 U.S.C. 552a(j) or (k).

(c) *Appeals.* A requester may appeal a denial of a request for an accounting to the Component Appeals Officer or the DHS Office of the General Counsel or its designee in the same manner as a

6 CFR Ch. I (1–1–23 Edition)

denial of a request for access to records (*see* § 5.25) and the same procedures will be followed.

§ 5.28 Preservation of records.

Each component will preserve all correspondence pertaining to the requests that it receives under this subpart, as well as copies of all requested records, until disposition or destruction is authorized by title 44 of the United States Code or the National Archives and Records Administration's General Records Schedule 4.2. Records will not be disposed of while they are the subject of a pending request, appeal, lawsuit, or litigation or audit hold under the Act.

§ 5.29 Fees.

(a) Fees for access requests granted in full under the Privacy Act are limited to duplication fees, which are chargeable to the same extent that fees are chargeable under subpart A of this part. An access request not granted in full under the Privacy Act will be processed under the FOIA and will be subject to all fees chargeable under the applicable FOIA regulations. Fees are not charged for processing amendment and accounting requests.

(b) DHS will not process a request under the Privacy Act or JRA from persons with an unpaid fee from any previous Privacy Act or JRA request to any Federal agency until that outstanding fee has been paid in full to the agency.

§ 5.30 Notice of court-ordered and emergency disclosures.

(a) *Court-ordered disclosures.* When the component discloses an individual's information covered by a system of records pursuant to an order from a court of competent jurisdiction, and the order is a matter of public record, the Privacy Act requires the component to send a notice of the disclosure to the last known address of the person whose record was disclosed. Notice will be given within a reasonable time after the component's receipt of the order, except that in a case in which the order is not a matter of public record, the notice will be given only after the order becomes public. This notice will be mailed to the individual's last known

address and will contain a copy of the order and a description of the information disclosed. Notice will not be given if disclosure is made from a criminal law enforcement system of records that has been exempted from the notice requirement.

(b) *Court*. For purposes of this section, a court is an institution of the judicial branch of the U.S. Federal Government consisting of one or more judges who seek to adjudicate disputes and administer justice. Entities not in the judicial branch of the Federal Government are not courts for purposes of this section.

(c) *Court order*. For purposes of this section, a court order is any legal process which satisfies all the following conditions:

- (1) It is issued under the authority of a Federal court;
- (2) A judge or a magistrate judge of that court signs it;
- (3) It commands or permits DHS to disclose the Privacy Act protected information at issue; and
- (4) The court is a court of competent jurisdiction.

(d) *Court of competent jurisdiction*. It is the view of DHS that under the Privacy Act the Federal Government has not waived sovereign immunity, which precludes state court jurisdiction over a Federal agency or official. Therefore, DHS will not honor state court orders as a basis for disclosure, unless DHS does so under its own discretion.

(e) *Conditions for disclosure under a court order of competent jurisdiction*. The component may disclose information in compliance with an order of a court of competent jurisdiction if—

- (1) Another section of this part specifically allows such disclosure, or
- (2) DHS, the Secretary, or any officer or employee of DHS in their official capacity is properly a party in the proceeding, or
- (3) Disclosure of the information is necessary to ensure that an individual who is accused of criminal activity receives due process of law in a criminal proceeding under the jurisdiction of the judicial branch of the Federal Government.

(f) *In other circumstances*. DHS may disclose information to a court of competent jurisdiction in circumstances

other than those stated in paragraph (e) of this section. DHS will make its decision regarding disclosure by balancing the needs of a court while preserving the confidentiality of information. For example, DHS may disclose information under a court order that restricts the use and redisclosure of the information by the participants in the proceeding; DHS may offer the information for inspection by the court *in camera* and under seal; or DHS may arrange for the court to exclude information identifying individuals from that portion of the record of the proceedings that is available to the public.

(g) *Emergency disclosures*. Upon disclosing a record pertaining to an individual made under compelling circumstances affecting the health or safety of an individual, the component will notify the individual to whom the record pertains of the disclosure. This notice will be mailed to the individual's last known address and will state the nature of the information disclosed; the person, organization, or agency to which it was disclosed; the date of disclosure; and the compelling circumstances justifying the disclosure.

(h) *Other regulations on disclosure of information in litigation*. See subpart C to this part for additional rules covering disclosure of information and records governed by this part and requested in connection with legal proceedings.

§ 5.31 Security of systems of records.

(a) *In general*. Each component will establish administrative and physical controls to prevent unauthorized access to its systems of records, to prevent unauthorized disclosure of records, and to prevent physical damage to or destruction of records. The stringency of these controls will correspond to the sensitivity of the records that the controls protect. At a minimum, each component's administrative and physical controls will ensure that:

- (1) Records are protected from public view;
- (2) The area in which records are kept is supervised during business hours to prevent unauthorized persons from having access to them;

§ 5.32

(3) Records are inaccessible to unauthorized persons outside of business hours; and

(4) Records are not disclosed to unauthorized persons or under unauthorized circumstances in either oral or written form.

(b) *Procedures required.* Each component will have procedures that restrict access to records to only those individuals within the Department who must have access to those records to perform their duties and that prevent inadvertent disclosure of records.

§ 5.32 Contracts for the operation of systems of records.

As required by 5 U.S.C. 552a(m), any approved contract for the operation of a system of records to accomplish an agency function will contain the standard contract requirements issued by the General Services Administration to ensure compliance with the requirements of the Privacy Act for that system. The contracting component will be responsible for ensuring that the contractor complies with these contract requirements.

§ 5.33 Use and collection of Social Security numbers.

Each component will ensure that employees authorized to collect information are aware:

(a) That individuals may not be denied any right, benefit, or privilege because of refusing to provide their Social Security numbers, unless the collection is authorized either by a statute or by a regulation issued prior to 1975; and

(b) That individuals requested to provide their Social Security numbers must be informed of:

(1) Whether providing Social Security numbers is mandatory or voluntary;

(2) Any statutory or regulatory authority that authorizes the collection of Social Security numbers; and

(3) The uses that will be made of the numbers.

(c) Including Social Security numbers of an individual on any document sent by mail is not permitted unless the Secretary determines that the inclusion of the number on the document is necessary.

6 CFR Ch. I (1–1–23 Edition)

§ 5.34 Standards of conduct for administration of the Privacy Act.

Each component will inform its employees of the provisions of the Privacy Act, including the Act's civil liability and criminal penalty provisions referenced in § 5.35. Unless otherwise permitted by law, the Department will:

(a) Maintain only such information about an individual as is relevant and necessary to accomplish a purpose of the Component or the Department that is required to be accomplished by statute or by Executive order of the President;

(b) Collect information about an individual directly from that individual whenever practicable and when the information may result in adverse determinations about an individual's rights, benefits, and privileges under federal programs;

(c) Inform each individual from whom information is collected of:

(1) The legal authority to collect the information and whether providing it is mandatory or voluntary;

(2) The principal purpose for which the Department intends to use the information;

(3) The routine uses the Department may make of the information; and

(4) The effects on the individual, if any, of not providing the information;

(d) Ensure that the component maintains no system of records without public notice and that it notifies appropriate Department officials of the existence or development of any system of records that is not the subject of a current or planned public notice;

(e) Maintain all records that are used by the Department in making any determination about an individual with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to ensure fairness to the individual in the determination;

(f) Except as to disclosures made to an agency or made under the FOIA, make reasonable efforts, prior to disseminating any record about an individual, to ensure that the record is accurate, relevant, timely, and complete;

(g) Maintain no record describing how an individual exercises their First Amendment rights, unless it is expressly authorized by statute or by the individual about whom the record is

maintained, or is pertinent to and within the scope of an authorized law enforcement activity;

(h) When required by the Act, maintain an accounting in the specified form of all disclosures of records by the Department to persons, organizations, or agencies;

(i) Maintain and use records with care to prevent the unauthorized or inadvertent disclosure of a record to anyone; and

(j) Disclose Privacy Act or JRA records only as permitted by 5 U.S.C. 552a(b).

§ 5.35 Sanctions and penalties.

Each component will inform its employees and contractors of the Privacy Act's civil liability provisions (5 U.S.C. 552a(g)) and criminal penalty provisions (5 U.S.C. 552a(i)) as they apply to Privacy Act and JRA complaints.

§ 5.36 Other rights and services.

Nothing in this subpart will be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the Privacy Act or JRA.

Subpart C—Disclosure of Information in Litigation

SOURCE: 68 FR 4070, Jan. 27, 2003, unless otherwise noted.

§ 5.41 Purpose and scope; definitions.

(a) This subpart C sets forth the procedures to be followed with respect to:

(1) Service of summonses and complaints or other requests or demands directed to the Department of Homeland Security (Department) or to any Department employee or former employee in connection with federal or state litigation arising out of or involving the performance of official activities of the Department; and

(2) The oral or written disclosure, in response to subpoenas, orders, or other requests or demands of federal or state judicial or quasi-judicial or administrative authority as well as state legislative authorities (collectively, “demands”), whether civil or criminal in nature, or in response to requests for

depositions, affidavits, admissions, responses to interrogatories, document production, interviews, or other litigation-related matters, including pursuant to the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, or applicable state rules (collectively, “requests”), of any material contained in the files of the Department, any information relating to material contained in the files of the Department, or any information acquired while the subject of the demand or request is or was employed by the Department, or served as Secretary of the Department, as part of the performance of that person's duties or by virtue of that person's official status.

(b) The provisions established by this subpart shall apply to all Department components that are transferred to the Department. Except to the extent a Department component has adopted separate guidance governing the subject matter of a provision of this subpart, the provisions of this subpart shall apply to each component of the Department. Departmental components may issue their own guidance under this subpart subject to the approval of the General Counsel of the Department.

(c) For purposes of this subpart, and except as the Department may otherwise determine in a particular case, the term employee includes all former Secretaries of Homeland Security and all employees of the Department of Homeland Security or other federal agencies who are or were appointed by, or subject to the supervision, jurisdiction, or control of the Secretary of Homeland Security, whether residing or working in the United States or abroad, including United States nationals, foreign nationals, and contractors. The procedures established within this subpart also apply to former employees of the Department where specifically noted.

(d) For purposes of this subpart, the term litigation encompasses all pre-trial, trial, and post-trial stages of all judicial or administrative actions, hearings, investigations, or similar proceedings before courts, commissions, boards (including the Board of Appellate Review), grand juries, or other judicial or quasi-judicial bodies or tribunals, whether criminal, civil, or administrative in nature. This subpart

§ 5.42

6 CFR Ch. I (1–1–23 Edition)

governs, *inter alia*, responses to discovery requests, depositions, and other pre-trial, trial, or post-trial proceedings, as well as responses to informal requests by attorneys or others in situations involving litigation. However, this subpart shall not apply to any claims against the Department by Department of Homeland Security employees (present or former), or applicants for Department employment, for which jurisdiction resides with the U.S. Equal Employment Opportunity Commission; the U.S. Merit Systems Protection Board; the Office of Special Counsel; the Federal Labor Relations Authority; the Foreign Service Labor Relations Board; the Foreign Service Grievance Board; or a labor arbitrator operating under a collective bargaining agreement between the Department and a labor organization representing Department employees; or their successor agencies or entities.

(e) For purposes of this subpart, official information means all information of any kind, however stored, that is in the custody and control of the Department, relates to information in the custody and control of the Department, or was acquired by Department employees, or former employees, as part of their official duties or because of their official status within the Department while such individuals were employed by or served on behalf of the Department.

(f) Nothing in this subpart affects disclosure of information under the Freedom of Information Act (FOIA), 5 U.S.C. 552, the Privacy Act, 5 U.S.C. 552a, Executive Order 12958 on national security information (3 CFR, 1995 Comp., p. 333), the Government in the Sunshine Act, 5 U.S.C. 552b, the Department's implementing regulations or pursuant to congressional subpoena. Nothing in this subpart permits disclosure of information by the Department, its present and former employees, or the Secretary, that is protected or prohibited by statute or other applicable law.

(g) This subpart is intended only to inform the public about Department procedures concerning the service of process and responses to demands or requests and is not intended to and does not create, and may not be relied

upon to create any right or benefit, substantive or procedural, enforceable at law by a party against the Department or the United States.

(h) Nothing in this subpart affects the rules and procedures, under applicable U.S. law and international conventions, governing diplomatic and consular immunity.

(i) Nothing in this subpart affects the disclosure of official information to other federal agencies or Department of Justice attorneys in connection with litigation conducted on behalf or in defense of the United States, its agencies, officers, and employees, or litigation in which the United States has an interest; or to federal, state, local, or foreign prosecuting and law enforcement authorities in conjunction with criminal law enforcement investigations, prosecutions, or other proceedings, e.g., extradition, deportation.

§ 5.42 Service of summonses and complaints.

(a) Only the Office of the General Counsel is authorized to receive and accept on behalf of the Department summonses or complaints sought to be served upon the Department, the Secretary, or Department employees. All such documents must be sent by registered or certified mail, to the appropriate address as indicated in appendix A to this subpart. The Office of the General Counsel may also in its discretion accept service of process in person or by registered or certified mail to other addresses, as announced on the DHS website as indicated in appendix A to this subpart. The authorization for receipt shall in no way affect the requirements of service elsewhere provided in applicable rules and regulations.

(b) In the event any summons or complaint described in § 5.41(a) is delivered to an employee of the Department other than in the manner specified in this part, the recipient thereof shall decline to accept the proffered service and may notify the person attempting to make service of the Departmental regulations set forth herein.

(c) Except as otherwise provided §§ 5.42(d) and 5.43(c), the Department is not an authorized agent for service of process with respect to civil litigation

against Department employees purely in their personal, non-official capacity. Copies of summonses or complaints directed to Department employees in connection with legal proceedings arising out of the performance of official duties may, however, be served upon the Office of the General Counsel.

(d) Although the Department is not an agent for the service of process upon its employees with respect to purely personal, non-official litigation, the Department recognizes that its employees should not use their official positions to evade their personal obligations and will, therefore, counsel and encourage Department employees to accept service of process in appropriate cases.

(e) Documents for which the Office of the General Counsel accepts service in official capacity only shall be stamped "Service Accepted in Official Capacity Only". Acceptance of service shall not constitute an admission or waiver with respect to jurisdiction, propriety of service, improper venue, or any other defense in law or equity available under applicable laws or rules.

[68 FR 4070, Jan. 27, 2003, as amended at 85 FR 22582, Apr. 23, 2020]

§ 5.43 Service of subpoenas, court orders, and other demands or requests for official information or action.

(a) Except in cases in which the Department is represented by legal counsel who have entered an appearance or otherwise given notice of their representation, only the Office of the General Counsel is authorized to receive and accept subpoenas (consistent with paragraph (g) of this section) or other demands or requests directed to the Secretary, the Department, or any component thereof, or its employees, whether civil or criminal in nature, for:

(1) Material, including documents, contained in the files of the Department;

(2) Information, including testimony, affidavits, declarations, admissions, responses to interrogatories, or informal statements, relating to material contained in the files of the Department or which any Department employee ac-

quired in the course and scope of the performance of his official duties;

(3) Garnishment or attachment of compensation of current or former employees; or

(4) The performance or non-performance of any official Department duty.

(b) In the event that any subpoena, demand, or request is sought to be delivered to a Department employee other than in the manner prescribed in paragraph (a) of this section, such employee shall, after consultation with the Office of the General Counsel, decline service and direct the server of process to the Departmental regulations. If the subpoena, demand, or other request is nonetheless delivered to the employee, the employee shall immediately forward a copy of that document to the Office of the General Counsel.

(c) Except as otherwise provided in this subpart, the Department is not an agent for service, or otherwise authorized to accept on behalf of its employees, any subpoenas, show-cause orders, or similar compulsory process of federal or state courts, or requests from private individuals or attorneys, which are not related to the employees' official duties except upon the express, written authorization of the individual Department employee to whom such demand or request is directed.

(d) Acceptance of such documents by the Office of the General Counsel does not constitute a waiver of any defenses that might otherwise exist with respect to service under the Federal Rules of Civil or Criminal Procedure or other applicable rules.

(e) Copies of any subpoenas, show cause orders, or similar compulsory process of federal or state courts, or requests from private individuals or attorneys, directed to former employees of the Department in connection with legal proceedings arising out of the performance of official duties shall also be served upon the Office of the General Counsel. The Department shall not, however, serve as an agent for service for the former employee, nor is the Department otherwise authorized to accept service on behalf of its former employees. If the demand involves their official duties, former employees who receive subpoenas, show

§ 5.44

cause orders, or similar compulsory process of federal or state courts should also notify in the component of the Department in which they were employed if the service involves their official duties while so employed.

(f) If the subpoena, demand, or other request is nonetheless delivered to the employee, the employee shall immediately forward a copy of that document to the Office of the General Counsel.

(g) Subpoenas must be delivered by personal service at the appropriate address as indicated in appendix A to this subpart, consistent with the Federal Rules of Civil Procedure, unless DHS has specified alternative means of service, in its discretion, on the DHS website as indicated in appendix A to this subpart. This paragraph (g) does not apply to other demands or requests for information under paragraph (a) of this section.

[68 FR 4070, Jan. 27, 2003, as amended at 85 FR 22582, Apr. 23, 2020]

§ 5.44 Testimony and production of documents prohibited unless approved by appropriate Department officials.

(a) No employee, or former employee, of the Department shall, in response to a demand or request, including in connection with any litigation, provide oral or written testimony by deposition, declaration, affidavit, or otherwise concerning any information acquired while such person is or was an employee of the Department as part of the performance of that person's official duties or by virtue of that person's official status, unless authorized to do so by the Office of the General Counsel, or as authorized in § 5.44(b).

(b) No employee, or former employee, shall, in response to a demand or request, including in connection with any litigation, produce any document or any material acquired as part of the performance of that employee's duties or by virtue of that employee's official status, unless authorized to do so by the Office of the General Counsel or the delegates thereof, as appropriate.

6 CFR Ch. I (1–1–23 Edition)

§ 5.45 Procedure when testimony or production of documents is sought; general.

(a) If official information is sought, through testimony or otherwise, by a request or demand, the party seeking such release or testimony must (except as otherwise required by federal law or authorized by the Office of the General Counsel) set forth in writing, and with as much specificity as possible, the nature and relevance of the official information sought. Where documents or other materials are sought, the party should provide a description using the types of identifying information suggested in § 5.3(b). Subject to § 5.47, Department employees may only produce, disclose, release, comment upon, or testify concerning those matters which were specified in writing and properly approved by the appropriate Department official designated in § 5.44. See *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951). The Office of the General Counsel may waive the requirement of this subsection in appropriate circumstances.

(b) To the extent it deems necessary or appropriate, the Department may also require from the party seeking such testimony or documents a plan of all reasonably foreseeable demands, including but not limited to the names of all employees and former employees from whom discovery will be sought, areas of inquiry, expected duration of proceedings requiring oral testimony, and identification of potentially relevant documents.

(c) The appropriate Department official designated in § 5.42 will notify the Department employee and such other persons as circumstances may warrant of its decision regarding compliance with the request or demand.

(d) The Office of the General Counsel will consult with the Department of Justice regarding legal representation for Department employees in appropriate cases.

§ 5.46 Procedure when response to demand is required prior to receiving instructions.

(a) If a response to a demand is required before the appropriate Department official designated in § 5.44 renders a decision, the Department, if necessary, will request that the Department of Justice or the appropriate Department attorney take appropriate steps to stay, postpone, or obtain relief from the demand pending decision. If necessary, the attorney will:

- (1) Appear with the employee upon whom the demand has been made;
- (2) Furnish the court or other authority with a copy of the regulations contained in this subpart;
- (3) Inform the court or other authority that the demand has been, or is being, as the case may be, referred for the prompt consideration of the appropriate Department official; and
- (4) Respectfully request the court or authority to stay the demand pending receipt of the requested instructions.

(b) In the event that an immediate demand for production or disclosure is made in circumstances which would preclude the proper designation or appearance of a Department of Justice or appropriate Department attorney on the employee's behalf, the employee, if necessary, shall respectfully request from the demanding court or authority for a reasonable stay of proceedings for the purpose of obtaining instructions from the Department.

§ 5.47 Procedure in the event of an adverse ruling.

If a stay of, or other relief from, the effect of the demand in response to a request made pursuant to § 5.46 is declined or not obtained, or if the court or other judicial or quasi-judicial authority declines to stay the effect of the demand in response to a request made pursuant to § 5.46, or if the court or other authority rules that the demand must be complied with irrespective of the Department's instructions not to produce the material or disclose the information sought, the employee upon whom the demand has been made shall respectfully decline to comply with the demand, citing this subpart and *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951).

§ 5.48 Considerations in determining whether the Department will comply with a demand or request.

(a) In deciding whether to comply with a demand or request, Department officials and attorneys shall consider, among any other pertinent considerations:

- (1) Whether such compliance would be unduly burdensome or otherwise inappropriate under the applicable rules of discovery or the rules of procedure governing the case or matter in which the demand arose;
- (2) Whether compliance is appropriate under the relevant substantive law concerning privilege or disclosure of information;
- (3) The public interest;
- (4) The need to conserve the time of Department employees for the conduct of official business;
- (5) The need to avoid spending the time and money of the United States for private purposes;
- (6) The need to maintain impartiality between private litigants in cases where a substantial government interest is not implicated;
- (7) Whether compliance would have an adverse effect on performance by the Department of its mission and duties; and
- (8) The need to avoid involving the Department in controversial issues not related to its mission.

(b) Among those demands and requests in response to which compliance will not ordinarily be authorized are those with respect to which any of the following factors, *inter alia*, exist:

- (1) Compliance would violate a statute or a rule of procedure;
- (2) Compliance would violate a specific regulation or Executive order;
- (3) Compliance would reveal information properly classified in the interest of national security;
- (4) Compliance would reveal confidential commercial or financial information or trade secrets without the owner's consent;
- (5) Compliance would reveal the internal deliberative processes of the Executive Branch; or
- (6) Compliance would potentially impede or prejudice an on-going law enforcement investigation.

§ 5.49

6 CFR Ch. I (1–1–23 Edition)

§ 5.49 Prohibition on providing expert or opinion testimony.

(a) Except as provided in this section, and subject to 5 CFR 2635.805, Department employees shall not provide opinion or expert testimony based upon information which they acquired in the scope and performance of their official Department duties, except on behalf of the United States or a party represented by the Department of Justice.

(b) Any expert or opinion testimony by a former employee of the Department shall be excepted from 5.49(a) where the testimony involves only general expertise gained while employed at the Department.

(c) Upon a showing by the requestor of exceptional need or unique circumstances and that the anticipated testimony will not be adverse to the interests of the United States, the appropriate Department official designated in § 5.44 may, consistent with 5 CFR 2635.805, in their discretion and with the concurrence of the Office of the General Counsel, grant special, written authorization for Department employees, or former employees, to appear and testify as expert witnesses at no expense to the United States.

(d) If, despite the final determination of the appropriate Department official designated in § 5.44, a court of competent jurisdiction or other appropriate authority orders the appearance and expert or opinion testimony of a current or former Department employee, that person shall immediately inform the Office of the General Counsel of such order. If the Office of the General Counsel determines that no further legal review of or challenge to the court's order will be made, the Department employee, or former employee, shall comply with the order. If so directed by the Office of the General Counsel, however, the employee, or former employee, shall respectfully decline to testify.

APPENDIX B TO PART 5 [RESERVED]

APPENDIX C TO PART 5—DHS SYSTEMS OF RECORDS EXEMPT FROM THE PRIVACY ACT

This appendix implements provisions of the Privacy Act of 1974 that permit the Department of Homeland Security (DHS) to exempt its systems of records from provisions of the Act. During the course of normal agency operations, exempt materials from other systems of records may become part of the records in these and other DHS systems. To the extent that copies of records from other exempt systems of records are entered into any DHS system, DHS hereby claims the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions in accordance with this rule.

Portions of the following DHS systems of records are exempt from certain provisions of the Privacy Act pursuant to 5 U.S.C. 552(j) and (k):

1. The DHS/ALL—001 Freedom of Information Act and Privacy Act Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—001 Freedom of Information Act and Privacy Act Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—001 Freedom of Information Act and Privacy Act Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (4): (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12); (f); (g)(1); and (h) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3): (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. § 552a(k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f)

(Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Computer Matching) if the agency is a recipient agency or a source agency in a matching program with a non-Federal agency, with respect to any establishment or revision of a matching program, at least 30 days prior to conducting such program, publish in the FEDERAL REGISTER notice of such establishment or revision.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

(k) From subsection (h) (Legal Guardians) the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual.

2. The DHS/ALL-029 Civil Rights and Civil Liberties Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL-029 Civil Rights and Civil Liberties Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to Section 3056 and 3056A of Title 18. The

DHS/ALL-029 Civil Rights and Civil Liberties Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, state, local, Tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. §552a(k)(1), (k)(2), (k)(3), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the individual who is the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would, therefore, present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the individual who is the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain

all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

3. DHS–ALL–005, Redress and Response Records System. A portion of the following system of records is exempt from 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G) through (I), (5), and (8); (f), and (g); however, these exemptions apply only to the extent that information in this system records is recompiled or is created from information contained in other systems of records subject to such exemptions pursuant to 5 U.S.C. 552a(j)(2), (k)(1), (k)(2), and (k)(5). Further, no exemption shall be asserted with respect to information submitted by and collected from the individual or the individual's representative in the course of any redress process associated with this system of records. After conferring with the appropriate component or agency, DHS may waive applicable exemptions in appropriate circumstances and where it would not appear to interfere with or adversely affect the law enforcement or national security purposes of the systems from which the information is recompiled or in which it is contained. Exemptions from the above particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, when information in this system records is recompiled or is created from information contained in other systems of records subject to exemptions for the following reasons:

(a) From subsection (c)(3) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information could reasonably be expected to compromise ongoing efforts to investigate a known or suspected terrorist by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, e.g., destroy evidence, intimidate potential witnesses, or flee the area to avoid or impede the investigation.

(b) From subsection (c)(4) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(c) From subsections (d)(1), (2), (3), and (4) because these provisions concern individual access to and amendment of certain records contained in this system, including law enforcement counterterrorism, investigatory, and intelligence records. Compliance with these provisions could alert the subject of an investigation of the fact and nature of the investigation, and/or the investigative interest of intelligence or law enforcement agencies; compromise sensitive information related to national security; interfere with the overall law enforcement process by leading to the destruction of evidence, improper influencing of witnesses, fabrication of testimony, and/or flight of the subject; could identify a confidential source or disclose information which would constitute an unwarranted invasion of another's personal privacy; reveal a sensitive investigative or intelligence technique; or constitute a potential danger to the health or safety of law enforcement personnel, confidential informants, and witnesses. Amendment of these records would interfere with ongoing counterterrorism, law enforcement, or intelligence investigations and analysis activities and impose an impossible administrative burden by requiring investigations, analyses, and reports to be continuously reinvestigated and revised.

(d) From subsection (e)(1) because it is not always possible for DHS or other agencies to know in advance what information is relevant and necessary for it to complete an identity comparison between the individual seeking redress and a known or suspected terrorist. Also, because DHS and other agencies may not always know what information about an encounter with a known or suspected terrorist will be relevant to law enforcement for the purpose of conducting an operational response.

(e) From subsection (e)(2) because application of this provision could present a serious impediment to counterterrorism, law enforcement, or intelligence efforts in that it would put the subject of an investigation, study, or analysis on notice of that fact, thereby permitting the subject to engage in conduct designed to frustrate or impede that activity. The nature of counterterrorism, law enforcement, or intelligence investigations is such that vital information about an individual frequently can be obtained only from other persons who are familiar with such individual and his/her activities. In such investigations it is not feasible to rely upon information furnished by the individual concerning his own activities.

(f) From subsection (e)(3), to the extent that this subsection is interpreted to require DHS to provide notice to an individual if DHS or another agency receives or collects

information about that individual during an investigation or from a third party. Should the subsection be so interpreted, exemption from this provision is necessary to avoid impeding counterterrorism, law enforcement, or intelligence efforts by putting the subject of an investigation, study, or analysis on notice of that fact, thereby permitting the subject to engage in conduct intended to frustrate or impede that activity.

(g) From subsections (e)(4)(G), (H) and (I) (Agency Requirements) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(h) From subsection (e)(5) because many of the records in this system coming from other system of records are derived from other domestic and foreign agency record systems and therefore it is not possible for DHS to vouch for their compliance with this provision; however, the DHS has implemented internal quality assurance procedures to ensure that data used in the redress process is as thorough, accurate, and current as possible. In addition, in the collection of information for law enforcement, counterterrorism, and intelligence purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light. The restrictions imposed by (e)(5) would limit the ability of those agencies' trained investigators and intelligence analysts to exercise their judgment in conducting investigations and impede the development of intelligence necessary for effective law enforcement and counterterrorism efforts. The DHS has, however, implemented internal quality assurance procedures to ensure that the data used in the redress process is as thorough, accurate, and current as possible.

(i) From subsection (e)(8) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism, law enforcement, or intelligence investigations to the fact of those investigations when not previously known.

(j) From subsection (f) (Agency Rules) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(k) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act.

4. The Department of Homeland Security Automated Biometric Identification System (IDENT) consists of electronic and paper records and will be used by DHS and its components. IDENT is the primary repository of biometric information held by DHS in connection with its several and varied missions

and functions, including, but not limited to: The enforcement of civil and criminal laws (including the immigration law); investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. IDENT is a centralized and dynamic DHS-wide biometric database that also contains limited biographic and encounter history information needed to place the biometric information in proper context. The information is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies.

Pursuant to exemptions 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f)(2) through (5); and (g). Pursuant to 5 U.S.C. 552a(k)(2), this system is exempt from the following provisions of the Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), and (e)(4)(H). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation; and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could

disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f)(2 through 5) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) and thereby would not require DHS to establish requirements or rules for records which are exempted from access.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act.

5. The DHS/OIG-002 Investigative Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/OIG-002 Investigative Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intel-

ligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS/OIG-002 Investigative Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (f); and (g)(1). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such

information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

6. The Immigration and Customs Enforcement (ICE) Pattern Analysis and Information Collection (ICEPIC) System consists of electronic and paper records and will be used by DHS and its components. ICEPIC is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws (including the immigration law); investigations, inquiries, and proceedings there under; and national security and intelligence activities. ICEPIC contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies.

Pursuant to exemption 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f), and (g). Pursuant to 5 U.S.C. 552a(k)(2), this system is exempt from the following provisions of the Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an

impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is

impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; Refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

7. The Office of Intelligence and Analysis (I&A) Enterprise Records System (ERS) consists of records including intelligence information and other properly acquired information received from agencies and components of the federal government, foreign governments, organizations or entities, international organizations, state and local government agencies (including law enforcement agencies), and private sector entities, as well as information provided by individuals, regardless of the medium used to submit the information or the agency to which it was submitted. This system also contains: Information regarding persons on watch lists with known or suspected links to terrorism; the results of intelligence analysis and reporting; ongoing law enforcement investigative information, information systems security analysis and reporting; active immigration, customs, border and transportation, security related records; historical law enforcement, operational, immigration, customs, border and transportation security, and other administrative records; relevant and appropriately acquired financial information; and public-source data such as that contained in media reports and commercially available databases, as appropriate. Data about the providers of information, including the means of transmission of the data, is also retained.

(a) Pursuant to 5 U.S.C. 552a(k)(1), (2), (3), and (5), this system of records is exempt from 5 U.S.C. 552a(c)(3), (d)(1), (2), (3), (4), and (5), (e)(1), (e)(4)(G), (H), and (I), and (f). These

exemptions apply only to the extent that information in this system is subject to exemption. Where compliance would not appear to interfere with or adversely affect the intelligence, counterterrorism, homeland security, and related law enforcement purposes of this system, the applicable exemption may be waived by DHS.

(b) Exemptions from the particular subsections are justified for the following reasons:

(1) From subsection (c)(3) (Accounting for Disclosures) because making available to a record subject the accounting of disclosures from records concerning him/her would specifically reveal any interest in the individual of an intelligence, counterterrorism, homeland security, or related investigative nature. Revealing this information could reasonably be expected to compromise ongoing efforts of the Department to identify, understand, analyze, investigate, and counter the activities of:

(i) Known or suspected terrorists and terrorist groups;

(ii) Groups or individuals known or believed to be assisting or associated with known or suspected terrorists or terrorist groups;

(iii) Individuals known, believed to be, or suspected of being engaged in activities constituting a threat to homeland security, including (1) activities which impact or concern the security, safety, and integrity of our international borders, including any illegal activities that either cross our borders or are otherwise in violation of the immigration or customs laws and regulations of the United States; (2) activities which could reasonably be expected to assist in the development or use of a weapon of mass effect; (3) activities meant to identify, create, or exploit the vulnerabilities of, or undermine, the "key resources" (as defined in section 2(9) of the Homeland Security Act of 2002) and "critical infrastructure" (as defined in 42 U.S.C. 5195c(c)) of the United States, including the cyber and national telecommunications infrastructure and the availability of a viable national security and emergency preparedness communications infrastructure; (4) activities detrimental to the security of transportation and transportation systems; (5) activities which violate or are suspected of violating the laws relating to counterfeiting of obligations and securities of the United States and other financial crimes, including access device fraud, financial institution fraud, identity theft, computer fraud; and computer-based attacks on our nation's financial, banking, and telecommunications infrastructure; (6) activities, not wholly conducted within the United States, which violate or are suspected of violating the laws which prohibit the production, transfer, or sale of narcotics or substances controlled in accordance with Title

21 of the United States Code, or those associated activities otherwise prohibited by Titles 21 and 46 of the United States Code; (7) activities which impact, concern, or otherwise threaten the safety and security of the President and Vice President, their families, heads of state, and other designated individuals; the White House, Vice President's residence, foreign missions, and other designated buildings within the United States; (8) activities which impact, concern, or otherwise threaten domestic maritime safety and security, maritime mobility and navigation, or the integrity of the domestic maritime environment; (9) activities which impact, concern, or otherwise threaten the national operational capability of the Department to respond to natural and manmade major disasters and emergencies, including acts of terrorism; (10) activities involving the importation, possession, storage, development, or transportation of nuclear or radiological material without authorization or for use against the United States;

(iv) Foreign governments, organizations, or persons (foreign powers); and

(v) Individuals engaging in intelligence activities on behalf of a foreign power or terrorist group.

Thus, by notifying the record subject that he/she is the focus of such efforts or interest on the part of DHS, or other agencies with whom DHS is cooperating and to whom the disclosures were made, this information could permit the record subject to take measures to impede or evade such efforts, including the taking of steps to deceive DHS personnel and deny them the ability to adequately assess relevant information and activities, and could inappropriately disclose to the record subject the sensitive methods and/or confidential sources used to acquire the relevant information against him/her. Moreover, where the record subject is the actual target of a law enforcement investigation, this information could permit him/her to take measures to impede the investigation, for example, by destroying evidence, intimidating potential witnesses, or avoiding detection or apprehension.

(2) From subsections (d)(1), (2), (3), and (4) (Access to Records) because these provisions concern individual rights of access to and amendment of records (including the review of agency denials of either) contained in this system, which consists of intelligence, counterterrorism, homeland security, and related investigatory records concerning efforts of the Department, as described more fully in subsection (b)(1), above. Compliance with these provisions could inform or alert the subject of an intelligence, counterterrorism, homeland security, or investigatory effort undertaken on behalf of the Department, or by another agency with whom DHS is cooperating, of the fact and nature of such efforts, and/or the relevant intelligence,

counterterrorism, homeland security, or investigatory interest of DHS and/or other intelligence, counterterrorism, or law enforcement agencies. Moreover, compliance could also compromise sensitive information either classified in the interest of national security, or which otherwise requires, as appropriate, safeguarding and protection from unauthorized disclosure; identify a confidential source or disclose information which would constitute an unwarranted invasion of another individual's personal privacy; reveal a sensitive intelligence or investigative technique or method, including interfering with intelligence or law enforcement investigative processes by permitting the destruction of evidence, improper influencing or intimidation of witnesses, fabrication of statements or testimony, and flight from detection or apprehension; or constitute a potential danger to the health or safety of intelligence, counterterrorism, homeland security, and law enforcement personnel, confidential sources and informants, and potential witnesses. Amendment of the records would interfere with ongoing intelligence, counterterrorism, homeland security, and law enforcement investigations and activities, including incident reporting and analysis activities, and impose an impossible administrative burden by requiring investigations, reports, and analyses to be continuously reinvestigated and revised.

(3) From subsection (e)(1) (Relevant and Necessary) because it is not always possible for DHS to know in advance of its receipt the relevance and necessity of each piece of information it acquires in the course of an intelligence, counterterrorism, or investigatory effort undertaken on behalf of the Department, or by another agency with whom DHS is cooperating. In the context of the authorized intelligence, counterterrorism, and investigatory activities undertaken by DHS personnel, relevance and necessity are questions of analytic judgment and timing, such that what may appear relevant and necessary when acquired ultimately may be deemed unnecessary upon further analysis and evaluation. Similarly, in some situations, it is only after acquired information is collated, analyzed, and evaluated in light of other available evidence and information that its relevance and necessity can be established or made clear. Constraining the initial acquisition of information included within the ERS in accordance with the relevant and necessary requirement of subsection (e)(1) could discourage the appropriate receipt of and access to information which DHS and I&A are otherwise authorized to receive and possess under law, and thereby impede efforts to detect, deter, prevent, disrupt, or apprehend terrorists or terrorist groups, and/or respond to terrorist or other activities which threaten homeland security. Notwithstanding this claimed exemption,

which would permit the acquisition and temporary maintenance of records whose relevance to the purpose of the ERS may be less than fully clear, DHS will only disclose such records after determining whether such disclosures are themselves consistent with the published ERS routine uses. Moreover, it should be noted that, as concerns the receipt by I&A, for intelligence purposes, of information in any record which identifies a U.S. Person, as defined in Executive Order 12333, as amended, such receipt, and any subsequent use or dissemination of that identifying information, is undertaken consistent with the procedures established and adhered to by I&A pursuant to that Executive Order. Specifically, I&A intelligence personnel may acquire information which identifies a particular U.S. Person, retain it within or disseminate it from ERS, as appropriate, only when it is determined that the personally identifying information is necessary for the conduct of I&A's functions, and otherwise falls into one of a limited number of authorized categories, each of which reflects discrete activities for which information on individuals would be utilized by the Department in the overall execution of its statutory mission.

(4) From subsections (e)(4) (G), (H) and (I) (Access), and (f) (Agency Rules), inasmuch as it is unnecessary for the publication of rules and procedures contemplated therein since the ERS, pursuant to subsections (1) and (2), above, will be exempt from the underlying duties to provide to individuals notification about, access to, and the ability to amend or correct the information pertaining to them in, this system of records. Furthermore, to the extent that subsection (e)(4)(I) is construed to require more detailed disclosure than the information accompanying the system notice for ERS, as published in today's FEDERAL REGISTER, exemption from it is also necessary to protect the confidentiality, privacy, and physical safety of sources of information, as well as the methods for acquiring it. Finally, greater specificity concerning the description of categories of sources of properly classified records could also compromise or otherwise cause damage to the national or homeland security.

8. The DHS/USCG-061 Maritime Analytic Support System (MASS) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG-061 Maritime Analytic Support System (MASS) System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/USCG-061 Maritime Analytic Support System (MASS) System of Records contains information that is

collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (c)(4); (d); (e)(1) through (3), (e)(4)(G) through (I), (e)(5) and (e)(8), (f); and (g)(1) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G) through (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(1) and (k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally

may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G) through (I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

9. The Law Enforcement Information Data Base (LEIDB)/Pathfinder is a historical repository of selected Coast Guard message traffic. LEIDB/Pathfinder supports law enforcement intelligence activities. LEIDB/Pathfinder users can query archived message traffic and link relevant information across multiple data records within LEIDB/Pathfinder. Users have system tools enabling the

user to identify potential relationships between information contained in otherwise unrelated documents. These tools allow the analysts to build high precision and low return queries, which minimize false hits and maximize analyst productivity while working with unstructured, unformatted, free test documents.

(a) Pursuant to 5 U.S.C. 552a(j)(2), (k)(1), and (k)(2) certain records or information in the above mentioned system of records are exempt from 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G) through (I), (e)(5), and (8); (f), and (g). These exemptions apply only to the extent that information in this system is subject to exemption. Where compliance would not appear to interfere with or adversely affect the intelligence, counterterrorism, homeland security, and related law enforcement purposes of this system, the applicable exemption may be waived by DHS.

(b) Exemptions from the particular subsections are justified for the following reasons:

(1) From subsection (c)(3) (Accounting for Disclosures) because making available to a record subject the accounting of disclosures from records concerning him/her would specifically reveal any interest in the individual of an intelligence, counterterrorism, homeland security, or related investigative nature. Revealing this information could reasonably be expected to compromise ongoing efforts of the Department to identify, understand, analyze, investigate, and counter the activities of:

(i) Known or suspected terrorists and terrorist groups;

(ii) Groups or individuals known or believed to be assisting or associated with known or suspected terrorists or terrorist groups;

(iii) Individuals known, believed to be, or suspected of being engaged in activities constituting a threat to homeland security, including (1) activities which impact or concern the security, safety, and integrity of our international borders, including any illegal activities that either cross our borders or are otherwise in violation of the immigration or customs laws and regulations of the United States; (2) activities which could reasonably be expected to assist in the development or use of a weapon of mass effect; (3) activities meant to identify, create, or exploit the vulnerabilities of, or undermine, the “key resources” (as defined in section 2(9) of the Homeland Security Act of 2002) and “critical infrastructure” (as defined in 42 U.S.C. 5195c(c)) of the United States, including the cyber and national telecommunications infrastructure and the availability of a viable national security and emergency preparedness communications infrastructure; (4) activities detrimental to the security of transportation and transportation

systems; (5) activities which violate or are suspected of violating the laws relating to counterfeiting of obligations and securities of the United States and other financial crimes, including access device fraud, financial institution fraud, identity theft, computer fraud; and computer-based attacks on our nation’s financial, banking, and telecommunications infrastructure; (6) activities, not wholly conducted within the United States, which violate or are suspected of violating the laws which prohibit the production, transfer, or sale of narcotics or substances controlled in accordance with Title 21 of the United States Code, or those associated activities otherwise prohibited by Titles 21 and 46 of the United States Code; (7) activities which impact, concern, or otherwise threaten the safety and security of the President and Vice President, their families, heads of state, and other designated individuals; the White House, Vice President’s residence, foreign missions, and other designated buildings within the United States; (8) activities which impact, concern, or otherwise threaten domestic maritime safety and security, maritime mobility and navigation, or the integrity of the domestic maritime environment; (9) activities which impact, concern, or otherwise threaten the national operational capability of the Department to respond to natural and manmade major disasters and emergencies, including acts of terrorism; (10) activities involving the importation, possession, storage, development, or transportation of nuclear or radiological material without authorization or for use against the United States;

(iv) Foreign governments, organizations, or persons (foreign powers); and

(v) Individuals engaging in intelligence activities on behalf of a foreign power or terrorist group.

Thus, by notifying the record subject that he/she is the focus of such efforts or interest on the part of DHS, or other agencies with whom DHS is cooperating and to whom the disclosures were made, this information could permit the record subject to take measures to impede or evade such efforts, including the taking of steps to deceive DHS personnel and deny them the ability to adequately assess relevant information and activities, and could inappropriately disclose to the record subject the sensitive methods and/or confidential sources used to acquire the relevant information against him/her. Moreover, where the record subject is the actual target of a law enforcement investigation, this information could permit him/her to take measures to impede the investigation, for example, by destroying evidence, intimidating potential witnesses, or avoiding detection or apprehension.

(2) From subsection (c)(4) (Accounting for Disclosure, notice of dispute) because certain records in this system are exempt from the

access and amendment provisions of subsection (d), this requirement to inform any person or other agency about any correction or notation of dispute that the agency made with regard to those records, should not apply.

(3) From subsections (d)(1), (2), (3), and (4) (Access to Records) because these provisions concern individual rights of access to and amendment of records (including the review of agency denials of either) contained in this system, which consists of intelligence, counterterrorism, homeland security, and related investigatory records concerning efforts of the Department, as described more fully in subsection (b)(1), above. Compliance with these provisions could inform or alert the subject of an intelligence, counterterrorism, homeland security, or investigatory effort undertaken on behalf of the Department, or by another agency with whom DHS is cooperating, of the fact and nature of such efforts, and/or the relevant intelligence, counterterrorism, homeland security, or investigatory interest of DHS and/or other intelligence, counterterrorism, or law enforcement agencies. Moreover, compliance could also compromise sensitive information either classified in the interest of national security, or which otherwise requires, as appropriate, safeguarding and protection from unauthorized disclosure; identify a confidential source or disclose information which would constitute an unwarranted invasion of another individual's personal privacy; reveal a sensitive intelligence or investigative technique or method, including interfering with intelligence or law enforcement investigative processes by permitting the destruction of evidence, improper influencing or intimidation of witnesses, fabrication of statements or testimony, and flight from detection or apprehension; or constitute a potential danger to the health or safety of intelligence, counterterrorism, homeland security, and law enforcement personnel, confidential sources and informants, and potential witnesses. Amendment of the records would interfere with ongoing intelligence, counterterrorism, homeland security, and law enforcement investigations and activities, including incident reporting and analysis activities, and impose an impossible administrative burden by requiring investigations, reports, and analyses to be continuously reinvestigated and revised.

(4) From subsection (e)(1) (Relevant and Necessary) because it is not always possible for DHS to know in advance of its receipt the relevance and necessity of each piece of information it acquires in the course of an intelligence, counterterrorism, or investigatory effort undertaken on behalf of the Department, or by another agency with whom DHS is cooperating. In the context of the authorized intelligence, counterterrorism, and investigatory activities undertaken by DHS

personnel, relevance and necessity are questions of analytic judgment and timing, such that what may appear relevant and necessary when acquired ultimately may be deemed unnecessary upon further analysis and evaluation. Similarly, in some situations, it is only after acquired information is collated, analyzed, and evaluated in light of other available evidence and information that its relevance and necessity can be established or made clear. Constraining the initial acquisition of information included within the LEIDB in accordance with the relevant and necessary requirement of subsection (e)(1) could discourage the appropriate receipt of and access to information which DHS and USCG are otherwise authorized to receive and possess under law, and thereby impede efforts to detect, deter, prevent, disrupt, or apprehend terrorists or terrorist groups, and/or respond to terrorist or other activities which threaten homeland security. Notwithstanding this claimed exemption, which would permit the acquisition and temporary maintenance of records whose relevance to the purpose of the LEIDB may be less than fully clear, DHS will only disclose such records after determining whether such disclosures are themselves consistent with the published LEIDB routine uses. Moreover, it should be noted that, as concerns the receipt by USCG, for intelligence purposes, of information in any record which identifies a U.S. Person, as defined in Executive Order 12333, as amended, such receipt, and any subsequent use or dissemination of that identifying information, is undertaken consistent with the procedures established and adhered to by USCG pursuant to that Executive Order. Specifically, USCG intelligence personnel may acquire information which identifies a particular U.S. Person, retain it within or disseminate it from LEIDB, as appropriate, only when it is determined that the personally identifying information is necessary for the conduct of USCG's functions, and otherwise falls into one of a limited number of authorized categories, each of which reflects discrete activities for which information on individuals would be utilized by the Department in the overall execution of its statutory mission.

(5) From subsection (e)(2) (Collection of Information from Individuals) because application of this provision could present a serious impediment to counterterrorism or law enforcement efforts in that it would put the subject of an investigation, study or analysis on notice of that fact, thereby permitting the subject to engage in conduct designed to frustrate or impede that activity. The nature of counterterrorism, and law enforcement investigations is such that vital information

about an individual frequently can be obtained only from other persons who are familiar with such individual and his/her activities. In such investigations it is not feasible to rely solely upon information furnished by the individual concerning his own activities.

(6) From subsection (e)(3) (Notice to Subjects), to the extent that this subsection is interpreted to require DHS to provide notice to an individual if DHS or another agency receives or collects information about that individual during an investigation or from a third party. Should the subsection be so interpreted, exemption from this provision is necessary to avoid impeding counterterrorism or law enforcement efforts by putting the subject of an investigation, study or analysis on notice of that fact, thereby permitting the subject to engage in conduct intended to frustrate or impede that activity.

(7) From subsections (e)(4) (G), (H) and (I) (Access), inasmuch as it is unnecessary for the publication of rules and procedures contemplated therein since the LEIDB, pursuant to subsections (2) and (3), above, will be exempt from the underlying duties to provide to individuals notification about, access to, and the ability to amend or correct the information pertaining to them in, this system of records. Furthermore, to the extent that subsection (e)(4)(I) is construed to require more detailed disclosure than the information accompanying the system notice for LEIDB, as published in today's FEDERAL REGISTER, exemption from it is also necessary to protect the confidentiality, privacy, and physical safety of sources of information, as well as the methods for acquiring it. Finally, greater specificity concerning the description of categories of sources of properly classified records could also compromise or otherwise cause damage to the national or homeland security.

(8) From subsection (e)(5) (Collection of Information) because many of the records contained in this system are derived from other domestic and foreign sources, it is not possible for DHS to vouch for those records' compliance with this provision; however, the DHS has implemented internal quality assurance procedures to ensure that data used in its screening processes is as complete, accurate, and current as possible. In addition, in the collection of information for law enforcement and counterterrorism purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light. The restrictions imposed by (e)(5) would limit the ability of those agencies' trained investigators and intelligence analysts to exercise their judgment in conducting investigations and impede the development of intelligence

necessary for effective law enforcement and counterterrorism efforts.

(9) From subsection (e)(8) (Notice on Individuals) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism or law enforcement investigations to the fact of those investigations then not previously known.

(10) From subsection (f) (Agency Rules) because portions of this system are exempt from the access and amendment provisions of subsection (d). Access to, and amendment of, system records that are not exempt or for which exemption is waived may be obtained under procedures described in the related SORN or subpart B of this part.

(11) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

10. DHS-ICE-001, The Immigration and Customs Enforcement (ICE) Student and Exchange Visitor Information System (SEVIS) collects and maintains pertinent information on nonimmigrant students and exchange visitors and the schools and exchange visitor program sponsors that host them while in the United States. The system permits DHS to monitor compliance by these individuals with the terms of their admission into the United States. Pursuant to exemptions (j)(2), (k)(1), (k)(2) and (k)(5) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3); (d); (e)(1); (e)(4)(G), (H) and (I). Exemptions from the particular subsections are justified, on a case by case basis, to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation, of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation and avoid detection or apprehension, which undermines the entire system.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation, of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation and avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and impose an impossible administrative burden by requiring investigations to be continuously reinvestigated. In addition, permitting access and amendment to such information also could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective enforcement of federal laws, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (H) and (I) (Agency Requirements), and (f) (Agency Rules), because portions of this system are exempt from the access provisions of subsection (d).

11. The General Counsel Electronic Management System (GEMS) consists of records and information created or collected by attorneys for U.S. Immigration and Customs Enforcement, which will be used in the preparation and presentation of cases before a court or other adjudicative body. ICE attorneys work closely with ICE law enforcement personnel throughout the process of adjudicating immigration cases. GEMS allows ICE attorneys to store all the materials pertaining to immigration adjudications, including documents related to investigations, case notes and other hearing related information, and briefs and memoranda of law related to cases. Having this information in one system should not only facilitate the work of the ICE attorneys involved in the particular case, but also will provide a legal resource for other attorneys who are adjudicating similar cases. The system will also provide management capabilities for tracking time and effort expended in the preparation and presentation of cases. Pursuant to exemptions 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f)(2) through (5); and (g). Pursuant to 5 U.S.C. 552a (k)(1) and (k)(2), this system is exempt from the following provisions of the

Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, which in some cases may be classified, and reveal investigative interest on the part of DHS or ICE. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, tamper with witnesses or evidence, and avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation pertaining to an immigration matter, which in some cases may be classified, and prematurely reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, tamper with witnesses or evidence, and avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal immigration law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement and for the protection of national security, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject of the nature or existence of an investigation, which could cause interference with the investigation, a related inquiry or

other law enforcement activities, some of which may be classified.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), (f) (Agency Rules), and (g) (Civil Remedies) because portions of this system are exempt from the individual access provisions of subsection (d).

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with ICE's ability to obtain, serve, and issue subpoenas, warrants and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act.

12. DHS/CBP-005, Advanced Passenger Information System. A portion of the following system of records is exempt from 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G) through (I), (5), and (8); (f), and (g); however, these exemptions apply only to the extent that information in this system records is recompiled or is created from information contained in other systems of records subject to such exemptions pursuant to 5 U.S.C. 552a(j)(2), and (k)(2). Further, no exemption shall be asserted with respect to information submitted by and collected from the individual or the individual's representative in the course of any redress process associated with this system of records. After conferring with the appropriate component or agency, DHS may waive applicable exemptions in appropriate circumstances and where it would not appear to interfere with or adversely affect the law enforcement or national security purposes of the systems from which the information is recompiled or in which it is contained. Exemptions from the above particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, when information in this system records is recompiled or is created from information contained in other systems of records subject to exemptions for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosure) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information

could reasonably be expected to compromise ongoing efforts to investigate a known or suspected terrorist by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, e.g., destroy evidence, intimidate potential witnesses, or flee the area to avoid or impede the investigation.

(b) From subsection (c)(4) (Accounting for Disclosure, notice of dispute) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(c) From subsections (d)(1), (2), (3), and (4) (Access to Records) because these provisions concern individual access to and amendment of certain records contained in this system, including law enforcement counterterrorism, investigatory, and intelligence records. Compliance with these provisions could alert the subject of an investigation of the fact and nature of the investigation, and/or the investigative interest of intelligence or law enforcement agencies; compromise sensitive information related to national security; interfere with the overall law enforcement process by leading to the destruction of evidence, improper influencing of witnesses, fabrication of testimony, and/or flight of the subject; could identify a confidential source or disclose information which would constitute an unwarranted invasion of another's personal privacy; reveal a sensitive investigative or intelligence technique; or constitute a potential danger to the health or safety of law enforcement personnel, confidential informants, and witnesses. Amendment of these records would interfere with ongoing counterterrorism, law enforcement, or intelligence investigations and analysis activities and impose an impossible administrative burden by requiring investigations, analyses, and reports to be continuously re-investigated and revised.

(d) From subsection (e)(1) (Relevancy and Necessity of Information) because it is not always possible for DHS or other agencies to know in advance what information is relevant and necessary for it to complete an identity comparison between the individual seeking redress and a known or suspected terrorist. Also, because DHS and other agencies may not always know what information about an encounter with a known or suspected terrorist will be relevant to law enforcement for the purpose of conducting an operational response.

(e) From subsection (e)(2) (Collection of Information from Individuals) because application of this provision could present a serious impediment to counterterrorism, law enforcement, or intelligence efforts in that it would put the subject of an investigation, study, or analysis on notice of that fact, thereby permitting the subject to engage in conduct designed to frustrate or impede that

activity. The nature of counterterrorism, law enforcement, or intelligence investigations is such that vital information about an individual frequently can be obtained only from other persons who are familiar with such individual and his/her activities. In such investigations it is not feasible to rely upon information furnished by the individual concerning his own activities.

(f) From subsection (e)(3) (Notice to Subjects), to the extent that this subsection is interpreted to require DHS to provide notice to an individual if DHS or another agency receives or collects information about that individual during an investigation or from a third party. Should the subsection be so interpreted, exemption from this provision is necessary to avoid impeding counterterrorism, law enforcement, or intelligence efforts by putting the subject of an investigation, study, or analysis on notice of that fact, thereby permitting the subject to engage in conduct intended to frustrate or impede that activity.

(g) From subsections (e)(4)(G), (H) and (I) (Agency Requirements) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(h) From subsection (e)(5) (Collection of Information) because many of the records in this system coming from other system of records are derived from other domestic and foreign agency record systems and therefore it is not possible for DHS to vouch for their compliance with this provision; however, the DHS has implemented internal quality assurance procedures to ensure that data used in the redress process is as thorough, accurate, and current as possible. In addition, in the collection of information for law enforcement, counterterrorism, and intelligence purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light. The restrictions imposed by (e)(5) would limit the ability of those agencies' trained investigators and intelligence analysts to exercise their judgment in conducting investigations and impede the development of intelligence necessary for effective law enforcement and counterterrorism efforts. The DHS has, however, implemented internal quality assurance procedures to ensure that the data used in the redress process is as thorough, accurate, and current as possible.

(i) From subsection (e)(8) (Notice on Individuals) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism, law enforcement, or intel-

ligence investigations to the fact of those investigations when not previously known.

(j) From subsection (f) (Agency Rules) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(k) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

13. The Department of Homeland Security General Training Records system of records consists of electronic and paper records and will be used by DHS and its components. The Department of Homeland Security General Training Records system of records consists of electronic and paper records and will be used by DHS and its components and offices to maintain records about individual training, including enrollment and participation information, information pertaining to class schedules, programs, and instructors, training trends and needs, testing and examination materials, and assessments of training efficacy. The data will be collected by employee name or other unique identifier. The collection and maintenance of this information will assist DHS in meeting its obligation to train its personnel and contractors in order to ensure that the agency mission can be successfully accomplished. Pursuant to exemptions 5 U.S.C. 552a(k)(6) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(d) to the extent that records in this system relate to testing or examination materials used solely to determine individual qualifications for appointment in the Federal service. Access to or amendment of this information by the data subject would compromise the objectivity and fairness of the testing and examination process.

14. The U.S. ICE-005 Trade Transparency Analysis and Research (TTAR) System consists of electronic and paper records and will be used by the Department of Homeland Security (DHS). TTAR is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. TTAR contains information that is collected by other federal and foreign government agencies and may contain personally identifiable information. Pursuant to exemption 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f), and (g). Pursuant to 5 U.S.C. 552a(k)(2), this system is exempt from the following provisions of the Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f). Exemptions from these particular subsections are justified, on a case-by-case

basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an inves-

tigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

15. The DHS/ALL—013 Claims Records system of records consists of electronic and paper records and will be used by DHS and

its components. The DHS/ALL—013 Claims Records system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security, intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—013 Claims Records system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, Tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law en-

forcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

16. [Reserved]

17. The DHS/ALL—006 Accident Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—006 Accident Records system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—006 Accident Records system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(d) pursuant to 5 U.S.C. 552a(k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons: From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of information related to the protection of a President of the United States or other individ-

uals pursuant to section 3056 and 3056A of Title 18. Permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

18. The DHS/ALL—020 Internal Affairs Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—020 Internal Affairs Records system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—020 Internal Affairs Records system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in

this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with

respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training, and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

19. The DHS/ALL—024 Facility and Perimeter Access Control and Visitor Management system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—024 Facility and Perimeter Access Control and Visitor Management system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ALL—024 Facility and Perimeter Access Control and Visitor Management system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5

Pt. 5, App. C

6 CFR Ch. I (1–1–23 Edition)

U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up

procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

20. The Department of Homeland Security (DHS)/ALL-038 Insider Threat Program System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL-038 Insider Threat Program System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS/ALL-038 Insider Threat Program System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12); (f); and (g)(1). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence,

and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to

themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Matching Agreements) because requiring DHS to provide notice of a new or revised matching agreement with a non-Federal agency, if one existed, would impair DHS operations by indicating which data elements and information are valuable to DHS's analytical functions, thereby providing harmful disclosure of information to individuals who would seek to circumvent or interfere with DHS's missions.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

21. The DHS/CBP—010 Persons Engaged in International Trade in CBP Licensed/Regulated Activities system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP—010 Persons Engaged in International Trade in CBP Licensed/Regulated Activities is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/CBP—010 Persons Engaged in International Trade in CBP Licensed/Regulated Activities contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of

the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to national security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to

maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

22. The DHS/CBP—011 TECS system of records consists of electronic and paper records and will be used by DHS, its Components, and other Federal agencies. The DHS/CBP—011 TECS is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/CBP—011 TECS contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, Tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evi-

dence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to national security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation or subject of interest would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities or national security matter.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses,

and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

23. The DHS/CBP—012 Closed Circuit Television system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP—012 Closed Circuit Television system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/CBP—012 Closed Circuit Television system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a

case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide

an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

24. The DHS/CBP—013 Seized Assets and Case Tracking System (SEACATS) consists

of electronic and paper records and will be used by DHS and its components. The DHS/CBP—013 Seized Assets and Case Tracking System is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/CBP—013 Seized Assets and Case Tracking System contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an

impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to national security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is

impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude the officers and agents of DHS components' from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

25. The U.S. Department of Homeland Security (DHS)/U.S. Customs and Border Protection (CBP)-014 Regulatory Audit Archive System (RAAS) System of Records consists of electronic and paper records and will be used by DHS and its Components. The DHS/CBP-014 RAAS System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to, the enforcement of civil and criminal laws, and investigations, inquiries, and proceedings there under. The DHS/CBP-014 RAAS System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its Components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts

and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) [Reserved]

26. DHS/CBP-001, Import Information System (IIS). A portion of the following system of records is exempt from 5 U.S.C. 552a(c)(3), (e)(8), and (g)(1) pursuant to 5 U.S.C. 552a(j)(2), and from 5 U.S.C. 552a(c)(3) pursuant to 5 U.S.C. 552a(k)(2). Further, no exemption shall be asserted with respect to information maintained in the system as it relates to data submitted by or on behalf of a person who travels to visit the United States and crosses the border, nor shall an exemption be asserted with respect to the resulting determination (approval or denial). After conferring with the appropriate component or agency, DHS may waive applicable exemptions in appropriate circumstances and where it would not appear to interfere with or adversely affect the law enforcement purposes of the systems from which the information is recompiled or in which it is contained. Exemptions from the above particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, when information in this system of records is may impede a law enforcement, intelligence activities and national security investigation:

(a) From subsection (c)(3) (Accounting for Disclosure) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information could reasonably be expected to compromise ongoing efforts to investigate a violation of U.S. law, including investigations of a known or suspected terrorist, by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, *e.g.*, destroy evidence, intimidate potential witnesses, or flee the area to avoid or impede the investigation.

(b) From subsection (e)(8) (Notice on Individuals) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism or law enforcement investigations to the fact of those investigations when not previously known.

(c) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

27. The DHS/CBP-009 Nonimmigrant Information system of records consists of electronic and paper records and will be used by

DHS and its Components. The DHS/CBP-009 Nonimmigrant Information System is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; Investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/CBP-009 Nonimmigrant Information System contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, Tribal, foreign, or international government agencies. This system may contain records or information pertaining to the accounting of disclosures made from the Nonimmigrant Information System to other law enforcement and counterterrorism agencies (Federal, State, Local, Foreign, International or Tribal) in accordance with the published routine uses. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 522(c)(3), (e) (8), and (g) of the Privacy Act of 1974, as amended, as necessary and appropriate to protect accounting of these disclosures only, pursuant to 5 U.S.C. 552a (j)(2), and (k)(2). Further, no exemption shall be asserted with respect to biographical or travel information submitted by, and collected from, a person's travel documents or submitted from a government computer system to support or to validate those travel documents. After conferring with the appropriate component or agency, DHS may waive applicable exemptions in appropriate circumstances and where it would not appear to interfere with or adversely affect the law enforcement purposes of the systems from which the information is recompiled or in which it is contained. Exemptions from the above particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, when information in this system of records is recompiled or is created from information contained in other systems of records subject to exemptions for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosure) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information could reasonably be expected to compromise ongoing efforts to investigate a violation of U.S. law, including investigations of a known or suspected terrorist, by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, *e.g.*, destroy evidence, intimidate potential witnesses, or flee

the area to avoid or impede the investigation.

(b) From subsection (e)(8) (Notice on Individuals) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism or law enforcement investigations to the fact of those investigations when not previously known.

(c) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

28. The DHS/ICE—007 Law Enforcement Support Center (LESC) Alien Criminal Response Information Management (ACRIME) system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE—007 Law Enforcement Support Center Alien Criminal Response Information Management system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/ICE—007 Law Enforcement Support Center Alien Criminal Response Information Management system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system of records from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), and (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the

subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in identifying or establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

29. The DHS/ICE—008 Search, Arrest, and Seizure system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE—008 Search, Arrest, and Seizure system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/ICE—008 Search, Arrest, and Seizure system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or

international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific

subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

30. The DHS/ICE—009 External Investigations system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE—009 External Investigations system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ICE—009 External Investigations system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), and (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in

this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with

respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

31. The DHS/ICE—010 Confidential and Other Sources of Information (COSI) system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE—010 Confidential and Other Sources of Information system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; and investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ICE—010 Confidential and Other Sources of Information system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2),

Pt. 5, App. C

(e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an in-

vestigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may

seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

32. The DHS/USCIS—006 Fraud Detection and National Security Data System (FDNS—DS) system of records consists of a stand alone database and paper files that will be used by DHS and its components. The DHS/USCIS—006 Fraud Detection and National Security Data System is a case management system used to record, track, and manage immigration inquiries, investigative referrals, law enforcement requests, and case determinations involving benefit fraud, criminal activity, public safety and national security concerns. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). These exemptions apply only to the extent that records in the system are subject to exemption pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation; and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access

and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G) and (e)(4)(H) (Agency Requirements) because portions of this system are exempt from the individual access provisions of subsection (d) which exempts providing access because it could alert a subject to the nature or existence of an investigation, and thus there could be no procedures for that particular data. Procedures do exist for access for those portions of the system that are not exempted.

(e) From subsection (e)(4)(I) (Agency Requirements) because providing such source information would impede law enforcement or intelligence by compromising the nature or existence of a confidential investigation.

(f) From subsection (f) (Agency Rules) because portions of this system are exempt from the access and amendment provisions of subsection (d).

33. The DHS/USCG—028 Family Advocacy Case Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG—028 Family Advocacy Case Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under. The DHS/USCG—028 Family Advocacy Case Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the

existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

34. The DHS/USCG-029 Notice of Arrival and Departure System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG-029 Notice of Arrival and Departure System of Records is a repository of information

held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under. The DHS/USCG-029 Notice of Arrival and Departure System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), exempted this system from the following provisions of the Privacy Act: Sections (c)(3), (e)(8), and (g) of the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS has exempted section (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2), as is necessary and appropriate to protect this information.

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(c) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

35. The DHS/Secret Service-001 Criminal Investigation Information system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/Secret Service-001 Criminal Investigation Information system is a repository of

information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; the protection of the President of the United States or other individuals and locations pursuant to section 3056 and 3056A of Title 18. The DHS/Secret Service—001 Criminal Investigation Information system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, international government agencies, as well as private corporate, education and other entities. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, or protective inquiry, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or the Secret Service's protective mission. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, or inquiry, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative or inquiry process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, or protective inquiry to the existence of the investigation or inquiry, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation or inquiry, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere

with ongoing investigations and law enforcement or protective activities and/or could disclose security-sensitive information that could be detrimental to homeland security or the protective mission of the Secret Service.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law or protective inquiries, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation or protective inquiry. In the interests of effective law enforcement, and/or the protective mission of the Secret Service, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity, or a threat to an individual, location or event protected or secured by the Secret Service.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation or protective inquiry would alert the subject to the nature or existence of an investigation or inquiry, thereby interfering with the related investigation or inquiry and law enforcement or protective activities.

(e) From subsection (e)(3) (Notice to Individuals Providing Information) because providing such detailed information would impede law enforcement or protective activities in that it could compromise investigations or inquiries by: Revealing the existence of an otherwise confidential investigation or inquiry and thereby provide an opportunity for the subject of an investigation or inquiry to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative or protective efforts; reveal the identity of witnesses in investigations or inquiries, thereby providing an opportunity for the subjects of the investigations or inquiries or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations or protective activities and discourage members of the public from cooperating as confidential informants in any future investigations or protective activities.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to the existence of records pertaining to them in the system of records or otherwise setting up procedures

pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative or protective efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Maintenance of Information Used in Making any Determination) because in the collection of information for law enforcement and protective purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude Secret Service DHS agents from using their investigative and protective training and exercising good judgment to both conduct and report on investigations or other protective activities.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, or/and could result in disclosure of investigative or protective techniques, procedures, and evidence.

(i) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

36. The DHS/Secret Service—003 Non-Criminal Investigation Information system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/Secret Service—003 Non-Criminal Investigation Information system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; criminal, civil, protective and background investigations and inquiries, and proceedings thereunder; the protection of the President of the United States or other individuals and locations pursuant to section 3056 and 3056A of Title 18; and the hiring of employees through an application process which includes the use of polygraph examinations. The DHS/Secret Service—003 Non-Criminal Investigation Information system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies, as well as private corporate, edu-

cational and other entities. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, or protective inquiry, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or the Secret Service's protective mission. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation or inquiry, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative or inquiry process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, or protective inquiry to the existence of the investigation or inquiry, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation or inquiry, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement or protective activities and/or could disclose security-sensitive information that could be detrimental to homeland security or the protective mission of the Secret Service.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law or protective inquiries, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation or protective inquiry. In the interests of effective

law enforcement and/or the protective mission of the Secret Service, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity, or a threat to an individual, location or event protected or secured by the Secret Service.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation or protective inquiry would alert the subject to the nature or existence of an investigation or inquiry, thereby interfering with the related investigation or inquiry and law enforcement or protective activities.

(e) From subsection (e)(3) (Notice to Individuals Providing Information) because providing such detailed information would impede law enforcement or protective activities in that it could compromise investigations or inquiries by: Revealing the existence of an otherwise confidential investigation or inquiry and thereby provide an opportunity for the subject of an investigation or inquiry to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative or protective efforts; reveal the identity of witnesses in investigations or inquiries, thereby providing an opportunity for the subjects of the investigations or inquiries or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations or protective activities and discourage members of the public from cooperating as confidential informants in any future investigations or protective activities.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to the existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative or protective efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Maintenance of Information Used in Making any Determination) because in the collection of information for law enforcement and protective purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude Secret Service agents from using their investigative and

protective training, and exercising good judgment to both conduct and report on investigations or other protective activities.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, or could result in disclosure of investigative or protective techniques, procedures, and evidence.

(i) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

37. The DHS/Secret Service—004 Protection Information system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/Secret Service—004 Protection Information system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and the protection of the President of the United States or other individuals and locations pursuant to Sections 3056 and 3056A of Title 18. The DHS/Secret Service—004 Protection Information system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, Tribal, foreign, or international government agencies, as well as private corporate or other entities. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f), and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the

accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation or a protective inquiry to the existence of the investigation or inquiry, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or the Secret Service's protective mission. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation or inquiry, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative or inquiry process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, or protective inquiry to the existence of the investigation or inquiry, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, or inquiry to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations, law enforcement or protective activities and/or could disclose security-sensitive information that could be detrimental to homeland security or the protective mission of the Secret Service.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law or protective inquiries, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation or protective inquiry. In the interests of effective law enforcement and/or the protective mission of the Secret Service, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity, or a possible threat to an individual, location or event protected or secured by the Secret Service.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation or protective inquiry would alert the subject to the nature or existence of an investigation or inquiry, thereby interfering with the related investigation or inquiry and law enforcement or protective activities.

(e) From subsection (e)(3) (Notice to Individuals Providing Information) because providing such detailed information would impede law enforcement or protective activities in that it could compromise investiga-

tions or inquiries by: Revealing the existence of an otherwise confidential investigation or inquiry and thereby provide an opportunity for the subject of an investigation or inquiry to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative or protective efforts; reveal the identity of witnesses, thereby providing an opportunity for the subjects of the investigations or inquiries or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations or protective activities and discourage members of the public from cooperating as confidential informants in any future investigations or protective activities.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to the existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative and protective efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Maintenance of Information Used in Making any Determination) because in the collection of information for law enforcement and protective purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude Secret Service agents from using their investigative and protective training and exercising good judgment to both conduct and report on investigations or other protective activities.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative or protective techniques, procedures, and evidence.

(i) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to

records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

38. The DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned or Occupied by the Department of Homeland Security system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned or Occupied by the Department of Homeland Security system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ALL—025 Law Enforcement Authority in Support of the Protection of Property Owned or Occupied by the Department of Homeland Security system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is

the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

39. The DHS/ALL—017 General Legal Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—017 General Legal Records system of records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—017 General Legal Records system of records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H),

Pt. 5, App. C

(e)(4)(I), (e)(5) and (e)(8); (f), and (g), pursuant to exemption 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (I), and (f), pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3) and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an in-

vestigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may

seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

40. The DHS/ALL—023 Personnel Security Management system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—023 Personnel Security Management system is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—023 Personnel Security Management system contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a (c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evi-

dence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

41. The DHS/NPPD/US—VISIT—001 Arrival and Departure Information system of records notice is a system for the storage and use of biographic, biometric indicator, and encounter data consolidated from various systems regarding aliens who have applied for entry, entered, or departed the United States. Information in the DHS/NPPD/US—VISIT—001 Arrival and Departure Information system of records notice is used primarily to facilitate the investigation of subjects of interest who may have violated their immigration status by remaining in the United States beyond their authorized stay; thereby supporting the several and varied missions and functions of DHS, including but not limited to: the enforcement of civil and criminal laws (including the immigration law); investigations, inquiries; national security and intelligence activities in support of the DHS mission to identify and prevent acts of terrorism against the United States. The information is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from

the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H); and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3) and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation; and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring

that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identities of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Requirements) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and

amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

42. The DHS/NPPD/US-VISIT—003 Technical Reconciliation Analysis Classification system of records (TRACS) consists of stand alone database and paper files that will be used by DHS and its components. This system of records will be used to perform a range of information management and analytic functions involving collecting, verifying, and resolving tracking of data primarily on individuals who are not United States citizens or legal permanent residents (LPRs). However, it will contain data on: (1.) U.S. citizens or LPRs who have a connection to the DHS mission (e.g., individuals who have submitted a visa application to the UK, or have made requests for a license or credential as part of a background check or security screening in connection with their hiring or retention, performance of a job function or the issuance of a license or credential for employment at DHS); (2.) U.S. citizens and LPRs who have an incidental connection to the DHS mission (e.g., individuals living at the same address as individuals who have remained in this country beyond their authorized stays); and (3.) individuals who have, over time, changed their status and became U.S. citizens or LPRs. The DHS/NPPD/US-VISIT—003 Technical Reconciliation Analysis Classification system of records is managed and maintained by the US-VISIT Program. The data contained in the DHS/NPPD/US-VISIT—003 Technical Reconciliation Analysis Classification system of records is primarily derived from DHS/NPPD/US-VISIT—001 Arrival and Departure Information System (ADIS); DHS/CBP—011 TECS; DHS/ICE—001 Student and Exchange Visitor Information System (SEVIS); DHS/ICE/CBP/USCIS—001—03 Enforcement Operational Immigration Records (ENFORCE/IDENT); DHS/ICE—011 Removable Alien Records System (RARS); DHS/USCIS—001 Alien File (A-File) and Central Index System (CIS); DHS/USCIS—007 Benefits Information System covering Computer Linked Application Information Management System 3 (Claims 3) and Computer Linked Application Information Management System 4 (Claims 4); DHS/USCIS Refugees, Asylum & Parole System (RAPS); and from the Department of State's Consolidated Consular Database (CCD). The DHS/NPPD/US-VISIT—003 Technical Reconciliation Analysis Classification system of records also contains data from web searches for addresses and phone numbers. This data is col-

lected by, on behalf of, in support of, or in cooperation with DHS and its components. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain

all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), and (e)(4)(H) (Agency Requirements) because portions of this system are exempt from the individual access provisions of subsection (d) which exempts providing access because it could alert a subject to the nature or existence of an investigation, and thus there could be no procedures for that particular data. Procedures do exist for access for those portions of the system that are not exempted.

(g) From subsection (e)(4)(I) (Agency Requirements) because providing such source information would impede enforcement or intelligence by compromising the nature or existence of a confidential investigation.

(h) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(i) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures and evidence.

(j) From subsection (f) (Agency Rules) because portions of this system are exempt

from the access and amendment provisions of subsection (d).

(k) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act.

43. The DHS/USCG—013 Marine Information for Safety and Law Enforcement system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG—013 Marine Information for Safety and Law Enforcement system of records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities. The DHS/USCG—013 Marine Information for Safety and Law Enforcement system of records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H); (I); and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part

of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access

and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

44. The DHS/USCG—030 Merchant Seaman's Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG—030 Merchant Seaman's Records system of records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under. The DHS/USCG—030 Merchant Seaman's Records system of records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

45. The DHS/CBP—006 Automated Targeting system of records performs screening of both inbound and outbound cargo, travelers, and conveyances. As part of this screening function and to facilitate DHS's border enforcement mission, the DHS/CBP—006 Automated Targeting system of records compares information received with CBP's law enforcement databases, the Federal Bureau of Investigation Terrorist Screening Center's Terrorist Screening Database (TSDB), information on outstanding wants or warrants, information from other government agencies regarding high-risk parties, and risk-based rules developed by analysts using law enforcement data, intelligence, and past case experience. The modules also facilitate analysis of the screening results of these comparisons. This supports the several and varied missions and functions of DHS, including but not limited to: The enforcement of civil and criminal laws (including the immigration law); investigations, inquiries; national security and intelligence activities in support of the DHS mission to identify and prevent acts of terrorism against the United States. The information is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. Certain records or information in DHS/CBP—006 Automated Targeting system of records are exempt from the Privacy Act. With respect to the ATS-P module, exempt records are the targeting rule sets, risk assessment analyses, and business confidential information contained in the PNR that relates to the air and vessel carriers. No exemption shall be asserted regarding PNR data about the requester, provided by either the requester or a booking agent, brokers, or another person on the requester's behalf. This information, upon request, may be provided to the requester in the form in which it was collected from the respective carrier, but may not include certain business confidential information of the air carrier that is also contained in the record, such as use and application of frequent flier miles, internal annotations to the air fare, etc. For other DHS/CBP—006 Automated Targeting system of records modules the only information maintained in the system is the targeting rule sets, risk assessment analyses, and a pointer to the data from the source system of records. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G) through (I), (e)(5), and (8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary

of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G) through (I), (e)(5), and (8); (f); and (g) pursuant to 5 U.S.C. 552a(k)(2). These exemptions also apply to the extent that information in this system of records is recompiled or is created from information contained in other systems of records. After conferring with the appropriate component or agency, DHS may waive applicable exemptions in appropriate circumstances and where it would not appear to interfere with or adversely affect the law enforcement purposes of the systems from which the information is recompiled or in which it is contained. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosure) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information could reasonably be expected to compromise ongoing efforts to investigate a known or suspected criminal or terrorist, or other person of interest, by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, e.g., destroy evidence, intimidate potential witnesses, or flee the area to avoid or impede the investigation. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons: (a) From subsection (c)(3) (Accounting for Disclosure) because making available to a record subject the accounting of disclosures from records concerning him or her would specifically reveal any investigative interest in the individual. Revealing this information could reasonably be expected to compromise ongoing efforts to investigate a known or suspected terrorist by notifying the record subject that he or she is under investigation. This information could also permit the record subject to take measures to impede the investigation, e.g., destroy evidence, intimidate potential witnesses, or flee the area to avoid or impede the investigation.

(b) From subsection (c)(4) (Accounting for Disclosure, notice of dispute) because certain records in this system are exempt from the access and amendment provisions of subsection (d), this requirement to inform any person or other agency about any correction or notation of dispute that the agency made with regard to those records, should not apply.

(c) From subsections (d)(1), (2), (3), and (4) (Access to Records) because these provisions concern individual access to and amendment of certain records contained in this system, including law enforcement, counterterrorism, and investigatory records. Compliance with these provisions could alert the subject of an investigation to the fact and nature of the investigation, and/or the investigative interest of intelligence or law enforcement agencies; compromise sensitive information related to law enforcement, including matters bearing on national security; interfere with the overall law enforcement process by leading to the destruction of evidence, improper influencing of witnesses, fabrication of testimony, and/or flight of the subject; could identify a confidential source; reveal a sensitive investigative or intelligence technique; or constitute a potential danger to the health or safety of law enforcement personnel, confidential informants, and witnesses. Amendment of these records would interfere with ongoing counterterrorism or law enforcement investigations and analysis activities and impose an impossible administrative burden by requiring investigations, analyses, and reports to be continuously reinvestigated and revised.

(d) From subsection (e)(1) (Relevancy and Necessity of Information) because it is not always possible for DHS or other agencies to know in advance what information is relevant and necessary for it to complete screening of cargo, conveyances, and passengers. Information relating to known or suspected criminals or terrorists or other persons of interest, is not always collected in a manner that permits immediate verification or determination of relevancy to a DHS purpose. For example, during the early stages of an investigation, it may not be possible to determine the immediate relevancy of information that is collected—only upon later evaluation or association with further information, obtained subsequently, may it be possible to establish particular relevance to a law enforcement program. Lastly, this exemption is required because DHS and other agencies may not always know what information about an encounter with a known or suspected criminal or terrorist or other person of interest will be relevant to law enforcement for the purpose of conducting an operational response.

(e) From subsection (e)(2) (Collection of Information from Individuals) because application of this provision could present a serious impediment to counterterrorism or other law enforcement efforts in that it would put the subject of an investigation, study or analysis on notice of that fact, thereby permitting the subject to engage in conduct designed to frustrate or impede that activity. The nature of counterterrorism, and law enforcement investigations is such that vital information about an individual frequently

can be obtained only from other persons who are familiar with such individual and his/her activities. In such investigations it is not feasible to rely solely upon information furnished by the individual concerning his own activities.

(f) From subsection (e)(3) (Notice to Subjects), to the extent that this subsection is interpreted to require DHS to provide notice to an individual if DHS or another agency receives or collects information about that individual during an investigation or from a third party. Should the subsection be so interpreted, exemption from this provision is necessary to avoid impeding counterterrorism or other law enforcement efforts by putting the subject of an investigation, study or analysis on notice of that fact, thereby permitting the subject to engage in conduct intended to frustrate or impede that activity.

(g) From subsections (e)(4)(G), (H) and (I) (Agency Requirements) because portions of this system are exempt from the access and amendment provisions of subsection (d).

(h) From subsection (e)(5) (Collection of Information) because many of the records in this system coming from other systems of records are derived from other domestic and foreign agency record systems and therefore it is not possible for DHS to vouch for their compliance with this provision; however, the DHS has implemented internal quality assurance procedures to ensure that data used in its screening processes is as complete, accurate, and current as possible. In addition, in the collection of information for law enforcement and counterterrorism purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light. The restrictions imposed by (e)(5) would limit the ability of those agencies' trained investigators and intelligence analysts to exercise their judgment in conducting investigations and impede the development of intelligence necessary for effective law enforcement and counterterrorism efforts.

(i) From subsection (e)(8) (Notice on Individuals) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism or law enforcement investigations to the fact of those investigations when not previously known.

(j) From subsection (f) (Agency Rules) because portions of this system are exempt from the access and amendment provisions of subsection (d). Access to, and amendment of, system records that are not exempt or for which exemption is waived may be obtained

under procedures described in the related SORN or subpart B of this part.

(k) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

46. The DHS/CBP-007 Border Crossing Information System of Records consists of electronic and paper records and will be used by DHS and its Components. The DHS/CBP-007 Border Crossing Information System of Records is a repository of information held by DHS in connection with its several and varied missions and functions including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and law enforcement, border security, and intelligence activities. The DHS/CBP-007 Border Crossing Information System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its Components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. At the time of border crossing and during the process of determining admissibility, CBP collects two types of data for which it claims different exemptions.

(a) CBP will not assert any exemption to limit an individual from accessing or amending his or her record with respect to information maintained in the system that is collected from a person at the time of crossing and submitted by that person's air, sea, bus, or rail carriers. The Privacy Act requires DHS to maintain an accounting of the disclosures made pursuant to all routine uses. Pursuant to 5 U.S.C. 552a(j)(2), CBP will not disclose the fact that a law enforcement or intelligence agency has sought particular records because it may affect ongoing law enforcement activities. The Secretary of Homeland Security has exempted this system from subsections (c)(3), (e)(8), and (g) of the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS will claim exemption from subsection (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2) as is necessary and appropriate to protect this information. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(i) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security.

Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(ii) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(iii) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

(b) Additionally, this system contains records or information recompiled from or created from information contained in other systems of records that are exempt from certain provisions of the Privacy Act. For these records or information only, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d)(1)–(4); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. 552a(c)(3); (d)(1)–(4); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(i) From subsection (c)(3) and (c)(4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(ii) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, and to avoid detection or apprehen-

sion. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(iii) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(iv) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(v) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(vi) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

(vii) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(viii) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of

investigative techniques, procedures, and evidence.

(ix) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

47. The Visa Security Program Records (VSPR) system of records consists of electronic and paper records and will be used by the Department of Homeland Security (DHS) U.S. Immigration and Customs Enforcement (ICE). VSPR consists of information created in support of the Visa Security Program, the purpose of which is to identify persons who may be ineligible for a U.S. visa because of criminal history, terrorism association, or other factors and convey that information to the State Department, which decides whether to issue the visa. VSPR contains records on visa applicants for whom a visa security review is conducted. VSPR contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, Tribal, foreign, or international government agencies. Pursuant to exemption 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), and (e)(4)(H), (e)(5) and (e)(8); (f); and (g). Pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), this system is exempt from the following provisions of the Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the individual to the existence of an investigation in the form of a visa security review predicated on classified, national security, law enforcement, foreign government, or other sensitive information. Disclosure of the accounting would therefore present a serious impediment to ICE's Visa Security Program, immigration enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, thereby undermining the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could alert the individual to the existence of an investigation in the form of a visa security review predicated on classified, national security, law enforcement, foreign government, or other sensitive information. Revealing the existence of an otherwise confidential investigation could also provide the visa applicant an opportunity to conceal adverse information or

take other actions that could thwart investigative efforts; and reveal the identity of other individuals with information pertinent to the visa security review, thereby providing an opportunity for the applicant to interfere with the collection of adverse or other relevant information from such individuals. Access to the records would therefore present a serious impediment to the enforcement of Federal immigration laws, law enforcement efforts and/or efforts to preserve national security. Amendment of the records could interfere with ICE's ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously reinvestigated. In addition, permitting access and amendment to such information could disclose classified and other security-sensitive information that could be detrimental to national or homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations of visa applications, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interest of effective enforcement of Federal immigration laws, it is appropriate to retain all information that may be relevant to the determination whether an individual is eligible for a U.S. visa.

(d) From subsection (e)(2) (Collection of Information From Individuals) because requiring that information be collected from the visa applicant would alert the subject to the fact of an investigation in the form of a visa security review, and to the existence of adverse information about the individual, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede immigration enforcement activities in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the visa applicant to conceal adverse information, or take other actions that could thwart investigative efforts; Reveal the identity of other individuals with information pertinent to the visa security review, thereby providing an opportunity for the applicant to interfere with the collection of adverse or other relevant information from such individuals; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are

exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative and immigration enforcement efforts as described above.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) because to require individual notice of disclosure of information due to compulsory legal process would pose an impossible administrative burden on DHS and other agencies and could alert the subjects of counterterrorism, law enforcement, or intelligence investigations to the fact of those investigations when not previously known.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

48. The DHS/ICE-011 Immigration and Enforcement Operational Records system of records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE-011 Immigration and Enforcement Operational Records system of records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ICE-011 Immigration and Enforcement Operational Records system of records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Sec-

retary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5), and (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H); and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: Revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific

subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: Refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

49. The DHS/USCIS—009 Compliance Tracking and Management System of Records consists of electronic and paper files that will be used by DHS and its components. This system of records will be used to perform a range of information management and analytic functions involving minimizing misuse, abuse, discrimination, breach of privacy, and fraudulent use of SAVE and E-Verify. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitation set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could

disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interest of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

50. The Immigration and Customs Enforcement (ICE)—006 Intelligence Records System (IIRS) consists of electronic and paper records and will be used by the Department of Homeland Security (DHS). IIRS is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. IIRS contains information that is collected by other federal and foreign government agencies and may contain personally identifiable information. Pursuant to exemption 5 U.S.C. 552a(j)(2) of the Privacy Act, portions of this system are exempt from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5) and (e)(8); (f), and (g). Pursuant to 5 U.S.C. 552a(k)(2), this system is exempt from the following provisions of the Privacy Act, subject to the limitations set forth in those subsections: 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Dis-

closure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by: revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of

confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G) and (H) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

51. The DHS/ALL—027 The History of the Department of Homeland Security System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL—027 The History of the Department of Homeland Security System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national secu-

rity and intelligence activities; and protection of the President of the United States or other individuals pursuant to section 3056 and 3056A of Title 18. The DHS/ALL—027 The History of the Department of Homeland Security System of Records contain information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12); (f); (g)(1); and (h) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), and (k)(5). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could

disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Computer Matching) if the agency is a recipient agency or a source agency in a matching program with a non-Federal agency, with respect to any establishment or revision of a matching

program, at least 30 days prior to conducting such program, publish in the FEDERAL REGISTER notice of such establishment or revision.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

(k) From subsection (h) (Legal Guardians) the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual.

52. The DHS/ALL—031 ISE SAR Initiative System of Records consists of electronic records and will be used by DHS and its components. The DHS/ALL—031 ISE SAR Initiative System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS/ALL—031 ISE SAR Initiative System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS, its components, as well as other federal, state, local, tribal, or foreign agencies or private sector organization and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), and (e)(12); (f); (g)(1); and (h) of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitation set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2) and (k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (c)(4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore

present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals

may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Computer Matching) if the agency is a recipient agency or a source agency in a matching program with a non-Federal agency, with respect to any establishment or revision of a matching program, at least 30 days prior to conducting such program, publish in the FEDERAL REGISTER notice of such establishment or revision.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

(k) From subsection (h) (Legal Guardians) the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual.

53. The DHS/USCIS-012 CIDR System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCIS-012 CIDR System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS/USCIS-012 CIDR System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain PII collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant

to 5 U.S.C. 552a (k)(1) and (k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting could also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to

themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

54. The DHS/USCG—008 Courts Martial Case Files System of Records consists of electronic and paper records and will be used by DHS/USCG. The DHS/USCG—008 Courts Martial Case Files System of Records is a repository of information held by DHS/USCG in connection with its several and varied missions and functions, including, but not limited to: the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/USCG—008 Courts Martial Case Files System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS/USCG and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3) and (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to the limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(1) and (k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (c)(4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of the investigation, and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation, to the existence of the investigation, and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is

the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an impossible administrative burden by requiring investigations to be continuously re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of an investigation, thereby interfering with the related investigation and law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information would impede law enforcement in that it could compromise investigations by revealing the existence of an otherwise confidential investigation and thereby provide an opportunity for the subject of an investigation to conceal evidence, alter patterns of behavior, or take other actions that could thwart investigative efforts; reveal the identity of witnesses in investigations, thereby providing an opportunity for the subjects of the investigations or others to harass, intimidate, or otherwise interfere with the collection of evidence or other information from such witnesses; or reveal the identity of confidential informants, which would negatively affect the informant's usefulness in any ongoing or future investigations and discourage members of the public from cooperating as confidential informants in any future investigations.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements), and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine

investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because in the collection of information for law enforcement purposes it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS' ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal, and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's: refusal to amend a record; refusal to comply with a request for access to records; failure to maintain accurate, relevant, timely and complete records; or failure to otherwise comply with an individual's right to access or amend records.

55. The DHS/FEMA-011 Training and Exercise Program Records System of Records consists of electronic and paper records and will be used by FEMA. The DHS/FEMA-011 Training and Exercise Program Records System of Records consists of electronic and paper records and will be used by DHS and its components and offices to maintain records about individual training, including enrollment and participation information, information pertaining to class schedules, programs, and instructors, training trends and needs, testing and examination materials, and assessments of training efficacy. The data will be collected by employee name or other unique identifier. The collection and maintenance of this information will assist DHS in meeting its obligation to train its personnel and contractors in order to ensure that the agency mission can be successfully accomplished. The DHS/FEMA-011 General Training and Exercise Program Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C.

552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(6) where it states: "For testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal service the disclosure of which would compromise the objectivity or fairness of the testing or examination process."

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons

noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

56. The DHS/TSA-023 Workplace Violence Prevention Program System of Records consists of electronic and paper records and is used by the TSA in the administration of its Workplace Violence Prevention Program, an internal TSA program designed to prevent and respond to workplace violence. The DHS/TSA-023 Workplace Violence Prevention Program System of Records is a repository of information held by TSA in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under. The DHS/TSA-023 Workplace Violence Prevention Program System of Records contains information collected by TSA, and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted portions of this system from the following provisions of the Privacy Act, subject to the limitations set forth in (c)(3); (d); (e)(1), (e)(4)(G); (e)(4)(H); (e)(4)(I); and (f) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part

of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

57. The DHS/OPS–002 National Operations Center Tracker and Senior Watch Officer Logs Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/OPS–002 National Operations Center Tracker and Senior Watch Officer Logs Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS/OPS–002 National Operations Center Tracker and Senior Watch Officer Logs Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The

Secretary of Homeland Security is exempting this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(3). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or

procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

59. The DHS/NPPD-001 NICC Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/NPPD-001 NICC Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities. The DHS/NPPD-001 NICC Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, state, local, Tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f) pursuant to 5 U.S.C. 552a(k)(1) and (k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evi-

dence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

64. The DHS/USCIS-015 Electronic Immigration System-2 Account and Case Management System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCIS-015 Electronic Immigration System-2 Account and Case Management is a repository of information held by USCIS to serve its mission of processing immigration benefits. This system also supports certain other DHS programs whose functions include, but are not limited to, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/USCIS-015 Electronic Immigration System-2 Account and Case Management System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, Tribal, foreign, or international government agencies. This system is exempted from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2); 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Additionally, many of the functions in this system require retrieving

records from law enforcement systems. Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions in accordance with this rule. Exemptions from these particular subsections are justified, on a case-by-case basis determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and/or reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not re-

quired to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records, or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system, would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

65. The DHS/USCIS-016 Electronic Immigration System-3 Automated Background Functions System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCIS-016 Electronic Immigration System-3 Automated Background Functions System of Records is a repository of information held by USCIS to serve its mission of processing immigration benefits. This system also supports certain other DHS programs whose functions include, but are not limited to, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/USCIS-016 Electronic Immigration System-3 Automated Background Functions System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, Tribal, foreign, or international government agencies. This system is exempted from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2): 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Additionally, many of the functions in this system require retrieving records from law enforcement systems. Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions in accordance with this rule. Exemptions from these particular subsections are justified, on a case-by-case basis determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a

record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and/or reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records, or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system, would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

66. The DHS/ALL-030 Use of the Terrorist Screening Database System of Records consists of electronic and paper records and will be used by DHS and its Components. The DHS/ALL-030 Use of the Terrorist Screening Database System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The Terrorist Screening Database belongs to the Department of Justice (DOJ)/Federal Bureau of

Investigation (FBI). DHS does not change or alter these records. All records within the DHS/ALL-030 Use of the Terrorist Screening Database System of Records are collected and disseminated by the DOJ/FBI and are covered by the DOJ/FBI-019, "Terrorist Screening Records Center System," 72 FR 77846 (Dec. 14, 2011). Because DHS does not make any changes to the records obtained from DOJ/FBI, the same exemptions outlined in the DOJ/FBI SORN, and reasons provided in its implementing regulations for use of such exemptions at 28 CFR 16.96, transfer and apply. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4), (d), (e)(1), (e)(2), (e)(3), (e)(5), (e)(8), and (g). When a record has been received from DOJ/FBI-019 Terrorist Screening Records System of Records and has been exempted in that source system, DHS will claim the same exemptions for those records that are claimed for that original primary system of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could

disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(g) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(h) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

67. The DHS/FEMA-012 Suspicious Activity Reporting System of Records consists of electronic and paper records and will be used by DHS/FEMA and its components. The DHS/FEMA-012 Suspicious Activity Reporting System of Records is a repository of information held by DHS/FEMA to serve its mission to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards. This system also supports certain other DHS/FEMA programs whose functions include, but are not limited to, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/FEMA-012 Suspicious Ac-

tivity Reporting System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS/FEMA and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2); (c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS/FEMA as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS/FEMA or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f)

(Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS/FEMA is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

68. The DHS OPS-003 Operations Collection, Planning, Coordination, Reporting, Analysis, and Fusion System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS OPS-003 Operations Collection, Planning, Coordination, Reporting, Analysis, and Fusion System of Records is a repository of information held by DHS to serve its several and varied missions and functions. This system also supports certain other DHS programs whose functions include, but are not limited to, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The DHS OPS-003 Operations Collection, Planning, Coordination, Reporting, Analysis, and Fusion System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. This system is exempted from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3); 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access and Amendment) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

69. The DHS/CBP-017 Analytical Framework for Intelligence (AFI) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP-017 Analytical Framework for Intelligence (AFI) System of Records is a repository of information held by DHS to enhance DHS's ability to: Identify, apprehend, and/or prosecute individuals who pose a potential law enforcement or security risk; aid in the enforcement of the customs and immigration laws, and other laws enforced by DHS at the border; and enhance United States security. This system also supports certain other DHS programs whose functions include, but are not limited to, the enforcement of civil and criminal

laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/CBP—017 Analytical Framework for Intelligence (AFI) System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

(a) The Secretary of Homeland Security has exempted this system from certain provisions of the Privacy Act as follows:

(1) Pursuant to 5 U.S.C. 552a(j)(2), the system is exempt from 5 U.S.C. 552a(c)(3) and (c)(4), (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (f), and (g).

(2) Pursuant to 5 U.S.C. 552a(j)(2), the system (except for any records that were ingested by AFI where the source system of records already provides access and/or amendment under the Privacy Act) is exempt from 5 U.S.C. 552a(d)(1), (d)(2), (d)(3), and (d)(4).

(3) Pursuant to 5 U.S.C. 552a(k)(1), the system is exempt from 5 U.S.C. 552a(c)(3); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f).

(4) Pursuant to 5 U.S.C. 552a(k)(1), the system is exempt from (d)(1), (d)(2), (d)(3), and (d)(4).

(5) Pursuant to 5 U.S.C. 552a(k)(2), the system is exempt from 5 U.S.C. 552a(c)(3); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f).

(6) Pursuant to 5 U.S.C. 552a(k)(2), the system (except for any records that were ingested by AFI where the source system of records already provides access and/or amendment under the Privacy Act) is exempt from (d)(1), (d)(2), (d)(3), and (d)(4).

(b) Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(1) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(2) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory viola-

tion to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(3) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement and national security, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(4) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement and national security activities.

(5) From subsection (e)(3) (Notice to Individuals) because providing such detailed information could impede law enforcement and national security by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(6) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(7) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their

investigative training and exercise of good judgment to both conduct and report on investigations.

(8) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(9) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

70. DHS/USCIS-ICE-CBP-001 Alien File, Index, and National File Tracking System of Records consists of electronic and paper records and will be used by USCIS, ICE, and CBP. DHS/USCIS-ICE-CBP-001 Alien File, Index, and National File Tracking System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to: The enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. DHS/USCIS-ICE-CBP-001 Alien File, Index, and National File Tracking System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, territorial, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2): 5 U.S.C. 552a(c)(3) and (c)(4), (d), (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12), (f), (g)(1), and (h). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(1) and (k)(2): 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f). Exemptions from these particular subsections may be justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension,

which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Individuals) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses, DHS employees, or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would impede DHS officials' ability to effectively use their investigative training and exercise good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Computer Matching) if the agency is a recipient agency or a source agency in a matching program with a non-Federal agency, with respect to any establishment or revision of a matching program, at least 30 days prior to conducting such program, publish in the FEDERAL REGISTER notice of such establishment or revision.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act. (k) From subsection (h) (Legal Guardians) if the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, is acting on behalf of the individual.

71. The Department of Homeland Security (DHS)/Transportation Security Administration (TSA)-021 TSA Pre✓™ Application Program System of Records consists of electronic and paper records and will be used by DHS/TSA. The DHS/TSA-021 Pre✓™ Application Program System of Records is a repository of information held by DHS/TSA on individuals who voluntarily provide personally identifiable information (PII) to TSA in return for enrollment in a program that will make them eligible for expedited security screening at designated airports. This System of Records contains PII in biographic application data, biometric information, pointer information to law enforcement databases, payment tracking, and U.S. application membership decisions that support the TSA Pre✓™ Application Program membership decisions. The DHS/TSA-021 TSA Pre✓™ Application Program System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain PII collected by other federal, state, local, tribal, territorial, or foreign government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), has exempted this system from the following provisions of the Pri-

vacancy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1); (e)(4)(G), (H), and (I); and (f). Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(k)(1) and (k)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting also would permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (H), and (I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above,

and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to the existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

72. The DHS/ICE-014 Homeland Security Investigations Forensic Laboratory System of Records consists of electronic and paper records that will be used by DHS and its components. The DHS/ICE-014 Homeland Security Investigations Forensic Laboratory System of Records contains records of evidence and cases submitted to the HSI-FL. This information will include information on the individual submitting the request, identify the evidence submitted, track the evidence as it moves throughout the HSI-FL, capture case notes and results of examinations, store electronic images of evidence, and produce reports of findings. Other case-related records are maintained, including descriptions of expert witness testimony provided by HSI-FL employees. Records in the DHS/ICE-014 Homeland Security Investigations Forensic Laboratory System of Records also include the library of genuine, altered, and counterfeit travel and identity documents provided to the HSI-FL by international organizations, government agencies, and law enforcement organizations from across the United States and around the world to research methods of document production and authenticate documents through comparative forensic examinations. The DHS/ICE-014 Homeland Security Investigations Forensic Laboratory System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components, and may contain personally identifiable information (PII) collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of the Department of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the origi-

nal primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

73. The DHS/NPPD—002 Chemical Facility Anti-Terrorism Standards Personnel Surety Program System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/NPPD—002 Chemical Facility Anti-Terrorism Standards Personnel Surety Program System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The DHS/NPPD—002 Chemical Facility Anti-Terrorism Standards Personnel Surety Program System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Home-

land Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth therein: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). These exemptions are made pursuant to 5 U.S.C. 552a(k)(1) and (k)(2).

In addition to records under the control of DHS, the DHS/NPPD—002 Chemical Facility Anti-Terrorism Standards Personnel Surety Program System of Records may include records originating from systems of records of other law enforcement and intelligence agencies, which may be exempt from certain provisions of the Privacy Act. DHS does not, however, assert exemption from any provisions of the Privacy Act with respect to information submitted by high-risk chemical facilities.

To the extent the DHS/NPPD—002 Chemical Facility Anti-Terrorism Standards Personnel Surety Program System of Records contains records originating from other systems of records, DHS will rely on the exemptions claimed for those records in the originating systems of records. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest, on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

74. The DHS/CBP-022 Electronic Visa Update System (EVUS) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP-022 EVUS System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; national security and intelligence activities. This system of records covers information collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. As part of the process of determining EVUS eligibility or admissibility to the United States, CBP collects two types of data for which it claims different exemptions.

(a) CBP will not assert any exemption to limit an individual from accessing or amending his or her record under subsection 552a(d) with respect to information maintained in the system as it relates to data submitted by or on behalf of a person who travels to visit the United States and crosses the border, nor shall an exemption be asserted with respect to the resulting determination (approval or denial). However, pursuant to 5 U.S.C. 552a(j)(2), CBP will not disclose the fact that a law enforcement or intelligence agency has sought particular records because it may affect ongoing law enforcement activities, and thus, the Secretary of Homeland Security has exempted such records covered by this system from sections (c)(3), (e)(8), and (g) of

the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS will claim exemption from section (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2) as is necessary and appropriate to protect this information.

(b) Additionally, this system contains law enforcement and other derogatory records or information recompiled from or created from information contained in other systems of records that are exempt from certain provisions of the Privacy Act, and possibly relied upon as the basis for denial of an EVUS application. For these records or information only, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d)(1)–(4); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), and (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. 552a(c)(3); (d)(1)–(4); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f).

Exemptions from these particular subsections cited above under (a) and (b) are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(i) From subsection (c)(3) and (c)(4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(ii) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to

be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(iii) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(iv) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(v) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(vi) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

(vii) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(viii) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(ix) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

75. The DHS/ICE-015 LeadTrac System of Records consists of electronic and paper records and will be used by ICE investigative and homeland security personnel. The DHS/ICE-015 LeadTrac System of Records is a repository of information held by ICE for analytical and investigative purposes. The system is used to conduct research supporting the production of law enforcement activities; provide lead information for investigative inquiry and follow-up; assist in the conduct of ICE criminal and administrative investigations; assist in the disruption of terrorist or other criminal activity; and discover previously unknown connections among existing ICE investigations. The DHS/ICE-015 LeadTrac System of Records contains aggregated data from ICE and DHS law enforcement and homeland security IT systems, as well as data uploaded by ICE personnel for analysis from various public, private, and commercial sources during the course of an investigation or analytical project. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). When a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2) or (k)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension,

which would undermine the entire investigative process. Disclosure of corrections or notations of dispute may impede investigations by requiring DHS to inform each witness or individual contacted during the investigation of each correction or notation pertaining to information provided them during the investigation.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose classified and other security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise establishing procedures pursuant to which indi-

viduals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

76. The DHS/CBP-023 Border Patrol Enforcement Records (BPER) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP-023 BPER System of Records is a repository of information held by DHS/CBP in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/CBP-023 BPER System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a (c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5), (e)(8); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a (c)(3); (d); (e)(1), (e)(4)(G), and (e)(4)(H). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part

of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G) and (e)(4)(H) (Agency Requirements) because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise

setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

77. The DHS/USCG-031 USCG Law Enforcement (ULE) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG-031 USCG Law Enforcement (ULE) System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/USCG-031 USCG Law Enforcement (ULE) System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3-4); (d); (e)(1-3), (e)(5), (e)(8); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2) has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). When a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

Exemptions from these particular subsections are justified, on a case-by-case basis

to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(g) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(h) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

78. The DHS/ALL-039 Foreign Access Management System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL-039 Foreign Access Management System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The DHS/ALL-039 Foreign Access Management System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). When a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts

and efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

79. The DHS/CBP-024 CBP Intelligence Records System (CIRS) System of Records consists of electronic and paper records and will be used by DHS and its components. The CIRS is a repository of information held by

DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; and national security and intelligence activities. The CIRS contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I); (e)(5), and (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I), and (f). When this system receives a record from another system exempted in that source system under 5 U.S.C. 552a(k)(1), (k)(2), or (j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case by case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. Information on a completed investigation may be withheld and exempt from disclosure if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a

record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of Federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules) because portions of this system are exempt from the individual access and amendment provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access, amend, and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere

with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g) to the extent that the system is exempt from other specific subsections of the Privacy Act relating to individuals' rights to access and amend their records contained in the system. Therefore, DHS is not required to establish rules or procedures pursuant to which individuals may seek a civil remedy for the agency's refusal to amend a record, refusal to comply with a request for access to records, failure to maintain accurate, relevant timely and complete records, or its failure to otherwise comply with an individual's right to access or amend records.

80. The DHS/ICE-007 Criminal History and Immigration Verification (CHIVE) System of Records consists of electronic and paper records and will be used by DHS and its components. The CHIVE System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The CHIVE System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3) and (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence,

and to avoid detection or apprehension, which would undermine the entire investigative process. Information on a completed investigation may be withheld and exempt from disclosure if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to

themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(j) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

81. The DHS/ICE-016 FALCON Search and Analysis (FALCON-SA) System of Records consists of electronic and paper records and will be used by DHS and its components. The FALCON-SA System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security and intelligence activities. The FALCON-SA System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (c)(4): (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f) pursuant to 5 U.S.C. 552a(k)(2). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part

of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. Information on a completed investigation may be withheld and exempt from disclosure if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually reinvestigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons

noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete. Compliance with subsection (e)(5) would preclude DHS agents from using their investigative training and exercise of good judgment to both conduct and report on investigations.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(j) From subsection (g) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

82. The DHS/ALL-045 Statistical Immigration Data Production and Reporting System of Records consists of electronic and paper records and will be used by DHS and its Components. The DHS/ALL-045 Statistical Immigration Data Production and Reporting System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities. The DHS/ALL-045 Statistical Immigration Data Production and Reporting System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

For records created and aggregated by DHS OIS, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(4), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). In addition to the reasons stated below, the reason for exempting the system of records is that disclosure of statistical records (including release of accounting for disclosures) would in most instances be of no benefit to a particular individual since the records do

not have a direct effect on a given individual.

Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2) or (k)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures for records derived from DHS operational systems could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records that are derived from records from DHS operational systems could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities and would impose an unreasonable administrative burden by requiring investigations to be continually re-investigated. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific

investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity, including statistics records covered by this system that derived from records originating from DHS operational systems.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

83. The Department of Homeland Security (DHS)/ALL-046 Counterintelligence Program System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ALL-046 Counterintelligence Program System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities; and protection of the President of the U.S. or other individuals pursuant to Section 3056 and 3056A of Title 18. The system of records covers information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. secs. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12); (f); and (g)(1). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. secs. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the

accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities. Further, permitting amendment to counterintelligence records after an investigation has been completed would impose an unmanageable administrative burden. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this sys-

tem are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (e)(12) (Matching Agreements) because requiring DHS to provide notice of a new or revised matching agreement with a non-Federal agency, if one existed, would impair DHS operations by indicating which data elements and information are valuable to DHS's analytical functions, thereby providing harmful disclosure of information to individuals who would seek to circumvent or interfere with DHS's missions.

(j) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

84. The U.S. Department of Homeland Security (DHS)/U.S. Customs and Border Protection (CBP)-002 Trusted and Registered Traveler Program (TRTP) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP-002 TRTP System of Records collects and maintains records on individuals who voluntarily provide personally identifiable information to U.S. Customs and Border Protection in return for enrollment in a program that will make them eligible for dedicated CBP processing at designated U.S. border ports of entry and foreign preclearance facilities. The DHS/CBP-002 TRTP system of records contains personally identifiable information in biographic application data, biometric information, conveyance information, pointer information to other law enforcement databases that support the DHS/CBP membership decision, Law Enforcement risk assessment worksheets, payment tracking numbers, and U.S. or foreign trusted traveler membership decisions in the form of a "pass/fail."

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act: 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g)(1). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted records created during the background check and vetting process from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f).

Also, the Privacy Act requires DHS maintain an accounting of such disclosures made pursuant to all routine uses. However, disclosing the fact that CBP has disclosed records to an external law enforcement and/or intelligence agency may affect ongoing law enforcement, intelligence, or national security activity. As such, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2) and (k)(2) has exempted these records from (c)(3), (e)(8), and (g)(1) of the Privacy Act, as is necessary and appropriate to protect this information.

In addition, when a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

Finally, in its discretion, CBP will not assert any exemptions with regard to accessing or amending an individual's application data in a trusted or registered traveler program or accessing their final membership determination in the trusted or registered traveler programs.

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to certain records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to certain records could also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of certain records could interfere with ongoing investigations and law enforcement activities. Further, permitting amendment to counterintelligence records after an investigation has been completed would impose an unmanageable administrative burden. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

85. The U.S. Department of Homeland Security (DHS)/U.S. Customs and Border Protection (CBP)-018 Customs Trade Partnership Against Terrorism (CTPAT) System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/CBP-018 CTPAT System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to, the enforcement of civil and criminal laws; investigations, inquiries, and proceedings thereunder; and national security activities. The system of records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted this system from the following provisions of the Privacy Act, 5 U.S.C. 552a(c)(3), (c)(4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security pursuant to 5 U.S.C. 552a(k)(2) has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investiga-

tion, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities when weighing and evaluating all available information. Further, permitting amendment to records after an investigation has been completed could impose administrative burdens on investigators. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine

investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

86. The DHS/ICE-018 Analytical Records System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/ICE-018 Analytical Records System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under; national security and intelligence activities. The DHS/ICE-018 Analytical Records System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies. The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3) and (4), (d), (e)(1), (e)(2) and (3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). Additionally, the Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act, subject to limitations set forth in 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (e)(4)(H), and (f) pursuant to 5 U.S.C. 552a(k)(2). Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here. Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) and (4) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory viola-

tion to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities. Further, permitting amendment to counterintelligence records after an investigation has been completed would impose an unmanageable administrative burden. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsection (e)(2) (Collection of Information from Individuals) because requiring that information be collected from the subject of an investigation would alert the subject to the nature or existence of the investigation, thereby interfering with that investigation and related law enforcement activities.

(e) From subsection (e)(3) (Notice to Subjects) because providing such detailed information could impede law enforcement by compromising the existence of a confidential investigation or reveal the identity of witnesses or confidential informants.

(f) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons

noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

(g) From subsection (e)(5) (Collection of Information) because with the collection of information for law enforcement purposes, it is impossible to determine in advance what information is accurate, relevant, timely, and complete.

(h) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(i) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

87. The DHS/OIDO-001 Office of the Immigration Detention Ombudsman System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/OIDO-001 Office of the Immigration Detention Ombudsman System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws, and investigations, inquiries, and proceedings there under. The DHS/OIDO-001 Office of the Immigration Detention Ombudsman System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other Federal, State, local, tribal, foreign, or international government agencies.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2) and (k)(5), has exempted this system from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). Where a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), (k)(2), or (k)(5), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

Exemptions from these particular subsections are justified, on a case-by-case basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process. When an investigation has been completed, information on disclosures made may continue to be exempted if the fact that an investigation occurred remains sensitive after completion.

(b) From subsection (d) (Access and Amendment to Records) because access to the records contained in this system of records could inform the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS or another agency. Access to the records could permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension. Amendment of the records could interfere with ongoing investigations and law enforcement activities. Further, permitting amendment to law enforcement records after an investigation has been completed would impose an unmanageable administrative burden. In addition, permitting access and amendment to such information could disclose security-sensitive information that could be detrimental to homeland security.

(c) From subsection (e)(1) (Relevancy and Necessity of Information) because in the course of investigations into potential violations of federal law, the accuracy of information obtained or introduced occasionally may be unclear, or the information may not be strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of unlawful activity.

(d) From subsections (e)(4)(G), (e)(4)(H), and (e)(4)(I) (Agency Requirements) and (f) (Agency Rules), because portions of this system are exempt from the individual access provisions of subsection (d) for the reasons noted above, and therefore DHS is not required to establish requirements, rules, or procedures with respect to such access. Providing notice to individuals with respect to existence of records pertaining to them in the system of records or otherwise setting up

procedures pursuant to which individuals may access and view records pertaining to themselves in the system would undermine investigative efforts and reveal the identities of witnesses, and potential witnesses, and confidential informants.

§ 7.1 Purpose.

The purpose of this part is to ensure that information within the Department of Homeland Security (DHS) relating to the national security is classified, safeguarded, and declassified pursuant to the provisions of Executive

Order 13526, and implementing directives from the Information Security Oversight Office (ISOO) of the National Archives and Records Administration (NARA).

§ 7.2 Scope.

(a) This part applies to all employees, detailees, and non-contractor personnel inside and outside the Executive Branch who are granted access to classified information by the DHS, in accordance with the standards in Executive Order 13526, and its implementing directives, and Executive Order 13549, “Classified National Security Information Program for State, Local, Tribal, and Private Sector Entities,” and its implementing directives.

(b) This part does not apply to contractors, grantees and other categories of personnel falling under the purview of Executive Order 12829, National Industrial Security Program, as amended, and its implementing directives.

(d) This part does not, and is not intended to, create any right to judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person. This part creates limited rights to administrative review of decisions. This part does not, and is not intended to, create any right to judicial review of administrative action.

§ 7.3 Definitions.

The terms defined or used in Executive Order 13526, and the implementing directives in 32 CFR part 2001 and 2004 are applicable to this part.

Subpart A—Administration

§ 7.10 Authority of the DHS Chief Security Officer.

(a) The DHS Chief Security Officer (hereafter “Chief Security Officer”) is

(5) Establish procedures to prevent unnecessary access to classified information, including procedures that:

(i) Require that a need for access to classified information is established before initiating administrative procedures to grant access; and

(ii) Ensure that the number of persons granted access to classified information is limited to the minimum necessary for operational and security requirements and needs;

(6) Develop special contingency plans for the safeguarding of classified information used in or near hostile or potentially hostile areas;

(7) Coordinate with the DHS Chief Human Capital Officer, as appropriate,

to ensure that the performance contract or other system used to rate personnel performance includes the management of classified information as a critical element or item to be evaluated in the rating of:

(i) Original classification authorities;

(ii) Security managers or security specialists; and

(iii) All other personnel whose duties significantly involve the creation or handling of classified information, including persons who apply derivative classification markings;

(8) Account for the costs associated with implementing this part and report the cost to the Director of ISOO;

(e) The Chief Security Officer shall establish and maintain a means for appointing, tracking, and training DHS

§ 7.11

officials who do or will perform original and derivative classification actions.

(f) The Chief Security Officer shall administer a program for the implementation, management, and oversight of access to and safeguarding of classified information provided to state, local, tribal, and private sector personnel pursuant to Executive Order 13549, “Classified National Security Information Program for State, Local, Tribal, and Private Sector Entities,” and its implementing directives.

(g) Nothing in this part will be interpreted to abrogate or affect the responsibilities of the Director of National Intelligence under the National Security Act of 1947, Public Law 235 (1947), as amended, and E.O. 12333, United States Intelligence Activities (1981), as amended, or any responsibilities of the Under Secretary for Intelligence and Analysis conferred by presidential or intelligence community directive implicating those authorities, insofar as those authorities concern classified sources, methods, and activities, classified national intelligence, or sensitive compartmented information and are executed consistent with delegations or designations of authority issued pursuant to the statutory authority of the Secretary.

(a) Implement, observe, and enforce security regulations or procedures within their component with respect to the classification, declassification, safeguarding, handling, and storage of classified national security information;

(b) Report violations of the provisions of this part to the Chief Security Officer committed by employees of their component, as required by implementing directives;

(d) Continuously review the requirements for personnel access to classified information as a part of the continuous need-to-know evaluation, and initiate action to administratively withdraw or reduce the level of access authorized, as appropriate; and

(e) Cooperate fully with any request from the Chief Security Officer for assistance in the implementation of this part.

§ 7.12 Violations of classified information requirements.

(a) Any person who suspects or has knowledge of a violation of this part, including the known or suspected loss or compromise of classified information, shall promptly report such violations or possible violations, pursuant to requirements set forth in DHS directives.

(b) DHS employees and detailees may be reprimanded, suspended without pay, terminated from classification authority, suspended from or denied access to classified information, or subject to other sanctions in accordance with applicable law and DHS regulations or directives if they:

(1) Knowingly, willfully, or negligently disclose to unauthorized persons information properly classified under Executive Order 13526, or its predecessor orders;

(2) Knowingly, willfully, or negligently classify or continue the classification of information in violation of Executive Order 13526, or its implementing directives; or

(3) Knowingly, willfully, or negligently create or continue a special access program contrary to the requirements of Executive Order 13526; or,

(4) Knowingly, willfully, or negligently violate any other provision of Executive Order 13526, or DHS implementing directives; or;

(5) Knowingly, willfully, or negligently grant eligibility for, or allow access to, classified information in violation of Executive Order 13526, or its implementing directives, this part, or DHS implementing directives promulgated by the Chief Security Officer.

§ 7.13 Judicial proceedings.

(a) Any DHS official or organization, except for the Office of Inspector General in matters involving the Office of Inspector General only, receiving an order or subpoena from a federal or state court, or an administrative subpoena from a federal agency, to produce classified information (see 6 CFR 5.41 through 5.49), required to submit classified information for official DHS litigation purposes, or receiving classified information from another organization for production of such in litigation, shall notify the Office of the General Counsel, unless the demand for production is made by the Office of the General Counsel, and immediately determine from the agency originating the classified information whether the information can be declassified. If declassification is not possible, DHS representatives will take appropriate action to protect such information, pursuant to the provisions of this section.

(b) If a determination is made under paragraph (a) of this section to produce classified information in a judicial proceeding in any manner, the DHS General Counsel attorney, or the Office of Inspector General attorney, if the matter involves the Office of Inspector General only, in conjunction with the Department of Justice, shall take appropriate steps to protect classified information in judicial proceedings and retrieve the information when the information is no longer required in such judicial proceedings, in accordance with the Department of Justice procedures, and in Federal criminal cases, pursuant to the requirements of Classified Information Procedures Act (CIPA), Public Law 96-456, 94 Stat. 2025, (18 U.S.C. App.), and the “Security Procedures Established Pursuant to Public Law 96-456, 94 Stat. 2025, by the Chief Justice of the United States for the Protection of Classified Information,” and other applicable authorities.

Subpart B—Classified Information**§ 7.20 Classification and declassification authority.**

(a) Top Secret original classification authority may only be exercised by the Secretary and by officials with a demonstrable and continuing need to ex-

ercise such authority and to whom such authority is delegated in writing by the Secretary. The Chief Security Officer, as the Senior Agency Official, is delegated authority to originally classify information up to and including Top Secret. No official who is delegated Top Secret original classification authority by the Secretary may further delegate such authority.

(b) The Chief Security Officer may delegate Secret and Confidential original classification authority to other officials with a demonstrable and continuing need to exercise such authority. No official who is delegated original classification authority by the Secretary or the Chief Security Officer may further delegate such authority.

(c) Persons who are delegated original classification authority shall attend mandatory classification training within 60 days of the delegation, and annually thereafter. Persons who fail to attend mandatory training shall have such authority suspended until such time as the training occurs.

(1) Except for suspensions of the Inspector General’s classification authority, the Chief Security Officer may waive a suspension of authority for no longer than 60 days following the due date of the training when unavoidable circumstances exist that prevent the person from attending the training.

(2) For cases involving suspension of the Inspector General’s classification authority under paragraph (c) of this section, only the Secretary or Deputy Secretary may waive such a suspension.

(d) Officials authorized to classify information at a specified level are also authorized to classify information at a lower level. In the absence of an official authorized to exercise classification authority, the person designated to act in lieu of such official may exercise the official’s classification authority.

(e) Declassification authority may be exercised by the official who authorized the original classification, if that official is still serving in the same position and has original classification authority; the originator’s current successor in function, if that individual has original classification authority; a

supervisory official of either the originator or his or her successor in function, if the supervisory official has original classification authority; or officials delegated declassification authority by the Secretary or the Chief Security Officer.

§ 7.21 Classification of information, limitations.

(a) Information may be originally classified only if all of the following standards are met:

(1) An original classification authority is classifying the information;

(2) The information is owned by, produced by or for, or is under the control of the United States Government;

(3) The information falls within one or more of the categories of information specified in section 1.4 of Executive Order 13526; and

(4) The original classification authority determines that the unauthorized disclosure of the information reasonably could be expected to cause identifiable and describable damage to the national security.

(b) Information shall be classified as Top Secret, Secret, or Confidential in accordance with and in compliance with the standards and criteria in Executive Order 13526. No other terms shall be used to identify United States classified information except as otherwise provided by statute.

(c) If there is significant doubt about the need to classify information it shall not be classified. If classification is warranted but there is significant doubt about the appropriate level of classification it shall be classified at the lower level.

(d) Original classification decisions made by a DHS original classification authority shall be incorporated into a security classification guide in a timely manner but no later than one year from the date of the original decision. Such decisions shall be reported to the Office of the Chief Security Officer, Administrative Security Division, within thirty days following the original classification decision.

(e) All DHS security classification guides shall be coordinated through and receive the concurrence of the Office of the Chief Security Officer, Administrative Security Division, prior

to approval and publication by an original classification authority.

(f) Information shall not be classified in order to:

(1) Conceal inefficiency, violations of law, or administrative error;

(2) Prevent embarrassment to a person, organization, or agency;

(3) Restrain competition;

(4) Prevent or delay release of information that does not require protection in the interest of national security.

(g) Information may not be reclassified after it has been declassified and released to the public under proper authority unless:

(1) The reclassification is approved in writing by the Secretary based on a document-by-document determination that the reclassification of the information is required to prevent significant and demonstrable damage to the national security;

(2) The reclassification of the information meets the standards and criteria for classification pursuant to Executive Order 13526;

(3) The information may be reasonably recovered without bringing undue attention to the information; and

(4) The reclassification action is reported promptly to the Assistant to the President for National Security Affairs (National Security Advisor) and the Director of ISOO.

(5) For documents in the physical and legal custody of the National Archives and Records Administration that have previously been made available for public use and determined to warrant reclassification per paragraphs (g)(1) through (4) of this section, the Secretary shall notify the Archivist of the United States, who shall suspend public access pending approval by the Director of ISOO. Any such decision made by the Director of ISOO may be appealed by the Secretary to the President through the National Security Advisor.

(h) Information that has not previously been disclosed to the public under proper authority may be classified or reclassified after DHS has received a request for it under the Freedom of Information Act (5 U.S.C. 552), the Presidential Records Act, 44 U.S.C. 2204(c)(1), the Privacy Act of 1974 (5

U.S.C. 552a), or the mandatory review provisions of Executive Order 13526, section 3.5. When it is necessary to classify or reclassify such information, it shall be done so on a document-by-document basis with the personal participation of and under the direction of the Secretary or Deputy Secretary.

§ 7.22 Classification pending review.

(a) Whenever persons who do not have original classification authority originate or develop information that they believe requires immediate classification and safeguarding, and no authorized original classifier is available, that person shall:

(1) Safeguard the information in a manner appropriate for the classification level they believe it to be;

(2) Apply the appropriate overall classification markings; and

(3) Within five working days, securely transmit the information to the organization that has appropriate subject matter interest and original classification authority.

(b) When it is not clear which component would be the appropriate original classifier, the information shall be sent to the Office of the Chief Security Officer, Administrative Security Division, to determine the appropriate organization.

(c) The applicable original classification authority shall decide within 30 days of receipt whether the information warrants classification pursuant to Executive Order 13526 and shall render such decision in writing.

§ 7.23 Emergency release of classified information.

(a) The DHS Undersecretary for Management has delegated to certain DHS employees the authority to disclose classified information to an individual or individuals not otherwise eligible for access in emergency situations when there is an imminent threat to life or in defense of the homeland.

(b) In exercising this authority, the delegates shall adhere to the following conditions:

(1) Limit the amount of classified information disclosed to a minimum to achieve the intended purpose;

(2) Limit the number of individuals who receive it to only those persons with a specific need-to-know;

(3) Transmit the classified information through approved communication channels by the most secure and expeditious method possible, or by other means deemed necessary in exigent circumstances;

(4) Provide instructions about what specific information is classified and how it should be safeguarded. Physical custody of classified information must remain with an authorized Federal Government entity, in all but the most extraordinary circumstances as determined by the delegated official;

(5) Provide appropriate briefings to the recipients on their responsibilities not to disclose the information and obtain from the recipients a signed DHS Emergency Release of Classified Information Non-disclosure Form. In emergency situations requiring immediate verbal release of information, the signed nondisclosure agreement memorializing the briefing may be received after the emergency abates;

(6) Within 72 hours of the disclosure of classified information, or the earliest opportunity that the emergency permits, but no later than 7 days after the release, the disclosing authority must notify the DHS Office of the Chief Security Officer, Administrative Security Division, and the originating agency of the information disclosed. A copy of the signed nondisclosure agreements should be forwarded with the notification, or as soon thereafter as practical.

(7) Release of information pursuant to this authority does not constitute declassification of the information.

(8) Authority to disclose classified information under the above conditions may not be further delegated.

§ 7.24 Duration of classification.

(a) At the time of original classification, original classification authorities shall apply a date or event in which the information will be automatically declassified.

(b) The original classification authority shall attempt to establish a specific date or event that is not more than 10 years from the date of origination in which the information will be

§ 7.25

6 CFR Ch. I (1–1–23 Edition)

automatically declassified. If the original classification authority cannot determine an earlier specific date or event it shall be marked for automatic declassification 10 years from the date of origination.

(c) If the original classification authority determines that the sensitivity of the information requires classification beyond 10 years, it may be marked for automatic declassification for up to 25 years from the date of the original classification decision.

(d) Original classification authorities do not have the authority to classify or retain the classification of information beyond 25 years from the date of origination. The only exceptions to this rule are information that would clearly and demonstrably be expected to reveal the identity of a confidential human source or human intelligence source, or, key design concepts of weapons of mass destruction. In these instances, the information shall be marked for declassification based on implementing directives issued pursuant to Executive Order 13526. In all other instances, classification beyond 25 years shall only be authorized in accordance with § 7.28 and Executive Order 13526.

§ 7.25 Identification and markings.

(a) Classified information, in all forms, must be marked in a manner that is immediately apparent pursuant to the standards set forth in section 1.6 of Executive Order 13526; 32 CFR part 2001, subpart B; and internal DHS guidance approved and distributed by the Office of the Chief Security Officer.

(b) Foreign government information shall retain its original classification markings or be assigned a U.S. classification that provides a degree of protection at least equivalent to that required by the entity that furnished the information.

(c) Information assigned a level of classification under predecessor Executive Orders shall remain classified at that level of classification, except as otherwise provided herein, i.e., the information is reclassified or declassified.

§ 7.26 Derivative classification.

(a) Derivative classification is defined as the incorporating, para-

phrasing, restating, or generating in a new form information that is already classified, and marking the newly developed material consistent with the classification markings that apply to the source information. Information is also derivatively classified when classification is based on instructions provided in a security classification guide.

(b) Persons need not possess original classification authority to derivatively classify information based on source documents or classification guides.

(c) Persons who perform derivative classification actions shall be designated as authorized derivative classifiers as specified in directives published by the Office of the Chief Security Officer.

(d) Persons who are designated as authorized derivative classifiers shall attend mandatory classification training before performing derivative classification actions, and once every two years thereafter. Persons who fail to attend mandatory training shall have such authority suspended until such time as the training occurs.

(1) Except for suspensions of the Office of Inspector General's classification authority, the Chief Security Officer may waive the suspension of authority for no longer than 60 days following the due date of the training when unavoidable circumstances exist that prevent the person from attending the training.

(2) For cases involving suspension of the Office of Inspector General's classification authority under paragraph (d) of this section, only the Secretary or Deputy Secretary may waive such a suspension.

(e) Persons who apply derivative classification markings shall observe original classification decisions and carry forward to any newly created documents the pertinent classification markings.

(f) Information classified derivatively from other classified information shall be classified and marked in accordance with the standards set forth in sections 2.1 and 2.2 of Executive Order 13526, 32 CFR part 2001, and internal DHS guidance provided by the Office of the Chief Security Officer.

§ 7.27 Declassification and downgrading.

(a) Classified information shall be declassified as soon as it no longer meets the standards for classification. Declassification and downgrading is governed by part 3 of Executive Order 13526, implementing ISOO directives at 32 CFR part 2001, subpart C, and applicable internal DHS direction provided by the Office of the Chief Security Officer.

(b) Information shall be declassified or downgraded by the official who authorized the original classification if that official is still serving in the same position and has original classification authority, the originator's successor if that position has original classification authority, or a supervisory official of either if that position has original classification authority, or, by officials delegated such authority in writing by the Secretary or the Chief Security Officer, or, pursuant to section 3.1.(e) of Executive Order 13526, the Director of the Information Security Oversight Office.

(c) It is presumed that information that continues to meet the classification requirements under Executive Order 13526 requires continued protection. In some exceptional cases during declassification reviews, the need to protect classified information may be outweighed by the public interest in disclosure of the information, and in these cases the information should be declassified. If it appears that the public interest in disclosure of the information may outweigh the need to protect the information, the declassification reviewing official shall refer the information with a recommendation for decision to the Chief Security Officer. The Chief Security Officer shall review the information and after consulting with the applicable original classification authority and other components and agencies with equities, make a recommendation to the Secretary on whether the public interest in disclosure outweighs the damage to national security that might reasonably be expected from disclosure. The Secretary shall decide whether to declassify the information. The decision of the Secretary shall be final. This provision does not amplify or modify the substantive criteria or procedures

for classification or create any substantive or procedural rights subject to judicial review.

(d) Each component shall develop schedules for declassification of records in the National Archives.

§ 7.28 Automatic declassification.

(a) Subject to paragraph (b) of this section and paragraphs 3.3(b)-(d) and (g)-(j) of Executive Order 13526, all classified information contained in records that are more than 25 years old that have been determined to have permanent historical value shall be declassified automatically on December 31st of the year that is 25 years from the date of origin.

(b) At least one year before information is declassified automatically under this section, the Chief Security Officer shall notify the ISOO of any specific information that DHS proposes to exempt from automatic declassification. The notification shall include:

(1) A description of the information;

(2) An explanation of why the information is exempt from automatic declassification and must remain classified for a longer period of time; and

(3) A specific date or event for declassification of the information whenever the information exempted does not identify a confidential human source or human intelligence source, or, key design concepts of weapons of mass destruction.

(c) Proposed exemptions under this section shall be forwarded to the Chief Security Officer. When the Chief Security Officer determines the exemption request is consistent with this section, he or she will submit the exemption request to the Executive Secretary of the Interagency Security Classification Appeals Panel (ISCAP) for approval.

(d) Declassification guides that narrowly and precisely define exempted information may be used to exempt information from automatic declassification. Declassification guides must include the exemption notification information detailed in paragraph (b) of this section, and be approved pursuant to paragraph (c) of this section. The creation of declassification guides to cite proposed or ISCAP-approved DHS exemptions shall be coordinated through and processed by the Office of the Chief

§ 7.29

6 CFR Ch. I (1–1–23 Edition)

Security Officer, Administrative Security Division.

§ 7.29 National Declassification Center.

(a) The Chief Security Officer and applicable components will support the NARA, National Declassification Center (NDC), which was established to streamline declassification processes, facilitate quality-assurance measures, and implement standardized training regarding the declassification of records determined to have permanent historical value. The Chief Security Officer will assign DHS personnel on an as-needed basis to address declassification matters and priorities containing DHS equities.

(b) The Office of the Chief Security Officer shall provide the NDC with all DHS classification and declassification guides that include ISCAP-approved exemptions from automatic declassification.

(c) The Chief Security Officer, or his designee, shall oversee DHS-wide support to the NDC, including representing DHS in consultations with the NDC Director.

§ 7.30 Documents of permanent historical value.

The original classification authority, to the greatest extent possible, shall declassify classified information contained in records determined to have permanent historical value under 44 U.S.C. 2107 before they are accessioned into the National Archives.

§ 7.31 Classification challenges.

(a) Authorized holders of information classified by DHS or any other agency who, in good faith, believe that specific information is improperly or unnecessarily classified are encouraged and expected to challenge the classification status of that information pursuant to section 1.8 of Executive Order 13526. Authorized holders may submit classification challenges in writing to the original classification authority with jurisdiction over the information in question. If an original classification authority cannot be determined, the challenge shall be submitted to the Office of the Chief Security Officer, Administrative Security Division. The challenge need not be more specific

than a question as to why the information is or is not classified, or is classified at a certain level.

(b) If anonymity of the challenger is requested, the challenger may submit the challenge to the Office of the Chief Security Officer, Administrative Security Division. The Administrative Security Division will act as an agent for the challenger and the identity of the challenger will be redacted.

(c) The original classification authority shall no later than 60 days from receipt of the challenge, provide a written response to the submitter. The original classification authority may classify or declassify the information subject to the challenge and, if applicable, state specific reasons why the original classification determination was proper. If the original classification authority is not able to respond within 60 days, he or she shall inform the individual who filed the challenge in writing of that fact, and the anticipated determination date.

(d) The individual challenging the classification will be notified of the determination made by the original classification authority and that the individual may appeal this determination to the Chief Security Officer, or in cases involving appeals by Office of Inspector General employees, the Secretary or Deputy Secretary. Upon receipt of such appeals, the Chief Security Officer, or in cases involving appeals by Office of Inspector General employees, the Secretary or Deputy Secretary, shall convene a DHS Classification Appeals Panel (DHS/CAP). The DHS/CAP shall, at a minimum, consist of representatives from the Office of the Chief Security Officer, the Office of General Counsel, and a representative from the component having jurisdiction over the information. Additional members may be added as determined by the Chief Security Officer. The DHS/CAP shall be chaired by the Chief Security Officer.

(e) If the requester files an appeal through the DHS/CAP, and the appeal is denied, the requester shall be notified of the right to appeal the denial to the Interagency Security Classification Appeals Panel (ISCAP) pursuant to section 5.3 of Executive Order 13526, and

the rules issued by the ISCAP pursuant to section 5.3 of Executive Order 13526.

(f) Any individual who challenges a classification and believes that any action has been taken against him or her in retaliation or retribution because of that challenge may report the facts to the Office of Inspector General via its Hotline or Web site, or other appropriate office.

(g) Nothing in this section shall prohibit a person from informally challenging the classified status of information directly to the original classification authority.

(h) Classification challenge provisions are not applicable to documents required to be submitted for prepublication review or other administrative process pursuant to an approved non-disclosure agreement.

(i) Requests for review of classified material for declassification by persons other than authorized holders are governed by § 7.32.

§ 7.32 Mandatory declassification review.

(a) Any individual, as “individual” is defined by 5 U.S.C. 552a(a)(2) (with the exception of a foreign government entity or any representative thereof), may request that classified information be reviewed for declassification pursuant to the mandatory declassification review provisions of section 3.5 of Executive Order 13526. Such requests must be sent to the Departmental Disclosure Officer, Privacy Office, 245 Murray Lane SW., Building 410, Washington, DC 20528.

(b) The request must describe the document or material with enough specificity to allow it to be located by the component with a reasonable amount of effort. Components will generally consider deficient any requests for declassification review of, for instance, broad categories of information, entire file series of records, or similar non-specific requests.

(1) When the description of the information in the request is deficient, the component shall solicit as much additional identifying information as possible from the requester.

(2) If the information or material requested cannot be obtained with a reasonable amount of effort, the compo-

nent shall provide the requester, through the DHS Disclosure Officer, with written notification of the reasons why no action will be taken and of the requester's right to appeal.

(c) Requests for review of information that has been subjected to a declassification review request within the preceding two years shall not be processed. The DHS Disclosure Officer will notify the requester of such denial.

(d) Mandatory Declassification Review provisions are not applicable to documents required to be submitted for prepublication review or other administrative process pursuant to an approved non-disclosure agreement.

(e) Requests for information exempted from search or review under sections 701, 702, or 703 of the National Security Act of 1947, as added and amended (50 U.S.C. 431-433), or other provisions of law, shall not be processed. The DHS Disclosure Officer will notify the requester of such denial.

(f) If documents or material being reviewed for declassification under this section contain information that has been originally classified by another government agency, the reviewing authority shall notify the DHS Disclosure Officer. Unless the association of that organization with the requested information is itself classified, the DHS Disclosure Officer will then notify the requester of the referral.

(g) A DHS component may refuse to confirm or deny the existence, or non-existence, of requested information when its existence or non-existence, is properly classified.

(h) DHS components shall make a final determination on the request as soon as practicable but within one year from receipt. When information cannot be declassified in its entirety, components shall make reasonable efforts to redact those portions that still meet the standards for classification and release those declassified portions of the requested information that constitute a coherent segment.

(i) DHS components shall notify the DHS Disclosure Officer of the determination made in the processing of a mandatory review request. Such notification shall include the number of pages declassified in full; the number of pages declassified in part; and the

number of pages where declassification was denied.

(j) The DHS Disclosure Officer shall maintain a record of all mandatory review actions for reporting in accordance with applicable Federal requirements.

(k) The mandatory declassification review system shall provide for administrative appeal in cases where the review results in the information remaining classified. The requester shall be notified of the results of the review and of the right to appeal the denial of declassification. To address such appeals, the DHS Disclosure Office shall convene a DHS Classification Appeals Panel (DHS/CAP). The DHS/CAP shall, at a minimum, consist of representatives from the Disclosure Office, the Office of the Chief Security Officer, the Office of General Counsel, and a representative from the component having jurisdiction over the information. Additional members may be added as determined by the DHS Disclosure Officer. The DHS/CAP shall be chaired by the DHS Disclosure Officer.

(l) If the requester files an appeal through the DHS/CAP, and the appeal is denied, the requester shall be notified of the right to appeal the denial to the ISCAP pursuant to section 5.3 of Executive Order 13526, and the rules issued by the ISCAP pursuant to section 5.3 of Executive Order 13526.

Subpart A—General

§ 9.1 Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, set forth in appendix A to this part, that the person has not made, and will not make, any payment prohibited by paragraph (a) of this section.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form, set forth in appendix B to this part, if such person has made or has agreed to make any payment using non appropriated funds (to include profits from any covered Federal action), which would be prohibited under

paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in appendix A to this part, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form, set forth in appendix B to this part, if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§ 9.2 Definitions.

For purposes of this part:

(a) *Agency* has the same meaning as provided in 5 U.S.C. 552(f), and includes Federal executive departments and agencies as well as independent regulatory commissions and Government corporations, as defined in 31 U.S.C. 9101(1).

(1) An individual appointed to a position in the Government pursuant to title 5 of the United States Code, including any position by temporary appointment or any appointment as an acting official as outlined in section 1511(c) of the Homeland Security Act;

(2) A member of the uniformed services as defined in 37 U.S.C. 101(3);

(3) A special Government employee as defined in section 18 U.S.C. 202; and

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act at 5 U.S.C. App. 2.

(l) *Person* means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(p) *Regularly employed* means, with respect to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or a commitment providing for the United States to insure or guarantee a loan, an officer or employee who is employed by such person

for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

(q) *State* means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

§ 9.3 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.

(b)(1) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(i) A Federal contract, grant, or cooperative agreement exceeding \$100,000; or

(ii) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.

(2) A filing described in paragraph (b)(1) of this section shall not be required if such person previously filed a certification, and a disclosure form required under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event

that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action;

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d)(1) The requirements of paragraph (d)(2) of this section apply to any person who requests or receives from a person referred to in paragraph (a) or (b) of this section:

(i) A subcontract exceeding \$100,000 at any tier under a Federal contract;

(ii) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;

(iii) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or

(iv) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement.

(2) A person described in paragraph (d)(1) of this section shall file a certification, and a disclosure form, if required, to the next tier.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to

file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 31 U.S.C. 1352.

(g) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C of this part.

Subpart B—Activities by Own Employees

§ 9.11 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in § 9.1(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

§ 9.15

6 CFR Ch. I (1–1–23 Edition)

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 9.15 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 9.1(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, *professional and technical services* shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to

the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 9.20 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other than Own Employees

§ 9.23 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 9.1(a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in § 9.3(a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered

directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, *professional and technical services* shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal action include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action in-

clude consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 9.31 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B to this part) to be filed or amended if required herein, shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of \$10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between \$10,000 and \$100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same

§ 9.32

conduct that is the basis for the imposition of such civil penalty.

§ 9.32 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements in this part.

§ 9.33 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 9.41 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 9.51 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B to this part) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only

6 CFR Ch. I (1–1–23 Edition)

to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 9.52 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year an evaluation of the compliance of that agency with, and the effectiveness of, the requirements in this part. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the

report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

APPENDIX A TO PART 9—CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

I. The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form—LLL, “Disclo-

sure Form to Report Lobbying,” in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into.

Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

SOURCE: 72 FR 4190, Jan. 30, 2007, unless otherwise noted.

Subpart A—Debt Collection

§ 11.1 General application.

(a) *Application of Debt Collection Standards.* The provisions of 31 CFR parts 285, 900-904, as amended by the Secretary of the Treasury and the Attorney General, are applicable to debts and debt procedures within the jurisdiction of the Department of Homeland Security.

(b) *Authority.* The Chief Financial Officer of the Department of Homeland Security is delegated authority to administer this subpart and to redelegate authority under this subpart.

(c) *Application to DHS.* This subpart provides procedures for the collection of DHS debts, and for collection of other debts owed to the United States when a request for offset of a DHS payment is received by the DHS from another federal agency. This subpart applies to all of DHS, including all of its components. It applies to the DHS when collecting a DHS debt, to persons who owe DHS debts, and to Federal agencies requesting offset of a payment issued by the DHS as a payment agency (including salary payments to DHS employees).

(d) *Exclusions.* This subpart does not apply to debt arising from taxation under the Internal Revenue Act of 1986, as amended, or to any debt excepted from the FCCS, 31 CFR parts 900 through 904.

(e) *Non-exclusive procedure or remedy.* Nothing in this subpart precludes collection or disposition of any debt under statutes and regulations other than those described in this subpart. To the extent that the provisions of laws or other regulations apply, including the remission or mitigation of fines, penalties, forfeitures and debts arising under the tariff laws of the United States, DHS components are authorized to collect debts under those laws and regulations. DHS components and other Federal agencies may simultaneously use multiple collection remedies to collect a debt, except as prohibited by law.

(f) *Additional policies and procedures.* DHS components may, but are not required to, promulgate additional policies and procedures consistent with this subpart and other applicable Federal law, policies, and procedures.

(g) *Duplication not required.* Nothing in this subpart requires DHS to duplicate notices or administrative proceedings required by contract, this subpart, or other laws or regulations.

(h) *No private rights created.* This subpart does not create any right or benefit, substantive or procedural, enforceable at law or in equity by a party against the United States, its agencies, its officers, or any other person, nor shall the failure of any DHS component to comply with any of the provisions of this subpart or 31 CFR parts 285, 900-904 be a defense to the collection of any debt or enforcement of any other law.

§ 11.2 Definitions.

In addition to the definitions provided in 31 CFR parts 285, 900-904, as used in this subpart:

(a) *Department of Homeland Security or DHS* means the United States Department of Homeland Security and includes the Secretary and any DHS entity which reports directly or indirectly to the Secretary.

(b) *DHS debt* means a debt owed to DHS by a person.

(c) *Secretary* means the Secretary of Homeland Security.

§ 11.3 Demand for payment.

(a) *Notice requirements.* Generally, before DHS starts the collection actions described in this subpart, DHS sends a written notice to the debtor under 31 CFR 901.2. The notice provided under this section includes notice of any and all actions DHS may take to offset the debt, including any notices required under 31 CFR parts 285, 900-904.

(b) *Exceptions to notice requirements.* DHS may omit from any notice to a debtor any provision that is not legally required given the collection remedies to be applied to a particular debt.

§ 11.4 Collection by administrative offset.

(a) *General Provisions for Offset.* DHS will collect debts by administrative offset pursuant to 31 CFR parts 900-904.

(b) *Centralized Offset through the Treasury Offset Program.* DHS adopts the provisions of 31 CFR 901.3.

(c) *Non-centralized Offset for DHS Debts.* When centralized offset is not available or appropriate, DHS may collect delinquent DHS debts through non-centralized offset. In these cases, DHS may offset a payment internally or make a request directly to a Federal payment agency to offset a payment owed to the debtor. Before requesting a payment authorizing agency to conduct a non-centralized administrative offset, DHS will provide the debtor with the due process set forth in 31 CFR 901.3(b)(4) and the notice requirements of 31 CFR 901.2 (unless the due process and notice requirements are not required under that part). DHS will provide the payment authorizing agency written certification that the debtor owes the past due, legally enforceable delinquent debt in the amount stated, and that DHS has fully complied with its regulations concerning administrative offset.

(d) *Hearing Procedures for Federal Employees—(1) Request for a hearing.* A Federal employee who has received a notice that his or her DHS debt will be collected by means of salary offset may request a hearing concerning the existence or amount of the debt. The Federal employee also may request a hearing concerning the amount proposed to be deducted from the employee's pay each pay period. The employee must send any request for hearing, in writing, to the office designated in the notice described in section 11.4(c). The request must be received by the designated office on or before the 15th calendar day following the employee's receipt of the notice. The employee must sign the request and specify whether an oral or paper hearing is requested. If an oral hearing is requested, the employee must explain why the matter cannot be resolved by review of the documentary evidence alone. All travel expenses incurred by the Federal employee in connection with an in-person hearing will be borne by the employee.

(2) *Failure to submit timely request for hearing.* If the employee fails to submit a request for hearing within the time period described in paragraph (d)(1) of this section, the employee will have

waived the right to a hearing, and salary offset may be initiated. However, DHS should accept a late request for hearing if the employee can show that the late request was the result of circumstances beyond the employee's control or because of a failure to receive actual notice of the filing deadline.

(3) *Hearing official.* DHS must obtain the services of a hearing official who is not under the supervision or control of the Secretary. The DHS Chief Financial Officer will coordinate DHS efforts to obtain the services of a hearing official.

(4) *Notice of hearing.* After the employee requests a hearing, the designated hearing official informs the employee of the form of the hearing to be provided. For oral hearings, the notice sets forth the date, time and location of the hearing. For paper hearings, the notice provides the employee the date by which he or she should submit written arguments to the designated hearing official. The hearing official gives the employee reasonable time to submit documentation in support of the employee's position. The hearing official schedules a new hearing date if requested by both parties. The hearing official gives both parties reasonable notice of the time and place of a rescheduled hearing.

(5) *Oral hearing.* The hearing official conducts an oral hearing if he or she determines the matter cannot be resolved by review of documentary evidence alone (for example, when an issue of credibility or veracity is involved). The hearing need not take the form of an evidentiary hearing, but may be conducted in a manner determined by the hearing official, including but not limited to:

(i) Informal conferences with the hearing official, in which the employee and agency representative will be given full opportunity to present evidence, witnesses and argument;

(ii) Informal meetings with an interview of the employee by the hearing official; or

(iii) Formal written submissions, with an opportunity for oral presentation.

(6) *Paper hearing.* If the hearing official determines an oral hearing is not

necessary, he or she makes the determination based upon a review of the available written record, including any documentation submitted by the employee in support of his or her position.

(7) *Failure to appear or submit documentary evidence.* In the absence of good cause shown (for example, excused illness), if the employee fails to appear at an oral hearing or fails to submit documentary evidence as required for a paper hearing, the employee waives the right to a hearing, and salary offset may be initiated. Further, the employee is deemed to admit the existence and amount of the debt as described in the notice of intent to offset. If a DHS representative does not appear at an oral hearing, the hearing official shall proceed with the hearing as scheduled, and make his or her determination based upon the oral testimony presented and the documentary evidence submitted by both parties.

(8) *Burden of proof.* DHS has the initial burden to prove the existence and amount of the debt. Thereafter, if the employee disputes the existence or amount of the debt, the employee must prove by a preponderance of the evidence that no debt exists or that the amount of the debt is incorrect. In addition, the employee may present evidence that the proposed terms of the repayment schedule are unlawful, would cause a financial hardship to the employee, or that collection of the debt may not be pursued due to operation of law.

(9) *Record.* The hearing official maintains a summary record of any hearing provided by this subpart. Witnesses testify under oath or affirmation in oral hearings.

(10) *Date of decision.* The hearing official issues a written opinion stating his or her decision, based upon documentary evidence and information developed at the hearing, as soon as practicable after the hearing but not later than 60 days after the date on which the request for hearing was received by DHS. If the employee requests a delay in the proceedings, the deadline for the decision may be postponed by the number of days by which the hearing was postponed. When a decision is not timely rendered, DHS waives penalties applied to the debt for the period begin-

ning with the date the decision is due and ending on the date the decision is issued.

(11) *Content of decision.* The written decision includes:

(i) A statement of the facts presented to support the origin, nature, and amount of the debt;

(ii) The hearing official's findings, analysis, and conclusions; and

(iii) The terms of any repayment schedules, if applicable.

(12) *Final agency action.* The hearing official's decision is final.

(f) *Waiver not precluded.* Nothing in this subpart precludes an employee from requesting waiver of an overpayment under 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or other statutory authority.

(g) *Salary offset process—(1) Determination of disposable pay.* The Chief Financial Officer consults with the appropriate DHS payroll office to determine the amount of a DHS employee's disposable pay and will implement salary offset when requested to do so by a DHS component or another federal agency. If the debtor is not employed by DHS, the agency employing the debtor will determine the amount of the employee's disposable pay and implement salary offset upon request.

(2) *Amount of salary offset.* The amount to be offset from each salary payment will be up to 15 percent of a debtor's disposable pay, as follows:

(i) If the amount of the debt is equal to or less than 15 percent of the disposable pay, such debt generally is collected in one lump sum payment; or

(ii) Installment deductions are made over a period of no greater than the anticipated period of employment. An installment deduction will not exceed 15 percent of the disposable pay from which the deduction is made unless the employee has agreed in writing to the deduction of a greater amount or the creditor agency has determined that smaller deductions are appropriate based on the employee's ability to pay.

(3) *Final salary payment.* After the employee has separated either voluntarily or involuntarily from the payment agency, the payment agency may make a lump sum deduction exceeding 15 percent of disposable pay from any

§ 11.5

final salary or other payments pursuant to 31 U.S.C. 3716 in order to satisfy a debt.

(h) *Payment agency's responsibilities.*

(1) As required by 5 CFR 550.1109, if the employee separates from the payment agency from which DHS requested salary offset, the payment agency must certify the total amount of its collection and notify DHS and the employee of the amounts collected. If the payment agency is aware that the employee is entitled to payments from the Civil Service Retirement Fund and Disability Fund, the Federal Employee Retirement System, or other similar payments, it must provide written notification to the agency responsible for making such retirement payments that the debtor owes a debt, the amount of the debt, and that DHS has complied with the provisions of this section. DHS must submit a properly certified claim to the new payment agency before the collection can be made.

(2) If the employee is already separated from employment and all payments due from his or her former payment agency have been made, DHS may request that money due and payable to the employee from the Civil Service Retirement Fund and Disability Fund, the Federal Employee Retirement System, or other similar funds, is administratively offset to collect the debt. Generally, DHS will collect such monies through the Treasury Offset Program as described in this section.

(3) When an employee transfers to another agency, DHS should resume collection with the employee's new payment agency in order to continue salary offset.

§ 11.5 Administrative wage garnishment.

DHS may collect debts from a debtor's wages by means of administrative wage garnishment in accordance with the requirements of 31 U.S.C. 3720D under the procedures established in 31 CFR 285.11.

§ 11.6 Reporting debts.

DHS will report delinquent debts to credit bureaus and other automated databases in accordance with 31 U.S.C. 3711(e), 31 CFR 901.4, and the Office of

6 CFR Ch. I (1–1–23 Edition)

Management and Budget Circular A–129, “Policies for Federal Credit Programs and Non-tax Receivables,” which may be found at <http://www.fms.treas.gov/debt>. At least sixty (60) days prior to reporting a delinquent debt to a consumer reporting agency, DHS sends a notice to the debtor in accordance with 6 CFR 11.3. DHS may authorize the Treasury Department's Financial Management Service to report to credit bureaus those delinquent debts that have been transferred to the Financial Management Service for administrative offset.

§ 11.7 Private collection agencies.

DHS will transfer delinquent DHS debts to the Treasury Department's Financial Management Service to obtain debt collection services provided by private collection agencies.

§ 11.8 Suspension or revocation of eligibility for loans and loan guarantees, licenses, permits, or privileges.

The authority to extend financial assistance in the form of a loan, loan guarantee, or loan insurance to any person delinquent on a nontax debt owed to DHS is delegated to the Chief Financial Officer.

§ 11.9 Collection in installments.

DHS may accept payment of a DHS debt in regular installments, in accordance with the provisions of 31 CFR 901.8 and policies and procedures adopted by the Chief Financial Officer (CFO). The CFO will consult the Office of General Counsel regarding a legally enforceable written agreement from the debtor.

§ 11.10 Interest, penalty charges, and administrative costs.

(a) *Assessment and notice.* DHS shall assess interest, penalties and administrative costs on DHS debts in accordance with 31 U.S.C. 3717 and 31 CFR 901.9. Administrative costs of processing and handling a delinquent debt shall be determined by DHS.

(b) *Waiver of interest, penalties, and administrative costs.* DHS may waive interest, penalties, and administrative costs, or any portion thereof, under the criteria in the FCCS, or when it determines the collection of these charges

would be against equity and good conscience or not in the best interests of the United States. The authority to waive interest, penalties and administrative costs is delegated to the Chief Financial Officer. The DHS Chief Financial Officer shall issue written guidance on maintaining records of waivers.

(c) *Accrual during suspension of debt collection.* Interest and related charges will not accrue during the period a hearing official does not render a timely decision.

§ 11.11 Compromise.

DHS may compromise a debt in accordance with the provisions of 31 CFR part 902. The Chief Financial Officer is authorized to compromise debts owed to DHS. No debt over \$10,000 may be compromised without the concurrence of the Office of the General Counsel.

§ 11.12 Suspending or terminating collection activity.

DHS will suspend or terminate collection activity, or discharge indebtedness, in accordance with 31 CFR part 903. The Chief Financial Officer is delegated authority to suspend or terminate collection activity, or to discharge indebtedness regarding debts owed to DHS, but for any such action involving a debt over \$10,000, the Chief Financial Officer must obtain the concurrence of the Office of the General Counsel. The Chief Financial Officer is authorized to act on behalf of the Secretary in selling a debt, and in determining whether or not it is in the best interests of the United States to do so.

§ 11.13 Referrals to the Department of Justice.

Referrals of debts to the Department of Justice for collection will be by the General Counsel.

§ 11.14 Receipt of offset requests by other Federal agencies.

Other Federal agencies send non-centralized offset requests to DHS at: U.S. Department of Homeland Security, Attn: Chief Financial Officer, Mail Stop 0200, Washington, DC 20528-0200. Those agencies must comply with 31 CFR 901.3 when forwarding the requests to DHS. DHS does not review the mer-

its of the creditor agency's determination with regard to the existence or the amount of the debt. When two or more agencies are seeking offsets from payments made to the same person, or when two or more debts are owed to a single creditor agency, DHS may determine the order in which the debts will be collected or whether one or more debts should be collected by offset simultaneously. For the purposes of this section, debts owed to DHS generally take precedence over debts owed to other agencies, but DHS may pay a debt to another agency prior to collecting for DHS. DHS determines the order of debt collection based upon the best interests of the United States.

§ 11.15 Applying the debt against DHS payments.

(a) *Notice to the Debtor.* DHS sends a written notice to the debtor indicating a certified debt claim was received from the creditor agency, the amount of the debt claimed to be owed by the creditor agency, the estimated date the offset will begin (if more than one payment), and the amount of the deduction(s). For employees, DHS generally begins deductions from pay at the next officially established pay interval. Deductions continue until DHS knows the debt is paid in full or until otherwise instructed by the creditor agency. Alternatively, the amount offset may be an amount agreed upon, in writing, by the debtor and the creditor agency. If a DHS employee retires or resigns, or if his or her employment ends before collection of the debt is complete, DHS continues to offset, under 31 U.S.C. 3716, up to 100% of an employee's subsequent payments until the debt is paid or otherwise resolved. Such payments include a debtor's final salary payment, lump-sum leave payment, and other payments payable to the debtor by DHS. See 31 U.S.C. 3716 and 5 CFR 550.1104(l) and 550.1104(m). If the employee is separated from DHS before the debt is paid in full, DHS will certify to the creditor agency the total amount of its collection. If DHS is aware the employee is entitled to payments from the Civil Service Retirement and Disability Fund, Federal Employee Retirement System, or other

similar payments, DHS provides written notice to the agency making such retirement payments that the debtor owes a debt (including the amount) and that the provisions of 5 CFR 550.1109 have been fully complied with. The creditor agency is responsible for submitting a certified claim to the agency responsible for making such payments before collection may begin. Generally, creditor agencies will collect such monies through the Treasury Offset Program as described in section 11.4.

(b) *Notice to the debtor.* DHS provides to the debtor a copy of any notices sent to the creditor agency under this subpart.

(c) *Transfer of employee debtor to another Federal agency.* If an employee debtor transfers to another Federal agency before the debt is paid in full, DHS notifies the creditor agency and provides it a certification of the total amount of its collection on the debt. The creditor agency is responsible for submitting a certified claim to the debtor's new employing agency before collection may begin.

(3) Even if the Department is permitted, under paragraph (b)(1)(iv) of this section, to operate a separate or different program for individuals with a disability or for any class of individuals with a disability, the Department must permit any qualified individual with a disability who wishes to participate in the program that is not separate or different to do so.

(4) The Department may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would:

(i) Subject qualified individuals with a disability to discrimination on the basis of disability; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with a disability.

(5) The Department may not, in determining the site or location of a facility, make selections the purpose or effect of which would:

(i) Exclude individuals with a disability from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the Department; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with a disability.

(6) The Department, in the selection of procurement contractors, may not use criteria that subject qualified individuals with a disability to discrimination on the basis of disability.

(7) The Department may not administer a licensing or certification program in a manner that subjects qualified individuals with a disability to discrimination on the basis of disability, nor may the Department establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with a disability to discrimination on the basis of disability. However, the programs or activities of entities that are licensed or certified by the Department are not, themselves, covered by this part.

(c) The exclusion of nondisabled persons from the benefits of a program limited by Federal statute or Executive order to individuals with a disability or the exclusion of a specific class of individuals with a disability from a program limited by Federal statute or Executive order to a different class of individuals with a disability is not prohibited by this part.

(d) The Department shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with a disability.

§ 15.40 Employment.

No qualified individual with a disability shall, on the basis of that disability, be subjected to discrimination in employment under any program or activity conducted by the Department. The definitions, requirements and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Op-

portunity Commission in 29 CFR part 1614, shall apply to employment of Federally conducted programs or activities.

§ 15.49 Program accessibility; discrimination prohibited.

Except as otherwise provided in § 15.50, no qualified individual with a disability shall, because the Department's facilities are inaccessible to or unusable by individuals with a disability, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Department.

§ 15.50 Program accessibility; existing facilities.

(a) *General.* The Department shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with a disability. This paragraph (a) does not require the Department:

(1) To make structural alterations in each of its existing facilities in order to make them accessible to and usable by individuals with a disability where other methods are effective in achieving compliance with this section; or

(2) To take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Department personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Department has the burden of proving that compliance with this paragraph (a) of this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Secretary of Homeland Security (or his or her designee) after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the Department shall

take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with a disability receive the benefits and services of the program or activity.

(b) *Methods.* The Department may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with a disability. The Department, in making alterations to existing buildings, shall meet accessibility requirements to the extent required by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the Department shall give priority to those methods that offer programs and activities to qualified individuals with a disability in the most integrated setting appropriate.

(c) *Time period for compliance.* The Department shall comply with the obligations established under this section not later than May 5, 2003, except that where structural changes in facilities are undertaken, such changes shall be made not later than March 6, 2006, but in any event as expeditiously as possible. If a component within the Department has already complied with the accessibility requirements of a regulation implementing section 504, then the provisions of this paragraph shall apply only to facilities for that agency's programs and activities that were not previously made readily accessible to and usable by individuals with disabilities in compliance with that regulation.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Department shall develop not later than September 8, 2003, a transition plan setting forth the steps necessary to complete such changes.

The Department shall provide an opportunity to interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the development of the transition plan by submitting comments (both telephonic and written). A copy of the transition plan shall be made available for public inspection. If a component of the Department has already complied with the transition plan requirement of a regulation implementing section 504, then the requirements of this paragraph shall apply only to the agency's facilities for programs and activities that were not included in the previous transition plan. The plan shall at a minimum:

- (1) Identify physical obstacles in the Department's facilities that limit the physical accessibility of its programs or activities to individuals with disabilities;
- (2) Describe in detail the methods that will be used to make the facilities accessible;
- (3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and
- (4) Indicate the official responsible for implementation of the plan.

§ 15.51 Program accessibility; new construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Department shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with a disability. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 through 101–19.607 apply to buildings covered by this section.

§ 15.60 Communications.

(a) The Department shall take appropriate steps to effectively communicate with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Department shall furnish appropriate auxiliary aids where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Department.

(i) In determining what type of auxiliary aid is necessary, the Department shall give primary consideration to the requests of the individual with a disability.

(ii) The Department need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature to applicants or participants in programs.

(2) Where the Department communicates with applicants and beneficiaries by telephone, the Department shall use telecommunication devices for deaf persons (TTYs) or equally effective telecommunication systems to communicate with persons with impaired hearing.

(b) The Department shall make available to interested persons, including persons with impaired vision or hearing, information as to the existence and location of accessible services, activities, and facilities.

(c) The Department shall post notices at a primary entrance to each of its inaccessible facilities, directing users to an accessible facility, or to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Department to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens.

(e) In those circumstances where Department personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Department has the burden of proving that compliance with this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Secretary of Homeland Security (or his or her designee) after considering

all resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Department shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with a disability receive the benefits and services of the program or activity.

§ 15.70 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of disability in programs and activities conducted by the Department.

(b) The Department shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1614.

(c) All other complaints alleging violations of section 504 may be sent to the Officer for Civil Rights and Civil Liberties, Department of Homeland Security, Washington, DC 20528. The Officer for Civil Rights and Civil Liberties shall be responsible for coordinating implementation of this section.

(d)(1) Any person who believes that he or she has been subjected to discrimination prohibited by this part may by him or herself, or by his or her authorized representative, file a complaint. Any person who believes that any specific class of persons has been subjected to discrimination prohibited by this part and who is a member of that class or the authorized representative of a member of that class may file a complaint.

(2) The Department shall accept and investigate all complete complaints over which it has jurisdiction.

(3) All complete complaints must be filed within 180 days of the alleged act of discrimination. The Department may extend this time period for good cause.

(e) If the Department receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate entity of the Federal government.

(f) The Department shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), is not readily accessible to and usable by individuals with disabilities.

(g)(1) Not later than 180 days from the receipt of a complete complaint over which it has jurisdiction, the Department shall notify the complainant of the results of the investigation in a letter containing:

- (i) Findings of fact and conclusions of law;
- (ii) A description of a remedy for each violation found; and
- (iii) A notice of the right to appeal.

(2) Department employees are required to cooperate in the investigation and attempted resolution of complaints. Employees who are required to participate in any investigation under this section shall do so as part of their official duties and during the course of regular duty hours.

(3) If a complaint is resolved informally, the terms of the agreement shall be reduced to writing and made part of the complaint file, with a copy of the agreement provided to the complainant. The written agreement shall describe the subject matter of the complaint and any corrective action to which the parties have agreed.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant not later than 60 days after receipt from the Department of the letter required by paragraph (g)(1) of this section. The Department may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the Officer for Civil Rights and Civil Liberties, or designee thereof, who will issue the final agency decision which may include appropriate corrective action to be taken by the Department.

(j) The Department shall notify the complainant of the results of the appeal within 30 days of the receipt of the appeal. If the Department determines that it needs additional information from the complainant, it shall have 30 days from the date it received the additional information to make its determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended for an individual case when the Officer for Civil Rights and Civil Liberties determines that there is good cause, based on the particular circumstances of that case, for the extension.

(l) The Department may delegate its authority for conducting complaint investigations to other Federal agencies and may contract with nongovernment investigators to perform the investigation, but the authority for making the final determination may not be delegated to another agency.

Subpart A—Introduction

§ 17.100 Purpose and effective date.

(a) The purpose of these Title IX regulations is to effectuate Title IX of the Education Amendments of 1972, as

amended (except sections 904 and 906 of those Amendments) (20 U.S.C. 1681, 1682, 1683, 1685, 1686, 1687, 1688), which is designed to eliminate (with certain exceptions) discrimination on the basis of sex in any education program or activity receiving Federal financial assistance, whether or not such program or activity is offered or sponsored by an educational institution as defined in these Title IX regulations. The effective date of these Title IX regulations shall be March 6, 2003.

§ 17.110 Remedial and affirmative action and self-evaluation.

(a) *Remedial action*. If the designated agency official finds that a recipient has discriminated against persons on the basis of sex in an education program or activity, such recipient shall take such remedial action as the designated agency official deems necessary to overcome the effects of such discrimination.

(b) *Affirmative action*. In the absence of a finding of discrimination on the basis of sex in an education program or activity, a recipient may take affirmative action consistent with law to overcome the effects of conditions that resulted in limited participation therein by persons of a particular sex. Nothing in these Title IX regulations shall be interpreted to alter any affirmative action obligations that a recipient may have under Executive Order 11246, 3 CFR, 1964-1965 Comp., p. 339; as amend-

ed by Executive Order 11375, 3 CFR, 1966-1970 Comp., p. 684; as amended by Executive Order 11478, 3 CFR, 1966-1970 Comp., p. 803; as amended by Executive Order 12086, 3 CFR, 1978 Comp., p. 230; as amended by Executive Order 12107, 3 CFR, 1978 Comp., p. 264.

(c) *Self-evaluation*. Each recipient education institution shall, within one year of March 6, 2003:

(1) Evaluate, in terms of the requirements of these Title IX regulations, its current policies and practices and the effects thereof concerning admission of students, treatment of students, and employment of both academic and non-academic personnel working in connection with the recipient's education program or activity;

(2) Modify any of these policies and practices that do not or may not meet the requirements of these Title IX regulations; and

(3) Take appropriate remedial steps to eliminate the effects of any discrimination that resulted or may have resulted from adherence to these policies and practices.

(d) *Availability of self-evaluation and related materials*. Recipients shall maintain on file for at least three years following completion of the evaluation required under paragraph (c) of this section, and shall provide to the designated agency official upon request, a description of any modifications made pursuant to paragraph (c)(2) of this section and of any remedial steps taken pursuant to paragraph (c)(3) of this section.

§ 17.115 Assurance required.

(a) *General*. Either at the application stage or the award stage, Federal agencies must ensure that applications for Federal financial assistance or awards of Federal financial assistance contain, be accompanied by, or be covered by a specifically identified assurance from the applicant or recipient, satisfactory to the designated agency official, that each education program or activity operated by the applicant or recipient and to which these Title IX regulations apply will be operated in compliance with these Title IX regulations. An assurance of compliance with these Title IX regulations shall not be satisfactory to the designated agency official if the

§ 17.120

applicant or recipient to whom such assurance applies fails to commit itself to take whatever remedial action is necessary in accordance with § 17.110(a) to eliminate existing discrimination on the basis of sex or to eliminate the effects of past discrimination whether occurring prior to or subsequent to the submission to the designated agency official of such assurance.

(b) *Duration of obligation.* (1) In the case of Federal financial assistance extended to provide real property or structures thereon, such assurance shall obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used to provide an education program or activity.

(2) In the case of Federal financial assistance extended to provide personal property, such assurance shall obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases such assurance shall obligate the recipient for the period during which Federal financial assistance is extended.

(c) *Form.* (1) The assurances required by paragraph (a) of this section, which may be included as part of a document that addresses other assurances or obligations, shall include that the applicant or recipient will comply with all applicable Federal statutes relating to nondiscrimination. These include but are not limited to: Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681–1683, 1685–1688).

(2) The designated agency official will specify the extent to which such assurances will be required of the applicant's or recipient's subgrantees, contractors, subcontractors, transferees, or successors in interest.

§ 17.120 Transfers of property.

If a recipient sells or otherwise transfers property financed in whole or in part with Federal financial assistance to a transferee that operates any education program or activity, and the Federal share of the fair market value of the property is not upon such sale or transfer properly accounted for to the Federal Government, both the transferor and the transferee shall be

6 CFR Ch. I (1–1–23 Edition)

deemed to be recipients, subject to the provisions of §§ 17.205 through 17.235(a).

§ 17.125 Effect of other requirements.

(a) *Effect of other Federal provisions.* The obligations imposed by these Title IX regulations are independent of, and do not alter, obligations not to discriminate on the basis of sex imposed by Executive Order 11246, 3 CFR, 1964–1965 Comp., p. 339; as amended by Executive Order 11375, 3 CFR, 1966–1970 Comp., p. 684; as amended by Executive Order 11478, 3 CFR, 1966–1970 Comp., p. 803; as amended by Executive Order 12087, 3 CFR, 1978 Comp., p. 230; as amended by Executive Order 12107, 3 CFR, 1978 Comp., p. 264; sections 704 and 855 of the Public Health Service Act (42 U.S.C. 295m, 298b–2); Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e *et seq.*); the Equal Pay Act of 1963 (29 U.S.C. 206); and any other Act of Congress or Federal regulation.

(b) *Effect of State or local law or other requirements.* The obligation to comply with these Title IX regulations is not obviated or alleviated by any State or local law or other requirement that would render any applicant or student ineligible, or limit the eligibility of any applicant or student, on the basis of sex, to practice any occupation or profession.

(c) *Effect of rules or regulations of private organizations.* The obligation to comply with these Title IX regulations is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association that would render any applicant or student ineligible to participate or limit the eligibility or participation of any applicant or student, on the basis of sex, in any education program or activity operated by a recipient and that receives Federal financial assistance.

§ 17.130 Effect of employment opportunities.

The obligation to comply with these Title IX regulations is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for members of one sex than for members of the other sex.

§ 17.135 Designation of responsible employee and adoption of grievance procedures.

(a) *Designation of responsible employee.* Each recipient shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under these Title IX regulations, including any investigation of any complaint communicated to such recipient alleging its noncompliance with these Title IX regulations or alleging any actions that would be prohibited by these Title IX regulations. The recipient shall notify all its students and employees of the name, office address, and telephone number of the employee or employees appointed pursuant to this paragraph.

(b) *Complaint procedure of recipient.* A recipient shall adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by these Title IX regulations.

§ 17.140 Dissemination of policy.

(a) *Notification of policy.* (1) Each recipient shall implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient, that it does not discriminate on the basis of sex in the educational programs or activities that it operates, and that it is required by Title IX and these Title IX regulations not to discriminate in such a manner. Such notification shall contain such information, and be made in such manner, as the designated agency official finds necessary to apprise such persons of the protections against discrimination assured them by Title IX and these Title IX regulations, but shall state at least that the requirement not to discriminate in education programs or activities extends to employment therein, and to admission thereto unless §§ 17.300 through 17.310 do not apply to the recipient, and that inquiries concerning the application of Title IX and

these Title IX regulations to such recipient may be referred to the employee designated pursuant to § 17.135, or to the designated agency official.

(2) Each recipient shall make the initial notification required by paragraph (a)(1) of this section within 90 days of March 6, 2003 or of the date these Title IX regulations first apply to such recipient, whichever comes later, which notification shall include publication in:

(i) Newspapers and magazines operated by such recipient or by student, alumnae, or alumni groups for or in connection with such recipient; and

(ii) Memoranda or other written communications distributed to every student and employee of such recipient.

(b) *Publications.* (1) Each recipient shall prominently include a statement of the policy described in paragraph (a) of this section in each announcement, bulletin, catalog, or application form that it makes available to any person of a type, described in paragraph (a) of this section, or which is otherwise used in connection with the recruitment of students or employees.

(2) A recipient shall not use or distribute a publication of the type described in paragraph (b)(1) of this section that suggests, by text or illustration, that such recipient treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by these Title IX regulations.

(c) *Distribution.* Each recipient shall distribute without discrimination on the basis of sex each publication described in paragraph (b)(1) of this section, and shall apprise each of its admission and employment recruitment representatives of the policy of non-discrimination described in paragraph (a) of this section, and shall require such representatives to adhere to such policy.

§ 17.220 Admissions.

(a) *General.* Admissions to educational institutions prior to June 24, 1973, are not covered by these Title IX regulations.

(1) Admitted students of only one sex as regular students as of June 23, 1972; or

(2) Admitted students of only one sex as regular students as of June 23, 1965, but thereafter admitted, as regular students, students of the sex not admitted prior to June 23, 1965.

(b) Provision for transition plans. An educational institution to which this

section applies shall not discriminate on the basis of sex in admission or recruitment in violation of §§17.300 through 17.310.

§ 17.230 Transition plans.

(a) *Submission of plans.* An institution to which §17.225 applies and that is composed of more than one administratively separate unit may submit either a single transition plan applicable to all such units, or a separate transition plan applicable to each such unit.

(b) *Content of plans.* In order to be approved by the Secretary of Education, a transition plan shall:

(1) State the name, address, and Federal Interagency Committee on Education Code of the educational institution submitting such plan, the administratively separate units to which the plan is applicable, and the name, address, and telephone number of the person to whom questions concerning the plan may be addressed. (3) Identify and describe with respect to the educational institution or administratively separate unit any obstacles to admitting students without discrimination on the basis of sex.

(4) Describe in detail the steps necessary to eliminate as soon as practicable each obstacle so identified and indicate the schedule for taking these steps and the individual directly responsible for their implementation.

(5) Include estimates of the number of students, by sex, expected to apply for, be admitted to, and enter each class during the period covered by the plan.

(c) *Nondiscrimination.* No policy or practice of a recipient to which §17.225 applies shall result in treatment of applicants to or students of such recipient in violation of §§17.300 through 17.310 unless such treatment is necessitated by an obstacle identified in paragraph (b)(3) of this section and a

schedule for eliminating that obstacle has been provided as required by paragraph (b)(4) of this section.

(d) *Effects of past exclusion.* To overcome the effects of past exclusion of students on the basis of sex, each educational institution to which §17.225 applies shall include in its transition plan, and shall implement, specific steps designed to encourage individuals of the previously excluded sex to apply for admission to such institution. Such steps shall include instituting recruitment programs that emphasize the institution's commitment to enrolling students of the sex previously excluded.

§ 17.235 Statutory amendments.

(a) This section, which applies to all provisions of these Title IX regulations, addresses statutory amendments to Title IX.

(b) These Title IX regulations shall not apply to or preclude:

(4) Any scholarship or other financial assistance awarded by an institution of higher education to an individual because such individual has received such award in a single-sex pageant based upon a combination of factors related to the individual's personal appearance, poise, and talent. The pageant, however, must comply with other nondiscrimination provisions of Federal law.

(c) For purposes of these Title IX regulations, program or activity or program means:

(1) All of the operations of any entity described in paragraphs (c)(1)(i) through (iv) of this section, any part of which is extended Federal financial assistance:

(2)(i) Program or activity does not include any operation of an entity that is controlled by a religious organization if the application of 20 U.S.C. 1681 to such operation would not be consistent with the religious tenets of such organization.

(ii) For example, all of the operations of a college, university, or other postsecondary institution, including but not limited to traditional educational

operations, faculty and student housing, campus shuttle bus service, campus restaurants, the bookstore, and other commercial activities are part of a program or activity subject to these Title IX regulations if the college, university, or other institution receives Federal financial assistance.

(d)(1) Nothing in these Title IX regulations shall be construed to require or prohibit any person, or public or private entity, to provide or pay for any benefit or service, including the use of facilities, related to an abortion. Medical procedures, benefits, services, and the use of facilities, necessary to save the life of a pregnant woman or to address complications related to an abortion are not subject to this section.

(2) Nothing in this section shall be construed to permit a penalty to be imposed on any person or individual because such person or individual is seeking or has received any benefit or service related to a legal abortion. Accordingly, subject to paragraph (d)(1) of this section, no person shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, employment, or other educational program or activity operated by a recipient that receives Federal financial assistance because such individual has sought or received, or is seeking, a legal abortion, or any benefit or service related to a legal abortion.

Subpart C—Discrimination on the Basis of Sex in Admission and Recruitment Prohibited

§ 17.300 Admission.

(a) *General.* No person shall, on the basis of sex, be denied admission, or be subjected to discrimination in admission, by any recipient to which §§ 17.300 through 17.310 apply, except as provided in §§ 17.225 and 17.230.

(b) *Specific prohibitions.* (1) In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, a recipient to which §§ 17.300 through 17.310 apply shall not:

(i) Give preference to one person over another on the basis of sex, by ranking

applicants separately on such basis, or otherwise;

(ii) Apply numerical limitations upon the number or proportion of persons of either sex who may be admitted; or

(iii) Otherwise treat one individual differently from another on the basis of sex.

(2) A recipient shall not administer or operate any test or other criterion for admission that has a disproportionately adverse effect on persons on the basis of sex unless the use of such test or criterion is shown to predict validly success in the education program or activity in question and alternative tests or criteria that do not have such a disproportionately adverse effect are shown to be unavailable.

(c) *Prohibitions relating to marital or parental status.* In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, a recipient to which §§ 17.300 through 17.310 apply:

(1) Shall not apply any rule concerning the actual or potential parental, family, or marital status of a student or applicant that treats persons differently on the basis of sex;

(2) Shall not discriminate against or exclude any person on the basis of pregnancy, childbirth, termination of pregnancy, or recovery therefrom, or establish or follow any rule or practice that so discriminates or excludes;

(3) Subject to § 17.235(d), shall treat disabilities related to pregnancy, childbirth, termination of pregnancy, or recovery therefrom in the same manner and under the same policies as any other temporary disability or physical condition; and

(4) Shall not make pre-admission inquiry as to the marital status of an applicant for admission, including whether such applicant is “Miss” or “Mrs.” A recipient may make pre-admission inquiry as to the sex of an applicant for admission, but only if such inquiry is made equally of such applicants of both sexes and if the results of such inquiry are not used in connection with discrimination prohibited by these Title IX regulations.

§ 17.305 Preference in admission.

A recipient to which §§ 17.300 through 17.310 apply shall not give preference to

applicants for admission, on the basis of attendance at any educational institution or other school or entity that admits as students only or predominantly members of one sex, if the giving of such preference has the effect of discriminating on the basis of sex in violation of §§ 17.300 through 17.310.

§ 17.310 Recruitment.

(a) *Nondiscriminatory recruitment.* A recipient to which §§ 17.300 through 17.310 apply shall not discriminate on the basis of sex in the recruitment and admission of students. A recipient may be required to undertake additional recruitment efforts for one sex as remedial action pursuant to § 17.110(a), and may choose to undertake such efforts as affirmative action pursuant to § 17.110(b).

(b) *Recruitment at certain institutions.* A recipient to which §§ 17.300 through 17.310 apply shall not recruit primarily or exclusively at educational institutions, schools, or entities that admit as students only or predominantly members of one sex, if such actions have the effect of discriminating on the basis of sex in violation of §§ 17.300 through 17.310.

Subpart D—Discrimination on the Basis of Sex in Education Programs or Activities Prohibited

§ 17.400 Education programs or activities.

(a) *General.* Except as provided elsewhere in these Title IX regulations, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by a recipient that receives Federal financial assistance. Sections 17.400 through 17.455 do not apply to actions of a recipient in connection with admission of its students to an education program or activity of a recipient to which §§ 17.300 through 17.310 do not apply, or an entity, not a recipient, to which §§ 17.300 through 17.310 would not apply if the entity were a recipient.

§ 17.405

6 CFR Ch. I (1–1–23 Edition)

(b) *Specific prohibitions.* Except as provided in §§ 17.400 through 17.455, in providing any aid, benefit, or service to a student, a recipient shall not, on the basis of sex:

(1) Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;

(2) Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;

(3) Deny any person any such aid, benefit, or service;

(4) Subject any person to separate or different rules of behavior, sanctions, or other treatment;

(5) Apply any rule concerning the domicile or residence of a student or applicant, including eligibility for in-state fees and tuition;

(6) Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person that discriminates on the basis of sex in providing any aid, benefit, or service to students or employees; or

(7) Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

(c) *Assistance administered by a recipient educational institution to study at a foreign institution.* A recipient educational institution may administer or assist in the administration of scholarships, fellowships, or other awards established by foreign or domestic wills, trusts, or similar legal instruments, or by acts of foreign governments and restricted to members of one sex, that are designed to provide opportunities to study abroad, and that are awarded to students who are already matriculating at or who are graduates of the recipient institution; Provided, that a recipient educational institution that administers or assists in the administration of such scholarships, fellowships, or other awards that are restricted to members of one sex provides, or otherwise makes available, reasonable opportunities for similar studies for members of the other sex. Such opportunities may be derived from either domestic or foreign sources.

(d) *Aids, benefits or services not provided by recipient.* (1) This paragraph (d) applies to any recipient that requires participation by any applicant, student, or employee in any education program or activity not operated wholly by such recipient, or that facilitates, permits, or considers such participation as part of or equivalent to an education program or activity operated by such recipient, including participation in educational consortia and cooperative employment and student-teaching assignments.

(2) Such recipient:

(i) Shall develop and implement a procedure designed to assure itself that the operator or sponsor of such other education program or activity takes no action affecting any applicant, student, or employee of such recipient that these Title IX regulations would prohibit such recipient from taking; and

(ii) Shall not facilitate, require, permit, or consider such participation if such action occurs.

§ 17.405 Housing.

(a) *General.* A recipient shall not, on the basis of sex, apply different rules or regulations, impose different fees or requirements, or offer different services or benefits related to housing, except as provided in this section (including housing provided only to married students).

(b) *Housing provided by recipient.* (1) A recipient may provide separate housing on the basis of sex.

(2) Housing provided by a recipient to students of one sex, when compared to that provided to students of the other sex, shall be as a whole:

(i) Proportionate in quantity to the number of students of that sex applying for such housing; and

(ii) Comparable in quality and cost to the student.

(c) *Other housing.* (1) A recipient shall not, on the basis of sex, administer different policies or practices concerning occupancy by its students of housing other than that provided by such recipient.

(2)(i) A recipient which, through solicitation, listing, approval of housing, or otherwise, assists any agency, organization, or person in making housing available to any of its students, shall

take such reasonable action as may be necessary to assure itself that such housing as is provided to students of one sex, when compared to that provided to students of the other sex, is as a whole:

(A) Proportionate in quantity; and

(B) Comparable in quality and cost to the student.

(ii) A recipient may render such assistance to any agency, organization, or person that provides all or part of such housing to students of only one sex.

§ 17.410 Comparable facilities.

A recipient may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

§ 17.415 Access to course offerings.

(a) A recipient shall not provide any course or otherwise carry out any of its education program or activity separately on the basis of sex, or require or refuse participation therein by any of its students on such basis, including health, physical education, industrial, business, vocational, technical, home economics, music, and adult education courses.

(b)(1) With respect to physical education classes and activities at the elementary school level, the recipient shall comply fully with this section as expeditiously as possible, but in no event later than one year from March 6, 2003. With respect to physical education classes and activities at the secondary and post-secondary levels, the recipient shall comply fully with this section as expeditiously as possible but in no event later than three years from March 6, 2003.

(2) This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

(3) This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major

activity of which involves bodily contact.

(4) Where use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex, the recipient shall use appropriate standards that do not have such effect.

(5) Portions of classes in elementary and secondary schools, or portions of education programs or activities, that deal exclusively with human sexuality may be conducted in separate sessions for boys and girls.

(6) Recipients may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

§ 17.420 Access to schools operated by LEAs.

A recipient that is a local educational agency shall not, on the basis of sex, exclude any person from admission to:

(a) Any institution of vocational education operated by such recipient; or

(b) Any other school or educational unit operated by such recipient, unless such recipient otherwise makes available to such person, pursuant to the same policies and criteria of admission, courses, services, and facilities comparable to each course, service, and facility offered in or through such schools.

§ 17.425 Counseling and use of appraisal and counseling materials.

(a) *Counseling.* A recipient shall not discriminate against any person on the basis of sex in the counseling or guidance of students or applicants for admission.

(b) *Use of appraisal and counseling materials.* A recipient that uses testing or other materials for appraising or counseling students shall not use different materials for students on the basis of their sex or use materials that permit or require different treatment of students on such basis unless such different materials cover the same occupations and interest areas and the use of such different materials is shown to be essential to eliminate sex bias. Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis

§ 17.430

of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.

(c) *Disproportion in classes.* Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one sex, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination on the basis of sex in counseling or appraisal materials or by counselors.

§ 17.430 Financial assistance.

(a) *General.* Except as provided in paragraphs (b) and (c) of this section, in providing financial assistance to any of its students, a recipient shall not:

(1) On the basis of sex, provide different amounts or types of such assistance, limit eligibility for such assistance that is of any particular type or source, apply different criteria, or otherwise discriminate;

(2) Through solicitation, listing, approval, provision of facilities, or other services, assist any foundation, trust, agency, organization, or person that provides assistance to any of such recipient's students in a manner that discriminates on the basis of sex; or

(3) Apply any rule or assist in application of any rule concerning eligibility for such assistance that treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) *Financial aid established by certain legal instruments.* (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of a foreign government that require that awards be made to members of a particular sex specified therein; Provided, that the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial

6 CFR Ch. I (1–1–23 Edition)

assistance does not discriminate on the basis of sex.

(2) To ensure nondiscriminatory awards of assistance as required in paragraph (b)(1) of this section, recipients shall develop and use procedures under which:

(i) Students are selected for award of financial assistance on the basis of nondiscriminatory criteria and not on the basis of availability of funds restricted to members of a particular sex.

(ii) An appropriate sex-restricted scholarship, fellowship, or other form of financial assistance is allocated to each student selected under paragraph (b)(2)(i) of this section; and

(iii) No student is denied the award for which he or she was selected under paragraph (b)(2)(i) of this section because of the absence of a scholarship, fellowship, or other form of financial assistance designated for a member of that student's sex.

(c) *Athletic scholarships.* (1) To the extent that a recipient awards athletic scholarships or grants-in-aid, it must provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.

(2) A recipient may provide separate athletic scholarships or grants-in-aid for members of each sex as part of separate athletic teams for members of each sex to the extent consistent with this paragraph (c) and § 17.450.

§ 17.435 Employment assistance to students.

(a) *Assistance by recipient in making available outside employment.* A recipient that assists any agency, organization, or person in making employment available to any of its students:

(1) Shall assure itself that such employment is made available without discrimination on the basis of sex; and

(2) Shall not render such services to any agency, organization, or person that discriminates on the basis of sex in its employment practices.

(b) *Employment of students by recipients.* A recipient that employs any of its students shall not do so in a manner that violates §§ 17.500 through 17.550.

§ 17.440 Health and insurance benefits and services.

Subject to §17.235(d), in providing a medical, hospital, accident, or life insurance benefit, service, policy, or plan to any of its students, a recipient shall not discriminate on the basis of sex, or provide such benefit, service, policy, or plan in a manner that would violate §§17.500 through 17.550 if it were provided to employees of the recipient. This section shall not prohibit a recipient from providing any benefit or service that may be used by a different proportion of students of one sex than of the other, including family planning services. However, any recipient that provides full coverage health service shall provide gynecological care.

§ 17.445 Marital or parental status.

(a) *Status generally.* A recipient shall not apply any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex.

(b) *Pregnancy and related conditions.* (1) A recipient shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extra-curricular activity, on the basis of such student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom, unless the student requests voluntarily to participate in a separate portion of the program or activity of the recipient.

(2) A recipient may require such a student to obtain the certification of a physician that the student is physically and emotionally able to continue participation as long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

(3) A recipient that operates a portion of its education program or activity separately for pregnant students, admittance to which is completely voluntary on the part of the student as provided in paragraph (b)(1) of this section, shall ensure that the separate portion is comparable to that offered to non-pregnant students.

(4) Subject to §17.235(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom in the same

manner and under the same policies as any other temporary disability with respect to any medical or hospital benefit, service, plan, or policy that such recipient administers, operates, offers, or participates in with respect to students admitted to the recipient's educational program or activity.

(5) In the case of a recipient that does not maintain a leave policy for its students, or in the case of a student who does not otherwise qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence for as long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status that she held when the leave began.

§ 17.450 Athletics.

(a) *General.* No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person, or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.

(b) *Separate teams.* Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try out for the team offered unless the sport involved is a contact sport. For the purposes of these Title IX regulations, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

§ 17.455

(c) *Equal opportunity.* (1) A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available, the designated agency official will consider, among other factors:

- (i) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;
- (ii) The provision of equipment and supplies;
- (iii) Scheduling of games and practice time;
- (iv) Travel and per diem allowance;
- (v) Opportunity to receive coaching and academic tutoring;
- (vi) Assignment and compensation of coaches and tutors;
- (vii) Provision of locker rooms, practice, and competitive facilities;
- (viii) Provision of medical and training facilities and services;
- (ix) Provision of housing and dining facilities and services; and
- (x) Publicity.

(2) For purposes of paragraph (c)(1) of this section, unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams if a recipient operates or sponsors separate teams will not constitute noncompliance with this section, but the designated agency official may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.

(d) *Adjustment period.* A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the elementary school level shall comply fully with this section as expeditiously as possible but in no event later than one year from March 6, 2003. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the secondary or postsecondary school level shall comply fully with this section as expeditiously as possible but in no event later than three years from March 6, 2003.

§ 17.500 Employment.

(a) *General.* (1) No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, or recruitment, consideration, or selection therefore, whether full-time or part-time, under any education program or activity operated by a recipient that receives Federal financial assistance.

(2) A recipient shall make all employment decisions in any education program or activity operated by such recipient in a nondiscriminatory manner and shall not limit, segregate, or classify applicants or employees in any way that could adversely affect any applicant's or employee's employment opportunities or status because of sex.

(3) A recipient shall not enter into any contractual or other relationship which directly or indirectly has the effect of subjecting employees or students to discrimination prohibited by §§17.500 through 17.550, including relationships with employment and referral agencies, with labor unions, and with organizations providing or administering fringe benefits to employees of the recipient.

(4) A recipient shall not grant preferences to applicants for employment on the basis of attendance at any educational institution or entity that admits as students only or predominantly members of one sex, if the giving of such preferences has the effect of discriminating on the basis of sex in violation of these Title IX regulations.

(b) *Application.* Sections 17.500 through 17.550 apply to:

- (1) Recruitment, advertising, and the process of application for employment;

(2) Hiring, upgrading, promotion, consideration for and award of tenure, demotion, transfer, layoff, termination, application of nepotism policies, right of return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation, and changes in compensation;

(4) Job assignments, classifications, and structure, including position descriptions, lines of progression, and seniority lists;

(5) The terms of any collective bargaining agreement;

(7) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(8) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, selection for tuition assistance, selection for sabbaticals and leaves of absence to pursue training;

(9) Employer-sponsored activities, including social or recreational programs; and

(10) Any other term, condition, or privilege of employment.

§ 17.505 Employment criteria.

A recipient shall not administer or operate any test or other criterion for any employment opportunity that has a disproportionately adverse effect on persons on the basis of sex unless:

(a) Use of such test or other criterion is shown to predict validly successful performance in the position in question; and

(b) Alternative tests or criteria for such purpose, which do not have such disproportionately adverse effect, are shown to be unavailable.

§ 17.510 Recruitment.

(a) *Nondiscriminatory recruitment and hiring.* A recipient shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where a recipient has been found to be presently discriminating on the basis of sex

in the recruitment or hiring of employees, or has been found to have so discriminated in the past, the recipient shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.

(b) *Recruitment patterns.* A recipient shall not recruit primarily or exclusively at entities that furnish as applicants only or predominantly members of one sex if such actions have the effect of discriminating on the basis of sex in violation of §§17.500 through 17.550.

§ 17.515 Compensation.

A recipient shall not make or enforce any policy or practice that, on the basis of sex:

(a) Makes distinctions in rates of pay or other compensation;

(b) Results in the payment of wages to employees of one sex at a rate less than that paid to employees of the opposite sex for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and that are performed under similar working conditions.

§ 17.520 Job classification and structure.

A recipient shall not:

(a) Classify a job as being for males or for females;

(b) Maintain or establish separate lines of progression, seniority lists, career ladders, or tenure systems based on sex; or

(c) Maintain or establish separate lines of progression, seniority systems, career ladders, or tenure systems for similar jobs, position descriptions, or job requirements that classify persons on the basis of sex, unless sex is a bona fide occupational qualification for the positions in question as set forth in §17.550.

§ 17.525 Fringe benefits.

(a) *“Fringe benefits” defined.* For purposes of these Title IX regulations, the term fringe benefits means any medical, hospital, accident, life insurance, or retirement benefit, service, policy or plan, any profit-sharing or bonus plan, leave, and any other benefit or service

§ 17.530

6 CFR Ch. I (1–1–23 Edition)

of employment not subject to the provisions of § 17.515.

(b) *Prohibitions.* A recipient shall not:

(1) Discriminate on the basis of sex with regard to making fringe benefits available to employees or make fringe benefits available to spouses, families, or dependents of employees differently upon the basis of the employee's sex;

(2) Administer, operate, offer, or participate in a fringe benefit plan that does not provide for equal periodic benefits for members of each sex and for equal contributions to the plan by such recipient for members of each sex; or

(3) Administer, operate, offer, or participate in a pension or retirement plan that establishes different optional or compulsory retirement ages based on sex or that otherwise discriminates in benefits on the basis of sex.

§ 17.530 Marital or parental status.

(a) *General.* A recipient shall not apply any policy or take any employment action:

(1) Concerning the potential marital, parental, or family status of an employee or applicant for employment that treats persons differently on the basis of sex; or

(2) Which is based upon whether an employee or applicant for employment is the head of household or principal wage earner in such employee's or applicant's family unit.

(b) *Pregnancy.* A recipient shall not discriminate against or exclude from employment any employee or applicant for employment on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

(c) *Pregnancy as a temporary disability.* Subject to § 17.235(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, recovery therefrom, and any temporary disability resulting therefrom as any other temporary disability for all job-related purposes, including commencement, duration, and extensions of leave, payment of disability income, accrual of seniority and any other benefit or service, and reinstatement, and under any fringe benefit offered to employees by virtue of employment.

(d) *Pregnancy leave.* In the case of a recipient that does not maintain a

leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status that she held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.

§ 17.535 Effect of state or local law or other requirements.

(a) *Prohibitory requirements.* The obligation to comply with §§ 17.500 through 17.550 is not obviated or alleviated by the existence of any State or local law or other requirement that imposes prohibitions or limits upon employment of members of one sex that are not imposed upon members of the other sex.

(b) *Benefits.* A recipient that provides any compensation, service, or benefit to members of one sex pursuant to a State or local law or other requirement shall provide the same compensation, service, or benefit to members of the other sex.

§ 17.540 Advertising.

§ 17.545 Pre-employment inquiries.

(a) *Marital status.* A recipient shall not make pre-employment inquiry as to the marital status of an applicant for employment, including whether such applicant is "Miss" or "Mrs."

(b) *Sex.* A recipient may make pre-employment inquiry as to the sex of an applicant for employment, but only if such inquiry is made equally of such applicants of both sexes and if the results of such inquiry are not used in connection with discrimination prohibited by these Title IX regulations.

§ 17.550 Sex as a bona fide occupational qualification.

A recipient may take action otherwise prohibited by §§ 17.500 through 17.550 provided it is shown that sex is a bona fide occupational qualification for that action, such that consideration of sex with regard to such action is essential to successful operation of the employment function concerned. A recipient shall not take action pursuant to this section that is based upon alleged comparative employment characteristics or stereotyped characterizations of one or the other sex, or upon preference based on sex of the recipient, employees, students, or other persons, but nothing contained in this section shall prevent a recipient from considering an employee's sex in relation to employment in a locker room or toilet facility used only by members of one sex.

Subpart F—Procedures**§ 17.600 Notice of covered programs.**

Within 60 days of March 6, 2003, each component of the Department that awards Federal financial assistance shall publish in the FEDERAL REGISTER a notice of the programs covered by these Title IX regulations. Copies of this notice also shall be made available upon request to the Department's office that enforces Title IX.

§ 17.605 Enforcement procedures.

The investigative, compliance, and enforcement procedural provisions of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) ("Title VI") are hereby adopted and applied to these Title IX regulations. These procedures may be found at 6 CFR part 21.

§ 17.635 Forms and instructions; coordination.

(a) *Forms and instructions.* The designated agency official shall issue and promptly make available to interested persons forms and detailed instructions and procedures for effectuating these Title IX regulations.

Any action taken, determination made, or requirement imposed by an official of another department or agency acting pursuant to an assignment of responsibility under this section shall have the same effect as though such action had been taken by the designated official of this Department.

§ 19.1

6 CFR Ch. I (1–1–23 Edition)

SOURCE: 81 FR 19410, Apr. 4, 2016, unless otherwise noted.

§ 19.1 Purpose.

It is the policy of the Department of Homeland Security (DHS) to ensure the equal treatment of faith-based organizations in social service programs administered or supported by DHS or its component agencies, enabling those organizations to participate in providing important social services to beneficiaries. The equal treatment policies and requirements contained in this part are generally applicable to faith-based organizations participating or seeking to participate in any such programs. More specific policies and requirements regarding the participation of faith-based organizations in individual programs may be provided in the statutes, regulations, or guidance governing those programs, such as regulations in title 44 of the Code of Federal Regulations. DHS or its components may issue policy guidance and reference materials at a future time with respect to the applicability of this policy and this part to particular programs.

§ 19.2 Definitions.

For purposes of this part:

Beneficiary means an individual recipient of goods or services provided as part of a social service program specifically supported by Federal financial assistance. “Beneficiary” does not mean an individual who may incidentally benefit from Federal financial assistance provided to a State, local, or Tribal government, or a private non-profit organization. Except where expressly noted or where inapplicable, “beneficiary” includes a prospective beneficiary.

Direct Federal financial assistance or *Federal financial assistance provided directly* means financial assistance received by an entity selected by the Government or an intermediary (under this part) to carry out a service (e.g., by contract, grant, or cooperative agreement). References to “Federal financial assistance” will be deemed to be references to direct Federal financial assistance, unless the referenced assistance meets the definition of “indirect Federal financial assistance” or

“Federal financial assistance provided indirectly”.

Explicitly religious activities include activities that involve overt religious content such as worship, religious instruction, or proselytization. An activity is not explicitly religious merely because it is motivated by religious faith.

Financial assistance means assistance that non-Federal entities receive or administer in the form of grants, subgrants, contracts, subcontracts, prime awards, loans, loan guarantees, property, cooperative agreements, food, direct appropriations, or other assistance, including materiel for emergency response and incident management. Financial assistance includes assistance provided by DHS, its component organizations, regional offices, and DHS financial assistance administered by intermediaries such as State, local, and Tribal governments, such as formula or block grants. Financial assistance does not include a tax credit, deduction, exemption, guaranty contract, or the use of any assistance by any individual who is the ultimate beneficiary under any such program.

Indirect Federal financial assistance or *Federal financial assistance provided indirectly* means financial assistance received by a service provider when the service provider is paid for services rendered by means of a voucher, certificate, or other means of government-funded payment provided to a beneficiary who is able to make a choice of a service provider. Federal financial assistance provided to an organization is considered “indirect” when:

(1) The government program through which the beneficiary receives the voucher, certificate, or other similar means of government-funded payment is neutral toward religion; and

(2) The organization receives the assistance as a result of a genuine, independent choice of the beneficiary.

Intermediary means an entity, including a non-governmental organization, acting under a contract, grant, or other agreement with the Federal government or with a State or local government, that accepts Federal financial assistance and distributes that assistance to other organizations that, in turn, provide government-funded social

services. If an intermediary, acting under a contract, grant, or other agreement with the Federal government or with a State or local government that is administering a program supported by Federal financial assistance, is given the authority under the contract, grant, or agreement to select non-governmental organizations to provide services supported by the Federal government, the intermediary must ensure compliance with the provisions of Executive Order 13559 and any implementing rules or guidance by the recipient of a contract, grant or agreement. If the intermediary is a non-governmental organization, it retains all other rights of a non-governmental organization under the program's statutory and regulatory provisions.

Religious exercise has the meaning given to the term in 42 U.S.C. 2000cc-5(7)(A).

Social service program means a program that is administered by the Federal government, or by a State or local government using Federal financial assistance, and that provides services directed at reducing poverty, improving opportunities for low-income children, revitalizing low-income communities, empowering low-income families and low-income individuals to become self-sufficient, or otherwise helping people in need. Such programs include, but are not limited to, the following:

(1) Child care services, protective services for children and adults, services for children and adults in foster care, adoption services, services related to the management and maintenance of the home, day care services for adults, and services to meet the special needs of children, older individuals, and individuals with disabilities (including physical, mental, or emotional disabilities);

(2) Transportation services;

(3) Job training and related services, and employment services;

(4) Information, referral, and counseling services;

(5) The preparation and delivery of meals and services related to soup kitchens or food banks;

(6) Health support services;

(7) Literacy and mentoring programs;

(8) Services for the prevention and treatment of juvenile delinquency and

substance abuse, services for the prevention of crime and the provision of assistance to the victims and the families of criminal offenders, and services related to intervention in, and prevention of, domestic violence; and

(9) Services related to the provision of assistance for housing under Federal law.

[81 FR 19410, Apr. 4, 2016, as amended at 85 FR 82130, Dec. 17, 2020]

§ 19.3 Equal ability for faith-based organizations to seek and receive financial assistance through DHS social service programs.

(a) Faith-based organizations are eligible, on the same basis as any other organization and considering any religious accommodations appropriate under the Constitution or other provisions of Federal law, including but not limited to 42 U.S.C. 2000bb *et seq.*, 42 U.S.C. 238n, 42 U.S.C. 18113, 42 U.S.C. 2000e-1(a) and 2000e-2(e), 42 U.S.C. 12113(d), and the Weldon Amendment, to seek and receive direct financial assistance from DHS for social service programs or to participate in social service programs administered or financed by DHS.

(b) Neither DHS, nor a State or local government, nor any other entity that administers any social service program supported by direct financial assistance from DHS, shall discriminate for or against an organization on the basis of the organization's religious motivation, character, affiliation, or exercise. For purposes of this part, to discriminate against an organization on the basis of the organization's religious exercise means to disfavor an organization, including by failing to select an organization, disqualifying an organization, or imposing any condition or selection criterion that otherwise disfavors or penalizes an organization in the selection process or has such an effect:

(1) Because of conduct that would not be considered grounds to disfavor a secular organization,

(2) Because of conduct that must or could be granted an appropriate accommodation in a manner consistent with RFRA (42 U.S.C. 2000bb through 2000bb-4) or the Religion Clauses of the First Amendment to the Constitution; or

(3) Because of the actual or suspected religious motivation of the organization's religious exercise.

(c) Decisions about awards of Federal financial assistance must be free from political interference or even the appearance of such interference and must be made on the basis of merit, not on the basis of religion or religious belief or lack thereof, or on the basis of religious or political affiliation.

(d) Nothing in this part shall be construed to preclude DHS or any of its components from accommodating religious organizations and persons to the fullest extent consistent with the Constitution and laws of the United States.

(e) All organizations that participate in DHS social service programs, including faith-based organizations, must carry out eligible activities in accordance with all program requirements, subject to any reasonable religious accommodation, and other applicable requirements governing the conduct of DHS-funded activities, including those prohibiting the use of direct financial assistance from DHS to engage in explicitly religious activities. No grant document, agreement, covenant, memorandum of understanding, policy, or regulation that is used by DHS or an intermediary in administering financial assistance from DHS shall disqualify a faith-based organization from participating in DHS's social service programs because such organization is motivated or influenced by religious faith to provide social services or because of its religious character or affiliation, or on grounds that discriminate against an organization on the basis of the organization's religious exercise, as defined in this part.

(f) No grant document, agreement, covenant, memorandum of understanding, policy, or regulation used by DHS or an intermediary in administering financial assistance from DHS shall require faith-based organizations to provide assurances or notices where they are not required of non-faith-based organizations. Any restrictions on the use of grant funds shall apply equally to faith-based and non-faith-based organizations.

[81 FR 19410, Apr. 4, 2016, as amended at 85 FR 82130, Dec. 17, 2020]

§ 19.4 Explicitly religious activities.

(a) Organizations that receive direct financial assistance from DHS to participate in or administer any social service program may not use direct Federal financial assistance that it receives (including through a prime or sub-award) to support or engage in any explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization) or in any other manner prohibited by law.

(b) Organizations receiving direct financial assistance from DHS for social service programs are free to engage in explicitly religious activities, but such activities must be offered separately, in time or location, from the programs or services funded with direct financial assistance from DHS, and participation must be voluntary for beneficiaries of the programs or services funded with such assistance.

(c) All organizations that participate in DHS social service programs, including faith-based organizations, must carry out eligible activities in accordance with all program requirements, subject to any religious accommodations appropriate under the Constitution or other provisions of Federal law, including but not limited to 42 U.S.C. 2000bb *et seq.*, 42 U.S.C. 238n, 42 U.S.C. 18113, 42 U.S.C. 2000e–1(a) and 2000e–2(e), 42 U.S.C. 12113(d), and the Weldon Amendment, and in accordance with all other applicable requirements governing the conduct of DHS-funded activities, including those prohibiting the use of direct financial assistance from DHS to engage in explicitly religious activities. No grant document, agreement, covenant, memorandum of understanding, policy, or regulation that is used by DHS or a State or local government in administering financial assistance from DHS shall disqualify a faith-based organization from participating in DHS's social service programs because such organization is motivated or influenced by religious faith to provide social services or because of its religious character or affiliation, or on grounds that discriminate against an organization on the basis of the organization's religious exercise, as defined in this part.

(d) The use of indirect Federal financial assistance is not subject to the restriction in paragraphs (a), (b), and (c) of this section.

(e) Nothing in this part restricts DHS's authority under applicable federal law to fund activities, such as the provision of chaplaincy services, that can be directly funded by the Government consistent with the Establishment Clause.

[81 FR 19410, Apr. 4, 2016, as amended at 85 FR 82131, Dec. 17, 2020]

§ 19.5 Nondiscrimination requirements.

An organization that receives financial assistance from DHS for a social service program shall not, in providing services or in outreach activities related to such services, favor or discriminate against a beneficiary of said program or activity on the basis of religion or religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice. Organizations that favor or discriminate against a beneficiary will be subject to applicable sanctions and penalties, as established by the requirements of the particular DHS social service program or activity. However, an organization that participates in a program funded by indirect financial assistance need not modify its program activities to accommodate a beneficiary who chooses to expend the indirect aid on the organization's program and may require attendance at all activities that are fundamental to the program.

[81 FR 19410, Apr. 4, 2016, as amended at 85 FR 82131, Dec. 17, 2020]

§ 19.6 How to prove nonprofit status.

In general, DHS does not require that a recipient, including a faith-based organization, obtain tax-exempt status under section 501(c)(3) of the Internal Revenue Code to be eligible for funding under DHS social service programs. Many grant programs, however, do require an organization to be a nonprofit organization in order to be eligible for funding. Funding announcements and other grant application solicitations for social service programs that require organizations to have nonprofit status

will specifically so indicate in the eligibility section of the solicitation. In addition, any solicitation for social service programs that requires an organization to maintain tax-exempt status will expressly state the statutory authority for requiring such status. Recipients should consult with the appropriate DHS program office to determine the scope of any applicable requirements. In DHS social service programs in which an applicant for funding must show that it is a nonprofit organization, the applicant may do so by any of the following means:

(a) Proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code;

(b) A statement from a State or other governmental taxing body or the State secretary of State certifying that:

(1) The organization is a nonprofit organization operating within the State; and

(2) No part of its net earnings may benefit any private shareholder or individual;

(c) A certified copy of the applicant's certificate of incorporation or similar document that clearly establishes the nonprofit status of the applicant;

(d) Any item described in paragraphs (a) through (c) of this section if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate; or

(e) For an entity that holds a sincerely held religious belief that it cannot apply for a determination as an entity that is tax-exempt under section 501(c)(3) of the Internal Revenue Code, evidence sufficient to establish that the entity would otherwise qualify as a nonprofit organization under paragraphs (a) through (d) of this section.

§ 19.7 [Reserved]

§ 19.8 Independence of faith-based organizations.

(a) A faith-based organization that applies for, or participates in, a social

service program supported with Federal financial assistance will retain its autonomy; right of expression; religious character; authority over its governance; and independence from Federal, State, and local governments; and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct Federal financial assistance contrary to § 19.4.

(b) Faith-based organizations may use space in their facilities to provide social services using financial assistance from DHS without removing, concealing, or altering religious articles, texts, art, or symbols.

(c) A faith-based organization using financial assistance from DHS for social service programs retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on the basis of their acceptance of or adherence to the religious tenets of the organization, and include religious references in its organization's mission statements and other governing documents.

[85 FR 82131, Dec. 17, 2020]

§ 19.9 Exemption from Title VII employment discrimination requirements.

(a) A faith-based organization's exemption, set forth in section 702(a) of the Civil Rights Act of 1964 (42 U.S.C. 2000e-1), from the Federal prohibition on employment discrimination on the basis of religion is not forfeited when the organization seeks or receives financial assistance from DHS for a social service program or otherwise participates in a DHS program.

(b) Where a DHS program contains independent statutory or regulatory provisions that impose nondiscrimination requirements on all grantees, those provisions are not waived or mitigated by this part. Accordingly, grantees should consult with the appropriate DHS program office to determine the scope of any applicable requirements.

6 CFR Ch. I (1–1–23 Edition)

§ 19.10 Commingling of Federal assistance.

(a) If a State, local, or Tribal government voluntarily contributes its own funds to supplement Federally supported activities, the State, local, or Tribal government has the option to segregate the Federal assistance or commingle it.

(b) If the State, local, or Tribal government chooses to commingle its own and Federal funds, the requirements of this part apply to all of the commingled funds.

(c) If a State, local, or Tribal government is required to contribute matching funds to supplement a Federally supported activity, the matching funds are considered commingled with the Federal assistance and therefore subject to the requirements of this part.

§ 19.11 Nondiscrimination among faith-based organizations.

Neither DHS nor any State or local government or other intermediary receiving funds under any DHS social service program shall construe these provisions in such a way as to advantage or disadvantage faith-based organizations affiliated with historic or well-established religions or sects in comparison with other religions or sects.

APPENDIX A TO PART 19—NOTICE OR ANNOUNCEMENT OF AWARD.

(a) Faith-based organizations may apply for this award on the same basis as any other organization, as set forth at and subject to the protections and requirements of this part and 42 U.S.C. 2000bb *et seq.* DHS will not, in the selection of recipients, discriminate against an organization on the basis of the organization's religious character, affiliation, or exercise.

(b) A faith-based organization that participates in this program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law, including the Free Speech and Free Exercise Clauses of the Constitution, 42 U.S.C. 2000bb *et seq.*, 42 U.S.C. 238n, 42 U.S.C. 18113, 42 U.S.C. 2000e-1(a) and 2000e-2(e), 42 U.S.C. 12113(d), and the Weldon Amendment, among others. Religious accommodations may also be sought under many of these religious freedom and conscience protection laws.

(c) A faith-based organization may not use direct financial assistance from DHS to support or engage in any explicitly religious activities except where consistent with the Establishment Clause and any other applicable requirements. Such an organization also may not, in providing services funded by DHS, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

APPENDIX B TO PART 21—ACTIVITIES TO WHICH THIS PART APPLIES WHEN A PRIMARY OBJECTIVE OF THE FEDERAL FINANCIAL ASSISTANCE IS TO PROVIDE EMPLOYMENT

AUTHORITY: 5 U.S.C. 310, 42 U.S.C. 2000d-2000d-7.

SOURCE: 68 FR 10904, Mar. 6, 2003, unless otherwise noted.

§ 21.1 Purpose.

The purpose of this part is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (the Act) to the end that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the Department of Homeland Security. The provisions established by this part shall be effective for all components of the Department, including all Department components that are transferred to the Department, except to the extent that a Department component already has existing title VI regulations.

§ 21.3 Application.

(a) This part applies to any program for which Federal financial assistance is authorized under a law administered by the Department, including the types of Federal financial assistance listed in appendix A to this part. It also applies to money paid, property transferred, or other Federal financial assistance extended after the effective date of this part pursuant to an application approved before that effective date. This part does not apply to:

(1) Any Federal financial assistance by way of insurance or guaranty contracts;

(2) Money paid, property transferred, or other assistance extended before the effective date of this part, except where such assistance was subject to the title VI regulations of any agency whose responsibilities are now exercised by this Department;

§ 21.4

6 CFR Ch. I (1–1–23 Edition)

(3) Any assistance to any individual who is the ultimate beneficiary; or

(4) Any employment practice, under any such program, of any employer, employment agency, or labor organization, except to the extent described in § 21.5(c). The fact that a type of Federal financial assistance is not listed in appendix A to this part shall not mean, if title VI of the Act is otherwise applicable, that a program is not covered. Other types of Federal financial assistance under statutes now in force or hereinafter enacted may be added to appendix A to this part.

(b) In any program receiving Federal financial assistance in the form, or for the acquisition, of real property or an interest in real property, to the extent that rights to space on, over, or under any such property are included as part of the program receiving that assistance, the nondiscrimination requirement of this part shall extend to any facility located wholly or in part in that space.

(g) *Secretary* means the Secretary of the Department of Homeland Security or, except in § 21.17(e), any delegatee of the Secretary.

§ 21.5 Discrimination prohibited.

(a) *General.* No person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under, any program to which this part applies.

(b) *Specific discriminatory actions prohibited.* (1) A recipient to which this part applies may not, directly or through contractual or other arrangements, on the grounds of race, color, or national origin:

(i) Deny a person any service, financial aid, or other benefit provided under the program;

(ii) Provide any service, financial aid, or other benefit to a person which is different, or is provided in a different manner, from that provided to others under the program;

(iii) Subject a person to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict a person in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat a person differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition which persons must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny a person an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity to do so which is different from that afforded others under the program; or

(vii) Deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of person to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of persons to be afforded an opportunity to participate in any such program; may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting persons to discrimination because of their race, color, or national origin or have the effect of defeating or substantially impairing accomplishment of the objectives of the program with respect to individuals of a particular race, color, or national origin.

(3) In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this part.

(4) As used in this section the services, financial aid, or other benefits provided under a program receiving Federal financial assistance include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(5) The enumeration of specific forms of prohibited discrimination in this paragraph does not limit the generality of the prohibition in paragraph (a) of this section.

§ 21.7

6 CFR Ch. I (1–1–23 Edition)

(6) This part does not prohibit the consideration of race, color, or national origin if the purpose and effect are to remove or overcome the consequences of practices or impediments which have restricted the availability of, or participation in, the program or activity receiving Federal financial assistance, on the grounds of race, color, or national origin. Where prior discriminatory practice or usage tends, on the grounds of race, color, or national origin to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which this part applies, the applicant or recipient must take affirmative action to remove or overcome the effects of the prior discriminatory practice or usage. Even in the absence of prior discriminatory practice or usage, a recipient in administering a program or activity to which this part applies, may take affirmative action to assure that no person is excluded from participation in or denied the benefits of the program or activity on the grounds of race, color, or national origin.

(c) *Employment practices.* (1) Where a primary objective of the Federal financial assistance to a program to which this part applies is to provide employment, a recipient subject to this part shall not, directly or through contractual or other arrangements, subject a person to discrimination on the ground of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising, hiring, firing, upgrading, promotion, demotion, transfer, layoff, termination, rates of pay or other forms of compensation or benefits, selection for training or apprenticeship, and use of facilities). Such recipient shall take affirmative action to insure that applicants are employed, and employees are treated during employment, without regard to their race, color, or national origin. The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Part III of Executive Order 11246 or any Executive order which supersedes it.

(2) Federal financial assistance to programs under laws funded or admin-

istered by the Department which have as a primary objective the providing of employment include those set forth in appendix B to this part.

(3) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, deny them the benefits of, or subject them to discrimination under any program to which this regulation applies, the provisions of paragraph (c)(1) of this section shall apply to the employment practices of the recipient or other persons subject to the regulation, to the extent necessary to assure equality of opportunity to, and nondiscriminatory treatment of, beneficiaries.

(d) *Facility location or site.* A recipient may not make a selection of a site or location of a facility if the purpose of that selection, or its effect when made, is to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which this rule applies, on the grounds of race, color, or national origin; or if the purpose is to, or its effect when made will substantially impair the accomplishment of the objectives of this part.

§ 21.7 Assurances required.

(a) *General.* (1) Every application for Federal financial assistance to which this part applies, except an application to which paragraph (b) of this section applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by, an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. Every award of Federal financial assistance shall require the submission of such an assurance. In the case where the Federal financial assistance is to provide or is in the form of

personal property, or real property or interest therein or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. In all other cases the assurance shall obligate the recipient for the period during which Federal financial assistance is extended to the program. The Secretary shall specify the form of the foregoing assurances, and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, transferees, successors in interest, and other participants. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(2) In the case where Federal financial assistance is provided in the form of a transfer of real property, structures, or improvements thereon, or interest therein, from the Federal Government, the instrument effecting or recording the transfer shall contain a covenant running with the land assuring nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property or interest therein from the Federal Government is involved, but property is acquired or improved with Federal financial assistance, the recipient shall agree to include such covenant in any subsequent transfer of such property. When the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant where, in the discretion of the Secretary, such a condition and right of reverter is appropriate to the statute under which the real property is obtained and to the nature of the grant and the grantee. In such event if a

transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, the Secretary may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as he deems appropriate, to subordinate such right of reversion to the lien of such mortgage or other encumbrance.

(b) *Continuing Federal financial assistance.* Every application by a State or a State agency for continuing Federal financial assistance to which this part applies (including the types of Federal financial assistance listed in appendix A to this part) shall as a condition to its approval and the extension of any Federal financial assistance pursuant to the application:

(1) Contain or be accompanied by a statement that the program is (or, in the case of a new program, will be) conducted in compliance with all requirements imposed by or pursuant to this part; and

(2) Provide or be accompanied by provision for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that the applicant and all recipients of Federal financial assistance under such program will comply with all requirements imposed by or pursuant to this part.

(c) *Assurance from institutions.* (1) In the case of any application for Federal financial assistance to an institution of higher education (including assistance for construction, for research, for special training projects, for student loans or for any other purpose), the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students.

(2) The assurance required with respect to an institution of higher education, hospital, or any other institution, insofar as the assurance relates to the institution's practices with respect to admission or other treatment of individuals as students, patients, or clients of the institution or to the opportunity to participate in the provision

§ 21.9

of services or other benefits to such individuals, shall be applicable to the entire institution.

§ 21.9 Compliance information.

(a) *Cooperation and assistance.* The Secretary shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) *Compliance reports.* Each recipient shall keep such records and submit to the Secretary timely, complete, and accurate compliance reports at such times, and in such form and containing such information, as the Secretary may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In the case in which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part. In general, recipients should have available for the Secretary racial and ethnic data showing the extent to which members of minority groups are beneficiaries of programs receiving Federal financial assistance.

(c) *Access to sources of information.* Each recipient shall permit access by the Secretary during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution, or person and this agency, institution, or person fails or refuses to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) *Information to beneficiaries and participants.* Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program for which the recipient re-

6 CFR Ch. I (1–1–23 Edition)

ceives Federal financial assistance, and make such information available to them in such manner, as the Secretary finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 21.11 Conduct of investigations.

(a) *Periodic compliance reviews.* The Secretary shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) *Complaints.* Any person who believes that he or she, or any specific class of persons, has been subjected to discrimination prohibited by this part may by himself or herself, or by a representative, file with the Secretary a written complaint. A complaint must be filed not later than 180 days after the date of the alleged discrimination, unless the time for filing is extended by the Secretary.

(c) *Investigations.* The Secretary will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation will include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) *Resolution of matters.* (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the Secretary will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in § 21.13.

(2) If an investigation does not warrant action pursuant to paragraph (d)(1) of this section the Secretary will so inform the recipient and the complainant, if any, in writing.

(e) *Intimidatory or retaliatory acts prohibited.* No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any

right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§ 21.13 Procedure for effecting compliance.

(a) *General.* If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to:

(1) A referral to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking; and

(2) Any applicable proceeding under State or local law.

(b) *Noncompliance with § 21.7.* If an applicant fails or refuses to furnish an assurance required under § 21.7 or otherwise fails or refuses to comply with a requirement imposed by or pursuant to that section, Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Department shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph. However, subject to § 21.21, the Department shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application approved prior to the effective date of this part.

(c) *Termination of or refusal to grant or to continue Federal financial assistance.* (1) No order suspending, terminating,

or refusing to grant or continue Federal financial assistance shall become effective until:

(i) The Secretary has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means;

(ii) There has been an express finding on the record, after opportunity for hearing, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part;

(iii) The action has been approved by the Secretary pursuant to § 21.17(e); and

(iv) The expiration of 30 days after the Secretary has filed with the committee of the House and the committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action.

(2) Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) *Other means authorized by law.* No action to effect compliance with title VI of the Act by any other means authorized by law shall be taken by this Department until:

(1) The Secretary has determined that compliance cannot be secured by voluntary means;

(2) The recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance; and

(3) The expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days, additional efforts shall be made to persuade the recipient or other person to comply with the regulation and to take such corrective action as may be appropriate.

§ 21.15 Hearings.

(a) *Opportunity for hearing.* Whenever an opportunity for a hearing is required by § 21.13(c), reasonable notice shall be given by registered or certified

§21.15

6 CFR Ch. I (1–1–23 Edition)

mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either:

(1) Fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the Secretary that the matter be scheduled for hearing; or

(2) Advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this paragraph or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §21.13(c) and consent to the making of a decision on the basis of such information as is available.

(b) *Time and place of hearing.* Hearings shall be held at the offices of the Department in Washington, DC, at a time fixed by the Secretary unless he determines that the convenience of the applicant or recipient or of the Department requires that another place be selected. Hearings shall be held before the Secretary, or at his discretion, before a hearing examiner appointed in accordance with section 3105 of title 5, United States Code, or detailed under section 3344 of title 5, United States Code.

(c) *Right to counsel.* In all proceedings under this section, the applicant or recipient and the Department shall have the right to be represented by counsel.

(d) *Procedures, evidence, and record.* (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with sections 554 through 557 of title 5, United States Code, and in accordance with such rules of procedure as are proper (and not inconsistent with this section) re-

lating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Department and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence do not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) *Consolidated or joint hearings.* In cases in which the same or related facts are asserted to constitute noncompliance with this part with respect to two or more Federal statutes, authorities, or other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under title VI of the Act, the Secretary may, by agreement with such other departments or agencies, where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules or procedures not inconsistent with this part. Final decisions in such cases, insofar as this regulation is concerned, shall be made in accordance with §21.17.

§21.17 Decisions and notices.

(a) *Procedure on decisions by hearing examiner.* If the hearing is held by a hearing examiner, the hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including his recommended findings and proposed decision to the Secretary for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner the applicant or recipient may, within 30 days after the mailing of such notice of initial decision, file with the Secretary his exceptions to the initial decision, with his reasons therefor. In the absence of exceptions, the Secretary may, on his own motion, within 45 days after the initial decision, serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of notice of review, the Secretary shall review the initial decision and issue his own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall, subject to paragraph (e) of this section, constitute the final decision of the Secretary.

(b) *Decisions on record or review by the Secretary.* Whenever a record is certified to the Secretary for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever the Secretary conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him briefs or other written statements of its contentions, and a written copy of the final decision of the Secretary shall be sent to the applicant or recipient and to the complainant, if any.

(c) *Decisions on record where a hearing is waived.* Whenever a hearing is waived pursuant to §21.15, a decision shall be made by the Secretary on the record and a written copy of such decision shall be sent to the applicant or recipient, and to the complainant, if any.

(d) *Rulings required.* Each decision of a hearing examiner or the Secretary shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant

to this part with which it is found that the applicant or recipient has failed to comply.

(e) *Approval by Secretary.* Any final decision by an official of the Department, other than the Secretary personally, which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this part or the Act, shall promptly be transmitted to the Secretary personally, who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.

(f) *Content of orders.* The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, to which this regulation applies, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance to which this regulation applies will thereafter be extended to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the Secretary that it will fully comply with this part.

(g) *Post termination proceedings.* (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this part and provides reasonable assurance that it will fully comply with this part.

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the Secretary to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the Secretary determines that those

§ 21.19

6 CFR Ch. I (1–1–23 Edition)

requirements have been satisfied, he shall restore such eligibility.

(3) If the Secretary denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes such official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record in accordance with rules or procedures issued by the Secretary. The applicant or recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f) of this section shall remain in effect.

§ 21.19 Judicial review.

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§ 21.21 Effect on other regulations, forms, and instructions.

(a) *Effect on other regulations.* All regulations, orders, or like directions issued before the effective date of this part by any officer of the Department which impose requirements designed to prohibit any discrimination against individuals on the grounds of race, color, or national origin under any program to which this part applies, and which authorize the suspension or termination of or refusal to grant or to continue Federal financial assistance to any applicant for a recipient of such assistance for failure to comply with such requirements, are hereby superseded to the extent that such discrimination is prohibited by this part, except that nothing in this part may be considered to relieve any person of any obligation assumed or imposed under any such superseded regulation, order, instruction, or like direction before the effective date of this part. Nothing in this part, however, supersedes any of the following (including future amendments thereof):

(1) Executive Order 11246 (3 CFR, 1965 Supp., p. 167) and regulations issued thereunder; or

(2) Any other orders, regulations, or instructions, insofar as such orders, regulations, or instructions prohibit

discrimination on the ground of race, color, or national origin in any program or situation to which this part is inapplicable, or prohibit discrimination on any other ground.

(b) *Forms and instructions.* The Secretary shall issue and promptly make available to all interested persons forms and detailed instructions and procedures for effectuating this part as applied to programs to which this part applies and for which he is responsible.

(c) *Supervision and coordination.* The Secretary may from time to time assign to officials of the Department, or to officials of other departments or agencies of the Government with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of title VI of the Act and this part (other than responsibility for final decision as provided in § 21.17), including the achievement of effective coordination and maximum uniformity within the Department and within the Executive Branch of the Government in the application of title VI and this part to similar programs and in similar situations. Any action taken, determination made or requirement imposed by an official of another department or agency acting pursuant to an assignment of responsibility under this paragraph shall have the same effect as though such action had been taken by the Secretary of this Department.

APPENDIX A TO PART 21—ACTIVITIES TO WHICH THIS PART APPLIES

NOTE: Failure to list a type of Federal assistance in appendix A shall not mean, if title VI is otherwise applicable, that a program is not covered.

1. Lease of real property and the grant of permits, licenses, easements and rights-of-way covering real property under control of the U.S. Coast Guard (14 U.S.C. 93 (n) and (o)).

Design services, consulting services, engineering services, software development services, software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may be deemed a Technology under this part.

Under Secretary—The term “Under Secretary” means the Under Secretary for Science and Technology of the Department of Homeland Security.

§ 25.3 Delegation.

All of the Secretary’s responsibilities, powers, and functions under the SAFETY Act, except the authority to declare that an act is an Act of Terrorism for purposes of section 865(2) of the SAFETY Act, may be exercised by the Under Secretary for Science and Technology of the Department of Homeland Security or the Under Secretary’s designees.

§ 25.4 Designation of qualified anti-terrorism technologies.

(a) *General.* The Under Secretary may Designate as a Qualified Anti-Terrorism Technology for purposes of the protections under the system of litigation and risk management set forth in sections 441–444 of Title 6, United States Code, any qualifying Technology designed, developed, modified, provided or procured for the specific purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause.

(b) *Criteria to be Considered.* (1) In determining whether to issue the Designation under paragraph (a) of this section, the Under Secretary may exercise discretion and judgment in considering the following criteria and evaluating the Technology:

(i) Prior United States Government use or demonstrated substantial utility and effectiveness.

(ii) Availability of the Technology for immediate deployment in public and private settings.

(iii) Existence of extraordinarily large or extraordinarily unquantifiable potential third party liability risk exposure to the Seller or other provider of such anti-terrorism Technology.

(iv) Substantial likelihood that such anti-terrorism Technology will not be deployed unless protections under the system of risk management provided under sections 441–444 of title 6, United States Code, are extended.

(v) Magnitude of risk exposure to the public if such anti-terrorism Technology is not deployed.

(vi) Evaluation of all scientific studies that can be feasibly conducted in order to assess the capability of the Technology to substantially reduce risks of harm.

(vii) Anti-terrorism Technology that would be effective in facilitating the defense against acts of terrorism, including Technologies that prevent, defeat or respond to such acts.

(viii) A determination made by Federal, State, or local officials, that the Technology is appropriate for the purpose of preventing, detecting, identifying or deterring acts of terrorism or limiting the harm such acts might otherwise cause.

(ix) Any other factor that the Under Secretary may consider to be relevant to the determination or to the homeland security of the United States.

(2) The Under Secretary has discretion to give greater weight to some factors over others, and the relative weighting of the various criteria may vary depending upon the particular Technology at issue and the threats that the Technology is designed to address. The Under Secretary may, in his discretion, determine that failure to meet a particular criterion justifies denial of an application under the SAFETY Act. However, the Under Secretary is not required to reject an application that fails to meet one or more of the criteria. The Under Secretary may conclude, after considering all of the relevant criteria and any other relevant factors, that a particular Technology merits Designation as a Qualified Anti-Terrorism Technology even if one or more particular criteria are not satisfied. The Under Secretary’s considerations will take into account evolving threats and conditions that give rise to the need for the anti-terrorism Technologies.

(c) *Use of Standards.* From time to time, the Under Secretary may develop, issue, revise, adopt, and recommend technical standards for various categories or components of anti-terrorism Technologies (“Adopted Standards”). In the case of Adopted Standards that are developed by the Department or that the Department has the right or license to reproduce, the Department will make such standards available to the public consistent with necessary protection of sensitive homeland security information. In the case of Adopted Standards that the Department does not have the right or license to reproduce, the Directorate of Science and Technology will publish a list and summaries of such standards and may publish information regarding the sources for obtaining copies of such standards. Compliance with any Adopted Standard or other technical standards that are applicable to a particular anti-terrorism Technology may be considered in determining whether a Technology will be Designated pursuant to paragraph (a) of this section. Depending on whether an Adopted Standard otherwise meets the criteria set forth in section 862 of the Homeland Security Act; 6 U.S.C. 441, the Adopted Standard itself may be deemed a Technology that may be Designated as a Qualified Anti-Terrorism Technology.

(d) *Consideration of Substantial Equivalence.* In considering the criteria in paragraph (b) of this section, or evaluating whether a particular anti-terrorism Technology complies with any Adopted Standard referenced in paragraph (c) of this section, the Under Secretary may consider evidence that the Technology is substantially equivalent to other Technologies (“Predicate Technologies”) that previously have been Designated as Qualified Anti-Terrorism Technologies under the SAFETY Act. A Technology may be deemed to be substantially equivalent to a Predicate Technology if:

- (1) It has the same intended use as the Predicate Technology; and
- (2) It has the same or substantially similar performance or technological characteristics as the Predicate Technology.

(e) *Pre-Application Consultations.* To the extent that he deems it to be ap-

propriate, the Under Secretary may consult with prospective and current SAFETY Act applicants regarding their particular anti-terrorism Technologies. Prospective applicants may request such consultations through the Office of SAFETY Act Implementation. The confidentiality provisions in § 25.10 shall be applicable to such consultations.

(f) *Developmental Testing & Evaluation (DT&E) Designations.* With respect to any Technology that is being developed, tested, evaluated, modified or is otherwise being prepared for deployment for the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise cause, the Under Secretary may Designate such Technology as a Qualified Anti-Terrorism Technology and make such Technology eligible for the protections under the system of litigation and risk management set forth in sections 441–444 of title 6, United States Code. A Designation made pursuant to this paragraph shall be referred to as a “DT&E Designation,” and shall confer all of the rights, privileges and obligations that accompany Designations made pursuant to paragraph (a) of this section except as modified by the terms of this paragraph or the terms of the particular DT&E Designation. The intent of this paragraph is to make eligible for SAFETY Act protections qualifying Technologies that are undergoing testing and evaluation and that may need to be deployed in the field either for developmental testing and evaluation purposes or on an emergency basis, including during a period of heightened risk. DT&E Designations shall describe the subject Technology (in such detail as the Under Secretary deems to be appropriate); identify the Seller of the subject Technology; be limited to the period of time set forth in the applicable DT&E Designation, which in no instance shall exceed a reasonable period for testing or evaluating the Technology (presumptively not longer than 36 months); be terminable by the Under Secretary at any time upon notice to the Seller; be subject to the limitations on the use or deployment of the

QATT set forth in the DT&E Designation; and be subject to such other limitations as established by the Under Secretary. The protections associated with a DT&E Designation shall apply only during the period specified in the applicable DT&E Designation. Consent of the Seller of a QATT Designated pursuant to this paragraph will be a condition precedent to the establishment of any deployment or use condition and any other obligation established by the Under Secretary pursuant to this paragraph. Those seeking a DT&E Designation for a QATT pursuant to this paragraph (f) shall follow the procedures for DT&E Designations set forth in the SAFETY Act Application Kit.

§ 25.5 Obligations of seller.

(a) *Liability Insurance Required.* The Seller shall obtain liability insurance of such types and in such amounts as shall be required in the applicable Designation, which shall be the amounts and types certified by the Under Secretary to satisfy otherwise compensable third-party claims arising out of, relating to, or resulting from an Act of Terrorism when Qualified Anti-Terrorism Technologies have been deployed in defense against, response to, or recovery from, such act. The Under Secretary may request at any time that the Seller of a Qualified Anti-Terrorism Technology submit any information that would:

(1) Assist in determining the amount of liability insurance required; or

(2) Show that the Seller or any other provider of Qualified Anti-Terrorism Technology otherwise has met all of the requirements of this section.

(b) *Amount of Liability Insurance.* (1) The Under Secretary may determine the appropriate amounts and types of liability insurance that the Seller will be required to obtain and maintain based on criteria he may establish to satisfy compensable third-party claims arising from, relating to or resulting from an Act of Terrorism. In determining the amount of liability insurance required, the Under Secretary may consider any factor, including, but not limited to, the following:

(i) The particular Technology at issue;

(ii) The amount of liability insurance the Seller maintained prior to application;

(iii) The amount of liability insurance maintained by the Seller for other Technologies or for the Seller's business as a whole;

(iv) The amount of liability insurance typically maintained by Sellers of comparable Technologies;

(v) Information regarding the amount of liability insurance offered on the world market;

(vi) Data and history regarding mass casualty losses;

(vii) The intended use of the Technology; and

(viii) The possible effects of the cost of insurance on the price of the product, and the possible consequences thereof for development, production, or deployment of the Technology.

(2) In determining the appropriate amounts and types of insurance that a particular Seller is obligated to carry, the Under Secretary may not require any type of insurance or any amount of insurance that is not available on the world market, and may not require any type or amount of insurance that would unreasonably distort the sales price of the Seller's anti-terrorism Technology.

(c) *Scope of Coverage.* (1) Liability insurance required to be obtained pursuant to this section shall, in addition to the Seller, protect the following, to the extent of their potential liability for involvement in the manufacture, qualification, sale, use, or operation of Qualified Anti-Terrorism Technologies deployed in defense against, response to, or recovery from, an Act of Terrorism:

(i) Contractors, subcontractors, suppliers, vendors and customers of the Seller.

(ii) Contractors, subcontractors, suppliers, and vendors of the customer.

(2) Notwithstanding the foregoing, in appropriate instances the Under Secretary will specify in a particular Designation that, consistent with the Department's interpretation of the SAFETY Act, an action for the recovery of damages proximately caused by a Qualified Anti-Terrorism Technology that arises out of, relates to, or results from an Act of Terrorism may properly

be brought only against the Seller and, accordingly, the liability insurance required to be obtained pursuant to this section shall be required to protect only the Seller.

(d) *Third Party Claims.* To the extent available pursuant to the SAFETY Act, liability insurance required to be obtained pursuant to this section shall provide coverage against third party claims arising out of, relating to, or resulting from an Act of Terrorism when the applicable Qualified Anti-Terrorism Technologies have been deployed in defense against, response to, or recovery from such act.

(e) *Reciprocal Waiver of Claims.* The Seller shall enter into a reciprocal waiver of claims with its contractors, subcontractors, suppliers, vendors, and customers, and contractors and subcontractors of the customers, involved in the manufacture, sale, use, or operation of Qualified Anti-Terrorism Technologies, under which each party to the waiver agrees to be responsible for losses, including business interruption losses, that it sustains, or for losses sustained by its own employees resulting from an activity resulting from an Act of Terrorism when Qualified Anti-Terrorism Technologies have been deployed in defense against, response to, or recovery from such act. Notwithstanding the foregoing, provided that the Seller has used diligent efforts in good faith to obtain all required reciprocal waivers, obtaining such waivers shall not be a condition precedent or subsequent for, nor shall the failure to obtain one or more of such waivers adversely affect, the issuance, validity, effectiveness, duration, or applicability of a Designation or a Certification. Nothing in this paragraph (e) shall be interpreted to render the failure to obtain one or more of such waivers a condition precedent or subsequent for the issuance, validity, effectiveness, duration, or applicability of a Designation or a Certification.

(f) *Information to be Submitted by the Seller.* As part of any application for a Designation, the Seller shall provide all information that may be requested by the Under Secretary or his designee, regarding a Seller's liability insurance coverage applicable to third-party

claims arising out of, relating to, or resulting from an Act of Terrorism when the Seller's Qualified Anti-Terrorism Technology has been deployed in defense against, response to, or recovery from such act, including:

(1) Names of insurance companies, policy numbers, and expiration dates;

(2) A description of the types and nature of such insurance (including the extent to which the Seller is self-insured or intends to self-insure);

(3) Dollar limits per occurrence and annually of such insurance, including any applicable sublimits;

(4) Deductibles or self-insured retentions, if any, that are applicable;

(5) Any relevant exclusions from coverage under such policies or other factors that would affect the amount of insurance proceeds that would be available to satisfy third party claims arising out of, relating to, or resulting from an Act of Terrorism;

(6) The price for such insurance, if available, and the per-unit amount or percentage of such price directly related to liability coverage for the Seller's Qualified Anti-Terrorism Technology deployed in defense against, or response to, or recovery from an Act of Terrorism;

(7) Where applicable, whether the liability insurance, in addition to the Seller, protects contractors, subcontractors, suppliers, vendors and customers of the Seller and contractors, subcontractors, suppliers, vendors and customers of the customer to the extent of their potential liability for involvement in the manufacture, qualification, sale, use or operation of Qualified Anti-terrorism Technologies deployed in defense against, response to, or recovery from an Act of Terrorism; and

(8) Any limitations on such liability insurance.

(g) *Under Secretary's Certification.* For each Qualified Anti-Terrorism Technology, the Under Secretary shall certify the amount of liability insurance the Seller is required to carry pursuant to section 443(a) of title 6, United States Code, and paragraphs (a), (b), and (c) of this section. The Under Secretary shall include the insurance certification under this section as a part

of the applicable Designation. The insurance certification may specify a period of time for which such insurance certification will apply. The Seller of a Qualified Anti-Terrorism Technology may at any time petition the Under Secretary for a revision of the insurance certification under this section, and the Under Secretary may revise such insurance certification in response to such a petition. The Under Secretary may at any time request information from the Seller regarding the insurance carried by the Seller or the amount of insurance available to the Seller.

(h) *Seller's Continuing Obligations.* Within 30 days after the Under Secretary's insurance certification required by paragraph (g) of this section, the Seller shall certify to the Under Secretary in writing that the Seller has obtained the required insurance. Within 30 days of each anniversary of the issuance of a Designation or at any other time as he may determine, the Under Secretary may require, by written notice to the Seller, that the Seller certify to the Under Secretary in writing that the Seller has maintained the required insurance. The Under Secretary may terminate a Designation if the Seller fails to provide any of the insurance certifications required by this paragraph (h) or provides a false certification.

§ 25.6 Procedures for designation of qualified anti-terrorism technologies.

(a) *Application Procedure.* Any person, firm or other entity seeking a Designation shall submit an application to the Under Secretary or such other official as may be named from time to time by the Under Secretary. Such applications shall be submitted according to the procedures set forth in and using the appropriate forms contained in the SAFETY Act Application Kit prescribed by the Under Secretary, which shall be made available at <http://www.safetyact.gov> and by mail upon written request to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. The burden is on the applicant to make timely submission of all relevant data

requested in the SAFETY Act Application Kit to substantiate an application for Designation. An applicant may withdraw a submitted application at any time and for any reason by making a written request for withdrawal with the Department. Withdrawal of a SAFETY Act application shall have no prejudicial effect on any other application.

(b) *Initial Notification.* Within 30 days after receipt of an application for a Designation, the Under Secretary his designee shall notify the applicant in writing that:

(1) The application is complete and will be reviewed and evaluated, or

(2) That the application is incomplete, in which case the missing or incomplete parts will be specified.

(c) *Review Process.* (1) The Under Secretary or his designee will review each complete application and any included supporting materials. In performing this function, the Under Secretary or his designee may but is not required to:

(i) Request additional information from the Seller;

(ii) Meet with representatives of the Seller;

(iii) Consult with, and rely upon the expertise of, any other Federal or non-Federal entity;

(iv) Perform studies or analyses of the subject Technology or the insurance market for such Technology; and

(v) Seek information from insurers regarding the availability of insurance for such Technology.

(2) For Technologies with which a Federal, State, or local government agency already has substantial experience or data (through the procurement process or through prior use or review), the review may rely in part upon such prior experience and, thus, may be expedited. The Under Secretary may consider any scientific studies, testing, field studies, or other experience with the Technology that he deems appropriate and that are available or can be feasibly conducted or obtained, including test results produced by an independent laboratory or other entity engaged to test or verify the safety, utility, performance, in order to assess the effectiveness of the Technology or the capability of the Technology to substantially reduce risks of harm. Such

studies may, in the Under Secretary's discretion, include, without limitation:

- (i) Public source studies;
- (ii) Classified and otherwise confidential studies;
- (iii) Studies, tests, or other performance records or data provided by or available to the producer of the specific Technology; and
- (iv) Proprietary studies that are available to the Under Secretary.

(3) In considering whether or the extent to which it is feasible to defer a decision on a Designation until additional scientific studies can be conducted on a particular Technology, the Under Secretary will bring to bear his expertise concerning the protection of the security of the United States and will consider the urgency of the need for the Technology.

(d) *Action by the Under Secretary.* Within 90 days of notification to the Seller that an application for a Designation is complete in accordance with paragraph (b)(1) of this section, the Under Secretary shall take one of the following actions:

- (1) Approve the application and issue an appropriate Designation to the applicant for the Technology, which shall include the insurance certification required by § 25.5(h) of this part;
- (2) Notify the applicant in writing that the Technology is potentially eligible for a Designation, but that additional specified information is needed before a decision may be reached; or
- (3) Deny the application, and notify the applicant in writing of such decision. The Under Secretary may extend the 90-day time period for up to 45 days upon notice to the Seller. The Under Secretary is not required to provide a reason or cause for such extension. The Under Secretary's decision shall be final and not subject to review, except at the discretion of the Under Secretary.

(e) *Content of Designation.* (1) A Designation shall:

- (i) Describe the Qualified Anti-Terrorism Technology (in such detail as the Under Secretary deems to be appropriate);
- (ii) Identify the Seller(s) of the Qualified Anti-Terrorism Technology;
- (iii) Specify the earliest date of sale of the Qualified Anti-Terrorism Tech-

nology to which the Designation shall apply (which shall be determined by the Under Secretary in his discretion, and may be prior to, but shall not be later than, the effective date of the Designation);

(iv) Set forth the insurance certification required by § 25.5(g); and

(v) To the extent practicable, include such standards, specifications, requirements, performance criteria, limitations, or other information as the Department in its sole and unreviewable discretion may deem appropriate.

(2) The Designation may, but need not, specify other entities that are required to be covered by the liability insurance required to be purchased by the Seller. The failure to specify a covered person, firm, or other entity in a Designation will not preclude the application or applicability of the Act's protections to that person, firm, or other entity.

(f) *Term of Designation; Renewal.* A Designation shall be valid and effective for a term of five to eight years (as determined by the Under Secretary) commencing on the date of issuance, and the protections conferred by the Designation shall continue in full force and effect indefinitely to all sales of Qualified Anti-Terrorism Technologies covered by the Designation. At any time within two years prior to the expiration of the term of the Designation, the Seller may apply for renewal of the Designation. The Under Secretary shall make the application form for renewal available at <http://www.safetyact.gov> and by mail upon request sent to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528.

(g) *Government Procurements—(1) Overview.* The Under Secretary may coordinate the review of a Technology for SAFETY Act purposes in connection with a Federal, State, or local government agency procurement of an anti-terrorism Technology in any manner he deems appropriate consistent with the Act and other applicable law. A determination by the Under Secretary to issue a Designation, or not to issue a Designation for a particular Technology as a QATT is not a determination that the Technology meets, or

fails to meet, the requirements of any solicitation issued by any Federal government customer or non-Federal government customer. Determinations by the Under Secretary with respect to whether to issue a Designation for Technologies submitted for his review shall be based on the factors identified in § 25.4(b).

(2) *Procedure.* Any Federal, State, or local government agency that engages in or is planning to engage in the procurement of a Technology that potentially qualifies as a Qualified Anti-terrorism Technology, through the use of a solicitation of proposals or otherwise, may request that the Under Secretary issue a notice stating that the Technology to be procured either affirmatively or presumptively satisfies the technical criteria necessary to be deemed a Qualified Anti-Terrorism Technology (a “Pre-Qualification Designation Notice”). The Pre-Qualification Designation Notice will provide that the vendor(s) chosen to provide the Technology (the “Selected Vendor(s)”), upon submitting an application for SAFETY Act Designation will: Receive expedited review of their application for Designation; either affirmatively or presumptively (as the case may be) be deemed to have satisfied the technical criteria for SAFETY Act Designation with respect to the Technology identified in the Pre-Qualification Designation Notice; and be authorized to submit a streamlined application as set forth in the Pre-Qualification Designation Notice. In instances in which the subject procurement involves Technology with respect to which a Block Designation or Block Certification has been issued, the Department may determine that the vendor providing such Technology will affirmatively receive Designation or Certification with respect to such Technology, provided the vendor satisfy each other applicable requirement for Designation or Certification. Government agencies seeking a Pre-Qualification Designation Notice shall submit a written request using the “Procurement Pre-Qualification Request” form prescribed by the Under Secretary and made available at <http://www.safetyact.gov> and by mail upon request sent to: Directorate of Science

and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528.

(3) *Actions.* Within 60 days after the receipt of a complete Procurement Pre-Qualification Request, the Under Secretary shall take one of the following actions:

(i) Approve the Procurement Pre-Qualification Request and issue an appropriate Pre-Qualification Designation Notice to the requesting agency that it may include in the government contract or in the solicitation materials, as appropriate; or

(ii) Notify the requesting agency in writing that the relevant procurement is potentially eligible for a Pre-Qualification Designation Notice, but that additional information is needed before a decision may be reached; or

(iii) Deny the Procurement Pre-Qualification Request and notify the requesting agency in writing of such decision, including the reasons for such denial.

(4) *Contents of Notice.* A Pre-Qualification Designation Notice shall contain, at a minimum, the following:

(i) A detailed description of and detailed specifications for the Technology to which the Pre-Qualification Designation Notice applies, which may incorporate by reference all or part of the procurement solicitation documents issued or to be issued by the requesting agency;

(ii) A statement that the Technology to which the Pre-Qualification Designation Notice applies satisfies the technical criteria to be deemed a Qualified Anti-Terrorism Technology and that the Selected Vendor(s) may presumptively or will qualify for the issuance of a Designation for such Technology upon compliance with the terms and conditions set forth in such Pre-Qualification Designation Notice and the approval of the streamlined application;

(iii) A list of the portions of the application referenced in § 25.6(a) that the Selected Vendor(s) must complete and submit to the Department in order to obtain Designation and the appropriate period of time for such submission;

(iv) The period of time within which the Under Secretary will take action upon such submission;

§ 25.6

6 CFR Ch. I (1–1–23 Edition)

(v) The date of expiration of such Pre-Qualification Designation Notice; and

(vi) Any other terms or conditions that the Under Secretary deems to be appropriate in his discretion.

(5) *Review of Completed Applications.* The application for Designation from the Selected Vendor(s) shall be considered, processed, and acted upon in accordance with the procedures set forth in § 25.6 (which shall be deemed to be modified by the terms and conditions set forth in the applicable Pre-Qualification Designation Notice). However, the review and evaluation of the Technology to be procured from the Selected Vendor(s), in relation to the criteria set forth in § 25.4(b), shall ordinarily consist of a validation that that the Technology complies with the detailed description of and detailed specifications for the Technology set forth in the applicable Pre-Qualification Designation Notice.

(h) *Block Designations.* (1) From time to time, the Under Secretary, in response to an application submitted pursuant to § 25.6(a) or upon his own initiative, may issue a Designation that is applicable to any person, firm, or other entity that is a qualified Seller of the QATT described in such Designation (a “Block Designation”). A Block Designation will be issued only for Technology that relies on established performance standards or defined technical characteristics. All Block Designations shall be published by the Department within ten days after the issuance thereof at <http://www.safetyact.gov>, and copies may also be obtained by mail by sending a request to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. Any person, firm, or other entity that desires to qualify as a Seller of a QATT that has received a Block Designation shall complete only such portions of the application referenced in § 25.6(a) as are specified in such Block Designation and shall submit an application to the Department in accordance with § 25.6(a) and the terms of the Block Designation. Applicants seeking to be qualified Sellers of a QATT pursuant to a Block Designation will receive expedited re-

view of their applications and shall not be required to provide information with respect to the technical merits of the QATT that has received Block Designation. Within 60 days (or such other period of time as may be specified in the applicable Block Designation) after the receipt by the Department of a complete application, the Under Secretary shall take one of the following actions:

(i) Approve the application and notify the applicant in writing of such approval, which notification shall include the certification required by § 25.5(g); or

(ii) Deny the application, and notify the applicant in writing of such decision, including the reasons for such denial.

(2) If the application is approved, commencing on the date of such approval the applicant shall be deemed to be a Seller under the applicable Block Designation for all purposes under the SAFETY Act, this part, and such Block Designation. A Block Designation shall be valid and effective for a term of five to eight years (as determined by the Under Secretary in his discretion) commencing on the date of issuance, and may be renewed or extended by the Under Secretary at his own initiative or in response to an application for renewal submitted by a qualified Seller under such Block Designation in accordance with § 25.6(h). Except as otherwise specifically provided in this paragraph, a Block Designation shall be deemed to be a Designation for all purposes under the SAFETY Act and this part.

(i) *Other Bases for Expedited Review of Applications.* The Under Secretary may identify other categories or types of Technologies for which expedited processing may be granted. For example, the Under Secretary may conduct expedited processing for applications addressing a particular threat or for particular types of anti-terrorism Technologies. The Under Secretary shall notify the public of any such opportunities for expedited processing by publishing such notice in the FEDERAL REGISTER.

(j) *Transfer of Designation.* Except as may be restricted by the terms and

conditions of a Designation, any Designation may be transferred and assigned to any other person, firm, or other entity to which the Seller transfers and assigns all right, title, and interest in and to the Technology covered by the Designation, including the intellectual property rights therein (or, if the Seller is a licensee of the Technology, to any person, firm, or other entity to which such Seller transfers all of its right, title, and interest in and to the applicable license agreement). Such transfer and assignment of a Designation will not be effective unless and until the Under Secretary is notified in writing of the transfer using the "Application for Transfer of Designation" form issued by the Under Secretary (the Under Secretary shall make this application form available at <http://www.safetyact.gov> and by mail by written request sent to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528). Upon the effectiveness of such transfer and assignment, the transferee will be deemed to be a Seller in the place and stead of the transferor with respect to the applicable Technology for all purposes under the SAFETY Act, this part, and the transferred Designation. The transferred Designation will continue to apply to the transferor with respect to all transactions and occurrences that occurred through the time at which the transfer and assignment of the Designation became effective, as specified in the applicable Application for Transfer of Designation.

(k) *Application of Designation to Licensees.* Except as may be restricted by the terms and conditions of a Designation, any Designation shall apply to any other person, firm, or other entity to which the Seller licenses (exclusively or nonexclusively) the right to manufacture, use, or sell the Technology, in the same manner and to the same extent that such Designation applies to the Seller, effective as of the date of commencement of the license, provided that the Seller notifies the Under Secretary of such license by submitting, within 30 days after such date of commencement, a "Notice of License of Qualified Anti-terrorism Technology" form issued by the Under Sec-

retary. The Under Secretary shall make this form available at <http://www.safetyact.gov> and by mail upon request sent to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. Such notification shall not be required for any licensee listed as a Seller on the applicable Designation.

(1) *Significant Modification of Qualified Anti-terrorism Technologies.* (1) The Department recognizes that Qualified Anti-Terrorism Technologies may routinely undergo changes or modifications in their manufacturing, materials, installation, implementation, operating processes, component assembly, or in other respects from time to time. When a Seller makes routine changes or modifications to a Qualified Anti-Terrorism Technology, such that the QATT remains within the scope of the description set forth in the applicable Designation or Certification, the Seller shall not be required to provide notice under this subsection, and the changes or modifications shall not adversely affect the force or effect of the Seller's QATT Designation or Certification.

(2) A Seller shall promptly notify the Department and provide details of any change or modification to a QATT that causes the QATT no longer to be within the scope of the Designation or Certification by submitting to the Department a completed "Notice of Modification to Qualified Anti-Terrorism Technology" form issued by the Under Secretary (a "Modification Notice"). A Seller is not required to notify the Department of any change or modification of a particular Qualified Anti-Terrorism Technology that is made post-sale by a purchaser unless the Seller has consented expressly to the modification. The Under Secretary shall make an appropriate form available at <http://www.safetyact.gov> and by mail upon request sent to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. The Department will promptly acknowledge receipt of a Modification Notice by providing the relevant Seller with written notice to that effect. Within 60 days of the receipt of a Modification

§ 25.7

6 CFR Ch. I (1–1–23 Edition)

Notice, the Under Secretary may, in his sole and unreviewable discretion:

(i) Inform the submitting Seller that the QATT as changed or modified is consistent with, and is not outside the scope of, the Seller's Designation or Certification;

(ii) Issue to the Seller a modified Designation or Certification incorporating some or all of the notified changes or modifications;

(iii) Seek further information regarding the changes or modifications and temporarily suspend the 60-day period of review;

(iv) Inform the submitting Seller that the changes or modifications might cause the QATT as changed or modified to be outside the scope of the Seller's Designation or Certification, and require further review and consideration by the Department;

(v) Inform the submitting Seller that the QATT as changed or modified is outside the scope of the subject Seller's Designation or Certification, and require that the QATT be brought back into conformance with the Seller's Designation or Certification; or

(vi) If the Seller fails to bring the subject QATT into conformance in accordance with the Under Secretary's direction pursuant to paragraph (1)(2)(v) of this section, issue a public notice stating that the QATT as changed or modified is outside the scope of the submitting Seller's Designation or Certification and, consequently, that such Designation or Certification is not applicable to the QATT as changed or modified. If the Under Secretary does not take one or more of such actions within the 60-day period following the Department's receipt of a Seller's Modification Notice, the changes or modifications identified in the Modification Notice will be deemed to be approved by the Under Secretary and the QATT, as changed or modified, will be conclusively established to be within the scope of the description of the QATT in the Seller's Designation or Certification.

(3) Notwithstanding anything to the contrary herein, a Seller's original QATT Designation or Certification will continue in full force and effect in accordance with its terms unless modified, suspended, or terminated by the

Under Secretary in his discretion, including during the pendency of the review of the Seller's Modification Notice. In no event will any SAFETY Act Designation or Certification terminate automatically or retroactively under this section. A Seller is not required to notify the Under Secretary of any change or modification that is made post-sale by a purchaser or end-user of the QATT without the Seller's consent, but the Under Secretary may, in appropriate circumstances, require an end-user to provide periodic reports on modifications or permit inspections or audits.

§ 25.7 Litigation management.

(a) Liability for all claims against a Seller arising out of, relating to, or resulting from an Act of Terrorism when such Seller's Qualified Anti-Terrorism Technology has been deployed in defense against, response to, or recovery from such act and such claims result or may result in loss to the Seller shall not be in an amount greater than the limits of liability insurance coverage required to be maintained by the Seller under this section or as specified in the applicable Designation.

(b) In addition, in any action for damages brought under section 442 of Title 6, United States Code:

(1) No punitive damages intended to punish or deter, exemplary damages, or other damages not intended to compensate a plaintiff for actual losses may be awarded, nor shall any party be liable for interest prior to the judgment;

(2) Noneconomic damages may be awarded against a defendant only in an amount directly proportional to the percentage of responsibility of such defendant for the harm to the plaintiff, and no plaintiff may recover noneconomic damages unless the plaintiff suffered physical harm; and

(3) Any recovery by a plaintiff shall be reduced by the amount of collateral source compensation, if any, that the plaintiff has received or is entitled to receive as a result of such Acts of Terrorism that result or may result in loss to the Seller.

(c) Without prejudice to the authority of the Under Secretary to terminate a Designation pursuant to paragraph (h) of §25.6, the liability limitations and reductions set forth in this section shall apply in perpetuity to all sales or deployments of a Qualified Anti-Terrorism Technology in defense against, response to, or recovery from any Act of Terrorism that occurs on or after the effective date of the Designation applicable to such Qualified Anti-Terrorism Technology, regardless of whether any liability insurance coverage required to be obtained by the Seller is actually obtained or maintained or not, provided that the sale of such Qualified Anti-Terrorism Technology was consummated by the Seller on or after the earliest date of sale of such Qualified Anti-Terrorism Technology specified in such Designation and prior to the earlier of the expiration or termination of such Designation.

(d) There shall exist only one cause of action for loss of property, personal injury, or death for performance or non-performance of the Seller's Qualified Anti-Terrorism Technology in relation to an Act of Terrorism. Such cause of action may be brought only against the Seller of the Qualified Anti-Terrorism Technology and may not be brought against the buyers, the buyers' contractors, or downstream users of the Technology, the Seller's suppliers or contractors, or any other person or entity. In addition, such cause of action must be brought in the appropriate district court of the United States.

§ 25.8 Government contractor Defense.

(a) *Criteria for Certification.* The Under Secretary may issue a Certification for a Qualified Anti-Terrorism Technology as an Approved Product for Homeland Security for purposes of establishing a rebuttable presumption of the applicability of the government contractor defense. In determining whether to issue such Certification, the Under Secretary or his designee shall conduct a comprehensive review of the design of such Technology and determine whether it will perform as intended, conforms to the Seller's specifications, and is safe for use as intended. The Seller shall

provide safety and hazard analyses and other relevant data and information regarding such Qualified Anti-Terrorism Technology to the Department in connection with an application. The Under Secretary or his designee may require that the Seller submit any information that the Under Secretary or his designee considers relevant to the application for approval. The Under Secretary or his designee may consult with, and rely upon the expertise of, any other governmental or non-governmental person, firm, or entity, and may consider test results produced by an independent laboratory or other person, firm, or other entity engaged by the Seller.

(b) *Extent of liability.* Should a product liability or other lawsuit be filed for claims arising out of, relating to, or resulting from an Act of Terrorism when Qualified Anti-Terrorism Technologies Certified by the Under Secretary as provided in §§25.8 and 25.9 of this part have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller, there shall be a rebuttable presumption that the government contractor defense applies in such lawsuit. This presumption shall only be overcome by clear and convincing evidence showing that the Seller acted fraudulently or with willful misconduct in submitting information to the Department during the course of the consideration of such Technology under this section and §25.9 of this part. A claimant's burden to show fraud or willful misconduct in connection with a Seller's SAFETY Act application cannot be satisfied unless the claimant establishes there was a knowing and deliberate intent to deceive the Department. This presumption of the government contractor defense shall apply regardless of whether the claim against the Seller arises from a sale of the product to Federal Government or non-Federal Government customers. Such presumption shall apply in perpetuity to all deployments of a Qualified Anti-Terrorism Technology (for which a Certification has been issued by the Under Secretary as provided in this section and §25.9 of this part) in

defense against, response to, or recovery from any Act of Terrorism that occurs on or after the effective date of the Certification applicable to such Technology, provided that the sale of such Technology was consummated by the Seller on or after the earliest date of sale of such Technology specified in such Certification (which shall be determined by the Under Secretary in his discretion, and may be prior to, but shall not be later than, such effective date) and prior to the expiration or termination of such Certification.

(c) *Establishing applicability of the government contractor defense.* The Under Secretary will be exclusively responsible for the review and approval of anti-terrorism Technology for purposes of establishing the government contractor defense in any product liability lawsuit for claims arising out of, relating to, or resulting from an Act of Terrorism when Qualified Anti-Terrorism Technologies approved by the Under Secretary, as provided in this final rule, have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller. The Certification of a Technology as an Approved Product for Homeland Security shall be the only evidence necessary to establish that the Seller of the Qualified Anti-Terrorism Technology that has been issued a Certification is entitled to a presumption of dismissal from a cause of action brought against a Seller arising out of, relating to, or resulting from an Act of Terrorism when the Qualified Anti-Terrorism Technology was deployed in defense against or response to or recovery from such Act of Terrorism. This presumption of dismissal is based upon the statutory government contractor defense conferred by the SAFETY Act.

§ 25.9 Procedures for certification of approved products for Homeland Security.

(a) *Application procedure.* An applicant seeking a Certification of anti-terrorism Technology as an Approved Product for Homeland Security under § 25.8 shall submit information supporting such request to the Under Secretary. The Under Secretary shall make application forms available at

<http://www.safetyact.gov>, and copies may also be obtained by mail by sending a request to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. An application for a Certification may not be filed unless the applicant has also filed an application for a Designation for the same Technology in accordance with § 25.6(a). Such applications may be filed simultaneously and may be reviewed simultaneously by the Department.

(b) *Initial notification.* Within 30 days after receipt of an application for a Certification, the Under Secretary or his designee shall notify the applicant in writing that:

(1) The application is complete and will be reviewed, or

(2) That the application is incomplete, in which case the missing or incomplete parts will be specified.

(c) *Review process.* The Under Secretary or his designee will review each complete application for a Certification and any included supporting materials. In performing this function, the Under Secretary or his designee may, but is not required to:

(1) Request additional information from the Seller;

(2) Meet with representatives of the Seller;

(3) Consult with, and rely upon the expertise of, any other Federal or non-Federal entity; and

(4) Perform or seek studies or analyses of the Technology.

(d) *Action by the Under Secretary.* (1) Within 90 days after receipt of a complete application for a Certification, the Under Secretary shall take one of the following actions:

(i) Approve the application and issue an appropriate Certification to the Seller;

(ii) Notify the Seller in writing that the Technology is potentially eligible for a Certification, but that additional specified information is needed before a decision may be reached; or

(iii) Deny the application, and notify the Seller in writing of such decision.

(2) The Under Secretary may extend the time period one time for 45 days upon notice to the Seller, and the

Under Secretary is not required to provide a reason or cause for such extension. The Under Secretary's decision shall be final and not subject to review, except at the discretion of the Under Secretary.

(e) *Designation is a pre-condition.* The Under Secretary may approve an application for a Certification only if the Under Secretary has also approved an application for a Designation for the same Technology in accordance with § 25.4.

(f) *Content and term of certification; renewal.* (1) A Certification shall:

(i) Describe the Qualified Anti-Terrorism Technology (in such detail as the Under Secretary deems to be appropriate);

(ii) Identify the Seller(s) of the Qualified Anti-Terrorism Technology;

(iii) Specify the earliest date of sale of the Qualified Anti-Terrorism Technology to which the Certification shall apply (which shall be determined by the Under Secretary in his discretion, and may be prior to, but shall not be later than, the effective date of the Certification); and

(iv) To the extent practicable, include such standards, specifications, requirements, performance criteria, limitations, or other information as the Department in its sole and unreviewable discretion may deem appropriate.

(2) A Certification shall be valid and effective for the same period of time for which the related Designation is issued, and shall terminate upon the termination of such related Designation. The Seller may apply for renewal of the Certification in connection with an application for renewal of the related Designation. An application for renewal must be made using the "Application for Certification of an Approved Product for Homeland Security" form issued by the Under Secretary.

(g) *Application of Certification to licensees.* A Certification shall apply to any other person, firm, or other entity to which the applicable Seller licenses (exclusively or nonexclusively) the right to manufacture, use, or and sell the Technology, in the same manner and to the same extent that such Certification applies to the Seller, effective

as of the date of commencement of the license, provided that the Seller notifies the Under Secretary of such license by submitting, within 30 days after such date of commencement, a "Notice of License of Approved Anti-terrorism Technology" form issued by the Under Secretary. The Under Secretary shall make this form available at <http://www.safetyact.gov> and by mail upon request sent to: Directorate of Science and Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. Such notification shall not be required for any licensee listed as a Seller on the applicable Certification.

(h) *Transfer of Certification.* In the event of any permitted transfer and assignment of a Designation, any related Certification for the same anti-terrorism Technology shall automatically be deemed to be transferred and assigned to the same transferee to which such Designation is transferred and assigned. The transferred Certification will continue to apply to the transferor with respect to all transactions and occurrences that occurred through the time at which such transfer and assignment of the Certification became effective.

(i) *Issuance of Certificate; Approved Product List.* For anti-terrorism Technology reviewed and approved by the Under Secretary and for which a Certification is issued, the Under Secretary shall issue a certificate of conformance to the Seller and place the anti-terrorism Technology on an Approved Product List for Homeland Security, which shall be published by the Department.

(j) *Block Certifications.* (1) From time to time, the Under Secretary, in response to an application submitted pursuant to § 25.9(a) or at his own initiative, may issue a Certification that is applicable to any person, firm or other entity that is a qualified Seller of the Approved Product for Homeland Security described in such Certification (a "Block Certification"). All Block Certifications shall be published by the Department within ten days after the issuance thereof at <http://www.safetyact.gov>, and copies may also be obtained by mail by sending a request to: Directorate of Science and

§ 25.10

Technology, SAFETY Act/room 4320, Department of Homeland Security, Washington, DC 20528. Any person, firm, or other entity that desires to qualify as a Seller of an Approved Product for Homeland Security under a Block Certification shall complete only such portions of the application referenced in §25.9(a) as are specified in such Block Certification and shall submit such application to the Department in accordance with §9(a). Applicants seeking to be qualified Sellers of an Approved Product for Homeland Security pursuant to a Block Certification will receive expedited review of their applications and shall not be required to provide information with respect to the technical merits of the Approved Product for Homeland Security that has received Block Certification. Within 60 days (or such other period of time as may be specified in the applicable Block Certification) after the receipt by the Department of a complete application, the Under Secretary shall take one of the following actions:

(i) Approve the application and notify the applicant in writing of such approval; or

(ii) Deny the application, and notify the applicant in writing of such decision, including the reasons for such denial.

(2) If the application is approved, commencing on the date of such approval, the applicant shall be deemed to be a Seller under the applicable Block Certification for all purposes under the SAFETY Act, this part, and such Block Certification. A Block Certification shall be valid and effective for the same period of time for which the related Block Designation is issued. A Block Certification may be renewed by the Under Secretary at his own initiative or in response to an application for renewal submitted by a qualified Seller under such Block Certification in accordance with §25.9(g). Except as otherwise specifically provided in this paragraph, a Block Certification shall be deemed to be a Certification for all purposes under the SAFETY Act and this part.

6 CFR Ch. I (1–1–23 Edition)

§ 25.10 Confidentiality and protection of Intellectual Property.

(a) *General.* The Secretary, in consultation with the Office of Management and Budget and appropriate Federal law enforcement and intelligence officials, and in a manner consistent with existing protections for sensitive or classified information, shall establish confidentiality procedures for safeguarding, maintenance and use of information submitted to the Department under this part. Such protocols shall, among other things, ensure that the Department will utilize all appropriate exemptions from the Freedom of Information Act.

(b) *Non-disclosure.* Except as otherwise required by applicable law or regulation or a final order of a court of competent jurisdiction, or as expressly authorized in writing by the Under Secretary, no person, firm, or other entity may:

(1) Disclose SAFETY Act Confidential Information (as defined above) to any person, firm, or other entity, or

(2) Use any SAFETY Act Confidential Information for his, her, or its own benefit or for the benefit of any other person, firm, or other entity, unless the applicant has consented to the release of such SAFETY Act Confidential Information.

(c) *Legends.* Any person, firm, or other entity that submits data or information to the Department under this part may place a legend on such data or information indicating that the submission constitutes SAFETY Act Confidential Information. The absence of such a legend shall not prevent any data or information submitted to the Department under this part from constituting or being considered by the Department to constitute SAFETY Act Confidential Information.

§ 27.120 Designation of a Coordinating Official; consultations and technical assistance.

(a) The Executive Assistant Director will designate a Coordinating Official who will be responsible for ensuring that these regulations are implemented in a uniform, impartial, and fair manner.

(b) The Coordinating Official shall provide guidance to covered facilities regarding compliance with this part and shall, as necessary and to the extent that resources permit, be available to consult and to provide technical assistance to an owner or operator who seeks such consultation or assistance.

(c) In order to initiate consultations or seek technical assistance, a covered facility shall submit a written request for consultation or technical assistance to the Coordinating Official or contact the Department in any other manner specified in any subsequent guidance. Requests for consultation or technical guidance do not serve to toll any of the applicable timelines set forth in this part.

(d) If a covered facility modifies its facility, processes, or the types or quantities of materials that it possesses, and believes that such changes may impact the covered facility's obligations under this part, the covered facility may request a consultation with the Coordinating Official as specified in paragraph (c).

**Subpart B—Chemical Facility
Security Program**

§ 27.200 Information regarding security risk for a chemical facility.

(a) *Information to determine security risk.* In order to determine the security risk posed by chemical facilities, the Secretary may, at any time, request information from chemical facilities that may reflect potential consequences of or vulnerabilities to a terrorist attack or incident, including questions specifically related to the nature of the business and activities conducted at the facility; information concerning the names, nature, conditions of storage, quantities, volumes, properties, customers, major uses, and other pertinent information about specific chemicals or chemicals meeting a specific criterion; information concerning facilities' security, safety, and emergency response practices, operations, and procedures; information regarding incidents, history, funding, and other matters bearing on the effectiveness of the security, safety, and emergency response programs, and other information as necessary.

(b) *Obtaining information from facilities.* (1) The Executive Assistant Director may seek the information provided in paragraph (a) of this section by contacting chemical facilities individually or by publishing a notice in the FEDERAL REGISTER seeking information from chemical facilities that meet certain criteria, which the Department will use to determine risk profiles. Through any such individual or FEDERAL REGISTER notification, the Executive Assistant Director may instruct such facilities to complete and submit a Top-Screen process, which may be completed through a secure Department Web site or through other means approved by the Executive Assistant Director.

(2) A facility must complete and submit a Top-Screen in accordance with the schedule provided in § 27.210, the calculation provisions in § 27.203, and the minimum concentration provisions in § 27.204 if it possesses any of the chemicals listed in appendix A to this part at or above the STQ for any applicable Security Issue.

(3) Where the Department requests that a facility complete and submit a Top-Screen, the facility must designate a person who is responsible for the submission of information through the CSAT system and who attests to the accuracy of the information contained in any CSAT submissions. Such submitter must be an officer of the corporation or other person designated by an officer of the corporation and must be domiciled in the United States.

(c) *Presumptively High-Risk Facilities.* (1) If a chemical facility subject to paragraph (a) or (b) of this section fails to provide information requested or complete the Top-Screen within the time frame provided in § 27.210, the Executive Assistant Director may, after attempting to consult with the facility, reach a preliminary determination, based on the information then available, that the facility presumptively presents a high level of security risk. The Executive Assistant Director shall then issue a notice to the entity of this determination and, if necessary, order the facility to provide information or complete the Top-Screen pursuant to these rules. If the facility then fails to do so, it may be subject to civil penalties pursuant to § 27.300, audit and inspection under § 27.250, or, if appropriate, an order to cease operations under § 27.300.

(2) If the facility deemed “presumptively high risk” pursuant to paragraph (c)(1) of this section completes the Top-Screen, and the Department determines that it does not present a high level of security risk under § 27.205, its status as “presumptively high risk” will terminate, and the Department will issue a notice to the facility to that effect.

[72 FR 17729, Apr. 9, 2007, as amended at 72 FR 65418, Nov. 20, 2007; 86 FR 41891, Aug. 4, 2021]

§ 27.203 Calculating the screening threshold quantity by security issue.

(a) *General.* In calculating whether a facility possesses a chemical of interest that meets the STQ for any security issue, a facility need not include chemicals of interest:

(1) Used as a structural component;

(2) Used as products for routine janitorial maintenance;

(3) Contained in food, drugs, cosmetics, or other personal items used by employees;

(4) In process water or non-contact cooling water as drawn from environment or municipal sources;

(5) In air either as compressed air or as part of combustion;

(6) Contained in articles, as defined in 40 CFR 68.3;

(7) In solid waste (including hazardous waste) regulated under the Resource Conservation and Recovery Act, 42 U.S.C. 6901 *et seq.*, except for the waste described in 40 CFR 261.33; or

(8) In naturally occurring hydrocarbon mixtures prior to entry of the mixture into a natural gas processing plant or a petroleum refining process unit. Naturally occurring hydrocarbon mixtures include condensate, crude oil, field gas, and produced water as defined in 40 CFR 68.3.

(b) *Release chemicals*—(1) *Release-toxic, release-flammable, and release-explosive chemicals*. Except as provided in paragraphs (b)(2) and (b)(3), in calculating whether a facility possesses an amount that meets the STQ for release chemicals of interest, the facility shall only include release chemicals of interest:

(i) In a vessel as defined in 40 CFR 68.3, in a underground storage facility, or stored in a magazine as defined in 27 CFR 555.11;

(ii) In transportation containers used for storage not incident to transportation, including transportation containers connected to equipment at a facility for loading or unloading and transportation containers detached from the motive power that delivered the container to the facility;

(iii) Present as process intermediates, by-products, or materials produced incidental to the production of a product if they exist at any given time;

(iv) In natural gas or liquefied natural gas stored in peak shaving facilities; and

(v) In gasoline, diesel, kerosene, or jet fuel (including fuels that have flammability hazard ratings of 1, 2, 3, or 4, as determined by using National Fire Protection Association (NFPA) 704: Standard System for the Identification of the Hazards of Materials for Emer-

gency Response [2007 ed.], which is incorporated by reference at § 27.204(a)(2)), stored in aboveground tank farms, including tank farms that are part of pipeline systems;

(2) *Release-toxic, release-flammable, and release-explosive chemicals*. Except as provided in paragraph (b)(2)(i), in calculating whether a facility possesses an amount that meets the STQ for release-toxic, release-flammable, and release-explosive chemicals, a facility need not include release-toxic, release-flammable, or release-explosive chemicals of interest that a facility manufactures, processes, or uses in a laboratory at the facility under the supervision of a technically qualified individual as defined in 40 CFR 720.3.

(i) This exemption does not apply to specialty chemical production; manufacture, processing, or use of substances in pilot plant scale operations; or activities, including research and development, involving chemicals of interest conducted outside the laboratory.

(ii) [Reserved]

(3) *Propane*. In calculating whether a facility possesses an amount that meets the STQ for propane, a facility need not include propane in tanks of 10,000 pounds or less.

(c) *Theft and diversion chemicals*. In calculating whether a facility possesses an amount of a theft/diversion chemical of interest that meets the STQ, the facility shall only include theft/diversion chemicals of interest in a transportation packaging, as defined in 49 CFR 171.8. Where a theft/diversion-CW chemical is designated by “CUM 100g,” a facility shall total the quantity of all such designated chemicals in its possession to determine whether the facility possesses theft/diversion-CW chemicals that meet or exceed the STQ of 100 grams.

(d) *Sabotage and contamination chemicals*. A facility meets the STQ for a sabotage/contamination chemical of interest if it ships the chemical and is required to placard the shipment of that chemical pursuant to the provisions of subpart F of 49 CFR part 172.

[72 FR 65419, Nov. 20, 2007, as amended at 86 FR 41891, Aug. 4, 2021]

§ 27.204 Minimum concentration by security issue.

(a) *Release chemicals*—(1) *Release-toxic chemicals*. If a release-toxic chemical of interest is present in a mixture, and the concentration of the chemical is equal to or greater than one percent (1%) by weight, the facility shall count the amount of the chemical of interest in the mixture toward the STQ. If a release-toxic chemical of interest is present in a mixture, and the concentration of the chemical is less than one percent (1%) by weight of the mixture, the facility need not count the amount of that chemical in the mixture in determining whether the facility possesses the STQ. Except for oleum, if the concentration of the chemical of interest in the mixture is one percent (1%) or greater by weight, but the facility can demonstrate that the partial pressure of the regulated substance in the mixture (solution) under handling or storage conditions in any portion of the process is less than 10 millimeters of mercury (mm Hg), the amount of the substance in the mixture in that portion of a vessel need not be considered when determining the STQ. The facility shall document this partial pressure measurement or estimate.

(2) *Release-flammable chemicals*. If a release-flammable chemical of interest is present in a mixture in a concentration equal to or greater than one percent (1%) by weight of the mixture, and the mixture has a NFPA flammability hazard rating of 4, the facility shall count the entire amount of the mixture toward the STQ. Except as provided in § 27.203(b)(1)(v) for fuels that are stored in aboveground tank farms (including farms that are part of pipeline systems), if a release-flammable chemical of interest is present in a mixture in a concentration equal to or greater than one percent (1%) by weight of the mixture, and the mixture has a NFPA flammability hazard rating of 1, 2, or 3, the facility need not count the mixture toward the STQ. The flammability hazard ratings are defined in NFPA 704: Standard System for the Identification of the Hazards of Materials for Emergency Response [2007 ed.]. The Director of the Federal Register approves the incorporation by reference of this

standard in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain a copy of the incorporated standard from the NFPA at 1 Batterymarch Park, Quincy, MA 02169-7471 or <http://www.nfpa.org>. You may inspect a copy of the incorporated standard at the Department of Homeland Security, 1621 Kent Street, 9th Floor, Rosslyn, VA (please call 703-235-0709 to make an appointment), or at the National Archives and Records Administration (NARA). For information on the availability of material at NARA, call 202-741-6030, or go to <http://www.archives.gov/federal/register/code-of-federal-regulations/ibr-locations.html>. If a release-flammable chemical of interest is present in a mixture, and the concentration of the chemical is less than one percent (1%) by weight, the facility need not count the mixture in determining whether the facility possesses the STQ.

(3) *Release-explosive chemicals*. For each release-explosive chemical of interest, a facility shall count the total quantity of all commercial grades of the chemical of interest toward the STQ, unless a specific minimum concentration is assigned in the Minimum Concentration column of appendix A to part 27, in which case the facility should count the total quantity of all commercial grades of the chemical at the specified minimum concentration.

(b) *Theft and diversion chemicals*—(1) *Theft/Diversion-Chemical Weapons (CW) and Chemical Weapons Precursors (CWP) chemicals*. Where a theft/diversion-CW/CWP chemical of interest is not designated by “CUM 100g” in appendix A, and the chemical is present in a mixture at or above the minimum concentration amount listed in the Minimum Concentration column of appendix A to part 27, the facility shall count the entire amount of the mixture toward the STQ.

(2) *Theft/Diversion-Weapon of Mass Effect (WME) chemicals*. If a theft/diversion-WME chemical of interest is present in a mixture at or above the minimum concentration amount listed in the Minimum Concentration column of appendix A to part 27, the facility shall count the entire amount of the mixture toward the STQ.

(3) *Theft/Diversion-Explosives/Improvised Explosive Device Precursor (EXP/IEDP) chemicals.* For each theft/diversion-EXP/IEDP chemical of interest, a facility shall count the total quantity of all commercial grades of the chemical toward the STQ, unless a specific minimum concentration is assigned in the Minimum Concentration column of appendix A to part 27, in which case the facility should count the total quantity of all commercial grades of the chemical at the specified minimum concentration.

(c) *Sabotage and contamination chemicals.* For each sabotage and contamination chemical of interest, a facility shall count the total quantity of all commercial grades of the chemical toward the STQ.

§ 27.205 Determination that a chemical facility “presents a high level of security risk.”

(a) *Initial determination.* The Executive Assistant Director may determine at any time that a chemical facility presents a high level of security risk based on any information available (including any information submitted to the Department under § 27.200) that, in the Secretary’s discretion, indicates the potential that a terrorist attack involving the facility could result in significant adverse consequences for human life or health, national security, or critical economic assets. Upon determining that a facility presents a high level of security risk, the Department shall notify the facility in writing of such initial determination and may also notify the facility of the Department’s preliminary determination of the facility’s placement in a risk-based tier pursuant to § 27.220(a).

(b) *Redetermination.* If a covered facility previously determined to present a high level of security risk has materially altered its operations, it may seek a redetermination by filing a Request for Redetermination with the Executive Assistant Director, and may request a meeting regarding the Request. Within 45 calendar days of receipt of such a Request, or within 45 calendar days of a meeting under this paragraph, the Executive Assistant Direc-

tor shall notify the covered facility in writing of the Department’s decision on the Request for Redetermination.

(4) Risk Assessment, including a determination of the relative degree of risk to the facility in terms of the expected effect on each critical asset and the likelihood of a success of an attack; and

(5) Countermeasures Analysis, including strategies that reduce the probability of a successful attack or reduce the probable degree of success, strategies that enhance the degree of risk reduction, the reliability and maintainability of the options, the capabilities and effectiveness of mitigation options, and the feasibility of the options.

(b) Except as provided in § 27.235, a covered facility must complete the Security Vulnerability Assessment through the CSAT process, or through any other methodology or process identified or issued by the Executive Assistant Director.

(c) Covered facilities must submit a Security Vulnerability Assessment to the Department in accordance with the schedule provided in § 27.210.

(d) *Updates and revisions.* (1) A covered facility must update and revise its

Security Vulnerability Assessment in accordance with the schedule provided in § 27.210.

§ 27.225 Site security plans.

(a) The Site Security Plan must meet the following standards:

(1) Address each vulnerability identified in the facility's Security Vulnerability Assessment, and identify and describe the security measures to address each such vulnerability;

(2) Identify and describe how security measures selected by the facility will address the applicable risk-based performance standards and potential modes of terrorist attack including, as applicable, vehicle-borne explosive devices, water-borne explosive devices, ground assault, or other modes or potential modes identified by the Department;

(3) Identify and describe how security measures selected and utilized by the facility will meet or exceed each applicable performance standard for the appropriate risk-based tier for the facility; and

(4) Specify other information the Executive Assistant Director deems necessary regarding chemical facility security.

(c) Covered facilities must submit a Site Security Plan to the Department in accordance with the schedule provided in § 27.210.

(d) *Updates and revisions.* (1) When a covered facility updates, revises, or otherwise alters its Security Vulnerability Assessment pursuant to § 27.215(d), the covered facility shall make corresponding changes to its Site Security Plan.

(2) A covered facility must also update and revise its Site Security Plan in accordance with the schedule in § 27.210.

(e) A covered facility must conduct an annual audit of its compliance with its Site Security Plan.

§ 27.230 Risk-based performance standards.

(a) Covered facilities must satisfy the performance standards identified in this section. The Executive Assistant Director will issue guidance on the application of these standards to risk-based tiers of covered facilities, and the acceptable layering of measures used to meet these standards will vary by risk-based tier. Each covered facility must select, develop in their Site

Security Plan, and implement appropriately risk-based measures designed to satisfy the following performance standards:

(1) *Restrict area perimeter.* Secure and monitor the perimeter of the facility;

(2) *Secure site assets.* Secure and monitor restricted areas or potentially critical targets within the facility;

(3) *Screen and control access.* Control access to the facility and to restricted areas within the facility by screening and/or inspecting individuals and vehicles as they enter, including,

(i) Measures to deter the unauthorized introduction of dangerous substances and devices that may facilitate an attack or actions having serious negative consequences for the population surrounding the facility; and

(ii) Measures implementing a regularly updated identification system that checks the identification of facility personnel and other persons seeking access to the facility and that discourages abuse through established disciplinary measures;

(4) *Deter, detect, and delay.* Deter, detect, and delay an attack, creating sufficient time between detection of an attack and the point at which the attack becomes successful, including measures to:

(i) Deter vehicles from penetrating the facility perimeter, gaining unauthorized access to restricted areas or otherwise presenting a hazard to potentially critical targets;

(ii) Deter attacks through visible, professional, well maintained security measures and systems, including security personnel, detection systems, barriers and barricades, and hardened or reduced value targets;

(iii) Detect attacks at early stages, through countersurveillance, frustration of opportunity to observe potential targets, surveillance and sensing systems, and barriers and barricades; and

(iv) Delay an attack for a sufficient period of time so to allow appropriate response through on-site security response, barriers and barricades, hardened targets, and well-coordinated response planning;

(5) *Shipping, receipt, and storage.* Secure and monitor the shipping, receipt,

and storage of hazardous materials for the facility;

(6) *Theft and diversion.* Deter theft or diversion of potentially dangerous chemicals;

(7) *Sabotage.* Deter insider sabotage;

(8) *Cyber.* Deter cyber sabotage, including by preventing unauthorized on-site or remote access to critical process controls, such as Supervisory Control and Data Acquisition (SCADA) systems, Distributed Control Systems (DCS), Process Control Systems (PCS), Industrial Control Systems (ICS), critical business system, and other sensitive computerized systems;

(9) *Response.* Develop and exercise an emergency plan to respond to security incidents internally and with assistance of local law enforcement and first responders;

(i) Measures designed to ensure that security systems and equipment are in good working order and inspected, tested, calibrated, and otherwise maintained;

(ii) Measures designed to regularly test security systems, note deficiencies, correct for detected deficiencies, and record results so that they are available for inspection by the Department; and

(iii) Measures to allow the facility to promptly identify and respond to security system and equipment failures or malfunctions;

(11) *Training.* Ensure proper security training, exercises, and drills of facility personnel;

(12) *Personnel surety.* Perform appropriate background checks on and ensure appropriate credentials for facility personnel, and as appropriate, for unescorted visitors with access to restricted areas or critical assets, including,

(i) Measures designed to verify and validate identity;

(ii) Measures designed to check criminal history;

(iii) Measures designed to verify and validate legal authorization to work; and

(iv) Measures designed to identify people with terrorist ties;

(13) *Elevated threats.* Escalate the level of protective measures for periods of elevated threat;

(14) *Specific threats, vulnerabilities, or risks.* Address specific threats, vulnerabilities or risks identified by the Executive Assistant Director for the particular facility at issue;

(15) *Reporting of significant security incidents.* Report significant security incidents to the Department and to local law enforcement officials;

(16) *Significant security incidents and suspicious activities.* Identify, investigate, report, and maintain records of significant security incidents and suspicious activities in or near the site;

(17) *Officials and organization.* Establish official(s) and an organization responsible for security and for compliance with these standards;

§ 27.235 Alternative security program.

(a) Covered facilities may submit an Alternative Security Program (ASP) pursuant to the requirements of this section. The Executive Assistant Director may approve an ASP, in whole, in part, or subject to revisions or supplements, upon a determination that the ASP meets the requirements of this part and provides for an equivalent level of security to that established by this part.

(1) A Tier 4 facility may submit an ASP in lieu of a Security Vulnerability Assessment, Site Security Plan, or both.

(2) Tier 1, Tier 2, or Tier 3 facilities may submit an ASP in lieu of a Site Security Plan. Tier 1, Tier 2, and Tier 3 facilities may not submit an ASP in lieu of a Security Vulnerability Assessment.

(b) The Department will provide notice to a covered facility about the approval or disapproval, in whole or in part, of an ASP, using the procedure specified in § 27.240 if the ASP is intended to take the place of a Security Vulnerability Assessment or using the

procedure specified in § 27.245 if the ASP is intended to take the place of a Site Security Plan.

§ 27.240 Review and approval of security vulnerability assessments.

(a) *Review and approval.* The Department will review and approve in writing all Security Vulnerability Assessments that satisfy the requirements of § 27.215, including ASPs submitted pursuant to § 27.235.

(b) If a Security Vulnerability Assessment does not satisfy the requirements of § 27.215, the Department will provide the facility with a written notification that includes a clear explanation of deficiencies in the Security Vulnerability Assessment. The facility shall then enter further consultations with the Department and resubmit a sufficient Security Vulnerability Assessment by the time specified in the written notification provided by the Department under this section. If the resubmitted Security Vulnerability Assessment does not satisfy the requirements of § 27.215, the Department will provide the facility with written notification (including a clear explanation of deficiencies in the Security Vulnerability Assessment) of the Department's disapproval of the Security Vulnerability Assessment.

§ 27.245 Review and approval of site security plans.

(a) *Review and approval.* (1) The Department will review, and either approve or disapprove, all Site Security Plans that satisfy the requirements of § 27.225, including ASPs submitted pursuant to § 27.235.

(i) The Department will review Site Security Plans through a two-step process. Upon receipt of the Site Security Plan from the covered facility, the Department will review the documentation and make a preliminary determination as to whether it satisfies the requirements of § 27.225. If the Department finds that the requirements are satisfied, the Department will issue a Letter of Authorization to the covered facility.

§ 27.250

6 CFR Ch. I (1–1–23 Edition)

(ii) Following issuance of the Letter of Authorization, the Department will inspect the covered facility in accordance with § 27.250 for purposes of determining compliance with the requirements of this part.

(iii) If the Department approves the Site Security Plan in accordance with § 27.250, the Department will issue a Letter of Approval to the facility, and the facility shall implement the approved Site Security Plan.

(2) The Department will not disapprove a Site Security Plan submitted under this part based on the presence or absence of a particular security measure. The Department may disapprove a Site Security Plan that fails to satisfy the risk-based performance standards established in § 27.230.

(b) When the Department disapproves a preliminary Site Security Plan issued prior to inspection or a Site Security Plan following inspection, the Department will provide the facility with a written notification that includes a clear explanation of deficiencies in the Site Security Plan. The facility shall then enter further consultations with the Department and resubmit a sufficient Site Security Plan by the time specified in the written notification provided by the Department under this section. If the resubmitted Site Security Plan does not satisfy the requirements of § 27.225, the Department will provide the facility with written notification (including a clear explanation of deficiencies in the Site Security Plan) of the Department's disapproval of the Site Security Plan.

- (1) Each person who has a need to know CVI, as specified in § 27.400(e); and
- (2) Each person who otherwise receives or gains access to what they know or should reasonably know constitutes CVI.

- (1) Take reasonable steps to safeguard CVI in that person's possession or control, including electronic data, from unauthorized disclosure. When a person is not in physical possession of CVI, the person must store it in a secure container, such as a safe, that limits access only to covered persons with a need to know;

- (7) When a covered person becomes aware that CVI has been released to persons without a need to know (including a covered person under § 27.400(c)(2)), the covered person must promptly inform the Executive Assistant Director; and
- (8) In the case of information that is CVI and also has been designated as Protected Critical Infrastructure Information under 6 U.S.C. 133, any covered

person in possession of such information must comply with the disclosure restrictions and other requirements applicable to such information under 6 U.S.C. 133 and any implementing regulations.

(e) *Need to know.* (1) A person, including a State or local official, has a need to know CVI in each of the following circumstances:

(ii) When the person needs the information to receive training to carry out chemical facility security activities approved, accepted, funded, recommended, or directed by the Department.

(iii) When the information is necessary for the person to supervise or otherwise manage individuals carrying out chemical facility security activities approved, accepted, funded, recommended, or directed by the Department.

Contractors or grantees may not further disclose CVI without the consent of the Executive Assistant Director.

(iii) The Department may require that non-Federal persons seeking access to CVI complete a non-disclosure agreement before such access is granted.

(3) *Background check.* The Department may make an individual's access

to the CVI contingent upon satisfactory completion of a security background check or other procedures and requirements for safeguarding CVI that are satisfactory to the Department.

(4) *Need to know further limited by the Department.* For some specific CVI, the Department may make a finding that only specific persons or classes of persons have a need to know.

(5) Nothing in § 27.400(e) shall prevent the Department from determining, in its discretion, that a person not otherwise listed in § 27.400(e) has a need to know CVI in a particular circumstance.

(f) *Marking of paper records.* (1) In the case of paper records containing CVI, a covered person must mark the record by placing the protective marking conspicuously on the top, and the distribution limitation statement on the bottom, of:

(4) *Other types of records.* In the case of non-paper records that contain CVI, including motion picture films, videotape recordings, audio recordings, and electronic and magnetic records, a covered person must clearly and conspicuously mark the records with the protective marking and the distribution limitation statement such that the viewer or listener is reasonably likely to see or hear them when obtaining access to the contents of the record.

(g) *Disclosure by the Department*—(1) *In general.* Except as otherwise provided in this section, and notwithstanding the Freedom of Information Act (5 U.S.C. 552), the Privacy Act (5 U.S.C. 552a), and other laws, records containing CVI are not available for public inspection or copying, nor does the Department release such records to persons without a need to know.

(2) *Disclosure of Segregable Information under the Freedom of Information Act and the Privacy Act.* If a record is marked to signify both CVI and information that is not CVI, the Department, on a proper Freedom of Information Act or Privacy Act request, may disclose the record with the CVI redacted, provided the record is not otherwise exempt from disclosure under the Freedom of Information Act or Privacy Act.

(h) *Disclosure in administrative enforcement proceedings.* (1) The Department may provide CVI to a person governed by 6 U.S.C. 621 *et seq.*, and his or her counsel, in the context of an administrative enforcement proceeding of 6 U.S.C. 621 *et seq.* when, in the sole discretion of the Department, as appropriate, access to the CVI is necessary for the person to prepare a response to allegations contained in a legal enforcement action document issued by the Department.

(i) *Disclosure in judicial proceedings.* (1) In any judicial enforcement proceeding of 6 U.S.C. 621 *et seq.*, the Secretary, in his or her sole discretion, may, subject to § 27.400(i)(1)(i), authorize access to CVI for persons necessary for the conduct of such proceedings, including such persons' counsel, provided that no other persons not so authorized shall have access to or be present for the disclosure of such information.

(i) *Security background check.* Prior to providing CVI to a person under § 27.400(i)(1), the Department may require the individual to undergo and

satisfy, in the judgment of the Department, a security background check.

(ii) [Reserved]

(2) In any judicial enforcement proceeding under 6 U.S.C. 621 *et seq.* where a person seeks to disclose CVI to a person not authorized to receive it under paragraph (i)(1) of this section, or where a person not authorized to receive CVI under paragraph (i)(1) of this section seeks to compel its disclosure through discovery, the United States may make an ex parte application in writing to the court seeking authorization to:

(i) Redact specified items of CVI from documents to be introduced into evidence or made available to the defendant through discovery under the Federal Rules of Civil Procedure;

(ii) Substitute a summary of the information for such CVI; or

(iii) Substitute a statement admitting relevant facts that the CVI would tend to prove.

(3) The court shall grant a request under paragraph (i)(2) of this section if, after in camera review, the court finds that the redacted item, stipulation, or summary is sufficient to allow the defendant to prepare a defense.

(4) If the court enters an order granting a request under paragraph (i)(2) of this section, the entire text of the documents to which the request relates shall be sealed and preserved in the records of the court to be made available to the appellate court in the event of an appeal.

(5) If the court enters an order denying a request of the United States under paragraph (i)(2) of this section, the United States may take an immediate, interlocutory appeal of the court's order in accordance with 18 U.S.C. 2339B(f)(4), (5). For purposes of such an appeal, the entire text of the documents to which the request relates, together with any transcripts of arguments made ex parte to the court in connection therewith, shall be maintained under seal and delivered to the appellate court.

(6) Except as provided otherwise at the sole discretion of the Secretary, access to CVI shall not be available in any civil or criminal litigation unrelated to the enforcement under 6 U.S.C. 621 *et seq.*

(7) *Taking of trial testimony*—(i) *Objection*. During the examination of a witness in any judicial proceeding, the United States may object to any question or line of inquiry that may require the witness to disclose CVI not previously found to be admissible.

(ii) *Action by court*. In determining whether a response is admissible, the court shall take precautions to guard against the compromise of any CVI, including—

(A) Permitting the United States to provide the court, *ex parte*, with a proffer of the witness's response to the question or line of inquiry; and

(B) Requiring the defendant to provide the court with a proffer of the nature of the information that the defendant seeks to elicit.

(iii) *Obligation of defendant*. In any judicial enforcement proceeding, it shall be the defendant's obligation to establish the relevance and materiality of any CVI sought to be introduced.

(8) *Construction*. Nothing in this subsection shall prevent the United States from seeking protective orders or asserting privileges ordinarily available to the United States to protect against the disclosure of classified information, including the invocation of the military and State secrets privilege.

(j) *Consequences of violation*. Violation of this section is grounds for a civil penalty and other enforcement or corrective action by the Department, and appropriate personnel actions for Federal employees. Corrective action may include issuance of an order requiring retrieval of CVI to remedy unauthorized disclosure or an order to cease future unauthorized disclosure.

(k) *Destruction of CVI*. (1) The Department of Homeland Security. Subject to the requirements of the Federal Records Act (codified at 44 U.S.C. 3101 *et seq.* and 3301 *et seq.*), including the duty to preserve records containing documentation of a Federal agency's policies, decisions, and essential transactions, the Department destroys CVI when no longer needed to carry out the agency's function.

(2) *Other covered persons*—(i) *In general*. A covered person must destroy CVI completely to preclude recognition or reconstruction of the information when the covered person no longer

needs the CVI to carry out security measures under paragraph (e) of this section.

(ii) *Exception*. Section 27.400(k)(2) does not require a State or local government agency to destroy information that the agency is required to preserve under State or local law.

§ 27.405 Review and preemption of State laws and regulations.

(a) As per current law, no law, regulation, or administrative action of a State or political subdivision thereof, or any decision or order rendered by a court under State law, shall have any effect if such law, regulation, or decision conflicts with, hinders, poses an obstacle to, or frustrates the purposes of this regulation or of any approval, disapproval, or order issued there under.

(1) Nothing in this part is intended to displace other federal requirements administered by the Environmental Protection Agency, U.S. Department of Justice, U.S. Department of Labor, U.S. Department of Transportation, or other federal agencies.

(2) [Reserved]

(b) State law, regulation, or administrative action defined. For purposes of this section, the phrase "State law, regulation, or administrative action" means any enacted law, promulgated regulation, ordinance, administrative action, order, decision, or common law standard of a State or any of its political subdivisions.

(c) *Submission for review*. Any chemical facility covered by these regulations and any State may petition the Department by submitting a copy of a State law, regulation, administrative action, decision, or order of a court for review under this section.

(d) *Review and opinion*—(1) *Review*. The Department may review State laws, administrative actions, opinions, or orders of a court under State law and regulations submitted under this section, and may offer an opinion whether the application or enforcement of the State law or regulation would conflict with, hinder, pose an obstacle to, or frustrate the purposes of this part.

§ 27.410

(2) *Opinion.* The Department may issue a written opinion on any question regarding preemption. If the question was submitted under subsection (c) of this part, the Executive Assistant Director will notify the affected chemical facility and the Attorney General of the subject State of any opinion under this section.

(3) *Consultation with States.* In conducting a review under this section, the Department will seek the views of the State or local jurisdiction whose laws may be affected by the Department's review.

§ 27.410 Third-party actions.

(a) Nothing in this part shall confer upon any person except the Secretary a right of action, in law or equity, for any remedy including, but not limited to, injunctions or damages to enforce any provision of this part.

(b) An owner or operator of a chemical facility may petition the Executive Assistant Director to provide the Department's view in any litigation involving any issues or matters regarding this part.

§ 29.1 Purpose and scope.

(a) *Purpose of this part.* This part implements the Critical Infrastructure Information Act of 2002 (CII Act) by establishing uniform procedures for the receipt, care, and storage of Critical Infrastructure Information voluntarily submitted to the Department of Homeland Security through CISA. Consistent with the statutory mission of DHS to prevent terrorist attacks within the United States and reduce the vulnerability of the United States to terrorism, CISA will encourage the voluntary submission of CII by safeguarding and protecting that information from unauthorized disclosure and by ensuring that such information is, as necessary, securely shared with State and Local governments pursuant to the CII Act. As required by the CII Act, this part establishes procedures regarding:

- (1) The acknowledgment of receipt by CISA of voluntarily submitted CII;
- (2) The receipt, validation, handling, storage, proper marking, and use of information as PCII;
- (3) The safeguarding and maintenance of the confidentiality of such information and appropriate sharing of such information with State and Local governments or government agencies pursuant to 6 U.S.C. 673(a)(1)(E); and

(4) The issuance of advisories, notices, and warnings related to the protection of critical infrastructure or protected systems in such a manner to protect, as appropriate, from unauthorized disclosure the source of critical infrastructure information that forms the basis of the warning, and any information that is proprietary or business sensitive, might be used to identify the submitting person or entity, or is otherwise not appropriately in the public domain.

(b) *Scope.* This part applies to all persons and entities that are authorized to handle, use, store, or otherwise accept receipt of PCII.

§ 29.2 Definitions.

For purposes of this part:

Critical Infrastructure has the same meaning stated in 6 U.S.C. 101(4) (which cross references the term used in 42 U.S.C. 5195c(e)) and means systems and assets, whether physical or virtual, so vital to the United States that the incapacity or destruction of such systems and assets would have a debilitating impact on security, national economic security, national public health or safety, or any combination of those matters.

Critical Infrastructure Information or CII has the same meaning stated in 6 U.S.C. 671(1) and means information not customarily in the public domain and related to the security of critical infrastructure or protected systems, including documents, records or other information concerning:

(1) Actual, potential, or threatened interference with, attack on, compromise of, or incapacitation of critical infrastructure or protected systems by either physical or computer-based attack or other similar conduct (including the misuse of or unauthorized access to all types of communications and data transmission systems) that violates Federal, State, or Local law, harms interstate commerce of the United States, or threatens public health or safety;

(2) The ability of any critical infrastructure or protected system to resist such interference, compromise, or incapacitation, including any planned or

past assessment, projection, or estimate of the vulnerability of critical infrastructure or a protected system, including security testing, risk evaluation thereto, risk-management planning, or risk audit; or

(3) Any planned or past operational problem or solution regarding critical infrastructure or protected systems, including repair, recovery, reconstruction, insurance, or continuity, to the extent it is related to such interference, compromise, or incapacitation.

CII Act means the Critical Infrastructure Information Act of 2002 in 6 U.S.C. 671–674; Sections 2222–2225 of the Homeland Security Act of 2002, Public Law 107–296, 116 Stat. 2135, as amended by Subtitle B of the Cybersecurity and Infrastructure Security Act of 2018, Public Law 115–278, 132 Stat. 4168.

CISA means the Cybersecurity and Infrastructure Security Agency.

Department or DHS means the Department of Homeland Security.

Director means the Director of the CISA, any successors to that position within the Department, or any designee.

Executive Assistant Director means the Executive Assistant Director for the Infrastructure Security Division of the CISA, any successors to that position within the Department, or any designee.

Information Sharing and Analysis Organization or ISAO has the same meaning stated in 6 U.S.C. 671(5) and means any formal or informal entity or collaboration created or employed by public or private sector organizations for purposes of:

(1) Gathering and analyzing CII, including information related to cybersecurity risks and incidents, in order to better understand security problems and interdependencies related to critical infrastructure and protected systems, so as to ensure the availability, integrity, and reliability thereof;

(2) Communicating or disclosing CII, including cybersecurity risks and incidents, to help prevent, detect, mitigate, or recover from the effects of an interference, compromise, or an incapacitation problem related to critical infrastructure or protected systems; and

(3) Voluntarily disseminating CII, including cybersecurity risks and incidents, to its members, Federal, State, and Local governments, or any other entities that may be of assistance in carrying out the purposes specified in paragraphs (h)(1) and (2) of this section.

In the public domain means information lawfully, properly, and regularly disclosed generally or broadly to the public. Information regarding system, facility, or operational security is not “in the public domain.” Information submitted with CII that is proprietary or business sensitive, or which might be used to identify a submitting person or entity will not be considered “in the public domain.” Information may be “business sensitive” for this purpose whether or not it is commercial in nature, and even if its release could not demonstrably cause substantial harm to the competitive position of the submitting person or entity.

Local government has the same meaning stated in 6 U.S.C. 101(13) and means:

(1) A county, municipality, city, town, township, local public authority, school district, special district, intrastate district, council of governments (regardless of whether the council of governments is incorporated as a nonprofit corporation under State law), regional or interstate government entity, or agency or instrumentality of a Local government;

(2) An Indian tribe or authorized tribal organization, or in Alaska, a Native village or Alaska Regional Native Corporation; and

(3) A rural community, unincorporated town or village, or other public entity.

Protected Critical Infrastructure Information or PCII means validated CII, including information covered by § 29.6(b) and (h), including the identity of the submitting person or entity and any person or entity on whose behalf the submitting person or entity submits the CII, that is voluntarily submitted, directly or indirectly, to CISA, for its use regarding the security of critical infrastructure and protected systems, analysis, warning, interdependency study, recovery, reconstitution, or other appropriate purpose. PCII also includes any information, statements,

compilations or other materials reasonably necessary to explain the CII, put the CII in context, or describe the importance or use of the CII when accompanied by an express statement as described in § 29.5.

PCII Program Manager means the federal employee within the Infrastructure Security Division of CISA appointed as responsible for the administration of the PCII Program pursuant to this part, any successors to that position within the Department, or any designee.

PCII Program Manager's Designee means a federal employee outside of the PCII Program Office, whether employed by CISA or another federal agency, to whom certain functions of the PCII Program Office are delegated by the PCII Program Manager, as determined on a case-by-case basis.

Protected Critical Infrastructure Information Program Office or PCII Program Office means the personnel organized within the Infrastructure Security Division of CISA who carry out the operational and administrative functions of the PCII Program pursuant to the direction of the PCII Program Manager.

PCII Program Officer means a Federal, State, or Local government employee appointed by their respective agency or entity and, upon approval of the PCII Program Manager, carries out the responsibilities described in 6 CFR 29.4(d) to ensure the proper use, storage, and handling of PCII within their respective agency or entity.

Protected Critical Infrastructure Information Program or PCII Program means the program implementing the CII Act within the Infrastructure Security Division of the CISA, including the maintenance, management, and review of the information provided in furtherance of the protections provided by the CII Act.

Protected Critical Infrastructure Information Management System or PCIIMS means the electronic database and platform used to record the receipt, acknowledgement, validation, storage, dissemination, and destruction of PCII. PCIIMS also enables CISA to manage and train individuals authorized to view, handle, and access PCII.

Protected system has the same meaning stated in 6 U.S.C. 671(6) and means

any service, physical or computer-based system, process, or procedure that directly or indirectly affects the viability of a facility of critical infrastructure; and includes any physical or computer-based system, including a computer, computer system, computer or communications network, or any component hardware or element thereof, software program, processing instructions, or information or data in transmission or storage therein, irrespective of the medium of transmission or storage.

Purposes of the CII Act has the meaning set forth in the CII Act and includes the security of critical infrastructure and protected systems, analysis, warning, interdependency study, recovery, reconstitution, or other informational purposes.

Regulatory proceeding, as used in 6 U.S.C. 671(7) and this part, means administrative proceedings in which DHS is the adjudicating entity, and does not include any form or type of regulatory proceeding or other matter outside of DHS.

State has the same meaning stated in 6 U.S.C. 101(17) and means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any possession of the United States.

Submission as referenced in these procedures means any transmittal, either directly or indirectly, of CII to the CISA PCII Program Office or the PCII Program Manager's Designee, as set forth herein.

Submitted in good faith means any submission of information that could reasonably be defined as CII or PCII under this section. Upon validation of a submission as PCII, CISA has conclusively established the good faith of the submission. Any information qualifying as PCII by virtue of a categorical inclusion identified by the PCII Program Manager pursuant to this part is submitted in good faith.

Voluntary or voluntarily, when used in reference to any submission of CII, means the submittal thereof in the absence of an exercise of legal authority by DHS to compel access to or submission of such information. Voluntary

submission of CII may be accomplished by (*i.e.*, come from) a single State or Local governmental entity; private entity or person; or by an ISAO acting on behalf of its members or otherwise. There are two exclusions from this definition:

(1) In the case of any action brought under the securities laws—as is defined in 15 U.S.C. 78c(a)(47)—the term “voluntary” or “voluntarily” does not include:

(i) Information or statements contained in any documents or materials filed pursuant to 15 U.S.C. 78l(i) with the U.S. Securities and Exchange Commission or with federal banking regulators; or

(ii) A writing that accompanied the solicitation of an offer or a sale of securities; and

(2) Information or statements previously submitted to DHS in the course of a regulatory proceeding or a licensing or permitting determination are not “voluntarily submitted.” In addition, the submission of information to DHS for purposes of seeking a federal preference or benefit, including CII submitted to support an application for a DHS grant to secure critical infrastructure will be considered a voluntary submission of information. Applications for Support Anti-terrorism by Fostering Effective Technologies Act of 2002 filed pursuant to 6 U.S.C. 441 *et seq.*, or SAFETY Act Designation or Certification under 6 CFR part 25, will also be considered a voluntary submission.

Used directly by such agency, any other Federal, State, or Local authority, or any third party, in any civil action arising under Federal or State law in 6 U.S.C. 673(a)(1)(C) means any use in any proceeding other than a criminal prosecution before any court of the United States or of a State or otherwise, of any PCII, or any drafts or copies of PCII retained by the submitter, including the opinions, evaluations, analyses and conclusions prepared and submitted as CII, as evidence at trial or in any pretrial or other discovery, notwithstanding whether the United States, its agencies, officers, or employees is or are a party to such proceeding.

§ 29.3 FOIA exemptions and restrictions on use of PCII.

(a) *Freedom of Information Act disclosure exemptions.* Information that is separately exempt from public disclosure under the Freedom of Information Act (5 U.S.C. 552) or applicable State, or Local law does not lose its separate exemption from public disclosure due to the applicability of these procedures or any failure to follow them.

(b) *Restriction on use of PCII by regulatory agencies and other Federal, State, and Local agencies.* A Federal, State, or Local government agency that receives PCII may utilize the PCII only for purposes appropriate under the CII Act, including securing critical infrastructure or protected systems. Such PCII may not be utilized for any other collateral regulatory purposes without the written consent of the PCII Program Manager and of the submitting person or entity. The PCII Program Manager or the PCII Program Manager’s Designee will not share PCII with Federal, State, or Local government agencies without instituting appropriate measures to ensure that PCII is used only for appropriate purposes.

§ 29.4 PCII Program administration.

(a) *Cybersecurity and Infrastructure Security Agency.* The Secretary of the Department of Homeland Security hereby designates the Director as the senior DHS official responsible for the direction and administration of the PCII Program. The Director administers this program through the Executive Assistant Director.

(b) *Appointment of a PCII Program Manager.* The Director will:

(1) Appoint a PCII Program Manager serving under the Executive Assistant Director who is responsible for the administration of the PCII Program;

(2) Commit resources necessary for the effective implementation of the PCII Program;

(3) Ensure that sufficient personnel, including detailees or assignees from other federal national security, homeland security, or law enforcement entities, as the Director deems appropriate, are assigned to the PCII Program to facilitate secure information sharing with appropriate authorities; and

(4) Promulgate implementing directives and prepare training materials, as appropriate, for the proper treatment of PCII.

(c) *Appointment of PCII Program Officers.* The PCII Program Manager will establish procedures to ensure that each DHS component and each Federal, State, or Local agency or entity that works with PCII appoints one or more employees to serve as a PCII Program Officer in order to carry out the responsibilities stated in paragraph (d) of this section. Persons appointed to serve as PCII Program Officers must be fully familiar with these procedures.

(d) *Responsibilities of PCII Program Officers.* PCII Program Officers:

(1) Oversee the handling, use, and storage of PCII;

(2) Ensure the secure sharing of PCII with appropriate authorities and individuals, as set forth in § 29.1(a), and paragraph (b)(3) of this section;

(3) Establish and maintain an ongoing self-inspection program including periodic review and assessment of compliance with handling, use, and storage of PCII;

(4) Establish additional procedures, measures, and penalties, as necessary, to prevent unauthorized access to PCII; and

(5) Ensure prompt and appropriate coordination with the PCII Program Manager regarding any request, challenge, or complaint arising out of the implementation of these regulations.

(e) *Protected Critical Infrastructure Information Management System or PCIIMS.* The PCII Program Manager will develop, for use by the PCII Program Office and the PCII Manager's Designees, an electronic database to be known as PCIIMS to record the receipt, acknowledgement, validation, storage, dissemination, and destruction of PCII. This compilation of PCII must be safeguarded and protected in accordance with the provisions of the CII Act. The PCII Program Manager may require the completion of appropriate background investigations of an individual before granting that individual access to any PCII.

§ 29.5 Requirements for protection.

(a) CII receives the protections of the CII Act when:

(1) Such information is voluntarily submitted, directly or indirectly, to the PCII Program Office or a PCII Program Manager's Designee;

(2) The information is submitted for protected use regarding the security of critical infrastructure or protected systems, analysis, warning, interdependency study, recovery, reconstitution, or other appropriate purposes including, without limitation, for the identification, analysis, prevention, preemption, disruption, defense against and/or mitigation of terrorist threats to the homeland;

(3) The information is labeled with an express statement as follows:

(i) *Documentary submissions.* In the case of documentary submissions, a written marking on the information or records substantially similar to the following: "This information is voluntarily submitted to the federal government in expectation of protection from disclosure as provided by the provisions of the Critical Infrastructure Information Act of 2002, as amended by the Cybersecurity and Infrastructure Security Act of 2018";

(ii) *Oral submissions.* In the case of oral submissions:

(A) Through an oral statement, made at the time of the oral submission or within a reasonable period of time thereafter, indicating an expectation of protection from disclosure as provided by the provisions of the CII Act; and

(B) Through a written statement substantially similar to the one specified above in paragraph (a)(3)(i) of this section accompanied by a document that memorializes the nature of the oral submission initially provided to the PCII Program Office or the PCII Program Manager's Designee within a reasonable period of time after making the oral submission; or

(iii) *Electronic submissions.* In the case of electronic submissions:

(A) Through an electronically submitted statement made within a reasonable period of time after making the electronic submission, indicating an expectation of protection from disclosure as provided by the provisions of the CII Act; or

(B) Through a non-electronically submitted written statement substantially

similar to the one specified in paragraph (a)(3)(i) of this section accompanied by a document that memorializes the nature of the electronic submission initially provided to the PCII Program Office or the PCII Program Manager's Designee within a reasonable period after making the electronic submission; and

(4) The documentary, electronic, or oral submission is accompanied by a statement, signed by the submitting person or an authorized person on behalf of an entity identifying the submitting person or entity, containing such contact information as is considered necessary by the PCII Program Office, and certifying that the information being submitted is not customarily in the public domain.

(b) Information that is not submitted to the PCII Program Office or the PCII Program Manager's Designees will not qualify for protection under the CII Act. Only the PCII Program Office or a PCII Program Manager's Designee are authorized to acknowledge receipt of information submitted for consideration of protection under the CII Act.

(c) All Federal, State, and Local government entities must protect and maintain information as required by this part and by the provisions of the CII Act when that information is provided to the entity by the PCII Program Manager or a PCII Program Manager's Designee and is marked as required in § 29.6(c).

(d) All submissions seeking PCII status are presumed to have been submitted in good faith until validation or a determination not to validate is made pursuant to this part.

§ 29.6 Acknowledgment of receipt, validation, and marking.

(a) *Authorized officials.* Only the PCII Program Manager is authorized to validate and mark information submitted for protection outside of a categorical inclusion as PCII. The PCII Program Manager or a Program Manager's Designee may mark information qualifying for protection under categorical inclusions pursuant to paragraph (f) of this section as PCII.

(b) *Presumption of protection.* All information submitted in accordance with the procedures set forth in § 29.5 of

this part will be presumed to be and will be treated as PCII, enjoying the protections of the CII Act, from the time the information is received by the PCII Program Office or a PCII Program Manager's Designee. The information must remain protected unless and until the PCII Program Office renders a final decision that the information is not PCII. The PCII Program Office will, with respect to information that is not properly submitted, inform the submitting person or entity within thirty calendar days of receipt, by a means of communication to be prescribed by the PCII Program Manager, that the submission was procedurally defective. The submitter will then have an additional thirty calendar days to remedy the deficiency from the date of receipt of such notification by the PCII Program Office. If the submitting person or entity does not cure the deficiency within thirty calendar days after the date of receipt of the notification provided by the PCII Program Office in this paragraph, the PCII Program Office may determine that the presumption of protection is terminated. Under such circumstances, the PCII Program Office may cure the deficiency by labeling the submission with the information required in § 29.5 or may notify the applicant that the submission does not qualify as PCII. No CII submission will lose its presumptive status as PCII except as provided in paragraph (g) of this section.

(c) *Marking of information.* All PCII must be clearly identified through markings made by the PCII Program Office. The PCII Program Office will mark PCII materials as follows: "This document contains PCII. In accordance with the provisions of 6 CFR part 29, this document is exempt from release under the Freedom of Information Act (5 U.S.C. 552(b)(3)) and similar laws requiring public disclosure. Unauthorized release may result in criminal and administrative penalties. This document is to be safeguarded and disseminated in accordance with the CII Act and PCII Program requirements." When distributing PCII, the distributing person must ensure that the distributed information contains this marking.

(d) *Acknowledgement of receipt of information.* The PCII Program Office or a

PCII Program Manager's Designee will acknowledge receipt of information submitted as CII and accompanied by an express statement, and in so doing will:

(1) Contact the submitting person or entity, within thirty calendar days of receipt of the submission of CII, by the means of delivery prescribed in procedures developed by the PCII Program Manager. In the case of oral submissions, receipt will be acknowledged in writing within thirty calendar days after receipt by the PCII Program Office or a PCII Program Manager's Designee of a written statement, certification, and documents that memorialize the oral submission, as referenced in § 29.5(a)(3)(ii);

(2) Enter the appropriate data into the PCIIMS as required in § 29.4(e); and

(3) Provide the submitting person or entity with a unique tracking number that will accompany the information from the time it is received by the PCII Program Office or a PCII Program Manager's Designee.

(e) *Validation of information.* (1) The PCII Program Manager is responsible for reviewing all submissions that request protection under the CII Act. The PCII Program Manager will review the submitted information as soon as practicable. If a final determination is made that the submitted information meets the requirements for protection, the PCII Program Manager must ensure that the information has been marked as required in paragraph (c) of this section, notify the submitting person or entity of the determination, and disclose it only pursuant to § 29.8.

(2) If the PCII Program Office makes an initial determination that the information submitted does not meet the requirements for protection under the CII Act, the PCII Program Office will:

(i) Notify the submitting person or entity of the initial determination that the information is not considered to be PCII. This notification also will, as necessary:

(A) Request that the submitting person or entity complete the requirements of § 29.5(a) or further explain the nature of the information and the submitting person or entity's basis for believing the information qualifies for protection under the CII Act;

(B) Advise the submitting person or entity that the PCII Program Office will review any further information provided before rendering a final determination;

(C) Advise the submitting person or entity that the submission can be withdrawn at any time before a final determination is made;

(D) Notify the submitting person or entity that until a final determination is made the submission will be treated as PCII;

(E) Notify the submitting person or entity that any response to the notification must be received by the PCII Program Office no later than thirty calendar days after the date of the notification; and

(F) Request the submitting person or entity to state whether, in the event the PCII Program Office makes a final determination that any such information is not PCII, the submitting person or entity prefers that the information be maintained without the protections of the CII Act, returned to the submitting person or entity, or destroyed. If a request for return is made, all such information will be returned to the submitting person or entity.

(ii) If the information submitted has not been withdrawn by the submitting person or entity, the PCII Program Office will return the information to the submitter in accordance with the submitting person or entity's written preference and the procedures set forth in paragraph (e)(2)(i) of this section within thirty calendar days of making a final determination that the information submitted is not eligible for protections under the CII Act. If the submitting person or entity cannot be notified or the submitting person or entity's response is not received within thirty calendar days of the date of the notification as provided in paragraph (e)(2)(i) of this section, the PCII Program Office will make the initial determination final and return the information to the submitter. If return to the submitter is impractical, the PCII Program Office will destroy the information within thirty calendar days. This process is consistent with the appropriate National Archives and Records Administration-approved records disposition schedule.

(f) *Categorical Inclusions of Certain Types of CII as PCII.* The PCII Program Manager has discretion to declare certain subject matter or types of information categorically protected as PCII and to set procedures for receipt and processing of such information. Information within a categorical inclusion will be considered validated upon receipt by the PCII Program Manager or any of the PCII Program Manager's Designees without further review, provided that the submitter provides the express statement required by § 29.5(a)(3). The PCII Program Manager's designees will provide to the PCII Program Office information submitted under a categorical inclusion.

(g) *Changing the status of PCII to non-PCII.* Once information is validated, only the PCII Program Manager may change the status of PCII to that of non-PCII and remove its PCII markings. Status changes may only take place when the submitting person or entity requests in writing that the information no longer be protected under the CII Act; or when the PCII Program Office determines that the information was, at the time of the submission, customarily in the public domain. Upon making an initial determination that a change in status may be warranted, but prior to a final determination, the PCII Program Office, using the procedures in paragraph (e)(2) of this section, will inform the submitting person or entity of the initial determination of a change in status. Notice of the final change in status of PCII will be provided to all recipients of PCII received under § 29.8.

§ 29.7 Safeguarding of PCII.

(a) *Safeguarding.* All persons granted access to PCII are responsible for safeguarding such information in their possession or control. PCII must be protected at all times by appropriate storage and handling. Each person who works with PCII is personally responsible for taking proper precautions to ensure that unauthorized persons do not gain access to it.

(b) *Background checks on persons with access to PCII.* For those who require access to PCII, CISA will, to the extent practicable and consistent with the purposes of the CII Act, undertake ap-

propriate background checks to ensure that individuals with access to PCII do not pose a threat to national security. These checks may also be waived in exigent circumstances.

(c) *Use and storage.* When PCII is in the physical possession of a person, reasonable steps must be taken, in accordance with procedures prescribed by the PCII Program Manager, to minimize the risk of access to PCII by unauthorized persons. When PCII is not in the physical possession of a person, it must be stored in a secure environment.

(d) *Reproduction.* Pursuant to procedures prescribed by the PCII Program Manager, a document or other material containing PCII may be reproduced to the extent necessary and consistent with the need to carry out official duties, provided that the reproduced documents or material are marked and protected in the same manner as the original documents or material.

(e) *Disposal of information.* Documents and material containing PCII may be disposed of by any method that prevents unauthorized retrieval, such as shredding or incineration.

(f) *Transmission of information.* PCII will be transmitted only by secure means of delivery as determined by the PCII Program Manager, and in conformance with appropriate federal standards.

(g) *Automated Information Systems.* The PCII Program Manager will establish security requirements designed to protect information to the maximum extent practicable, and consistent with the CII Act, for Automated Information Systems that contain PCII. Such security requirements will be in conformance with the information technology security requirements in the Federal Information Security Management Act and the Office of Management and Budget's implementing policies.

§ 29.8 Disclosure of PCII.

(a) *Authorization of access.* The Director, the Executive Assistant Director, or either's designee may choose to provide or authorize access to PCII under one or more of the paragraphs in this section when it is determined that access supports a lawful and authorized

government purpose as enumerated in the CII Act or other law, regulation, or legal authority.

(b) *Federal, State, and Local government sharing.* The PCII Program Office or a PCII Program Manager's Designee may provide PCII to an employee of the federal government, provided, subject to paragraph (f) of this section, that such information is shared for purposes of securing the critical infrastructure or protected systems, analysis, warning, interdependency study, recovery, reconstitution, or for another appropriate purpose including, without limitation, the identification, analysis, prevention, preemption, and/or disruption of terrorist threats to the homeland. PCII may not be used, directly or indirectly, for any collateral regulatory purpose. PCII may be provided to a State or Local government entity for the purpose of protecting critical infrastructure or protected systems, or in furtherance of the investigation or prosecution of a criminal act. The provision of PCII to a State or Local government entity will normally be made only pursuant to an arrangement with the PCII Program Manager providing for compliance with the requirements of paragraph (d) of this section and acknowledging the understanding and responsibilities of the recipient. State and Local governments receiving such information will acknowledge in such arrangements the primacy of PCII protections under the CII Act; agree to assert all available legal defenses to disclosure of PCII under State or Local public disclosure laws, statutes, or ordinances; and will agree to treat breaches of the agreements by their employees or contractors as matters subject to the applicable criminal code or employee code of conduct for the jurisdiction.

(c) *Disclosure of information to Federal, State, and Local government contractors.* Disclosure of PCII to Federal, State, and Local government contractors may be made when necessary for an appropriate purpose under the CII Act, and only after the PCII Program Manager or a PCII Program Officer certifies that the contractor is performing services in support of the purposes of the CII Act. The contractor's employees who will be handling PCII must sign indi-

vidual nondisclosure agreements in a form prescribed by the PCII Program Manager, and the contractor must agree by contract, whenever and to whatever extent possible, to comply with all relevant requirements of the PCII Program. The contractor must safeguard PCII in accordance with these procedures and may not remove any "PCII" markings. An employee of the contractor may, in the performance of services in support of the purposes of the CII Act and when authorized to do so by the PCII Program Manager or a PCII Program Manager's Designee, communicate with a submitting person or an authorized person of a submitting entity about a submittal of information by that person or entity. Contractors will not further disclose PCII to any other party not already authorized to receive such information by the PCII Program Manager or a PCII Program Manager's Designee, without the prior written approval of the PCII Program Manager or a PCII Program Manager's Designee.

(d) *Further use or disclosure of information by State and Local governments.* (1) State and Local governments receiving information marked "Protected Critical Infrastructure Information" will not share that information with any other party not already authorized to receive such information by the PCII Program Manager or a PCII Program Manager's Designee, with the exception of their contractors after complying with the requirements of paragraph (c) of this section, or remove any PCII markings, without first obtaining authorization from the PCII Program Manager or a PCII Program Manager's Designee, who is responsible for requesting and obtaining written consent from the submitter of the information.

(2) State and Local governments may use PCII only for the purpose of protecting critical infrastructure or protected systems, or as set forth elsewhere in these rules.

(e) *Disclosure of information to appropriate entities or to the general public.* PCII may be used to prepare advisories, alerts, and warnings to relevant companies, targeted sectors, governmental entities, ISAOs, or the general public regarding potential threats and

vulnerabilities to critical infrastructure as appropriate pursuant to the CII Act. Unless exigent circumstances require otherwise, any such warnings to the general public will be authorized by the Secretary of the Department of Homeland Security, the Director, the Executive Assistant Director for Infrastructure Security of CISA, or the Executive Assistant Director for Cybersecurity of CISA. Such exigent circumstances exist only when approval of the Secretary, the Director, the Executive Assistant Director for Infrastructure Security for CISA, or the Executive Assistant Director for Cybersecurity for CISA cannot be obtained within a reasonable time necessary to issue an effective advisory, alert, or warning. In issuing advisories, alerts, and warnings, DHS will consider the exigency of the situation, the extent of possible harm to the public or to critical infrastructure, and the necessary scope of the advisory, alert, or warning; and take appropriate actions to protect from disclosure any information that is proprietary, business sensitive, relates specifically to or might be used to identify the submitting person or entity or any persons or entities on whose behalf the CII was submitted, or is not otherwise appropriately in the public domain. Depending on the exigency of the circumstances, DHS may consult or cooperate with the submitter in making such advisories, alerts, or warnings.

(f) *Disclosure for law enforcement purposes and communication with submitters; access by Congress, the Comptroller General, and the Inspector General; and whistleblower protection.*

(1) Exceptions for disclosure.

(i) PCII will not, without the written consent of the person or entity submitting such information, be used or disclosed for purposes other than the purposes of the CII Act, except:

(A) In furtherance of the investigation or prosecution of a criminal act by the federal government, or by a State, Local, or foreign government, when such disclosure is coordinated by a federal law enforcement official;

(B) To communicate with a submitting person or an authorized person on behalf of a submitting entity, about a submittal of information by that per-

son or entity when authorized to do so by the PCII Program Manager or a PCII Program Manager's Designee; or

(C) When disclosure of the information is made by any officer or employee of the United States;

(1) To either House of Congress, or to the extent of matter within its jurisdiction, any committee or subcommittee thereof, any joint committee thereof or subcommittee of any such joint committee; or

(2) To the Comptroller General, or any authorized representative of the Comptroller General, in the course of the performance of the duties of the Government Accountability Office.

(ii) If any officer or employee of the United States makes any disclosure pursuant to these exceptions, contemporaneous written notification must be provided to CISA through the PCII Program Manager.

(2) Consistent with the authority to disclose information for any of the purposes of the CII Act, disclosure of PCII may be made, without the written consent of the person or entity submitting such information, to the DHS Office of Inspector General.

(g) *Responding to requests made under the Freedom of Information Act or State and Local government information access laws.* PCII will be treated as exempt from disclosure under the Freedom of Information Act and any State or Local government law requiring disclosure of records or information. Any Federal, State, or Local government agency with questions regarding the protection of PCII from public disclosure must contact the PCII Program Office, who will in turn consult with the CISA Office of the Chief Counsel.

(h) *Ex parte communications with decision-making officials.* Pursuant to 6 U.S.C. 673(a)(1)(B), PCII is not subject to any agency rules or judicial doctrine regarding ex parte communications with a decision-making official.

(i) *Restriction on use of PCII in civil actions.* Pursuant to 6 U.S.C. 673(a)(1)(C), PCII will not, without the written consent of the person or entity submitting such information, be used directly by any Federal, State, or Local authority, or by any third party, in any civil action arising under Federal, State, or Local law.

§ 29.9 Investigation and reporting of violation of PCII procedures.

(a) *Reporting of possible violations.* Persons authorized to have access to PCII must report any suspected violation of security procedures, the loss or misplacement of PCII, and any suspected unauthorized disclosure of PCII immediately to the PCII Program Manager or a PCII Program Manager's Designee. Suspected violations may also be reported to the DHS Office of Inspector General. The PCII Program Manager or a PCII Program Manager's Designee will in turn report the incident to the appropriate security officer and to the DHS Office of Inspector General.

(b) *Review and investigation of written report.* The PCII Program Manager, or the appropriate security officer must notify the DHS Office of Inspector General of their intent to investigate any alleged violation of procedures, loss of information, and/or unauthorized disclosure, prior to initiating any such investigation. Evidence of wrongdoing resulting from any such investigations by agencies other than the DHS Inspector General must be reported to the United States Department of Justice, Criminal Division, through the CISA Office of the Chief Counsel. The DHS Office of Inspector General also has authority to conduct such investigations and will report any evidence of wrongdoing to the United States Department of Justice, Criminal Division, for consideration of prosecution.

(c) *Notification to originator of PCII.* If the PCII Program Manager or the appropriate security officer determines that a loss of information or an unauthorized disclosure of PCII has occurred, the PCII Program Manager or a PCII Program Manager's Designee must notify the person or entity that submitted the PCII, unless providing such notification could reasonably be expected to hamper the relevant investigation or adversely affect any other law enforcement, national security, or homeland security interest.

(d) *Criminal and administrative penalties.* (1) As established in 6 U.S.C. 673(f), whoever, being an officer or employee of the United States or of any department or agency thereof, knowingly publishes, divulges, discloses, or

makes known in any manner or to any extent not authorized by law, any information protected from disclosure by the CII Act coming to the officer or employee in the course of his or her employment or official duties or by reason of any examination or investigation made by, or return, report, or record made to or filed with, such department or agency or officer or employee thereof, shall be fined under title 18 of the United States Code, imprisoned not more than one year, or both, and shall be removed from office or employment.

(2) In addition to the penalties set forth in paragraph (d)(1) of this section, if the PCII Program Manager determines that an entity or person who has received PCII has violated the provisions of this part or used PCII for an inappropriate purpose, the PCII Program Manager may disqualify that entity or person from future receipt of any PCII or future receipt of any sensitive homeland security information under 6 U.S.C. 482, provided, however, that any such decision by the PCII Program Manager may be appealed to the Director.

The State shall maintain copies of the documentation presented pursuant to § 37.31, and maintain a record of both

§ 37.11

6 CFR Ch. I (1–1–23 Edition)

the recorded name and the name on the source documents in a manner to be determined by the State and in conformity with § 37.31.

(d) *Date of birth.* To establish date of birth, an individual must present at least one document included in paragraph (c) of this section.

(g) *Evidence of lawful status in the United States.* A DMV may issue a REAL ID driver's license or identification card only to a person who has presented satisfactory evidence of lawful status.

(1) If the applicant presents one of the documents listed under paragraphs (c)(1)(i), (c)(1)(ii), (c)(1)(iii), (c)(1)(iv), (c)(1)(vii) or (c)(1)(viii) of this section, the issuing State's verification of the applicant's identity in the manner prescribed in § 37.13 will also provide satisfactory evidence of lawful status.

(2) If the applicant presents one of the identity documents listed under paragraphs (c)(1)(v) or (c)(1)(vi), or (c)(1)(ix) of this section, the issuing State's verification of the identity doc-

ument(s) does not provide satisfactory evidence of lawful status. The applicant must also present a second document from § 37.11(g)(1) or documentation issued by DHS or other Federal agencies demonstrating lawful status as determined by USCIS. All documents shall be verified in the manner prescribed in § 37.13.

(h) *Exceptions Process.* A State DMV may choose to establish a written, defined exceptions process for persons who, for reasons beyond their control, are unable to present all necessary documents and must rely on alternate documents to establish identity or date of birth. Alternative documents to demonstrate lawful status will only be allowed to demonstrate U.S. citizenship.

(1) Each State establishing an exceptions process must make reasonable efforts to establish the authenticity of alternate documents each time they are presented and indicate that an exceptions process was used in the applicant's record.

(2) The State shall retain copies or images of the alternate documents accepted pursuant to § 37.31 of this part.

(3) The State shall conduct a review of the use of the exceptions process, and pursuant to subpart E of this part, prepare and submit a report with a copy of the exceptions process as part of the certification documentation detailed in § 37.55.

(i) States are not required to comply with these requirements when issuing REAL ID driver's licenses or identification cards in support of Federal, State, or local criminal justice agencies or other programs that require special licensing or identification to safeguard persons or in support of their other official duties. As directed by appropriate officials of these Federal, State, or local agencies, States should take sufficient steps to safeguard the identities of such persons. Driver's licenses and identification cards issued in support of Federal, State, or local criminal justice agencies or programs that require special licensing or identification to safeguard persons or in support of their other official duties shall not be distinguishable from other REAL ID licenses or identification cards issued by the State.

§ 37.13 Document verification requirements.

(a) States shall make reasonable efforts to ensure that the applicant does not have more than one driver's license or identification card already issued by that State under a different identity. In States where an individual is permitted to hold both a driver's license and identification card, the State shall ensure that the individual has not been issued identification documents in multiple or different names. States shall also comply with the provisions of § 37.29 before issuing a driver's license or identification card.

(b) States must verify the documents and information required under § 37.11 with the issuer of the document. States shall use systems for electronic validation of document and identity data as they become available or use alternative methods approved by DHS.

(1) States shall verify any document described in § 37.11(c) or (g) and issued by DHS (including, but not limited to, the I-94 form described in § 37.11(c)(vi)) through the Systematic Alien Verification for Entitlements (SAVE) system or alternate methods approved by DHS, except that if two DHS-issued documents are presented, a SAVE verification of one document that confirms lawful status does not need to be repeated for the second document. In the event of a non-match, the DMV must not issue a REAL ID driver's license or identification card to an applicant, and must refer the individual to U.S. Citizenship and Immigration Services for resolution.

(2) States must verify SSNs with the Social Security Administration (SSA) or through another method approved by DHS. In the event of a non-match with SSA, a State may use existing procedures to resolve non-matches. If the State is unable to resolve the non-match, and the use of an exceptions process is not warranted in the situation, the DMV must not issue a REAL ID driver's license or identification card to an applicant until the information verifies with SSA.

(3) States must verify birth certificates presented by applicants. States should use the Electronic Verification of Vital Events (EVVE) system or other electronic systems whenever the

records are available. If the document does not appear authentic upon inspection or the data does not match and the use of an exceptions process is not warranted in the situation, the State must not issue a REAL ID driver's license or identification card to the applicant until the information verifies, and should refer the individual to the issuing office for resolution.

(4) States shall verify documents issued by the Department of State with the Department of State or through methods approved by DHS.

(5) States must verify REAL ID driver's licenses and identification cards with the State of issuance.

(6) Nothing in this section precludes a State from issuing an interim license or a license issued under § 37.71 that will not be accepted for official purposes to allow the individual to resolve any non-match.

§ 37.15 Physical security features for the driver's license or identification card.

(a) *General.* States must include document security features on REAL ID driver's licenses and identification cards designed to deter forgery and counterfeiting, promote an adequate level of confidence in the authenticity of cards, and facilitate detection of fraudulent cards in accordance with this section.

(1) These features must not be capable of being reproduced using technologies that are commonly used and made available to the general public.

(2) The proposed card solution must contain a well-designed, balanced set of features that are effectively combined and provide multiple layers of security. States must describe these document security features in their security plans pursuant to § 37.41.

(b) *Integrated security features.* REAL ID driver's licenses and identification cards must contain at least three levels of integrated security features that provide the maximum resistance to persons' efforts to—

(1) Counterfeit, alter, simulate, or reproduce a genuine document;

(2) Alter, delete, modify, mask, or tamper with data concerning the original or lawful card holder;

§ 37.17

6 CFR Ch. I (1–1–23 Edition)

(3) Substitute or alter the original or lawful card holder's photograph and/or signature by any means; and

(4) Create a fraudulent document using components from legitimate driver's licenses or identification cards.

(c) *Security features to detect false cards.* States must employ security features to detect false cards for each of the following three levels:

(1) *Level 1.* cursory examination, without tools or aids involving easily identifiable visual or tactile features, for rapid inspection at point of usage.

(2) *Level 2.* Examination by trained inspectors with simple equipment.

(3) *Level 3.* Inspection by forensic specialists.

(d) *Document security and integrity.* States must conduct a review of their card design and submit a report to DHS with their certification that indicates the ability of the design to resist compromise and document fraud attempts. The report required by this paragraph is SSI and must be handled and protected in accordance with 49 CFR part 1520. Reports must be updated and submitted to DHS whenever a security feature is modified, added, or deleted. After reviewing the report, DHS may require a State to provide DHS with examination results from a recognized independent laboratory experienced with adversarial analysis of identification documents concerning one or more areas relating to the card's security.

§ 37.17 Requirements for the surface of the driver's license or identification card.

To be accepted by a Federal agency for official purposes, REAL ID driver's licenses and identification cards must include on the front of the card (unless otherwise specified below) the following information:

(a) *Full legal name.* Except as permitted in § 37.11(c)(2), the name on the face of the license or card must be the same as the name on the source document presented by the applicant to establish identity. § 37.23 Reissued REAL ID driver's licenses and identification cards.

(a) *State procedure.* States must establish an effective procedure to confirm or verify an applicant's identity each time a REAL ID driver's license or identification card is reissued, to ensure that the individual receiving the reissued REAL ID driver's license or identification card is the same individual to whom the driver's license or

identification card was originally issued.

(b) *Remote/Non-in-person reissuance.* Except as provided in paragraph (c) of this section a State may conduct a non-in-person (remote) reissuance if State procedures permit the reissuance to be conducted remotely. § 37.25 Renewal of REAL ID driver's licenses and identification cards.

(a) *In-person renewals.* States must require holders of REAL ID driver's licenses and identification cards to renew their driver's licenses and identification cards with the State DMV in person, no less frequently than every sixteen years.

(1) The State DMV shall take an updated photograph of the applicant, no less frequently than every sixteen years.

(2) The State must reverify the renewal applicant's SSN and lawful status through SSOLV and SAVE, respectively (or other DHS-approved means) as applicable prior to renewing the driver's license or identification card. The State must also verify electronically information that it was not able to verify at a previous issuance or renewal if the systems or processes exist to do so.

(3) Holders of temporary or limited-term REAL ID driver's licenses and identification cards must present evidence of continued lawful status via SAVE or other method approved by DHS when renewing their driver's license or identification card.

(b) *Remote/Non-in-person renewal.* Except as provided in (b)(2) a State may conduct a non-in-person (remote) renewal if State procedures permit the renewal to be conducted remotely.

(1) The State must reverify the applicant's SSN and lawful status pursuant to § 37.13 prior to renewing the driver's license or identification card.

(2) The State may not remotely renew a REAL ID driver's license or identification card where there has been a material change in any personally identifiable information since prior issuance. All material changes must be established through the applicant's presentation of an original source document as provided in Subpart B, and must be verified as specified in § 37.13.

§ 37.27 Driver's licenses and identification cards issued during the age-based enrollment period.

Driver's licenses and identification cards issued to individuals prior to a DHS determination that the State is materially compliant may be renewed or reissued pursuant to current State practices, and will be accepted for official purposes until the validity dates described in § 37.5.

[73 FR 5331, Jan. 29, 2008, as amended at 79 FR 77838, Dec. 29, 2014]

§ 37.29 Prohibition against holding more than one REAL ID card or more than one driver's license.

(3) All images must be retrievable by the DMV if properly requested by law enforcement.

(c) Upon request by an applicant, a State shall record and retain the applicant's name, date of birth, certificate numbers, date filed, and issuing agency in lieu of an image or copy of the applicant's birth certificate, where such procedures are required by State law.

§ 37.33 DMV databases.

(a) States must maintain a State motor vehicle database that contains, at a minimum—

(1) All data fields printed on driver's licenses and identification cards issued by the State, individual serial numbers of the card, and SSN;

(a) *In General.* States must have a security plan that addresses the provisions in paragraph (b) of this section

and must submit the security plan as part of its REAL ID certification under § 37.55.

(b) Security plan contents. At a minimum, the security plan must address—

(1) Physical security for the following:

(i) Facilities used to produce driver's licenses and identification cards.

(ii) Storage areas for card stock and other materials used in card production.

(2) Security of personally identifiable information maintained at DMV locations involved in the enrollment, issuance, manufacture and/or production of cards issued under the REAL ID Act, including, but not limited to, providing the following protections:

(i) Reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the personally identifiable information collected, stored, and maintained in DMV records and information systems for purposes of complying with the REAL ID Act. These safeguards must include procedures to prevent unauthorized access, use, or dissemination of applicant information and images of source documents retained pursuant to the Act and standards and procedures for document retention and destruction.

(ii) A privacy policy regarding the personally identifiable information collected and maintained by the DMV pursuant to the REAL ID Act.

(iii) Any release or use of personal information collected and maintained by the DMV pursuant to the REAL ID Act must comply with the requirements of the Driver's Privacy Protection Act, 18 U.S.C. 2721 *et seq.* State plans may go beyond these minimum privacy requirements to provide greater protection, and such protections are not subject to review by DHS for purposes of determining compliance with this part.

(6) Emergency/incident response plan;

(7) Internal audit controls;

(8) An affirmation that the State possesses both the authority and the means to produce, revise, expunge, and protect the confidentiality of REAL ID driver's licenses or identification cards issued in support of Federal, State, or local criminal justice agencies or similar programs that require special licensing or identification to safeguard persons or support their official duties. These procedures must be designed in coordination with the key requesting authorities to ensure that the procedures are effective and to prevent conflicting or inconsistent requests. In order to safeguard the identities of individuals, these procedures should not be discussed in the plan and States should make every effort to prevent disclosure to those without a need to know about either this confidential procedure or any substantive information that may compromise the confidentiality of these operations. The appropriate law enforcement official and United States Attorney should be notified of any action seeking information that could compromise Federal law enforcement interests.

(c) *Handling of Security Plan.* The Security Plan required by this section contains Sensitive Security Information (SSI) and must be handled and protected in accordance with 49 CFR part 1520.

§ 37.43 Physical security of DMV production facilities.

(b) States must describe the security of DMV facilities as part of their security plan, in accordance with § 37.41.

§ 37.45 Background checks for covered employees.

(a) *Scope.* States are required to subject persons who are involved in the manufacture or production of REAL ID driver's licenses and identification cards, or who have the ability to affect the identity information that appears on the driver's license or identification card, or current employees who will be assigned to such positions ("covered employees" or "covered positions"), to a background check. The background check must include, at a minimum, the validation of references from prior employment, a name-based and fingerprint-based criminal history records check, and employment eligibility verification otherwise required by law. States shall describe their background check process as part of their security plan, in accordance with § 37.41(b)(4)(ii). This section also applies to contractors utilized in covered positions.

(b) *Background checks.* States must ensure that any covered employee under paragraph (a) of this section is provided notice that he or she must undergo a background check and the contents of that check.

(1) *Criminal history records check.* States must conduct a name-based and fingerprint-based criminal history records check (CHRC) using, at a minimum, the FBI's National Crime Information Center (NCIC) and the Integrated Automated Fingerprint Identification (IAFIS) database and State repository records on each covered employee identified in paragraph (a) of this section, and determine if the covered employee has been convicted of any of the following disqualifying crimes:

(i) *Permanent disqualifying criminal offenses.* A covered employee has a per-

manent disqualifying offense if convicted, or found not guilty by reason of insanity, in a civilian or military jurisdiction, of any of the felonies set forth in 49 CFR 1572.103(a).

(ii) *Interim disqualifying criminal offenses.* The criminal offenses referenced in 49 CFR 1572.103(b) are disqualifying if the covered employee was either convicted of those offenses in a civilian or military jurisdiction, or admits having committed acts which constitute the essential elements of any of those criminal offenses within the seven years preceding the date of employment in the covered position; or the covered employee was released from incarceration for the crime within the five years preceding the date of employment in the covered position.

(iii) *Under want or warrant.* A covered employee who is wanted or under indictment in any civilian or military jurisdiction for a felony referenced in this section is disqualified until the want or warrant is released.

(v) *Waiver.* The State may establish procedures to allow for a waiver of the requirements of paragraphs (b)(1)(ii) or (b)(1)(iv) of this section under circumstances determined by the State. These procedures can cover circumstances where the covered employee has been arrested, but no final disposition of the matter has been reached.

(2) *Employment eligibility status verification.* The State shall ensure it is fully in compliance with the requirements of section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) and its implementing regulations (8 CFR part 274A) with respect to each covered employee. The State is encouraged to participate in the USCIS E-Verify program (or any successor program) for employment eligibility verification.

(3) *Reference check.* Reference checks from prior employers are not required if the individual has been employed by

the DMV for at least two consecutive years since May 11, 2006.

(4) *Disqualification.* If results of the State's CHRC reveal a permanent disqualifying criminal offense under paragraph (b)(1)(i) or an interim disqualifying criminal offense under paragraph (b)(1)(ii), the covered employee may not be employed in a position described in paragraph (a) of this section. An employee whose employment eligibility has not been verified as required by section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) and its implementing regulations (8 CFR part 274A) may not be employed in any position.

(c) *Appeal.* If a State determines that the results from the CHRC do not meet the standards of such check the State must so inform the employee of the determination to allow the individual an opportunity to appeal to the State or Federal government, as applicable.

(d) Background checks substantially similar to the requirements of this section that were conducted on existing employees on or after May 11, 2006 need not be re-conducted.

Subpart E—Procedures for Determining State Compliance

States must file the documentation required under § 37.55 at least 90 days prior to the effective date of full compliance.

(b) *Material compliance.* States must be in material compliance by January 1, 2010 to receive an additional extension until no later than May 10, 2011 as described in § 37.63. Benchmarks for material compliance are detailed in the

State REAL ID programs will be subject to DHS review to determine whether the State meets the requirements for compliance with this part.

(a) *General inspection authority.* States must cooperate with DHS's review of the State's compliance at any time. In addition, the State must:

§ 37.61

6 CFR Ch. I (1–1–23 Edition)

(1) Provide any reasonable information pertinent to determining compliance with this part as requested by DHS;

(2) Permit DHS to conduct inspections of any and all sites associated with the enrollment of applicants and the production, manufacture, personalization and issuance of driver's licenses or identification cards; and

§ 37.61 Results of compliance determination.

(a) A State shall be deemed in compliance with this part when DHS issues a determination that the State meets the requirements of this part.

(b) The Secretary will determine that a State is not in compliance with this part when it—

(1) Fails to submit a timely certification or request an extension as prescribed in this subpart; or

(2) Does not meet one or more of the standards of this part, as established in a determination by DHS under § 37.59.

§ 37.63 Extension of deadline.

(a) A State may request an initial extension by filing a request with the Secretary no later than March 31, 2008. (b) Driver's licenses and identification cards issued by a State that has

obtained an extension of the compliance date from DHS per § 37.51 are acceptable for official purposes until the end of the applicable enrollment period under § 37.5; or the State subsequently is found by DHS under this Subpart to not be in compliance.

(c) Driver's licenses and identification cards issued by a State that has been determined by DHS to be in material compliance and that are marked to identify that the licenses and cards are materially compliant will continue to be accepted by Federal agencies after the expiration of the enrollment period under § 37.5, until the expiration date on the face of the document.

(1) Clearly state on their face and in the machine readable zone that the card is not acceptable for official purposes; and

(2) Have a unique design or color indicator that clearly distinguishes them from driver's licenses and identification cards that meet the standards of this part.

§ 46.101 To what does this policy apply?

(a) Except as detailed in § 46.104, this policy applies to all research involving human subjects conducted, supported, or otherwise subject to regulation by any Federal department or agency that takes appropriate administrative action to make the policy applicable to such research. This includes research conducted by Federal civilian employees or military personnel, except that each department or agency head may adopt such procedural modifications as may be appropriate from an administrative standpoint. It also includes research conducted, supported, or otherwise subject to regulation by the Federal Government outside the United States. Institutions that are engaged in research described in this paragraph and institutional review boards (IRBs) reviewing research that is subject to this policy must comply with this policy.

(b) [Reserved]

(c) Department or agency heads retain final judgment as to whether a particular activity is covered by this policy and this judgment shall be exercised consistent with the ethical principles of the Belmont Report.⁶²

(d) Department or agency heads may require that specific research activities or classes of research activities conducted, supported, or otherwise subject to regulation by the Federal department or agency but not otherwise covered by this policy comply with some or all of the requirements of this policy.

(e) Compliance with this policy requires compliance with pertinent federal laws or regulations that provide additional protections for human subjects.

(f) This policy does not affect any state or local laws or regulations (including tribal law passed by the official governing body of an American Indian or Alaska Native tribe) that may otherwise be applicable and that provide additional protections for human subjects.

(g) This policy does not affect any foreign laws or regulations that may otherwise be applicable and that provide additional protections to human subjects of research.

(h) When research covered by this policy takes place in foreign countries, procedures normally followed in the foreign countries to protect human subjects may differ from those set forth in this policy. In these circumstances, if a department or agency head determines that the procedures prescribed by the institution afford protections that are at least equivalent to those provided in this policy, the department or agency head may approve the substitution of the foreign procedures in lieu of the procedural requirements provided in this policy. Except when otherwise required by statute, Executive Order, or the department or agency head, notices of these actions as they occur will be published in the FEDERAL REGISTER or will be otherwise

published as provided in department or agency procedures.

(i) Unless otherwise required by law, department or agency heads may waive the applicability of some or all of the provisions of this policy to specific research activities or classes of research activities otherwise covered by this policy, provided the alternative procedures to be followed are consistent with the principles of the Belmont Report.⁶³ Except when otherwise required by statute or Executive Order, the department or agency head shall forward advance notices of these actions to the Office for Human Research Protections, Department of Health and Human Services (HHS), or any successor office, or to the equivalent office within the appropriate Federal department or agency, and shall also publish them in the FEDERAL REGISTER or in such other manner as provided in department or agency procedures. The waiver notice must include a statement that identifies the conditions under which the waiver will be applied and a justification as to why the waiver is appropriate for the research, including how the decision is consistent with the principles of the Belmont Report.

(j) Federal guidance on the requirements of this policy shall be issued only after consultation, for the purpose of harmonization (to the extent appropriate), with other Federal departments and agencies that have adopted this policy, unless such consultation is not feasible.

(3) *Research subject to pre-2018 requirements.* The pre-2018 Requirements shall apply to the following research, unless the research is transitioning to comply with the 2018 Requirements in accordance with paragraph (1)(4) of this section:

(i) Research initially approved by an IRB under the pre-2018 Requirements before January 21, 2019;

(ii) Research for which IRB review was waived pursuant to § 46.101(i) of the pre-2018 Requirements) before January 21, 2019; and

(4) *Transitioning research.* If, on or after July 19, 2018, an institution planning or engaged in research otherwise covered by paragraph (1)(3) of this section determines that such research instead will transition to comply with the 2018 Requirements, the institution or an IRB must document and date such determination.

(i) If the determination to transition is documented between July 19, 2018, and January 20, 2019, the research shall:

(A) Beginning on the date of such documentation through January 20, 2019, comply with the pre-2018 Requirements, except that the research shall comply with the following:

(1) Section 46.102(l) of the 2018 Requirements (definition of research) (instead of § 46.102(d) of the pre-2018 Requirements);

(2) Section 46.103(d) of the 2018 Requirements (revised certification requirement that eliminates IRB review of application or proposal) (instead of § 46.103(f) of the pre-2018 Requirements); and

(3) Section 46.109(f)(1)(i) and (iii) of the 2018 Requirements (exceptions to mandated continuing review) (instead of § 46.103(b), as related to the requirement for continuing review, and in addition to § 46.109, of the pre-2018 Requirements); and

(B) Beginning on January 21, 2019, comply with the 2018 Requirements.

(ii) If the determination to transition is documented on or after January 21, 2019, the research shall, beginning on the date of such documentation, comply with the 2018 Requirements.

(5) *Research subject to 2018 Requirements.* The 2018 Requirements shall apply to the following research:

(i) Research initially approved by an IRB on or after January 21, 2019;

(ii) Research for which IRB review is waived pursuant to paragraph (i) of this section on or after January 21, 2019; and

(iii) Research for which a determination is made that the research is exempt on or after January 21, 2019.

(m) *Severability:* Any provision of this part held to be invalid or unenforceable by its terms, or as applied to any person or circumstance, shall be construed so as to continue to give maximum effect to the provision permitted by law, unless such holding shall be one of utter invalidity or unenforceability, in which event the provision shall be severable from this part and shall not affect the remainder thereof or the application of the provision to other persons not similarly situated or to other dissimilar circumstances.

§ 46.102 Definitions for purposes of this policy.

(a) *Certification* means the official notification by the institution to the supporting Federal department or agency component, in accordance with the requirements of this policy, that a research project or activity involving human subjects has been reviewed and approved by an IRB in accordance with an approved assurance.

(b) *Clinical trial* means a research study in which one or more human subjects are prospectively assigned to one or more interventions (which may include placebo or other control) to evaluate the effects of the interventions on biomedical or behavioral health-related outcomes.

(c) *Department or agency head* means the head of any Federal department or agency, for example, the Secretary of HHS, and any other officer or employee

of any Federal department or agency to whom the authority provided by these regulations to the department or agency head has been delegated.

(d) *Federal department or agency* refers to a federal department or agency (the department or agency itself rather than its bureaus, offices or divisions) that takes appropriate administrative action to make this policy applicable to the research involving human subjects it conducts, supports, or otherwise regulates (*e.g.*, the U.S. Department of Health and Human Services, the U.S. Department of Defense, or the Central Intelligence Agency).

(e)(1) *Human subject* means a living individual about whom an investigator (whether professional or student) conducting research:

(i) Obtains information or biospecimens through intervention or interaction with the individual, and uses, studies, or analyzes the information or biospecimens; or (ii) Obtains, uses, studies, analyzes, or generates identifiable private information or identifiable biospecimens.

(2) *Intervention* includes both physical procedures by which information or biospecimens are gathered (*e.g.*, venipuncture) and manipulations of the subject or the subject's environment that are performed for research purposes.

(3) *Interaction* includes communication or interpersonal contact between investigator and subject.

(4) *Private information* includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information that has been provided for specific purposes by an individual and that the individual can reasonably expect will not be made public (*e.g.*, a medical record).

(5) *Identifiable private information* is private information for which the identity of the subject is or may readily be ascertained by the investigator or associated with the information.

(6) *An identifiable biospecimen* is a biospecimen for which the identity of the subject is or may readily be ascertained by the investigator or associated with the biospecimen.

(7) Federal departments or agencies implementing this policy shall:

(i) Upon consultation with appropriate experts (including experts in data matching and re-identification), reexamine the meaning of “identifiable private information,” as defined in paragraph (e)(5) of this section, and “identifiable biospecimen,” as defined in paragraph (e)(6) of this section. This reexamination shall take place within 1 year and regularly thereafter (at least every 4 years). This process will be conducted by collaboration among the Federal departments and agencies implementing this policy. If appropriate and permitted by law, such Federal departments and agencies may alter the interpretation of these terms, including through the use of guidance.

(ii) Upon consultation with appropriate experts, assess whether there are analytic technologies or techniques that should be considered by investigators to generate “identifiable private information,” as defined in paragraph (e)(5) of this section, or an “identifiable biospecimen,” as defined in paragraph (e)(6) of this section. This assessment shall take place within 1 year and regularly thereafter (at least every 4 years). This process will be conducted by collaboration among the Federal departments and agencies implementing this policy. Any such technologies or techniques will be included on a list of technologies or techniques that produce identifiable private information or identifiable biospecimens. This list will be published in the FEDERAL REGISTER after notice and an opportunity for public comment. The Secretary, HHS, shall maintain the list on a publicly accessible Web site.

(f) *Institution* means any public or private entity, or department or agency (including federal, state, and other agencies).

(g) *IRB* means an institutional review board established in accord with and for the purposes expressed in this policy.

(h) *IRB approval* means the determination of the IRB that the research has been reviewed and may be conducted at an institution within the constraints set forth by the IRB and by other institutional and federal requirements.

(i) *Legally authorized representative* means an individual or judicial or other body authorized under applicable law to consent on behalf of a prospective subject to the subject's participation in the procedure(s) involved in the research. If there is no applicable law addressing this issue, *legally authorized representative* means an individual recognized by institutional policy as acceptable for providing consent in the nonresearch context on behalf of the prospective subject to the subject's participation in the procedure(s) involved in the research.

(j) *Minimal risk* means that the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests.

(k) *Public health authority* means an agency or authority of the United States, a state, a territory, a political subdivision of a state or territory, an Indian tribe, or a foreign government, or a person or entity acting under a grant of authority from or contract with such public agency, including the employees or agents of such public agency or its contractors or persons or entities to whom it has granted authority, that is responsible for public health matters as part of its official mandate.

(l) *Research* means a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge. Activities that meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities. For purposes of this part, the following activities are deemed not to be research:

(1) Scholarly and journalistic activities (e.g., oral history, journalism, biography, literary criticism, legal research, and historical scholarship), including the collection and use of information, that focus directly on the spe-

cific individuals about whom the information is collected.

(2) Public health surveillance activities, including the collection and testing of information or biospecimens, conducted, supported, requested, ordered, required, or authorized by a public health authority. Such activities are limited to those necessary to allow a public health authority to identify, monitor, assess, or investigate potential public health signals, onsets of disease outbreaks, or conditions of public health importance (including trends, signals, risk factors, patterns in diseases, or increases in injuries from using consumer products). Such activities include those associated with providing timely situational awareness and priority setting during the course of an event or crisis that threatens public health (including natural or man-made disasters).

(3) Collection and analysis of information, biospecimens, or records by or for a criminal justice agency for activities authorized by law or court order solely for criminal justice or criminal investigative purposes.

(4) Authorized operational activities (as determined by each agency) in support of intelligence, homeland security, defense, or other national security missions.

(m) *Written, or in writing*, for purposes of this part, refers to writing on a tangible medium (e.g., paper) or in an electronic format.

§ 46.103 Assuring compliance with this policy—research conducted or supported by any Federal department or agency.

(a) Each institution engaged in research that is covered by this policy, with the exception of research eligible for exemption under § 46.104, and that is conducted or supported by a Federal department or agency, shall provide written assurance satisfactory to the department or agency head that it will comply with the requirements of this policy. In lieu of requiring submission of an assurance, individual department or agency heads shall accept the existence of a current assurance, appropriate for the research in question, on

file with the Office for Human Research Protections, HHS, or any successor office, and approved for Federal-wide use by that office. When the existence of an HHS-approved assurance is accepted in lieu of requiring submission of an assurance, reports (except certification) required by this policy to be made to department and agency heads shall also be made to the Office for Human Research Protections, HHS, or any successor office. Federal departments and agencies will conduct or support research covered by this policy only if the institution has provided an assurance that it will comply with the requirements of this policy, as provided in this section, and only if the institution has certified to the department or agency head that the research has been reviewed and approved by an IRB (if such certification is required by § 46.103(d)).

(b) The assurance shall be executed by an individual authorized to act for the institution and to assume on behalf of the institution the obligations imposed by this policy and shall be filed in such form and manner as the department or agency head prescribes.

(c) The department or agency head may limit the period during which any assurance shall remain effective or otherwise condition or restrict the assurance.

(d) Certification is required when the research is supported by a Federal department or agency and not otherwise waived under § 46.101(i) or exempted under § 46.104. For such research, institutions shall certify that each proposed research study covered by the assurance and this section has been reviewed and approved by the IRB. Such certification must be submitted as prescribed by the Federal department or agency component supporting the research. Under no condition shall research covered by this section be initiated prior to receipt of the certification that the research has been reviewed and approved by the IRB.

(e) For nonexempt research involving human subjects covered by this policy (or exempt research for which limited IRB review takes place pursuant to § 46.104(d)(2)(iii), (d)(3)(i)(C), or (d)(7) or (8)) that takes place at an institution in which IRB oversight is conducted by

an IRB that is not operated by the institution, the institution and the organization operating the IRB shall document the institution's reliance on the IRB for oversight of the research and the responsibilities that each entity will undertake to ensure compliance with the requirements of this policy (*e.g.*, in a written agreement between the institution and the IRB, by implementation of an institution-wide policy directive providing the allocation of responsibilities between the institution and an IRB that is not affiliated with the institution, or as set forth in a research protocol).

(Approved by the Office of Management and Budget under Control Number 0990-0260)

§ 46.104 Exempt research.

(a) Unless otherwise required by law or by department or agency heads, research activities in which the only involvement of human subjects will be in one or more of the categories in paragraph (d) of this section are exempt from the requirements of this policy, except that such activities must comply with the requirements of this section and as specified in each category.

(b) Use of the exemption categories for research subject to the requirements of subparts B, C, and D: Application of the exemption categories to research subject to the requirements of 45 CFR part 46, subparts B, C, and D, is as follows:

(1) *Subpart B.* Each of the exemptions at this section may be applied to research subject to subpart B if the conditions of the exemption are met.

(2) *Subpart C.* The exemptions at this section do not apply to research subject to subpart C, except for research aimed at involving a broader subject population that only incidentally includes prisoners.

(3) *Subpart D.* The exemptions at paragraphs (d)(1), (4), (5), (6), (7), and (8) of this section may be applied to research subject to subpart D if the conditions of the exemption are met. Paragraphs (d)(2)(i) and (ii) of this section only may apply to research subject to subpart D involving educational tests or the observation of public behavior when the investigator(s) do not participate in the activities being observed. Paragraph (d)(2)(iii) of this section

may not be applied to research subject to subpart D.

(c) [Reserved]

(d) Except as described in paragraph (a) of this section, the following categories of human subjects research are exempt from this policy:

(1) Research, conducted in established or commonly accepted educational settings, that specifically involves normal educational practices that are not likely to adversely impact students' opportunity to learn required educational content or the assessment of educators who provide instruction. This includes most research on regular and special education instructional strategies, and research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research that only includes interactions involving educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures, or observation of public behavior (including visual or auditory recording) if at least one of the following criteria is met:

(i) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained, directly or through identifiers linked to the subjects;

(ii) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, educational advancement, or reputation; or

(iii) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an IRB conducts a limited IRB review to make the determination required by § 46.111(a)(7).

(3)(i) Research involving benign behavioral interventions in conjunction with the collection of information from an adult subject through verbal or written responses (including data entry) or audiovisual recording if the subject prospectively agrees to the intervention and information collec-

tion and at least one of the following criteria is met:

(A) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained, directly or through identifiers linked to the subjects;

(B) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, educational advancement, or reputation; or

(C) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an IRB conducts a limited IRB review to make the determination required by § 46.111(a)(7).

(ii) For the purpose of this provision, benign behavioral interventions are brief in duration, harmless, painless, not physically invasive, not likely to have a significant adverse lasting impact on the subjects, and the investigator has no reason to think the subjects will find the interventions offensive or embarrassing. Provided all such criteria are met, examples of such benign behavioral interventions would include having the subjects play an online game, having them solve puzzles under various noise conditions, or having them decide how to allocate a nominal amount of received cash between themselves and someone else.

(iii) If the research involves deceiving the subjects regarding the nature or purposes of the research, this exemption is not applicable unless the subject authorizes the deception through a prospective agreement to participate in research in circumstances in which the subject is informed that he or she will be unaware of or misled regarding the nature or purposes of the research.

(4) Secondary research for which consent is not required: Secondary research uses of identifiable private information or identifiable biospecimens, if at least one of the following criteria is met:

(i) The identifiable private information or identifiable biospecimens are publicly available;

(ii) Information, which may include information about biospecimens, is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained directly or through identifiers linked to the subjects, the investigator does not contact the subjects, and the investigator will not re-identify subjects;

(iii) The research involves only information collection and analysis involving the investigator's use of identifiable health information when that use is regulated under 45 CFR parts 160 and 164, subparts A and E, for the purposes of "health care operations" or "research" as those terms are defined at 45 CFR 164.501 or for "public health activities and purposes" as described under 45 CFR 164.512(b); or

(iv) The research is conducted by, or on behalf of, a Federal department or agency using government-generated or government-collected information obtained for nonresearch activities, if the research generates identifiable private information that is or will be maintained on information technology that is subject to and in compliance with section 208(b) of the E-Government Act of 2002, 44 U.S.C. 3501 note, if all of the identifiable private information collected, used, or generated as part of the activity will be maintained in systems of records subject to the Privacy Act of 1974, 5 U.S.C. 552a, and, if applicable, the information used in the research was collected subject to the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*

(5) Research and demonstration projects that are conducted or supported by a Federal department or agency, or otherwise subject to the approval of department or agency heads (or the approval of the heads of bureaus or other subordinate agencies that have been delegated authority to conduct the research and demonstration projects), and that are designed to study, evaluate, improve, or otherwise examine public benefit or service programs, including procedures for obtaining benefits or services under those programs, possible changes in or alternatives to those programs or proce-

dures, or possible changes in methods or levels of payment for benefits or services under those programs. Such projects include, but are not limited to, internal studies by Federal employees, and studies under contracts or consulting arrangements, cooperative agreements, or grants. Exempt projects also include waivers of otherwise mandatory requirements using authorities such as sections 1115 and 1115A of the Social Security Act, as amended.

(i) Each Federal department or agency conducting or supporting the research and demonstration projects must establish, on a publicly accessible Federal Web site or in such other manner as the department or agency head may determine, a list of the research and demonstration projects that the Federal department or agency conducts or supports under this provision. The research or demonstration project must be published on this list prior to commencing the research involving human subjects.

(ii) [Reserved]

(6) Taste and food quality evaluation and consumer acceptance studies:

(i) If wholesome foods without additives are consumed, or

(ii) If a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(7) Storage or maintenance for secondary research for which broad consent is required: Storage or maintenance of identifiable private information or identifiable biospecimens for potential secondary research use if an IRB conducts a limited IRB review and makes the determinations required by § 46.111(a)(8).

(8) Secondary research for which broad consent is required: Research involving the use of identifiable private information or identifiable biospecimens for secondary research use, if the following criteria are met:

(i) Broad consent for the storage, maintenance, and secondary research

use of the identifiable private information or identifiable biospecimens was obtained in accordance with § 46.116(a)(1) through (4), (a)(6), and (d);

(ii) Documentation of informed consent or waiver of documentation of consent was obtained in accordance with § 46.117;

(iii) An IRB conducts a limited IRB review and makes the determination required by § 46.111(a)(7) and makes the determination that the research to be conducted is within the scope of the broad consent referenced in paragraph (d)(8)(i) of this section; and (iv) The investigator does not include returning individual research results to subjects as part of the study plan. This provision does not prevent an investigator from abiding by any legal requirements to return individual research results.

§§ 46.105–46.106 [Reserved]

§ 46.107 IRB membership.

(a) Each IRB shall have at least five members, with varying backgrounds to promote complete and adequate review of research activities commonly conducted by the institution. The IRB shall be sufficiently qualified through the experience and expertise of its members (professional competence), and the diversity of its members, including race, gender, and cultural backgrounds and sensitivity to such issues as community attitudes, to promote respect for its advice and counsel in safeguarding the rights and welfare of human subjects. The IRB shall be able to ascertain the acceptability of proposed research in terms of institutional commitments (including policies and resources) and regulations, applicable law, and standards of professional conduct and practice. The IRB shall therefore include persons knowledgeable in these areas. If an IRB regularly reviews research that involves a category of subjects that is vulnerable to coercion or undue influence, such as children, prisoners, individuals with impaired decision-making capacity, or economically or educationally disadvantaged persons, consideration shall be given to the inclusion of one or more individuals who are knowledge-

able about and experienced in working with these categories of subjects.

(b) Each IRB shall include at least one member whose primary concerns are in scientific areas and at least one member whose primary concerns are in nonscientific areas.

(c) Each IRB shall include at least one member who is not otherwise affiliated with the institution and who is not part of the immediate family of a person who is affiliated with the institution.

(d) No IRB may have a member participate in the IRB's initial or continuing review of any project in which the member has a conflicting interest, except to provide information requested by the IRB.

(e) An IRB may, in its discretion, invite individuals with competence in special areas to assist in the review of issues that require expertise beyond or in addition to that available on the IRB. These individuals may not vote with the IRB.

§ 46.108 IRB functions and operations.

(a) In order to fulfill the requirements of this policy each IRB shall:

(1) Have access to meeting space and sufficient staff to support the IRB's review and recordkeeping duties;

(2) Prepare and maintain a current list of the IRB members identified by name; earned degrees; representative capacity; indications of experience such as board certifications or licenses sufficient to describe each member's chief anticipated contributions to IRB deliberations; and any employment or other relationship between each member and the institution, for example, full-time employee, part-time employee, member of governing panel or board, stockholder, paid or unpaid consultant;

(3) Establish and follow written procedures for:

(i) Conducting its initial and continuing review of research and for reporting its findings and actions to the investigator and the institution;

(ii) Determining which projects require review more often than annually and which projects need verification from sources other than the investigators that no material changes have occurred since previous IRB review; and

(iii) Ensuring prompt reporting to the IRB of proposed changes in a research activity, and for ensuring that investigators will conduct the research activity in accordance with the terms of the IRB approval until any proposed changes have been reviewed and approved by the IRB, except when necessary to eliminate apparent immediate hazards to the subject.

(4) Establish and follow written procedures for ensuring prompt reporting to the IRB; appropriate institutional officials; the department or agency head; and the Office for Human Research Protections, HHS, or any successor office, or the equivalent office within the appropriate Federal department or agency of

(i) Any unanticipated problems involving risks to subjects or others or any serious or continuing noncompliance with this policy or the requirements or determinations of the IRB; and

(ii) Any suspension or termination of IRB approval.

(b) Except when an expedited review procedure is used (as described in § 46.110), an IRB must review proposed research at convened meetings at which a majority of the members of the IRB are present, including at least one member whose primary concerns are in nonscientific areas. In order for the research to be approved, it shall receive the approval of a majority of those members present at the meeting.

(Approved by the Office of Management and Budget under Control Number 0990–0260)

§ 46.109 IRB review of research.

(a) An IRB shall review and have authority to approve, require modifications in (to secure approval), or disapprove all research activities covered by this policy, including exempt research activities under § 46.104 for which limited IRB review is a condition of exemption (under § 46.104(d)(2)(iii), (d)(3)(i)(C), and (d)(7), and (8)).

(b) An IRB shall require that information given to subjects (or legally authorized representatives, when appropriate) as part of informed consent is in accordance with § 46.116. The IRB may require that information, in addition to that specifically mentioned in

§ 46.116, be given to the subjects when in the IRB's judgment the information would meaningfully add to the protection of the rights and welfare of subjects.

(c) An IRB shall require documentation of informed consent or may waive documentation in accordance with § 46.117.

(d) An IRB shall notify investigators and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision and give the investigator an opportunity to respond in person or in writing.

(e) An IRB shall conduct continuing review of research requiring review by the convened IRB at intervals appropriate to the degree of risk, not less than once per year, except as described in § 46.109(f).

(f)(1) Unless an IRB determines otherwise, continuing review of research is not required in the following circumstances:

(i) Research eligible for expedited review in accordance with § 46.110;

(ii) Research reviewed by the IRB in accordance with the limited IRB review described in § 46.104(d)(2)(iii), (d)(3)(i)(C), or (d)(7) or (8);

(iii) Research that has progressed to the point that it involves only one or both of the following, which are part of the IRB-approved study:

(A) Data analysis, including analysis of identifiable private information or identifiable biospecimens, or

(B) Accessing follow-up clinical data from procedures that subjects would undergo as part of clinical care.

(2) [Reserved]

(g) An IRB shall have authority to observe or have a third party observe the consent process and the research.

(Approved by the Office of Management and Budget under Control Number 0990–0260)

§ 46.110 Expedited review procedures for certain kinds of research involving no more than minimal risk, and for minor changes in approved research.

(a) The Secretary of HHS has established, and published as a Notice in the FEDERAL REGISTER, a list of categories of research that may be reviewed by the IRB through an expedited review procedure. The Secretary will evaluate the list at least every 8 years and amend it, as appropriate, after consultation with other federal departments and agencies and after publication in the FEDERAL REGISTER for public comment. A copy of the list is available from the Office for Human Research Protections, HHS, or any successor office.

(b)(1) An IRB may use the expedited review procedure to review the following:

(i) Some or all of the research appearing on the list described in paragraph (a) of this section, unless the reviewer determines that the study involves more than minimal risk;

(ii) Minor changes in previously approved research during the period for which approval is authorized; or

(iii) Research for which limited IRB review is a condition of exemption under § 46.104(d)(2)(iii), (d)(3)(i)(C), and (d)(7) and (8).

(2) Under an expedited review procedure, the review may be carried out by the IRB chairperson or by one or more experienced reviewers designated by the chairperson from among members of the IRB. In reviewing the research, the reviewers may exercise all of the authorities of the IRB except that the reviewers may not disapprove the research. A research activity may be disapproved only after review in accordance with the nonexpedited procedure set forth in § 46.108(b).

(c) Each IRB that uses an expedited review procedure shall adopt a method for keeping all members advised of research proposals that have been approved under the procedure.

(d) The department or agency head may restrict, suspend, terminate, or choose not to authorize an institution's or IRB's use of the expedited review procedure.

§ 46.111 Criteria for IRB approval of research.

(a) In order to approve research covered by this policy the IRB shall determine that all of the following requirements are satisfied:

(1) Risks to subjects are minimized:

(i) By using procedures that are consistent with sound research design and that do not unnecessarily expose subjects to risk, and

(ii) Whenever appropriate, by using procedures already being performed on the subjects for diagnostic or treatment purposes.

(2) Risks to subjects are reasonable in relation to anticipated benefits, if any, to subjects, and the importance of the knowledge that may reasonably be expected to result. In evaluating risks and benefits, the IRB should consider only those risks and benefits that may result from the research (as distinguished from risks and benefits of therapies subjects would receive even if not participating in the research). The IRB should not consider possible long-range effects of applying knowledge gained in the research (*e.g.*, the possible effects of the research on public policy) as among those research risks that fall within the purview of its responsibility.

(3) Selection of subjects is equitable. In making this assessment the IRB should take into account the purposes of the research and the setting in which the research will be conducted. The IRB should be particularly cognizant of the special problems of research that involves a category of subjects who are vulnerable to coercion or undue influence, such as children, prisoners, individuals with impaired decision-making capacity, or economically or educationally disadvantaged persons.

(4) Informed consent will be sought from each prospective subject or the subject's legally authorized representative, in accordance with, and to the extent required by, § 46.116.

(5) Informed consent will be appropriately documented or appropriately waived in accordance with § 46.117.

(6) When appropriate, the research plan makes adequate provision for monitoring the data collected to ensure the safety of subjects.

§ 46.112

(7) When appropriate, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

(i) The Secretary of HHS will, after consultation with the Office of Management and Budget's privacy office and other Federal departments and agencies that have adopted this policy, issue guidance to assist IRBs in assessing what provisions are adequate to protect the privacy of subjects and to maintain the confidentiality of data.

(ii) [Reserved]

(8) For purposes of conducting the limited IRB review required by § 46.104(d)(7)), the IRB need not make the determinations at paragraphs (a)(1) through (7) of this section, and shall make the following determinations:

(i) Broad consent for storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens is obtained in accordance with the requirements of § 46.116(a)(1)–(4), (a)(6), and (d);

(ii) Broad consent is appropriately documented or waiver of documentation is appropriate, in accordance with § 46.117; and

(iii) If there is a change made for research purposes in the way the identifiable private information or identifiable biospecimens are stored or maintained, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

(b) When some or all of the subjects are likely to be vulnerable to coercion or undue influence, such as children, prisoners, individuals with impaired decision-making capacity, or economically or educationally disadvantaged persons, additional safeguards have been included in the study to protect the rights and welfare of these subjects.

§ 46.112 Review by institution

Research covered by this policy that has been approved by an IRB may be subject to further appropriate review and approval or disapproval by officials of the institution. However, those officials may not approve the research if it has not been approved by an IRB.

6 CFR Ch. I (1–1–23 Edition)

§ 46.113 Suspension or termination of IRB approval of research.

An IRB shall have authority to suspend or terminate approval of research that is not being conducted in accordance with the IRB's requirements or that has been associated with unexpected serious harm to subjects. Any suspension or termination of approval shall include a statement of the reasons for the IRB's action and shall be reported promptly to the investigator, appropriate institutional officials, and the department or agency head.

§ 46.114 Cooperative research.

(a) Cooperative research projects are those projects covered by this policy that involve more than one institution. In the conduct of cooperative research projects, each institution is responsible for safeguarding the rights and welfare of human subjects and for complying with this policy.

(b)(1) Any institution located in the United States that is engaged in cooperative research must rely upon approval by a single IRB for that portion of the research that is conducted in the United States. The reviewing IRB will be identified by the Federal department or agency supporting or conducting the research or proposed by the lead institution subject to the acceptance of the Federal department or agency supporting the research.

(2) The following research is not subject to this provision:

(i) Cooperative research for which more than single IRB review is required by law (including tribal law passed by the official governing body of an American Indian or Alaska Native tribe); or

(ii) Research for which any Federal department or agency supporting or conducting the research determines and documents that the use of a single IRB is not appropriate for the particular context.

(c) For research not subject to paragraph (b) of this section, an institution participating in a cooperative project may enter into a joint review arrangement, rely on the review of another

IRB, or make similar arrangements for avoiding duplication of effort.

§ 46.115 IRB records.

(a) An institution, or when appropriate an IRB, shall prepare and maintain adequate documentation of IRB activities, including the following:

(1) Copies of all research proposals reviewed, scientific evaluations, if any, that accompany the proposals, approved sample consent forms, progress reports submitted by investigators, and reports of injuries to subjects.

(2) Minutes of IRB meetings, which shall be in sufficient detail to show attendance at the meetings; actions taken by the IRB; the vote on these actions including the number of members voting for, against, and abstaining; the basis for requiring changes in or disapproving research; and a written summary of the discussion of controverted issues and their resolution.

(3) Records of continuing review activities, including the rationale for conducting continuing review of research that otherwise would not require continuing review as described in § 46.109(f)(1).

(4) Copies of all correspondence between the IRB and the investigators.

(5) A list of IRB members in the same detail as described in § 46.108(a)(2).

(6) Written procedures for the IRB in the same detail as described in § 46.108(a)(3) and (4).

(7) Statements of significant new findings provided to subjects, as required by § 46.116(c)(5).

(8) The rationale for an expedited reviewer's determination under § 46.110(b)(1)(i) that research appearing on the expedited review list described in § 46.110(a) is more than minimal risk.

(9) Documentation specifying the responsibilities that an institution and an organization operating an IRB each will undertake to ensure compliance with the requirements of this policy, as described in § 46.103(e).

(b) The records required by this policy shall be retained for at least 3 years, and records relating to research that is conducted shall be retained for at least 3 years after completion of the research. The institution or IRB may maintain the records in printed form, or electronically. All records shall be

accessible for inspection and copying by authorized representatives of the Federal department or agency at reasonable times and in a reasonable manner.

(Approved by the Office of Management and Budget under Control Number 0990-0260)

§ 46.116 General requirements for informed consent.

(a) *General.* General requirements for informed consent, whether written or oral, are set forth in this paragraph and apply to consent obtained in accordance with the requirements set forth in paragraphs (b) through (d) of this section. Broad consent may be obtained in lieu of informed consent obtained in accordance with paragraphs (b) and (c) of this section only with respect to the storage, maintenance, and secondary research uses of identifiable private information and identifiable biospecimens. Waiver or alteration of consent in research involving public benefit and service programs conducted by or subject to the approval of state or local officials is described in paragraph (e) of this section. General waiver or alteration of informed consent is described in paragraph (f) of this section. Except as provided elsewhere in this policy:

(1) Before involving a human subject in research covered by this policy, an investigator shall obtain the legally effective informed consent of the subject or the subject's legally authorized representative.

(2) An investigator shall seek informed consent only under circumstances that provide the prospective subject or the legally authorized representative sufficient opportunity to discuss and consider whether or not to participate and that minimize the possibility of coercion or undue influence.

(3) The information that is given to the subject or the legally authorized representative shall be in language understandable to the subject or the legally authorized representative.

(4) The prospective subject or the legally authorized representative must be provided with the information that a reasonable person would want to have in order to make an informed decision about whether to participate,

and an opportunity to discuss that information.

(5) Except for broad consent obtained in accordance with paragraph (d) of this section:

(i) Informed consent must begin with a concise and focused presentation of the key information that is most likely to assist a prospective subject or legally authorized representative in understanding the reasons why one might or might not want to participate in the research. This part of the informed consent must be organized and presented in a way that facilitates comprehension.

(ii) Informed consent as a whole must present information in sufficient detail relating to the research, and must be organized and presented in a way that does not merely provide lists of isolated facts, but rather facilitates the prospective subject's or legally authorized representative's understanding of the reasons why one might or might not want to participate.

(6) No informed consent may include any exculpatory language through which the subject or the legally authorized representative is made to waive or appear to waive any of the subject's legal rights, or releases or appears to release the investigator, the sponsor, the institution, or its agents from liability for negligence.

(b) *Basic elements of informed consent.* Except as provided in paragraph (d), (e), or (f) of this section, in seeking informed consent the following information shall be provided to each subject or the legally authorized representative:

(1) A statement that the study involves research, an explanation of the purposes of the research and the expected duration of the subject's participation, a description of the procedures to be followed, and identification of any procedures that are experimental;

(2) A description of any reasonably foreseeable risks or discomforts to the subject;

(3) A description of any benefits to the subject or to others that may reasonably be expected from the research;

(4) A disclosure of appropriate alternative procedures or courses of treatment, if any, that might be advantageous to the subject;

(5) A statement describing the extent, if any, to which confidentiality of records identifying the subject will be maintained;

(6) For research involving more than minimal risk, an explanation as to whether any compensation and an explanation as to whether any medical treatments are available if injury occurs and, if so, what they consist of, or where further information may be obtained;

(7) An explanation of whom to contact for answers to pertinent questions about the research and research subjects' rights, and whom to contact in the event of a research-related injury to the subject;

(8) A statement that participation is voluntary, refusal to participate will involve no penalty or loss of benefits to which the subject is otherwise entitled, and the subject may discontinue participation at any time without penalty or loss of benefits to which the subject is otherwise entitled; and

(9) One of the following statements about any research that involves the collection of identifiable private information or identifiable biospecimens:

(i) A statement that identifiers might be removed from the identifiable private information or identifiable biospecimens and that, after such removal, the information or biospecimens could be used for future research studies or distributed to another investigator for future research studies without additional informed consent from the subject or the legally authorized representative, if this might be a possibility; or

(ii) A statement that the subject's information or biospecimens collected as part of the research, even if identifiers are removed, will not be used or distributed for future research studies.

(c) *Additional elements of informed consent.* Except as provided in paragraph (d), (e), or (f) of this section, one or more of the following elements of information, when appropriate, shall also be provided to each subject or the legally authorized representative:

(1) A statement that the particular treatment or procedure may involve risks to the subject (or to the embryo

or fetus, if the subject is or may become pregnant) that are currently unforeseeable;

(2) Anticipated circumstances under which the subject's participation may be terminated by the investigator without regard to the subject's or the legally authorized representative's consent;

(3) Any additional costs to the subject that may result from participation in the research;

(4) The consequences of a subject's decision to withdraw from the research and procedures for orderly termination of participation by the subject;

(5) A statement that significant new findings developed during the course of the research that may relate to the subject's willingness to continue participation will be provided to the subject;

(6) The approximate number of subjects involved in the study;

(7) A statement that the subject's biospecimens (even if identifiers are removed) may be used for commercial profit and whether the subject will or will not share in this commercial profit;

(8) A statement regarding whether clinically relevant research results, including individual research results, will be disclosed to subjects, and if so, under what conditions; and

(9) For research involving biospecimens, whether the research will (if known) or might include whole genome sequencing (*i.e.*, sequencing of a human germline or somatic specimen with the intent to generate the genome or exome sequence of that specimen).

(d) *Elements of broad consent for the storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens.* Broad consent for the storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens (collected for either research studies other than the proposed research or nonresearch purposes) is permitted as an alternative to the informed consent requirements in paragraphs (b) and (c) of this section. If the subject or the legally authorized representative is asked to provide broad consent, the following shall be provided

to each subject or the subject's legally authorized representative:

(1) The information required in paragraphs (b)(2), (b)(3), (b)(5), and (b)(8) and, when appropriate, (c)(7) and (9) of this section;

(2) A general description of the types of research that may be conducted with the identifiable private information or identifiable biospecimens. This description must include sufficient information such that a reasonable person would expect that the broad consent would permit the types of research conducted;

(3) A description of the identifiable private information or identifiable biospecimens that might be used in research, whether sharing of identifiable private information or identifiable biospecimens might occur, and the types of institutions or researchers that might conduct research with the identifiable private information or identifiable biospecimens;

(4) A description of the period of time that the identifiable private information or identifiable biospecimens may be stored and maintained (which period of time could be indefinite), and a description of the period of time that the identifiable private information or identifiable biospecimens may be used for research purposes (which period of time could be indefinite);

(5) Unless the subject or legally authorized representative will be provided details about specific research studies, a statement that they will not be informed of the details of any specific research studies that might be conducted using the subject's identifiable private information or identifiable biospecimens, including the purposes of the research, and that they might have chosen not to consent to some of those specific research studies;

(6) Unless it is known that clinically relevant research results, including individual research results, will be disclosed to the subject in all circumstances, a statement that such results may not be disclosed to the subject; and

(7) An explanation of whom to contact for answers to questions about the subject's rights and about storage and use of the subject's identifiable private

information or identifiable biospecimens, and whom to contact in the event of a research-related harm.

(e) *Waiver or alteration of consent in research involving public benefit and service programs conducted by or subject to the approval of state or local officials*—(1) *Waiver*. An IRB may waive the requirement to obtain informed consent for research under paragraphs (a) through (c) of this section, provided the IRB satisfies the requirements of paragraph (e)(3) of this section. If an individual was asked to provide broad consent for the storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens in accordance with the requirements at paragraph (d) of this section, and refused to consent, an IRB cannot waive consent for the storage, maintenance, or secondary research use of the identifiable private information or identifiable biospecimens.

(2) *Alteration*. An IRB may approve a consent procedure that omits some, or alters some or all, of the elements of informed consent set forth in paragraphs (b) and (c) of this section provided the IRB satisfies the requirements of paragraph (e)(3) of this section. An IRB may not omit or alter any of the requirements described in paragraph (a) of this section. If a broad consent procedure is used, an IRB may not omit or alter any of the elements required under paragraph (d) of this section.

(3) *Requirements for waiver and alteration*. In order for an IRB to waive or alter consent as described in this subsection, the IRB must find and document that:

(i) The research or demonstration project is to be conducted by or subject to the approval of state or local government officials and is designed to study, evaluate, or otherwise examine:

(A) Public benefit or service programs;

(B) Procedures for obtaining benefits or services under those programs;

(C) Possible changes in or alternatives to those programs or procedures; or

(D) Possible changes in methods or levels of payment for benefits or services under those programs; and

(ii) The research could not practicably be carried out without the waiver or alteration.

(f) *General waiver or alteration of consent*—(1) *Waiver*. An IRB may waive the requirement to obtain informed consent for research under paragraphs (a) through (c) of this section, provided the IRB satisfies the requirements of paragraph (f)(3) of this section. If an individual was asked to provide broad consent for the storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens in accordance with the requirements at paragraph (d) of this section, and refused to consent, an IRB cannot waive consent for the storage, maintenance, or secondary research use of the identifiable private information or identifiable biospecimens.

(2) *Alteration*. An IRB may approve a consent procedure that omits some, or alters some or all, of the elements of informed consent set forth in paragraphs (b) and (c) of this section provided the IRB satisfies the requirements of paragraph (f)(3) of this section. An IRB may not omit or alter any of the requirements described in paragraph (a) of this section. If a broad consent procedure is used, an IRB may not omit or alter any of the elements required under paragraph (d) of this section.

(3) *Requirements for waiver and alteration*. In order for an IRB to waive or alter consent as described in this subsection, the IRB must find and document that:

(i) The research involves no more than minimal risk to the subjects;

(ii) The research could not practicably be carried out without the requested waiver or alteration;

(iii) If the research involves using identifiable private information or identifiable biospecimens, the research could not practicably be carried out without using such information or biospecimens in an identifiable format;

(iv) The waiver or alteration will not adversely affect the rights and welfare of the subjects; and

(v) Whenever appropriate, the subjects or legally authorized representatives will be provided with additional pertinent information after participation.

(g) *Screening, recruiting, or determining eligibility.* An IRB may approve a research proposal in which an investigator will obtain information or biospecimens for the purpose of screening, recruiting, or determining the eligibility of prospective subjects without the informed consent of the prospective subject or the subject's legally authorized representative, if either of the following conditions are met:

(1) The investigator will obtain information through oral or written communication with the prospective subject or legally authorized representative, or

(2) The investigator will obtain identifiable private information or identifiable biospecimens by accessing records or stored identifiable biospecimens.

(h) *Posting of clinical trial consent form.* (1) For each clinical trial conducted or supported by a Federal department or agency, one IRB-approved informed consent form used to enroll subjects must be posted by the awardee or the Federal department or agency component conducting the trial on a publicly available Federal Web site that will be established as a repository for such informed consent forms.

(2) If the Federal department or agency supporting or conducting the clinical trial determines that certain information should not be made publicly available on a Federal Web site (*e.g.* confidential commercial information), such Federal department or agency may permit or require redactions to the information posted.

(3) The informed consent form must be posted on the Federal Web site after the clinical trial is closed to recruitment, and no later than 60 days after the last study visit by any subject, as required by the protocol.

(i) *Preemption.* The informed consent requirements in this policy are not intended to preempt any applicable Federal, state, or local laws (including tribal laws passed by the official governing body of an American Indian or Alaska Native tribe) that require additional information to be disclosed in order for informed consent to be legally effective.

(j) *Emergency medical care.* Nothing in this policy is intended to limit the authority of a physician to provide emer-

gency medical care, to the extent the physician is permitted to do so under applicable Federal, state, or local law (including tribal law passed by the official governing body of an American Indian or Alaska Native tribe).

(Approved by the Office of Management and Budget under Control Number 0990-0260)

§ 46.117 Documentation of informed consent.

(a) Except as provided in paragraph (c) of this section, informed consent shall be documented by the use of a written informed consent form approved by the IRB and signed (including in an electronic format) by the subject or the subject's legally authorized representative. A written copy shall be given to the person signing the informed consent form.

(b) Except as provided in paragraph (c) of this section, the informed consent form may be either of the following:

(1) A written informed consent form that meets the requirements of § 46.116. The investigator shall give either the subject or the subject's legally authorized representative adequate opportunity to read the informed consent form before it is signed; alternatively, this form may be read to the subject or the subject's legally authorized representative.

(2) A short form written informed consent form stating that the elements of informed consent required by § 46.116 have been presented orally to the subject or the subject's legally authorized representative, and that the key information required by § 46.116(a)(5)(i) was presented first to the subject, before other information, if any, was provided. The IRB shall approve a written summary of what is to be said to the subject or the legally authorized representative. When this method is used, there shall be a witness to the oral presentation. Only the short form itself is to be signed by the subject or the subject's legally authorized representative. However, the witness shall sign both the short form and a copy of the summary, and the person actually obtaining consent shall sign a copy of the summary. A copy of the summary shall be given to the subject or the subject's

legally authorized representative, in addition to a copy of the short form.

(c)(1) An IRB may waive the requirement for the investigator to obtain a signed informed consent form for some or all subjects if it finds any of the following:

(i) That the only record linking the subject and the research would be the informed consent form and the principal risk would be potential harm resulting from a breach of confidentiality. Each subject (or legally authorized representative) will be asked whether the subject wants documentation linking the subject with the research, and the subject's wishes will govern;

(ii) That the research presents no more than minimal risk of harm to subjects and involves no procedures for which written consent is normally required outside of the research context; or

(iii) If the subjects or legally authorized representatives are members of a distinct cultural group or community in which signing forms is not the norm, that the research presents no more than minimal risk of harm to subjects and provided there is an appropriate alternative mechanism for documenting that informed consent was obtained.

(2) In cases in which the documentation requirement is waived, the IRB may require the investigator to provide subjects or legally authorized representatives with a written statement regarding the research.

(Approved by the Office of Management and Budget under Control Number 0990–0260)

§ 46.118 Applications and proposals lacking definite plans for involvement of human subjects.

Certain types of applications for grants, cooperative agreements, or contracts are submitted to Federal departments or agencies with the knowledge that subjects may be involved within the period of support, but definite plans would not normally be set forth in the application or proposal. These include activities such as institutional type grants when selection of specific projects is the institution's responsibility; research training grants in which the activities involving subjects remain to be selected; and projects in

which human subjects' involvement will depend upon completion of instruments, prior animal studies, or purification of compounds. Except for research waived under § 46.101(i) or exempted under § 46.104, no human subjects may be involved in any project supported by these awards until the project has been reviewed and approved by the IRB, as provided in this policy, and certification submitted, by the institution, to the Federal department or agency component supporting the research.

§ 46.119 Research undertaken without the intention of involving human subjects.

Except for research waived under § 46.101(i) or exempted under § 46.104, in the event research is undertaken without the intention of involving human subjects, but it is later proposed to involve human subjects in the research, the research shall first be reviewed and approved by an IRB, as provided in this policy, a certification submitted by the institution to the Federal department or agency component supporting the research, and final approval given to the proposed change by the Federal department or agency component.

§ 46.120 Evaluation and disposition of applications and proposals for research to be conducted or supported by a Federal department or agency.

(a) The department or agency head will evaluate all applications and proposals involving human subjects submitted to the Federal department or agency through such officers and employees of the Federal department or agency and such experts and consultants as the department or agency head determines to be appropriate. This evaluation will take into consideration the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained.

(b) On the basis of this evaluation, the department or agency head may approve or disapprove the application or proposal, or enter into negotiations to develop an approvable one.

§ 46.121 [Reserved]**§ 46.122 Use of Federal funds.**

Federal funds administered by a Federal department or agency may not be expended for research involving human subjects unless the requirements of this policy have been satisfied.

§ 46.123 Early termination of research support: Evaluation of applications and proposals.

(a) The department or agency head may require that Federal department or agency support for any project be terminated or suspended in the manner prescribed in applicable program requirements, when the department or agency head finds an institution has materially failed to comply with the terms of this policy.

(b) In making decisions about supporting or approving applications or proposals covered by this policy the department or agency head may take into account, in addition to all other eligibility requirements and program criteria, factors such as whether the applicant has been subject to a termination or suspension under paragraph (a) of this section and whether the applicant or the person or persons who would direct or has/have directed the scientific and technical aspects of an activity has/have, in the judgment of the department or agency head, materially failed to discharge responsibility for the protection of the rights and welfare of human subjects (whether or not the research was subject to federal regulation).

§ 46.124 Conditions.

With respect to any research project or any class of research projects the department or agency head of either the conducting or the supporting Federal department or agency may impose additional conditions prior to or at the time of approval when in the judgment of the department or agency head additional conditions are necessary for the protection of human subjects.

Agency head means the principal official of an agency.

Contractor means a person who or entity that provides services on a recurring basis pursuant to a contractual agreement with the agency or facility.

Detainee means any person detained in an immigration detention facility or holding facility.

Employee means a person who works directly for the agency.

Exigent circumstances means any set of temporary and unforeseen circumstances that require immediate action in order to combat a threat to the security or institutional order of a facility or a threat to the safety or security of any person.

Facility means a place, building (or part thereof), set of buildings, structure, or area (whether or not enclosing a building or set of buildings) that was built or retrofitted for the purpose of detaining individuals and is routinely used by the agency to detain individuals in its custody. References to requirements placed on facilities extend to the entity responsible for the direct operation of the facility.

Facility head means the principal official responsible for a facility.

Family unit means a group of detainees that includes one or more non-United States citizen juvenile(s) ac-

companied by his/her/their parent(s) or legal guardian(s), whom the agency will evaluate for safety purposes to protect juveniles from sexual abuse and violence.

Gender nonconforming means having an appearance or manner that does not conform to traditional societal gender expectations.

Holding facility means a facility that contains holding cells, cell blocks, or other secure enclosures that are:

Subpart A—Standards for Immigration Detention Facilities

COVERAGE

§ 115.10 Coverage of DHS immigration detention facilities.

This subpart covers ICE immigration detention facilities. Standards set forth in this subpart A are not applicable to Department of Homeland Security (DHS) holding facilities.

PREVENTION PLANNING

§ 115.11 Zero tolerance of sexual abuse; Prevention of Sexual Assault Coordinator.

(a) The agency shall have a written policy mandating zero tolerance toward all forms of sexual abuse and outlining the agency's approach to preventing, detecting, and responding to such conduct.

(b) The agency shall employ or designate an upper-level, agency-wide Prevention of Sexual Assault Coordinator (PSA Coordinator) with sufficient time and authority to develop, implement, and oversee agency efforts to comply

with these standards in all of its immigration detention facilities.

(c) Each facility shall have a written policy mandating zero tolerance toward all forms of sexual abuse and outlining the facility's approach to preventing, detecting, and responding to such conduct. The agency shall review and approve each facility's written policy.

(d) Each facility shall employ or designate a Prevention of Sexual Assault Compliance Manager (PSA Compliance Manager) who shall serve as the facility point of contact for the agency PSA Coordinator and who has sufficient time and authority to oversee facility efforts to comply with facility sexual abuse prevention and intervention policies and procedures.

§ 115.12 Contracting with non-DHS entities for the confinement of detainees.

(a) When contracting for the confinement of detainees in immigration detention facilities operated by non-DHS private or public agencies or other entities, including other government agencies, the agency shall include in any new contracts, contract renewals, or substantive contract modifications the entity's obligation to adopt and comply with these standards.

(b) Any new contracts, contract renewals, or substantive contract modifications shall provide for agency contract monitoring to ensure that the contractor is complying with these standards.

§ 115.13 Detainee supervision and monitoring.

(a) Each facility shall ensure that it maintains sufficient supervision of detainees, including through appropriate staffing levels and, where applicable, video monitoring, to protect detainees against sexual abuse.

(b) Each facility shall develop and document comprehensive detainee supervision guidelines to determine and meet the facility's detainee supervision needs, and shall review those guidelines at least annually.

(c) In determining adequate levels of detainee supervision and determining the need for video monitoring, the facility shall take into consideration

§ 115.14

generally accepted detention and correctional practices, any judicial findings of inadequacy, the physical layout of each facility, the composition of the detainee population, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, the findings and recommendations of sexual abuse incident review reports, and any other relevant factors, including but not limited to the length of time detainees spend in agency custody.

(d) Each facility shall conduct frequent unannounced security inspections to identify and deter sexual abuse of detainees. Such inspections shall be implemented for night as well as day shifts. Each facility shall prohibit staff from alerting others that these security inspections are occurring, unless such announcement is related to the legitimate operational functions of the facility.

§ 115.14 Juvenile and family detainees.

(a) Juveniles shall be detained in the least restrictive setting appropriate to the juvenile's age and special needs, provided that such setting is consistent with the need to protect the juvenile's well-being and that of others, as well as with any other laws, regulations, or legal requirements.

(b) The facility shall hold juveniles apart from adult detainees, minimizing sight, sound, and physical contact, unless the juvenile is in the presence of an adult member of the family unit, and provided there are no safety or security concerns with the arrangement.

(c) In determining the existence of a family unit for detention purposes, the agency shall seek to obtain reliable evidence of a family relationship.

(d) The agency and facility shall provide priority attention to unaccompanied alien children as defined by 6 U.S.C. 279(g)(2), including transfer to a Department of Health and Human Services Office of Refugee Resettlement facility within 72 hours, except in exceptional circumstances, in accordance with 8 U.S.C. 1232(b)(3).

(e) If a juvenile who is an unaccompanied alien child has been convicted as an adult of a crime related to sexual abuse, the agency shall provide the facility and the Department of Health and Human Services Office of Refugee

6 CFR Ch. I (1–1–23 Edition)

Resettlement with the releasable information regarding the conviction(s) to ensure the appropriate placement of the alien in a Department of Health and Human Services Office of Refugee Resettlement facility.

§ 115.15 Limits to cross-gender viewing and searches.

(a) Searches may be necessary to ensure the safety of officers, civilians and detainees; to detect and secure evidence of criminal activity; and to promote security, safety, and related interests at immigration detention facilities.

(b) Cross-gender pat-down searches of male detainees shall not be conducted unless, after reasonable diligence, staff of the same gender is not available at the time the pat-down search is required or in exigent circumstances.

(c) Cross-gender pat-down searches of female detainees shall not be conducted unless in exigent circumstances.

(d) All cross-gender pat-down searches shall be documented.

(e) Cross-gender strip searches or cross-gender visual body cavity searches shall not be conducted except in exigent circumstances, including consideration of officer safety, or when performed by medical practitioners. Facility staff shall not conduct visual body cavity searches of juveniles and, instead, shall refer all such body cavity searches of juveniles to a medical practitioner.

(f) All strip searches and visual body cavity searches shall be documented.

(g) Each facility shall implement policies and procedures that enable detainees to shower, perform bodily functions, and change clothing without being viewed by staff of the opposite gender, except in exigent circumstances or when such viewing is incidental to routine cell checks or is otherwise appropriate in connection with a medical examination or monitored bowel movement. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an area where detainees are likely to be showering, performing bodily functions, or changing clothing.

(h) The facility shall permit detainees in Family Residential Facilities to shower, perform bodily functions, and change clothing without being viewed by staff, except in exigent circumstances or when such viewing is incidental to routine cell checks or is otherwise appropriate in connection with a medical examination or monitored bowel movement.

(i) The facility shall not search or physically examine a detainee for the sole purpose of determining the detainee's genital characteristics. If the detainee's gender is unknown, it may be determined during conversations with the detainee, by reviewing medical records, or, if necessary, learning that information as part of a standard medical examination that all detainees must undergo as part of intake or other processing procedure conducted in private, by a medical practitioner.

(j) The agency shall train security staff in proper procedures for conducting pat-down searches, including cross-gender pat-down searches and searches of transgender and intersex detainees. All pat-down searches shall be conducted in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs and agency policy, including consideration of officer safety.

§ 115.16 Accommodating detainees with disabilities and detainees who are limited English proficient.

(a) The agency and each facility shall take appropriate steps to ensure that detainees with disabilities (including, for example, detainees who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) have an equal opportunity to participate in or benefit from all aspects of the agency's and facility's efforts to prevent, detect, and respond to sexual abuse. Such steps shall include, when necessary to ensure effective communication with detainees who are deaf or hard of hearing, providing access to in-person, telephonic, or video interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency

and facility shall ensure that any written materials related to sexual abuse are provided in formats or through methods that ensure effective communication with detainees with disabilities, including detainees who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency or facility is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR 35.164.

(b) The agency and each facility shall take steps to ensure meaningful access to all aspects of the agency's and facility's efforts to prevent, detect, and respond to sexual abuse to detainees who are limited English proficient, including steps to provide in-person or telephonic interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary.

(c) In matters relating to allegations of sexual abuse, the agency and each facility shall provide in-person or telephonic interpretation services that enable effective, accurate, and impartial interpretation, by someone other than another detainee, unless the detainee expresses a preference for another detainee to provide interpretation and the agency determines that such interpretation is appropriate and consistent with DHS policy. The provision of interpreter services by minors, alleged abusers, detainees who witnessed the alleged abuse, and detainees who have a significant relationship with the alleged abuser is not appropriate in matters relating to allegations of sexual abuse.

§ 115.17 Hiring and promotion decisions.

(a) An agency or facility shall not hire or promote anyone who may have contact with detainees, and shall not enlist the services of any contractor or volunteer who may have contact with detainees, who has engaged in sexual abuse in a prison, jail, holding facility,

community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); who has been convicted of engaging or attempting to engage in sexual activity facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or who has been civilly or administratively adjudicated to have engaged in such activity.

(b) An agency or facility considering hiring or promoting staff shall ask all applicants who may have contact with detainees directly about previous misconduct described in paragraph (a) of this section, in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. Agencies and facilities shall also impose upon employees a continuing affirmative duty to disclose any such misconduct. The agency, consistent with law, shall make its best efforts to contact all prior institutional employers of an applicant for employment, to obtain information on substantiated allegations of sexual abuse or any resignation during a pending investigation of alleged sexual abuse.

(c) Before hiring new staff who may have contact with detainees, the agency or facility shall conduct a background investigation to determine whether the candidate for hire is suitable for employment with the facility or agency, including a criminal background records check. Upon request by the agency, the facility shall submit for the agency's approval written documentation showing the detailed elements of the facility's background check for each staff member and the facility's conclusions. The agency shall conduct an updated background investigation every five years for agency employees who may have contact with detainees. The facility shall require an updated background investigation every five years for those facility staff who may have contact with detainees and who work in immigration-only detention facilities.

(d) The agency or facility shall also perform a background investigation before enlisting the services of any contractor who may have contact with detainees. Upon request by the agency,

the facility shall submit for the agency's approval written documentation showing the detailed elements of the facility's background check for each contractor and the facility's conclusions.

(e) Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination or withdrawal of an offer of employment, as appropriate.

(f) Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.

(g) In the event the agency contracts with a facility for the confinement of detainees, the requirements of this section otherwise applicable to the agency also apply to the facility and its staff.

§ 115.18 Upgrades to facilities and technologies.

(a) When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the facility or agency, as appropriate, shall consider the effect of the design, acquisition, expansion, or modification upon their ability to protect detainees from sexual abuse.

(b) When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology in an immigration detention facility, the facility or agency, as appropriate, shall consider how such technology may enhance their ability to protect detainees from sexual abuse.

RESPONSIVE PLANNING

§ 115.21 Evidence protocols and forensic medical examinations.

(a) To the extent that the agency or facility is responsible for investigating allegations of sexual abuse involving detainees, it shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

The protocol shall be developed in coordination with DHS and shall be developmentally appropriate for juveniles, where applicable.

(b) The agency and each facility developing an evidence protocol referred to in paragraph (a) of this section, shall consider how best to utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention and counseling to most appropriately address victims' needs. Each facility shall establish procedures to make available, to the full extent possible, outside victim services following incidents of sexual abuse; the facility shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the agency shall provide these services by making available a qualified staff member from a community-based organization, or a qualified agency staff member. A qualified agency staff member or a qualified community-based staff member means an individual who has received education concerning sexual assault and forensic examination issues in general. The outside or internal victim advocate shall provide emotional support, crisis intervention, information, and referrals.

(c) Where evidentiarily or medically appropriate, at no cost to the detainee, and only with the detainee's consent, the facility shall arrange for an alleged victim detainee to undergo a forensic medical examination by qualified health care personnel, including a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) where practicable. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified health care personnel.

(d) As requested by a victim, the presence of his or her outside or internal victim advocate, including any available victim advocacy services offered by a hospital conducting a forensic exam, shall be allowed for support during a forensic exam and investigatory interviews.

(e) To the extent that the agency is not responsible for investigating allegations of sexual abuse, the agency or the facility shall request that the in-

vestigating agency follow the requirements of paragraphs (a) through (d) of this section.

§ 115.22 Policies to ensure investigation of allegations and appropriate agency oversight.

(a) The agency shall establish an agency protocol, and shall require each facility to establish a facility protocol, to ensure that each allegation of sexual abuse is investigated by the agency or facility, or referred to an appropriate investigative authority. The agency shall ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse.

(b) The agency shall ensure that the agency and facility protocols required by paragraph (a) of this section, include a description of responsibilities of the agency, the facility, and any other investigating entities; and require the documentation and maintenance, for at least five years, of all reports and referrals of allegations of sexual abuse.

(c) The agency shall post its protocols on its Web site; each facility shall also post its protocols on its Web site, if it has one, or otherwise make the protocol available to the public.

(d) Each facility protocol shall ensure that all allegations are promptly reported to the agency as described in paragraphs (e) and (f) of this section, and, unless the allegation does not involve potentially criminal behavior, are promptly referred for investigation to an appropriate law enforcement agency with the legal authority to conduct criminal investigations. A facility may separately, and in addition to the above reports and referrals, conduct its own investigation.

(e) When a detainee, prisoner, inmate, or resident of the facility in which an alleged detainee victim is housed is alleged to be the perpetrator of detainee sexual abuse, the facility shall ensure that the incident is promptly reported to the Joint Intake Center, the ICE Office of Professional Responsibility or the DHS Office of Inspector General, as well as the appropriate ICE Field Office Director, and, if it is potentially criminal, referred to an appropriate law enforcement agency having jurisdiction for investigation.

§ 115.31

6 CFR Ch. I (1–1–23 Edition)

(f) When a staff member, contractor, or volunteer is alleged to be the perpetrator of detainee sexual abuse, the facility shall ensure that the incident is promptly reported to the Joint Intake Center, the ICE Office of Professional Responsibility or the DHS Office of Inspector General, as well as to the appropriate ICE Field Office Director, and to the local government entity or contractor that owns or operates the facility. If the incident is potentially criminal, the facility shall ensure that it is promptly referred to an appropriate law enforcement agency having jurisdiction for investigation.

(g) The agency shall ensure that all allegations of detainee sexual abuse are promptly reported to the PSA Coordinator and to the appropriate offices within the agency and within DHS to ensure appropriate oversight of the investigation.

(h) The agency shall ensure that any alleged detainee victim of sexual abuse that is criminal in nature is provided timely access to U nonimmigrant status information.

TRAINING AND EDUCATION

§ 115.31 Staff training.

(a) The agency shall train, or require the training of, all employees who may have contact with immigration detainees, and all facility staff, to be able to fulfill their responsibilities under this part, including training on:

(1) The agency's and the facility's zero-tolerance policies for all forms of sexual abuse;

(2) The right of detainees and staff to be free from sexual abuse, and from retaliation for reporting sexual abuse;

(c) The agency and each facility shall document that staff that may have contact with immigration facility detainees have completed the training.

§ 115.32 Other training.

(a) The facility shall ensure that all volunteers and other contractors (as defined in paragraph (d) of this section) who have contact with detainees have been trained on their responsibilities under the agency's and the facility's sexual abuse prevention, detection, intervention and response policies and procedures.

(b) The level and type of training provided to volunteers and other contractors shall be based on the services they provide and level of contact they have with detainees, but all volunteers and other contractors who have contact with detainees shall be notified of the agency's and the facility's zero-tolerance policies regarding sexual abuse and informed how to report such incidents.

(c) Each facility shall receive and maintain written confirmation that volunteers and other contractors who have contact with immigration facility detainees have completed the training.

(d) In this section, the term *other contractor* means a person who provides services on a non-recurring basis to the facility pursuant to a contractual agreement with the agency or facility.

§ 115.33 Detainee education.

(a) During the intake process, each facility shall ensure that the detainee orientation program notifies and informs detainees about the agency's and the facility's zero-tolerance policies for

all forms of sexual abuse and includes (at a minimum) instruction on:

(1) Prevention and intervention strategies;

(2) Definitions and examples of detainee-on-detainee sexual abuse, staff-on-detainee sexual abuse and coercive sexual activity;

(3) Explanation of methods for reporting sexual abuse, including to any staff member, including a staff member other than an immediate point-of-contact line officer (e.g., the compliance manager or a mental health specialist), the DHS Office of Inspector General, and the Joint Intake Center;

(4) Information about self-protection and indicators of sexual abuse;

(5) Prohibition against retaliation, including an explanation that reporting sexual abuse shall not negatively impact the detainee's immigration proceedings; and

(6) The right of a detainee who has been subjected to sexual abuse to receive treatment and counseling.

(b) Each facility shall provide the detainee notification, orientation, and instruction in formats accessible to all detainees, including those who are limited English proficient, deaf, visually impaired or otherwise disabled, as well as to detainees who have limited reading skills.

(c) The facility shall maintain documentation of detainee participation in the intake process orientation.

(d) Each facility shall post on all housing unit bulletin boards the following notices:

(1) The DHS-prescribed sexual assault awareness notice;

(2) The name of the Prevention of Sexual Abuse Compliance Manager; and

(3) The name of local organizations that can assist detainees who have been victims of sexual abuse.

(e) The facility shall make available and distribute the DHS-prescribed "Sexual Assault Awareness Information" pamphlet.

(f) Information about reporting sexual abuse shall be included in the agency Detainee Handbook made available to all immigration detention facility detainees.

§ 115.34 Specialized training: Investigations.

(a) In addition to the general training provided to all facility staff and employees pursuant to § 115.31, the agency or facility shall provide specialized training on sexual abuse and effective cross-agency coordination to agency or facility investigators, respectively, who conduct investigations into allegations of sexual abuse at immigration detention facilities. All investigations into alleged sexual abuse must be conducted by qualified investigators.

(b) The agency and facility must maintain written documentation verifying specialized training provided to investigators pursuant to this section.

§ 115.35 Specialized training: Medical and mental health care.

(a) The agency shall provide specialized training to DHS or agency employees who serve as full- and part-time medical practitioners or full- and part-time mental health practitioners in immigration detention facilities where medical and mental health care is provided.

(b) The training required by this section shall cover, at a minimum, the following topics:

(1) How to detect and assess signs of sexual abuse;

(2) How to respond effectively and professionally to victims of sexual abuse,

(3) How and to whom to report allegations or suspicions of sexual abuse, and

(4) How to preserve physical evidence of sexual abuse. If medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations.

(c) The agency shall review and approve the facility's policy and procedures to ensure that facility medical staff is trained in procedures for examining and treating victims of sexual abuse, in facilities where medical staff may be assigned these activities.

§ 115.41

**ASSESSMENT FOR RISK OF SEXUAL
VICTIMIZATION AND ABUSIVENESS**

§ 115.41 Assessment for risk of victimization and abusiveness.

(a) The facility shall assess all detainees on intake to identify those likely to be sexual aggressors or sexual abuse victims and shall house detainees to prevent sexual abuse, taking necessary steps to mitigate any such danger. Each new arrival shall be kept separate from the general population until he/she is classified and may be housed accordingly.

(b) The initial classification process and initial housing assignment should be completed within twelve hours of admission to the facility.

(c) The facility shall also consider, to the extent that the information is available, the following criteria to assess detainees for risk of sexual victimization:

(1) Whether the detainee has a mental, physical, or developmental disability;

(2) The age of the detainee;

(3) The physical build and appearance of the detainee;

(4) Whether the detainee has previously been incarcerated or detained;

(5) The nature of the detainee's criminal history;

(6) Whether the detainee has any convictions for sex offenses against an adult or child;

(7) Whether the detainee has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender non-conforming;

(8) Whether the detainee has self-identified as having previously experienced sexual victimization; and

(9) The detainee's own concerns about his or her physical safety.

(d) The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the facility, in assessing detainees for risk of being sexually abusive.

(e) The facility shall reassess each detainee's risk of victimization or abusiveness between 60 and 90 days from the date of initial assessment, and at any other time when warranted based upon the receipt of additional, relevant

6 CFR Ch. I (1–1–23 Edition)

information or following an incident of abuse or victimization.

(f) Detainees shall not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to paragraphs (c)(1), (c)(7), (c)(8), or (c)(9) of this section.

(g) The facility shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the detainee's detriment by staff or other detainees or inmates.

§ 115.42 Use of assessment information.

(a) The facility shall use the information from the risk assessment under § 115.41 of this part to inform assignment of detainees to housing, recreation and other activities, and voluntary work. The agency shall make individualized determinations about how to ensure the safety of each detainee.

(b) When making assessment and housing decisions for a transgender or intersex detainee, the facility shall consider the detainee's gender self-identification and an assessment of the effects of placement on the detainee's health and safety. The facility shall consult a medical or mental health professional as soon as practicable on this assessment. The facility should not base placement decisions of transgender or intersex detainees solely on the identity documents or physical anatomy of the detainee; a detainee's self-identification of his/her gender and self-assessment of safety needs shall always be taken into consideration as well. The facility's placement of a transgender or intersex detainee shall be consistent with the safety and security considerations of the facility, and placement and programming assignments for each transgender or intersex detainee shall be reassessed at least twice each year to review any threats to safety experienced by the detainee.

(c) When operationally feasible, transgender and intersex detainees shall be given the opportunity to shower separately from other detainees.

§ 115.43 Protective custody.

(a) The facility shall develop and follow written procedures consistent with the standards in this subpart for each facility governing the management of its administrative segregation unit. These procedures, which should be developed in consultation with the ICE Enforcement and Removal Operations Field Office Director having jurisdiction for the facility, must document detailed reasons for placement of an individual in administrative segregation on the basis of a vulnerability to sexual abuse or assault.

(b) Use of administrative segregation by facilities to protect detainees vulnerable to sexual abuse or assault shall be restricted to those instances where reasonable efforts have been made to provide appropriate housing and shall be made for the least amount of time practicable, and when no other viable housing options exist, as a last resort. The facility should assign detainees vulnerable to sexual abuse or assault to administrative segregation for their protection until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.

(c) Facilities that place vulnerable detainees in administrative segregation for protective custody shall provide those detainees access to programs, visitation, counsel and other services available to the general population to the maximum extent practicable.

(d) Facilities shall implement written procedures for the regular review of all vulnerable detainees placed in administrative segregation for their protection, as follows:

(1) A supervisory staff member shall conduct a review within 72 hours of the detainee's placement in administrative segregation to determine whether segregation is still warranted; and

(2) A supervisory staff member shall conduct, at a minimum, an identical review after the detainee has spent seven days in administrative segregation, and every week thereafter for the first 30 days, and every 10 days thereafter.

(e) Facilities shall notify the appropriate ICE Field Office Director no

later than 72 hours after the initial placement into segregation, whenever a detainee has been placed in administrative segregation on the basis of a vulnerability to sexual abuse or assault.

(f) Upon receiving notification pursuant to paragraph (e) of this section, the ICE Field Office Director shall review the placement and consider:

(1) Whether continued placement in administrative segregation is warranted;

(2) Whether any alternatives are available and appropriate, such as placing the detainee in a less restrictive housing option at another facility or other appropriate custodial options; and

(3) Whether the placement is only as a last resort and when no other viable housing options exist.

REPORTING**§ 115.51 Detainee reporting.**

(a) The agency and each facility shall develop policies and procedures to ensure that detainees have multiple ways to privately report sexual abuse, retaliation for reporting sexual abuse, or staff neglect or violations of responsibilities that may have contributed to such incidents. The agency and each facility shall also provide instructions on how detainees may contact their consular official, the DHS Office of the Inspector General or, as appropriate, another designated office, to confidentially and, if desired, anonymously, report these incidents.

(b) The agency shall also provide, and the facility shall inform the detainees of, at least one way for detainees to report sexual abuse to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward detainee reports of sexual abuse to agency officials, allowing the detainee to remain anonymous upon request.

§ 115.53 Detainee access to outside confidential support services.

(a) Each facility shall utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention, counseling, investigation and the prosecution of sexual abuse perpetrators to most appropriately address victims' needs. The facility shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers or, if local providers are not available, with national organizations that provide legal advocacy and confidential emotional support services for immigrant victims of crime.

abuse prevention and intervention protocols, if such resources are available.

(c) Each facility shall make available to detainees information about local organizations that can assist detainees who have been victims of sexual abuse, including mailing addresses and telephone numbers (including toll-free hotline numbers where available). If no such local organizations exist, the facility shall make available the same information about national organizations. The facility shall enable reasonable communication between detainees and these organizations and agencies, in as confidential a manner as possible.

OFFICIAL RESPONSE FOLLOWING A
DETAINEE REPORT

§ 115.61 Staff reporting duties.

(a) The agency and each facility shall require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse that occurred in a facility; retaliation against detainees or staff who reported or participated in an investigation about such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. (c) Apart from such reporting, staff shall not reveal any information related to a sexual abuse report to anyone other than to the extent necessary to help protect the safety of the victim or prevent further victimization of other detainees or staff in the facility, or to make medical treatment, investigation, law enforcement, or other security and management decisions.

(d) If the alleged victim is under the age of 18 or considered a vulnerable adult under a State or local vulnerable persons statute, the agency shall report the allegation to the designated State or local services agency under applicable mandatory reporting laws.

§ 115.62 Protection duties.

If an agency employee or facility staff member has a reasonable belief that a detainee is subject to a substantial risk of imminent sexual abuse, he or she shall take immediate action to protect the detainee.

§ 115.63 Reporting to other confinement facilities.

(a) Upon receiving an allegation that a detainee was sexually abused while confined at another facility, the agency or facility whose staff received the allegation shall notify the appropriate office of the agency or the administrator of the facility where the alleged abuse occurred.

(b) The notification provided in paragraph (a) of this section shall be provided as soon as possible, but no later than 72 hours after receiving the allegation.

(c) The agency or facility shall document that it has provided such notification.

(d) The agency or facility office that receives such notification, to the extent the facility is covered by this subpart, shall ensure that the allegation is referred for investigation in accordance with these standards and reported to the appropriate ICE Field Office Director.

§ 115.64 Responder duties.

(a) Upon learning of an allegation that a detainee was sexually abused, the first security staff member to respond to the report, or his or her supervisor, shall be required to:

(1) Separate the alleged victim and abuser;

(2) Preserve and protect, to the greatest extent possible, any crime scene until appropriate steps can be taken to collect any evidence;

(3) If the abuse occurred within a time period that still allows for the collection of physical evidence, request the alleged victim not to take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and

(4) If the sexual abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

(b) If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff.

§ 115.65 Coordinated response.

(a) Each facility shall develop a written institutional plan to coordinate actions taken by staff first responders, medical and mental health practitioners, investigators, and facility leadership in response to an incident of sexual abuse.

(b) Each facility shall use a coordinated, multidisciplinary team approach to responding to sexual abuse.

(d) If a victim is transferred from a DHS immigration detention facility to a facility not covered by paragraph (c) of this section, the sending facility

§ 115.66

shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services, unless the victim requests otherwise.

§ 115.66 Protection of detainees from contact with alleged abusers.

Staff, contractors, and volunteers suspected of perpetrating sexual abuse shall be removed from all duties requiring detainee contact pending the outcome of an investigation.

§ 115.67 Agency protection against retaliation.

(a) Staff, contractors, and volunteers, and immigration detention facility detainees, shall not retaliate against any person, including a detainee, who reports, complains about, or participates in an investigation into an allegation of sexual abuse, or for participating in sexual activity as a result of force, coercion, threats, or fear of force.

(b) The agency shall employ multiple protection measures, such as housing changes, removal of alleged staff or detainee abusers from contact with victims, and emotional support services for detainees or staff who fear retaliation for reporting sexual abuse or for cooperating with investigations.

(c) For at least 90 days following a report of sexual abuse, the agency and facility shall monitor to see if there are facts that may suggest possible retaliation by detainees or staff, and shall act promptly to remedy any such retaliation. Items the agency should monitor include any detainee disciplinary reports, housing or program changes, or negative performance reviews or reassignments of staff. DHS shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

§ 115.68 Post-allegation protective custody.

6 CFR Ch. I (1–1–23 Edition)

administrative segregation, except in highly unusual circumstances or at the request of the detainee.

(c) A detainee victim who is in protective custody after having been subjected to sexual abuse shall not be returned to the general population until completion of a proper re-assessment, taking into consideration any increased vulnerability of the detainee as a result of the sexual abuse.

(d) Facilities shall notify the appropriate ICE Field Office Director whenever a detainee victim has been held in administrative segregation for 72 hours.

(e) Upon receiving notification that a detainee victim has been held in administrative segregation, the ICE Field Office Director shall review the placement and consider:

(1) Whether the placement is only as a last resort and when no other viable housing options exist; and

(2) In cases where the detainee has been held in administrative segregation for longer than 5 days, whether the placement is justified by highly unusual circumstances or at the detainee's request.

INVESTIGATIONS

§ 115.71 Criminal and administrative investigations.

(a) If the facility has responsibility for investigating allegations of sexual abuse, all investigations into alleged sexual abuse must be prompt, thorough, objective, and conducted by specially trained, qualified investigators.

(b) Upon conclusion of a criminal investigation where the allegation was substantiated, an administrative investigation shall be conducted. Upon conclusion of a criminal investigation where the allegation was unsubstantiated, the facility shall review any available completed criminal investigation reports to determine whether an administrative investigation is necessary or appropriate. Administrative investigations shall be conducted after consultation with the appropriate investigative office within DHS, and the assigned criminal investigative entity.

(c)(1) The facility shall develop written procedures for administrative investigations, including provisions requiring:

(i) Preservation of direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data;

(iii) Reviewing prior complaints and reports of sexual abuse involving the suspected perpetrator;

(v) An effort to determine whether actions or failures to act at the facility contributed to the abuse; and

(vi) Documentation of each investigation by written report, which shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings; and

(vii) Retention of such reports for as long as the alleged abuser is detained or employed by the agency or facility, plus five years.

(2) Such procedures shall govern the coordination and sequencing of the two types of investigations, in accordance with paragraph (b) of this section, to ensure that the criminal investigation is not compromised by an internal administrative investigation.

(d) The agency shall review and approve the facility policy and procedures for coordination and conduct of internal administrative investigations with the assigned criminal investigative entity to ensure non-interference with criminal investigations.

(e) The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation.

(f) When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

§ 115.72 Evidentiary standard for administrative investigations.

When an administrative investigation is undertaken, the agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse are substantiated.

§ 115.73 Reporting to detainees.

The agency shall, when the detainee is still in immigration detention, or where otherwise feasible, following an investigation into a detainee's allegation of sexual abuse, notify the detainee as to the result of the investigation and any responsive action taken.

DISCIPLINE

§ 115.76 Disciplinary sanctions for staff.

(a) Staff shall be subject to disciplinary or adverse action up to and including removal from their position and the Federal service for substantiated allegations of sexual abuse or for violating agency or facility sexual abuse policies.

(b) The agency shall review and approve facility policies and procedures regarding disciplinary or adverse actions for staff and shall ensure that the facility policy and procedures specify disciplinary or adverse actions for staff, up to and including removal from their position and from the Federal service, when there is a substantiated allegation of sexual abuse, or when there has been a violation of agency sexual abuse rules, policies, or standards. Removal from their position and from the Federal service is the presumptive disciplinary sanction for staff who have engaged in or attempted or threatened to engage in sexual abuse, as defined under the definition of sexual abuse of a detainee by a staff member, contractor, or volunteer, paragraphs (1)–(4) and (7)–(8) of the definition of “sexual abuse of a detainee by a staff member, contractor, or volunteer” in § 115.6.

§ 115.77 Corrective action for contractors and volunteers.

(a) Any contractor or volunteer who has engaged in sexual abuse shall be prohibited from contact with detainees. Each facility shall make reasonable efforts to report to any relevant licensing body, to the extent known, incidents of substantiated sexual abuse by a contractor or volunteer. Such incidents shall also be reported to law enforcement agencies, unless the activity was clearly not criminal.

(b) Contractors and volunteers suspected of perpetrating sexual abuse shall be removed from all duties requiring detainee contact pending the outcome of an investigation.

(c) The facility shall take appropriate remedial measures, and shall consider whether to prohibit further contact with detainees by contractors or volunteers who have not engaged in sexual abuse, but have violated other provisions within these standards.

§ 115.78 Disciplinary sanctions for detainees.

(a) Each facility shall subject a detainee to disciplinary sanctions pursuant to a formal disciplinary process following an administrative or criminal finding that the detainee engaged in sexual abuse.

(b) At all steps in the disciplinary process provided in paragraph (a), any sanctions imposed shall be commensurate with the severity of the committed prohibited act and intended to encourage the detainee to conform with rules and regulations in the future.

(c) Each facility holding detainees in custody shall have a detainee disciplinary system with progressive levels of reviews, appeals, procedures, and documentation procedure.

(d) The disciplinary process shall consider whether a detainee's mental disabilities or mental illness contributed to his or her behavior when deter-

mining what type of sanction, if any, should be imposed.

(e) The facility shall not discipline a detainee for sexual contact with staff unless there is a finding that the staff member did not consent to such contact.

(f) For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

MEDICAL AND MENTAL CARE

§ 115.81 Medical and mental health assessments; history of sexual abuse.

(a) If the assessment pursuant to § 115.41 indicates that a detainee has experienced prior sexual victimization or perpetrated sexual abuse, staff shall, as appropriate, ensure that the detainee is immediately referred to a qualified medical or mental health practitioner for medical and/or mental health follow-up as appropriate.

(b) When a referral for medical follow-up is initiated, the detainee shall receive a health evaluation no later than two working days from the date of assessment.

§ 115.82 Access to emergency medical and mental health services.

(a) Detainee victims of sexual abuse shall have timely, unimpeded access to emergency medical treatment and crisis intervention services, including emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care.

§ 115.83 Ongoing medical and mental health care for sexual abuse victims and abusers.

(a) Each facility shall offer medical and mental health evaluation and, as appropriate, treatment to all detainees who have been victimized by sexual abuse while in immigration detention.

(b) The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody.

(c) The facility shall provide such victims with medical and mental health services consistent with the community level of care.

(d) Detainee victims of sexually abusive vaginal penetration by a male abuser while incarcerated shall be offered pregnancy tests. If pregnancy results from an instance of sexual abuse, the victim shall receive timely and comprehensive information about lawful pregnancy-related medical services and timely access to all lawful pregnancy-related medical services.

(e) Detainee victims of sexual abuse while detained shall be offered tests for sexually transmitted infections as medically appropriate.

(f) Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

(g) The facility shall attempt to conduct a mental health evaluation of all known detainee-on-detainee abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

DATA COLLECTION AND REVIEW**§ 115.86 Sexual abuse incident reviews.**

(a) Each facility shall conduct a sexual abuse incident review at the conclusion of every investigation of sexual abuse and, where the allegation was not determined to be unfounded, prepare a written report within 30 days of the conclusion of the investigation recommending whether the allegation or investigation indicates that a change

in policy or practice could better prevent, detect, or respond to sexual abuse. The facility shall implement the recommendations for improvement, or shall document its reasons for not doing so in a written response. Both the report and response shall be forwarded to the agency PSA Coordinator.

(b) The review team shall consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

(c) Each facility shall conduct an annual review of all sexual abuse investigations and resulting incident reviews to assess and improve sexual abuse intervention, prevention and response efforts. If the facility has not had any reports of sexual abuse during the annual reporting period, then the facility shall prepare a negative report. The results and findings of the annual review shall be provided to the facility administrator, Field Office Director or his or her designee, and the agency PSA Coordinator.

§ 115.87 Data collection.

(a) Each facility shall maintain in a secure area all case records associated with claims of sexual abuse, including incident reports, investigative reports, offender information, case disposition, medical and counseling evaluation findings, and recommendations for post-release treatment, if necessary, and/or counseling in accordance with these standards and applicable agency policies, and in accordance with established schedules. The DHS Office of Inspector General shall maintain the official investigative file related to claims of sexual abuse investigated by the DHS Office of Inspector General.

(b) On an ongoing basis, the PSA Coordinator shall work with relevant facility PSA Compliance Managers and DHS entities to share data regarding effective agency response methods to sexual abuse.

(c) On a regular basis, the PSA Coordinator shall prepare a report for ICE

§ 115.88

leadership compiling information received about all incidents or allegations of sexual abuse of detainees in immigration detention during the period covered by the report, as well as ongoing investigations and other pending cases.

(d) On an annual basis, the PSA Coordinator shall aggregate, in a manner that will facilitate the agency's ability to detect possible patterns and help prevent future incidents, the incident-based sexual abuse data, including the number of reported sexual abuse allegations determined to be substantiated, unsubstantiated, or unfounded, or for which investigation is ongoing, and for each incident found to be substantiated, information concerning:

(1) The date, time, location, and nature of the incident;

(2) The demographic background of the victim and perpetrator (including citizenship, age, gender, and whether either has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming);

(3) The reporting timeline for the incident (including the name of individual who reported the incident, and the date and time the report was received);

(4) Any injuries sustained by the victim;

(5) Post-report follow up responses and action taken by the facility (e.g., housing placement/custody classification, medical examination, mental health counseling, etc.); and

(6) Any sanctions imposed on the perpetrator.

(e) Upon request, the agency shall provide all data described in this section from the previous calendar year to the Office for Civil Rights and Civil Liberties no later than June 30.

§ 115.88 Data review for corrective action.

(a) The agency shall review data collected and aggregated pursuant to § 115.87 of this part in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including by:

(1) Identifying problem areas;

(2) Taking corrective action on an ongoing basis; and

6 CFR Ch. I (1–1–23 Edition)

(3) Preparing an annual report of its findings and corrective actions for each immigration detention facility, as well as the agency as a whole.

(b) Such report shall include a comparison of the current year's data and corrective actions with those from prior years and shall provide an assessment of the agency's progress in preventing, detecting, and responding to sexual abuse.

(c) The agency's report shall be approved by the agency head and made readily available to the public through its Web site.

(d) The agency may redact specific material from the reports, when appropriate for safety or security, but must indicate the nature of the material redacted.

§ 115.89 Data storage, publication, and destruction.

(a) The agency shall ensure that data collected pursuant to § 115.87 are securely retained in accordance with agency record retention policies and the agency protocol regarding investigation of allegations.

(b) The agency shall make all aggregated sexual abuse data from immigration detention facilities under its direct control and from any private agencies with which it contracts available to the public at least annually on its Web site consistent with existing agency information disclosure policies and processes.

(c) Before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers.

(d) The agency shall maintain sexual abuse data collected pursuant to § 115.87 for at least 10 years after the date of the initial collection unless Federal, State, or local law requires otherwise.

AUDITS AND COMPLIANCE

§ 115.93 Audits of standards.

(a) During the three-year period starting on July 6, 2015, and during each three-year period thereafter, the agency shall ensure that each immigration detention facility that has adopted these standards is audited at least once.

(b) The agency may require an expedited audit if the agency has reason to believe that a particular facility may be experiencing problems relating to sexual abuse. The agency may also include referrals to resources that may assist the facility with PREA-related issues.

(c) Audits under this section shall be conducted pursuant to §§ 115.201 through 115.205.

(d) Audits under this section shall be coordinated by the agency with the DHS Office for Civil Rights and Civil Liberties, which may request an expedited audit if it has reason to believe that an expedited audit is appropriate.

ADDITIONAL PROVISIONS IN AGENCY POLICIES

§ 115.95 Additional provisions in agency policies.

The regulations in this subpart A establish minimum requirements for agencies and facilities. Agency and facility policies may include additional requirements.

Subpart B—Standards for DHS Holding Facilities

COVERAGE

§ 115.110 Coverage of DHS holding facilities.

This subpart B covers all DHS holding facilities. Standards found in subpart A of this part are not applicable to DHS facilities except ICE immigration detention facilities.

PREVENTION PLANNING

§ 115.111 Zero tolerance of sexual abuse; Prevention of Sexual Assault Coordinator.

(a) The agency shall have a written policy mandating zero tolerance toward all forms of sexual abuse and outlining the agency's approach to preventing, detecting, and responding to such conduct.

(b) The agency shall employ or designate an upper-level, agency-wide PSA Coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with these standards in all of its holding facilities.

§ 115.112 Contracting with non-DHS entities for the confinement of detainees.

(a) An agency that contracts for the confinement of detainees in holding facilities operated by non-DHS private or public agencies or other entities, including other government agencies, shall include in any new contracts, contract renewals, or substantive contract modifications the entity's obligation to adopt and comply with these standards.

(b) Any new contracts, contract renewals, or substantive contract modifications shall provide for agency contract monitoring to ensure that the contractor is complying with these standards.

(c) To the extent an agency contracts for confinement of holding facility detainees, all rules in this subpart that apply to the agency shall apply to the contractor, and all rules that apply to staff or employees shall apply to contractor staff.

§ 115.113 Detainee supervision and monitoring.

(a) The agency shall ensure that each facility maintains sufficient supervision of detainees, including through appropriate staffing levels and, where applicable, video monitoring, to protect detainees against sexual abuse.

(b) The agency shall develop and document comprehensive detainee supervision guidelines to determine and meet each facility's detainee supervision needs, and shall review those supervision guidelines and their application at each facility at least annually.

(c) In determining adequate levels of detainee supervision and determining the need for video monitoring, agencies shall take into consideration the physical layout of each holding facility, the composition of the detainee population, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, the findings and recommendations of sexual abuse incident review reports, and any other relevant factors, including but not limited to the length of time detainees spend in agency custody.

§ 115.114 Juvenile and family detainees.

(a) Juveniles shall be detained in the least restrictive setting appropriate to the juvenile's age and special needs, provided that such setting is consistent with the need to protect the juvenile's well-being and that of others, as well as with any other laws, regulations, or legal requirements.

(b) Unaccompanied juveniles shall generally be held separately from adult detainees. The juvenile may temporarily remain with a non-parental adult family member where:

- (1) The family relationship has been vetted to the extent feasible, and
- (2) The agency determines that remaining with the non-parental adult family member is appropriate, under the totality of the circumstances.

§ 115.115 Limits to cross-gender viewing and searches.

(a) Searches may be necessary to ensure the safety of officers, civilians and detainees; to detect and secure evidence of criminal activity; and to promote security, safety, and related interests at DHS holding facilities.

(b) Cross-gender strip searches or cross-gender visual body cavity searches shall not be conducted except in exigent circumstances, including consideration of officer safety, or when performed by medical practitioners. An agency shall not conduct visual body cavity searches of juveniles and, instead, shall refer all such body cavity searches of juveniles to a medical practitioner.

(c) All strip searches and visual body cavity searches shall be documented.

(d) The agency shall implement policies and procedures that enable detainees to shower (where showers are available), perform bodily functions, and change clothing without being viewed by staff of the opposite gender, except in exigent circumstances or when such viewing is incidental to routine cell checks or is otherwise appropriate in connection with a medical examination or monitored bowel movement under medical supervision. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an area where detainees are likely to be showering, per-

forming bodily functions, or changing clothing.

(e) The agency and facility shall not search or physically examine a detainee for the sole purpose of determining the detainee's gender. If the detainee's gender is unknown, it may be determined during conversations with the detainee, by reviewing medical records (if available), or, if necessary, learning that information as part of a broader medical examination conducted in private, by a medical practitioner.

(f) The agency shall train law enforcement staff in proper procedures for conducting pat-down searches, including cross-gender pat-down searches and searches of transgender and intersex detainees. All pat-down searches shall be conducted in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs and agency policy, including consideration of officer safety.

§ 115.116 Accommodating detainees with disabilities and detainees who are limited English proficient.

(a) The agency shall take appropriate steps to ensure that detainees with disabilities (including, for example, detainees who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse. Such steps shall include, when necessary to ensure effective communication with detainees who are deaf or hard of hearing, providing access to in-person, telephonic, or video interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that any written materials related to sexual abuse are provided in formats or through methods that ensure effective communication with detainees with disabilities, including detainees who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions

that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR 35.164.

(b) The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse to detainees who are limited English proficient, including steps to provide in-person or telephonic interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary.

(c) In matters relating to allegations of sexual abuse, the agency shall provide in-person or telephonic interpretation services that enable effective, accurate, and impartial interpretation, by someone other than another detainee, unless the detainee expresses a preference for another detainee to provide interpretation, and the agency determines that such interpretation is appropriate and consistent with DHS policy. The provision of interpreter services by minors, alleged abusers, detainees who witnessed the alleged abuse, and detainees who have a significant relationship with the alleged abuser is not appropriate in matters relating to allegations of sexual abuse is not appropriate in matters relating to allegations of sexual abuse.

§ 115.117 Hiring and promotion decisions.

(a) The agency shall not hire or promote anyone who may have contact with detainees, and shall not enlist the services of any contractor or volunteer who may have contact with detainees, who has engaged in sexual abuse in a prison, jail, holding facility, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); who has been convicted of engaging or attempting to engage in sexual activity facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or who has been civilly or ad-

ministratively adjudicated to have engaged in such activity.

(b) When the agency is considering hiring or promoting staff, it shall ask all applicants who may have contact with detainees directly about previous misconduct described in paragraph (a) of this section, in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. The agency shall also impose upon employees a continuing affirmative duty to disclose any such misconduct.

(c) Before hiring new employees who may have contact with detainees, the agency shall require a background investigation to determine whether the candidate for hire is suitable for employment with the agency. The agency shall conduct an updated background investigation for agency employees every five years.

(d) The agency shall also perform a background investigation before enlisting the services of any contractor who may have contact with detainees.

(e) Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination or withdrawal of an offer of employment, as appropriate.

(f) Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.

(g) In the event the agency contracts with a facility for the confinement of detainees, the requirements of this section otherwise applicable to the agency also apply to the facility.

§ 115.118 Upgrades to facilities and technologies.

(a) When designing or acquiring any new holding facility and in planning any substantial expansion or modification of existing holding facilities, the agency shall consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect detainees from sexual abuse.

(b) When installing or updating a video monitoring system, electronic

§ 115.121

surveillance system, or other monitoring technology in a holding facility, the agency shall consider how such technology may enhance the agency's ability to protect detainees from sexual abuse.

RESPONSIVE PLANNING

§ 115.121 Evidence protocols and forensic medical examinations.

(a) To the extent that the agency is responsible for investigating allegations of sexual abuse in its holding facilities, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. The protocol shall be developed in coordination with DHS and shall be developmentally appropriate for juveniles, where applicable.

(b) In developing the protocol referred to in paragraph (a) of this section, the agency shall consider how best to utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention and counseling to most appropriately address victims' needs.

(c) Where evidentiarily or medically appropriate, at no cost to the detainee, and only with the detainee's consent, the agency shall arrange for or refer the alleged victim detainee to a medical facility to undergo a forensic medical examination, including a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) where practicable. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified health care personnel.

(d) If, in connection with an allegation of sexual abuse, the detainee is transported for a forensic examination to an outside hospital that offers victim advocacy services, the detainee shall be permitted to use such services to the extent available, consistent with security needs.

(e) To the extent that the agency is not responsible for investigating allegations of sexual abuse, the agency shall request that the investigating agency follow the requirements of

paragraphs (a) through (d) of this section.

(b) The agency protocol shall be developed in coordination with DHS investigative entities; shall include a description of the responsibilities of both the agency and the investigative entities; and shall require the documentation and maintenance, for at least five years, of all reports and referrals of allegations of sexual abuse. The agency shall post its protocol on its Web site, redacted if appropriate.

(c) The agency protocol shall ensure that each allegation is promptly reported to the Joint Intake Center and, unless the allegation does not involve potentially criminal behavior, promptly referred for investigation to an appropriate law enforcement agency with the legal authority to conduct criminal investigations. The agency may separately, and in addition to the above reports and referrals, conduct its own investigation.

(d) The agency shall ensure that all allegations of detainee sexual abuse are promptly reported to the PSA Coordinator and to the appropriate offices within the agency and within DHS to ensure appropriate oversight of the investigation.

(e) The agency shall ensure that any alleged detainee victim of sexual abuse that is criminal in nature is provided timely access to U nonimmigrant status information.

§ 115.131 Employee, contractor, and volunteer training.

(a) The agency shall train, or require the training of all employees, contractors, and volunteers who may have contact with holding facility detainees, to be able to fulfill their responsibilities under these standards, including training on:

(b) All current employees, contractors and volunteers who may have contact with holding facility detainees shall be trained within two years of the effective date of these standards, and the agency shall provide refresher information, as appropriate.

(c) The agency shall document those employees who may have contact with detainees have completed the training and receive and maintain for at least five years confirmation that contractors and volunteers have completed the training.

§ 115.132 Notification to detainees of the agency's zero-tolerance policy.

The agency shall make public its zero-tolerance policy regarding sexual abuse and ensure that key information regarding the agency's zero-tolerance policy is visible or continuously and readily available to detainees, for example, through posters, detainee handbooks, or other written formats.

§ 115.133 [Reserved]

§ 115.134 Specialized training: Investigations.

(a) In addition to the training provided to employees, DHS agencies with responsibility for holding facilities shall provide specialized training on

sexual abuse and effective cross-agency coordination to agency investigators who conduct investigations into allegations of sexual abuse at holding facilities. All investigations into alleged sexual abuse must be conducted by qualified investigators.

(b) The agency must maintain written documentation verifying specialized training provided to agency investigators pursuant to this section.

ASSESSMENT FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

§ 115.141 Assessment for risk of victimization and abusiveness.

(a) Before placing any detainees together in a holding facility, agency staff shall consider whether, based on the information before them, a detainee may be at a high risk of being sexually abused and, when appropriate, shall take necessary steps to mitigate any such danger to the detainee.

(b) All detainees who may be held overnight with other detainees shall be assessed to determine their risk of being sexually abused by other detainees or sexually abusive toward other detainees; staff shall ask each such detainee about his or her own concerns about his or her physical safety.

(c) The agency shall also consider, to the extent that the information is available, the following criteria to assess detainees for risk of sexual victimization:

(1) Whether the detainee has a mental, physical, or developmental disability;

(2) The age of the detainee;

(3) The physical build and appearance of the detainee;

(4) Whether the detainee has previously been incarcerated or detained;

(5) The nature of the detainee's criminal history; and

(6) Whether the detainee has any convictions for sex offenses against an adult or child;

(7) Whether the detainee has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender non-conforming;

(8) Whether the detainee has self-identified as having previously experienced sexual victimization; and

(9) The detainee's own concerns about his or her physical safety.

§ 115.151

(d) If detainees are identified pursuant to the assessment under this section to be at high risk of victimization, staff shall provide such detainees with heightened protection, to include continuous direct sight and sound supervision, single-cell housing, or placement in a cell actively monitored on video by a staff member sufficiently proximate to intervene, unless no such option is determined to be feasible.

(e) The facility shall implement appropriate controls on the dissemination of sensitive information provided by detainees under this section.

REPORTING

§ 115.151 Detainee reporting.

(a) The agency shall develop policies and procedures to ensure that the detainees have multiple ways to privately report sexual abuse, retaliation for reporting sexual abuse, or staff neglect or violations of responsibilities that may have contributed to such incidents, and shall provide instructions on how detainees may contact the DHS Office of the Inspector General or, as appropriate, another designated office, to confidentially and, if desired, anonymously, report these incidents.

(b) The agency shall also provide, and shall inform the detainees of, at least one way for detainees to report sexual abuse to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward detainee reports of sexual abuse to agency officials, allowing the detainee to remain anonymous upon request.

§§ 115.152–115.153 [Reserved]

Agency policy shall include methods by which staff can report misconduct outside of their chain of command.

(b) Staff members who become aware of alleged sexual abuse shall immediately follow the reporting requirements set forth in the agency's written policies and procedures.

(c) Apart from such reporting, the agency and staff shall not reveal any information related to a sexual abuse report to anyone other than to the extent necessary to help protect the safety of the victim or prevent further victimization of other detainees or staff in the facility, or to make medical treatment, investigation, law enforcement, or other security and management decisions.

(d) If the alleged victim is under the age of 18 or considered a vulnerable adult under a State or local vulnerable persons statute, the agency shall report the allegation to the designated State or local services agency under applicable mandatory reporting laws.

§ 115.162 Agency protection duties.

When an agency employee has a reasonable belief that a detainee is subject to a substantial risk of imminent sexual abuse, he or she shall take immediate action to protect the detainee.

§ 115.163 Reporting to other confinement facilities.

(a) Upon receiving an allegation that a detainee was sexually abused while confined at another facility, the agency that received the allegation shall notify the appropriate office of the

(b) The notification provided in paragraph (a) of this section shall be provided as soon as possible, but no later than 72 hours after receiving the allegation.

(d) The agency office that receives such notification, to the extent the facility is covered by this subpart, shall ensure that the allegation is referred for investigation in accordance with these standards.

§ 115.164 Responder duties.

(a) Upon learning of an allegation that a detainee was sexually abused, the first law enforcement staff member to respond to the report, or his or her supervisor, shall be required to:

(1) Separate the alleged victim and abuser;

(2) Preserve and protect, to the greatest extent possible, any crime scene until appropriate steps can be taken to collect any evidence;

(3) If the sexual abuse occurred within a time period that still allows for the collection of physical evidence, request the alleged victim not to take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and

(4) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

(b) If the first staff responder is not a law enforcement staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify law enforcement staff.

§ 115.165 Coordinated response.

(a) The agency shall develop a written institutional plan and use a coordi-

nated, multidisciplinary team approach to responding to sexual abuse.

(b) If a victim of sexual abuse is transferred between facilities covered by subpart A or B of this part, the agency shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services.

(c) If a victim is transferred from a DHS holding facility to a facility not covered by paragraph (b) of this section, the agency shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services, unless the victim requests otherwise.

§ 115.166 Protection of detainees from contact with alleged abusers.

Agency management shall consider whether any staff, contractor, or volunteer alleged to have perpetrated sexual abuse should be removed from duties requiring detainee contact pending the outcome of an investigation, and shall do so if the seriousness and plausibility of the allegation make removal appropriate.

§ 115.167 Agency protection against retaliation.

Agency employees shall not retaliate against any person, including a detainee, who reports, complains about, or participates in an investigation into an allegation of sexual abuse, or for participating in sexual activity as a result of force, coercion, threats, or fear of force.

INVESTIGATIONS

§ 115.171 Criminal and administrative investigations.

(a) If the agency has responsibility for investigating allegations of sexual abuse, all investigations into alleged sexual abuse must be prompt, thorough, objective, and conducted by specially trained, qualified investigators.

(b) Upon conclusion of a criminal investigation where the allegation was substantiated, an administrative investigation shall be conducted. Upon conclusion of a criminal investigation where the allegation was unsubstantiated, the agency shall review any

available completed criminal investigation reports to determine whether an administrative investigation is necessary or appropriate. Administrative investigations shall be conducted after consultation with the appropriate investigative office within DHS and the assigned criminal investigative entity.

(c) The agency shall develop written procedures for administrative investigations, including provisions requiring:

(1) Preservation of direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data;

(2) Interviewing alleged victims, suspected perpetrators, and witnesses;

(3) Reviewing prior complaints and reports of sexual abuse involving the suspected perpetrator;

(4) Assessment of the credibility of an alleged victim, suspect, or witness, without regard to the individual's status as detainee, staff, or employee, and without requiring any detainee who alleges sexual abuse to submit to a polygraph;

(5) Documentation of each investigation by written report, which shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings; and

(6) Retention of such reports for as long as the alleged abuser is detained or employed by the agency, plus five years. Such procedures shall establish the coordination and sequencing of the two types of investigations, in accordance with paragraph (b) of this section, to ensure that the criminal investigation is not compromised by an internal administrative investigation.

(d) The departure of the alleged abuser or victim from the employment or control of the agency shall not provide a basis for terminating an investigation.

(e) When outside agencies investigate sexual abuse, the agency shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

§ 115.172 Evidentiary standard for administrative investigations.

When an administrative investigation is undertaken, the agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse are substantiated.

Removal from their position and from the Federal service is the presumptive disciplinary sanction for staff who have engaged in or attempted or threatened to engage in sexual abuse, as defined under the definition of sexual abuse of a detainee by a staff member, contractor, or volunteer, paragraphs (1)–(4) and (7)–(8) of the definition of “sexual abuse of a detainee by a staff member, contractor, or volunteer” in § 115.6.

(c) Each facility shall report all removals or resignations in lieu of removal for violations of agency or facility sexual abuse policies to appropriate law enforcement agencies, unless the activity was clearly not criminal.

§ 115.177 Corrective action for contractors and volunteers.

(a) Any contractor or volunteer suspected of perpetrating sexual abuse

shall be prohibited from contact with detainees. The agency shall also consider whether to prohibit further contact with detainees by contractors or volunteers who have not engaged in sexual abuse, but have violated other provisions within these standards. The agency shall be responsible for promptly reporting sexual abuse allegations and incidents involving alleged contractor or volunteer perpetrators to an appropriate law enforcement agency as well as to the Joint Intake Center or another appropriate DHS investigative office in accordance with DHS policies and procedures. The agency shall make reasonable efforts to report to any relevant licensing body, to the extent known, incidents of substantiated sexual abuse by a contractor or volunteer.

(b) Contractors and volunteers suspected of perpetrating sexual abuse may be removed from all duties requiring detainee contact pending the outcome of an investigation, as appropriate.

MEDICAL AND MENTAL CARE

§ 115.181 [Reserved]

DATA COLLECTION AND REVIEW

§ 115.186 Sexual abuse incident reviews.

(a) The agency shall conduct a sexual abuse incident review at the conclusion of every investigation of sexual abuse and, where the allegation was not determined to be unfounded, prepare a written report recommending whether the allegation or investigation indicates that a change in policy or prac-

tice could better prevent, detect, or respond to sexual abuse. Such review shall ordinarily occur within 30 days of the agency receiving the investigation results from the investigative authority. The agency shall implement the recommendations for improvement, or shall document its reasons for not doing so in a written response. Both the report and response shall be forwarded to the agency PSA Coordinator.

The DHS Office of Inspector General shall maintain the official investigative file related to claims of sexual abuse investigated by the DHS Office of Inspector General.

(b) On an annual basis, the PSA Coordinator shall aggregate, in a manner that will facilitate the agency's ability to detect possible patterns and help prevent future incidents, the incident-based sexual abuse data available, including the number of reported sexual abuse allegations determined to be substantiated, unsubstantiated, or unfounded, or for which investigation is ongoing, and for each incident found to be substantiated, such information as is available to the PSA Coordinator concerning:

(1) The date, time, location, and nature of the incident;

(2) The demographic background of the victim and perpetrator (including citizenship, age, gender, and whether either has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming);

(3) The reporting timeline for the incident (including the name of individual who reported the incident, and the date and time the report was received);

(c) The agency's report shall be approved by the agency head and made readily available to the public through its Web site.

(d) The agency may redact specific material from the reports, when appropriate for safety or security, but must indicate the nature of the material redacted.

(b) The agency shall make all aggregated sexual abuse data from holding facilities under its direct control and from any private agencies with which

it contracts available to the public at least annually on its Web site consistent with agency information disclosure policies and processes.

(c) Before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers.

(d) The agency shall maintain sexual abuse data collected pursuant to § 115.187 for at least 10 years after the date of the initial collection unless Federal, State, or local law requires otherwise.

The TSOB Chairperson has discretion to choose which individuals from the pool will serve on a TSOB Review Panel. In making selections for a TSOB Review Panel, the TSOB Chairperson will consider selecting at least one person with the qualifications set out in paragraph (a)(4) of this section to serve as a Panel

Member, and will consider, based upon the composition of the pool as well as the issues raised in the appeal, appointing more than one person with the qualifications set out in paragraph (a)(4) to the TSOB Review Panel.

§ 126.7 Function of TSOB Review Panel.

A TSOB Review Panel reviews an ALJ's decision regarding a Determination of Security Threat issued by the TSA Administrator and may affirm, modify, or reverse the ALJ's decision, or remand the matter to the ALJ with instructions to address particular issues or consider additional testimony or evidence.

§ 126.9 Scope of review and standard of review.

(a) A TSOB Review Panel reviews an ALJ's decision to address whether the decision is supported by substantial evidence in the record before the TSOB Review Panel.

(b) A TSOB Review Panel will not consider the constitutionality of any statute, regulation, Executive Order, or order issued by the TSA.

§ 126.11 Counsel.

(a)(1) Parties to proceedings before a TSOB Review Panel may be represented by an attorney who is in good standing with the bar of any State, district, territory, or possession of the United States. Parties desiring representation must obtain such representation at their own expense.

(2) TSA will designate counsel to represent TSA before a TSOB Review Panel. The attorney must hold a security clearance that enables access to all materials related to the appeal.

(b) The General Counsel of the Department of Homeland Security, or the General Counsel's designee, appoints legal counsel to assist a TSOB Review Panel. Counsel appointed to assist the TSOB Review Panel facilitates communication between the TSOB Docket Clerk and the TSOB Review Panel, and assists with legal research and drafting for the Panel, as needed. Appointed counsel must hold a security clearance that enables access to all materials related to the appeal.

§ 126.13 Notice of appeal and service.

(a) *Notice of appeal.* A party seeking review of the ALJ's decision must file a notice of appeal with the TSOB Docket Clerk via email at *TSOB_docket@hq.dhs.gov* or via certified U.S. mail at ATTN: TSOB Docket Clerk, Office of the General Counsel, Department of Homeland Security, Washington, DC 20528-0485. A notice of appeal must be filed within 60 calendar days of the date of issuance of the ALJ's written decision.

(b) *Service.* To file any document with a TSOB Review Panel, a party must send the document to the TSOB Docket Clerk via email at *TSOB_docket@hq.dhs.gov*, or via certified U.S. mail at ATTN: TSOB Docket Clerk, Office of the General Counsel, Department of Homeland Security, Washington, DC 20528-0485. Parties are strongly encouraged to file all documents and consent to service via email. Any document filed with the TSOB Docket Clerk (except a notice of protected information, the administrative record, ex parte motions, and documents containing classified information, Sensitive Security Information (SSI), or other protected information that accompany a motion to supplement the record) must also be served on all other parties by certified U.S. mail or email.

(c) *Filing date.* For purposes of all deadlines in this part, the date of filing of a notice of appeal or any document filed with a TSOB Review Panel is the date on which the document is received by the TSOB Docket Clerk.

(d) *Untimely appeals.* A TSOB Review Panel must reject and summarily dismiss a notice of appeal that is filed more than 60 calendar days after the date of issuance of the ALJ's written decision. A TSOB Review Panel may, in its discretion, accept an untimely notice of appeal upon a showing of good cause for failure to meet the filing deadline.

(e) *Failure to perfect the appeal.* A TSOB Review Panel may dismiss an appeal, on its own initiative or upon motion of any party, when a party has filed a notice of appeal but failed to perfect the appeal by timely filing a brief in accordance with § 126.23.

(f) *Effect of dismissal of appeal.* Where an appeal is dismissed in accordance with paragraph (d) or (e) of this section the ALJ's written decision becomes final.

§ 126.15 Entry of appearance.

(a) All parties to a proceeding before a TSOB Review Panel must enter their appearances in writing with the TSOB Docket Clerk within 15 calendar days after filing or being served with a notice of appeal. A party's written notice of entry of appearance must identify counsel, if applicable.

(b) Counsel beginning representation of a party after that party has already entered an appearance must file a separate notice of entry of appearance within 15 calendar days of beginning representation.

§ 126.17 Procedures for classified information, sensitive security information (SSI), and other protected information.

(a) *Notice of protected information.* Within 30 calendar days of filing or being served with a notice of appeal, TSA must file a notice of protected information indicating whether the record of proceedings before the ALJ contains classified information, SSI, or other protected information. The notice of protected information must be filed with the TSOB Docket Clerk in accordance with § 126.13(b). If the TSA presented classified information, SSI, or other protected information to the ALJ at an ex parte proceeding or provided such information for in camera review during the ALJ proceedings, then the TSOB Review Panel will also consider that information at an ex parte proceeding or in camera.

(b) *Access to protected information.* A TSOB Review Panel may not disclose Classified Information or other protected information to any non-government party or counsel. A TSOB Review Panel may not disclose SSI to any non-government party or counsel unless the TSA has determined that the party had a preexisting need to know specific SSI as a covered person pursuant to 49 CFR 1520.7 and 1520.11.

§ 126.19 Filing and supplementing the record.

(a) *Filing the record.* The TSA must file a complete record of administrative proceedings, including a certified and unredacted transcript of all proceedings before the ALJ (including ex parte proceedings) and all material filed with the ALJ (including material containing classified information, SSI, or other protected information that was reviewed by the ALJ in camera), with the TSOB Docket Clerk within 30 calendar days after filing or being served with a notice of appeal. Upon motion filed by the TSA, or on its own initiative, the TSOB Review Panel may extend the time to file the record. The TSOB Docket Clerk notifies all parties of the date when the record is filed. Within 30 calendar days of the date the record is filed, non-government parties may file a motion requesting that the TSA provide them with a redacted copy of any part of the record (excluding ex parte proceedings and materials reviewed in camera) that they do not possess. The TSA redacts classified information or other protected information from any part of the record it provides to non-government parties, except to the extent that the TSA has determined that the party had a preexisting need to know specific SSI as a covered person pursuant to 49 CFR 1520.7 and 1520.11.

(b) *Supplementing the record.* (1) A party may file a motion to supplement the record when anything relevant to an issue on appeal occurs after the ALJ issued a decision, or the party can show good cause, as determined by the TSOB Review Panel, for failing to submit material for the record at an earlier stage of the administrative proceedings. When the TSA seeks to supplement the record with material that contains classified information, SSI or other protected information, it may file a motion to supplement the record ex parte.

(2) A TSOB Review Panel may grant a motion to supplement the record when it finds that the supplemental material is relevant to an issue on appeal and that a condition described in paragraph (b)(1) of this section applies.

§ 126.21 Motions.

(a) *Form of motions.* (1) A motion filed with a TSOB Review Panel must comply with the requirements set forth in § 126.23(c)(1) through (4).

(2) Motions must be filed with the TSOB Docket Clerk and served on all parties in accordance with § 126.13(b). The TSOB Docket Clerk provides all motions to the TSOB Review Panel.

(b) *Duty to confer.* Before filing any motion, a party must confer or make reasonable, good-faith efforts to confer with all other parties to resolve the issues that are the subject of the motion. The moving party must state in the motion, or in a certificate attached to the motion, the specific efforts made to comply with this duty to confer. The moving party must also state in the motion the other parties' positions with regard to the relief requested. If no party opposes the relief requested in a motion, the moving party includes "Unopposed" in the motion's title. TSA does not have a duty to confer before filing an ex parte motion, but must provide notice to all parties that it has made an ex parte filing.

(c) *Motion hearings.* Upon request of any party, or on its own initiative, a TSOB Review Panel may order the parties to appear for a hearing on any motion that was not filed ex parte. Motion hearings may be conducted via communication technology unless all parties agree to appear in person or the TSOB Review Panel in its discretion determines that an in person appearance is necessary for efficient administration of the hearing. The Review Panel considers expense and inconvenience to the parties, the importance of information security, and the quality and reliability of available communication technology when making these determinations.

(d) *Disposition.* A TSOB Review Panel may, consistent with the requirements of due process and after providing the opposing party with an opportunity to review and respond, grant or deny a motion at any time after it is filed.

(e) *Additional procedural requirements for motion practice.* A TSOB Review Panel has discretion to establish via order served on the parties, additional procedural requirements regarding motion practice in response to the exigencies of a particular appeal.

Such requirements may include, for example, time periods for filing responses and replies, a deadline for concluding all motion practice, and page limitations different from the default 35-page limit established in § 126.23(c)(3). A TSOB Review Panel may not require disclosure of classified information, SSI, or other protected information.

§ 126.23 Briefs.

(a) *Appellant brief.* (1) A party appealing the ALJ's decision must perfect the appeal by filing an appellant brief with the TSOB Docket Clerk and serving that brief on all other parties in accordance with § 126.13(b) within 60 calendar days after the date on which TSA files the record in accordance with § 126.19(a), unless all parties consent to an extension of the filing deadline and provide notice of such agreement to the TSOB Docket Clerk or the TSOB Review Panel extends the filing deadline upon a motion by the appellant.

(2) The appellant brief must enumerate the appellant's objections to the ALJ's decision.

(b) *Appellee brief.* Within 30 calendar days after being served with an appellant brief, a party may file an appellee brief in response with the TSOB Docket Clerk. Any such brief must be served on all other parties in accordance with § 126.13(b) at the same time it is filed with the TSOB Docket Clerk. The parties may consent to an extension of the filing deadline and provide notice of such agreement to the TSOB Docket Clerk or the TSOB Review Panel may extend the deadline for filing an appellee brief upon a motion by the appellee.

(c) *Brief requirements.* A brief submitted to a TSOB Review Panel must adhere to the following specifications:

(1) The brief must be typewritten in Times New Roman, 12-point font, double-spaced, and, if submitted as a hard copy via certified U.S. mail, must be printed single-sided on 8 1/2-by-11 inch paper;

(2) The brief must set forth the name, address, email address, and telephone number of the party or attorney filing it;

(3) The brief must contain no more than 35 pages of text (excepting any tables, appendices, or cover sheets) unless prior permission to file excess pages has been granted by the TSOB Review Panel after consideration of a duly filed motion showing good cause as determined by the TSOB Review Panel;

(4) If submitted as a hard copy via certified U.S. mail, the brief must be bound in any manner that is secure, does not obscure the text, and permits easy reproduction; and

(5) If oral argument is desired, the brief should contain a request for oral argument that explains why oral argument will contribute substantially to the development of an issue on appeal.

§ 126.25 Oral argument.

(a) Upon receipt of a request from any party contained in a brief or in a motion, or on its own initiative, a TSOB Review Panel may order the parties to present oral argument. The Review Panel orders oral argument if it determines that oral argument will contribute substantially to the development of an issue on appeal.

(b) A TSOB Review Panel has discretion, within the requirements of all relevant statutory and regulatory provisions for information security, to choose the method and location of oral argument. The Review Panel will consider expense and inconvenience to the parties, the importance of information security, the quality and reliability of available communication technology, and concern for the efficient administration of proceedings when establishing the method and location of oral argument.

(c) A TSOB Review Panel has discretion to structure and establish procedural rules for oral argument via order served on the parties. Such rules may include time limits for argument and the order in which parties present argument.

(d) Classified information, SSI, or other protected information may not be disclosed during oral argument. A TSOB Review Panel may hold ex parte proceedings to allow for the presentation of classified information, SSI, or other protected information.

§ 126.27 Deliberations and action.

(a) *Deliberations.* TSOB Review Panel deliberations are closed proceedings. Any materials created by Review Panel members, the TSOB Docket Clerk, and the Review Panel's appointed counsel for use in deliberations are not part of the final administrative record.

(b) *Action.* A TSOB Review Panel may affirm, modify, or reverse the ALJ's decision. It may also remand the matter to the ALJ with instructions to address particular issues or consider additional testimony or evidence.

(1) A TSOB Review Panel requires a simple majority to decide an action.

(2) In case of a disagreement among TSOB Review Panel members, a dissenting report may be served with the written explanation of the Review Panel's action. A dissenting report must be prepared in accordance with the requirements for the Review Panel's written explanation.

(c) *Written explanation.* A TSOB Review Panel will explain its action in writing to the maximum extent permitted by prudent concern for the national security interests of the United States and applicable laws and regulations governing information disclosure. If necessary, the Review Panel may prepare its written explanation in both a protected format (which may contain classified information, SSI, and other protected information) and a non-protected format (which must not contain classified information, SSI, and other protected information). The Review Panel serves non-government parties with the non-protected written explanation and government parties with the protected written explanation. The Review Panel is prohibited from providing the protected written explanation to non-government parties. The protected written explanation is part of the final administrative record that TSA must submit to a U.S. Court of Appeals in the event that a party seeks judicial review of the Review Panel's action.

(d) *Timing.* A TSOB Review Panel endeavors to resolve an appeal and issue a written explanation of its action to the parties no later than 60 calendar days after the last of the following events:

§ 126.29

- (1) Receipt of a timely filed appellant brief;
- (2) Receipt of a timely filed appellee brief; or
- (3) Oral argument.

§ 126.29 Effect of TSOB Review Panel action.

(a) Any person substantially affected by a TSOB Review Panel's action, or the TSA Administrator when he decides that the Panel's action will have a significant adverse impact on carrying out 49 U.S.C. Subt. VII, Pt. A, may obtain judicial review in an appropriate U.S. Court of Appeals. The Administrators of the FAA and TSA must be made parties to any civil action filed in a U.S. Court of Appeals seeking review of a TSOB Review Panel action.

(b) If judicial review is not obtained, the action of the TSOB Review Panel is final and binding on the parties for the purpose of resolving the particular decision under review.

§ 126.31 Administration of proceedings.

(a) A TSOB Review Panel has authority to govern the conduct of its proceedings and internal operations by establishing any additional rules or procedures that are not inconsistent with this part.

(b) If TSA withdraws its Determination of Security Threat at any time after a notice of appeal has been filed pursuant to §126.13(a), the proceedings before the TSOB Review Panel are rendered moot and closed. TSA must file a notice of withdrawal of the Determination of Security Threat with the TSOB Docket Clerk within five calendar days of such withdrawal.

(c) TSOB Review Panel proceedings will generally be closed to the public. A TSOB Review Panel may, in its discretion, open its proceedings to the public. Classified information, SSI, or other protected information shall not be disclosed during administrative proceedings, in accordance with §126.25(d).

ASSESSMENT AND HIRING

§ 158.520 Assessment.

(a) The Department determines individuals' CTMS qualifications under the assessment program described in this section. To be considered for employment in the DHS-CS, an individual must participate in the assessment program and meet applicable rating or scoring thresholds in each assessment process in which that individual participates.

(b) The Department establishes and administers an assessment program, with one or more assessment processes,

based on CTMS qualifications. The assessment program is designed to efficiently and accurately determine individuals' CTMS qualifications.

(c) Each assessment process compares the qualifications of an individual to CTMS qualifications. The Department develops and administers each assessment process in accordance with applicable legal and professional guidelines governing the assessment and selection of individuals.

(d) An assessment process may use standardized instruments and procedures to measure qualifications. An assessment process may also use demonstrations of qualifications determined appropriate by the Secretary or designee, such as rewards earned from the cybersecurity competition described in Executive Order 13870, published, peer-reviewed cybersecurity research, or a cybersecurity invention or discovery granted a patent under 35 U.S.C. Part II.

(e) The Department makes available information to assist individuals in understanding the purpose of, and preparing for participation in, an assessment process.

(f) To maintain the objectivity and integrity of the assessment program, the Department maintains control over the security and release of materials relating to the assessment program, including assessment plans, validation studies, and other content. Except as otherwise required by law, the Department does not release the following:

(1) Sensitive materials relating to the design and administration of the assessment program;

(2) Names or lists of individuals applying for employment in the DHS-CS; and

(3) Results or relative ratings of individuals who participated in the assessment program.

§ 158.521 Employment eligibility requirements and employment-related criteria.

(a) *Employment eligibility requirements.* To be eligible for employment in the DHS-CS, an individual must:

(2) Comply with Selective Service System requirements described in 5 U.S.C. 3328.

(b) *Employment-related criteria.* The Department determines criteria related to employment in the DHS-CS, reviews individuals applying for employment in the DHS-CS using such criteria, and, as part of an offer of appointment to a qualified position, provides written notice of specific, applicable employment-related criteria necessary to obtain and maintain, employment in the DHS-CS. Employment-related criteria include:

(1) Fitness standards and similar factors described in Executive orders, 5 CFR 302.203, and policies of the Department;

(2) Personnel security requirements related to fitness standards and similar factors described in paragraph (b)(1) of this section;

(3) Geographic mobility requirements; and

(4) Other criteria related to any aspect of appointment or employment, including selection, appointments, qualified positions, or assignments, or some or all of the foregoing.

(c) *Accepting and maintaining employment-related criteria.* To be appointed to a qualified position, an individual must accept and satisfy the specific, applicable employment-related criteria associated with the individual's offer of appointment concurrent with the individual's acceptance of the offer of appointment. An individual's acceptance of an appointment to a qualified position constitutes acceptance of applicable employment-related criteria for that qualified position and the individual's agreement to satisfy and maintain those criteria.

(d) *Changes to employment-related criteria.* Employment-related criteria may change, and DHS-CS employees may be required to accept and satisfy such changes to maintain employment in the DHS-CS.

(e) *Disqualification.* The Department may disqualify an individual from consideration for employment in the DHS-CS or from appointment to a qualified position for: Providing false information to the Department, engaging in dishonest conduct with the Department, unauthorized disclosure of as-

essment materials for purposes of giving any applicant an advantage in the assessment process, or other actions related to an individual's character or conduct that may negatively impact the integrity or efficiency of the DHS-CS.

§ 158.522 Selection and appointment.

(a) The Department selects an individual for employment in the DHS-CS based on the individual's CTMS qualifications, as determined under the assessment program described in § 158.520.

(b) Prior to finalizing the selection of an individual for employment in the DHS-CS, the Department considers the availability of preference eligibles for appointment under this part, including those recruited based on specific strategies described in § 158.510(d), who have participated in the assessment program and met applicable rating or scoring thresholds, as described in § 158.520(a). When a selection is imminent and there are both preference eligibles and non-preference eligibles undergoing final consideration, the Department regards status as a preference eligible as a positive factor in accordance with CTMS policy.

(c) The Department appoints an individual to a qualified position under the authority in 6 U.S.C. 658 and this part, and all such appointments are in the excepted service and are one of the following types of appointment:

(1) A renewable appointment under § 158.523(a);

(2) A continuing appointment under § 158.523(b); or

(3) An advisory appointment under § 158.523(c).

(d) As part of selecting an individual for employment in the DHS-CS and appointing an individual to a qualified position under this part, the Department:

(1) Determines applicable work and career structures, including the individual's initial work level, using the work valuation system described in § 158.404;

(3) Matches the individual with an initial assignment as described in § 158.703(c).

(e) No qualified position may be established through the non-competitive conversion of a current Federal employee from an appointment made outside the authority of this part to an appointment made under this part.

(f) An individual who accepts an appointment to a qualified position under this part voluntarily accepts an appointment in the excepted service.

(g) A DHS–CS employee serves in the same qualified position throughout a single continuing appointment under this part and throughout multiple, consecutive renewable or continuing appointments under this part, regardless of any changes in the employee’s assignments, including primary DHS organization, or changes in the employee’s official worksite.

§ 158.523 Appointment types and circumstances.

(a) *Renewable appointment.* Appointment of an individual to a renewable appointment is for up to three years. The Department may renew a renewable appointment for any time period of up to three years, subject to any limitation in CTMS policy regarding the number of renewals. Subject to any additional limitation in CTMS policy, the Department may change an unexpired renewable appointment to a continuing appointment for a DHS–CS employee receiving a salary in the standard range described in § 158.613(b). The following types of renewable appointments include special conditions:

(1) *Reemployed annuitant.* Under this part, the Department may appoint an annuitant to a qualified position and must appoint the annuitant to a renewable appointment. An annuitant appointed to a qualified position serves at the will of the Secretary.

(2) *Uncompensated service.* Under this part, the Department may appoint to a qualified position an individual to provide uncompensated service, any such service is gratuitous service, and the Department must appoint such an individual to a renewable appointment. The gratuitous nature of service must be a condition of employment of such an appointment. The Secretary or designee must approve the appointment of each individual providing uncompensated service by name, and such indi-

vidual if not providing gratuitous service would otherwise be eligible to receive a salary under this part at or above the amount described in § 158.614(a)(2). An individual providing uncompensated service serves at the will of the Secretary. An individual for appointment to a qualified position to provide uncompensated service need not be assessed under this part, and the documentation associated with that individual’s qualified position need not include all the information listed in § 158.706(c).

(b) *Continuing appointment.* Appointment of an individual to a continuing appointment is for an indefinite time period.

(c) *Advisory appointment.* Appointment of an individual, including a former DHS–CS employee, to an advisory appointment is governed by subpart J of this part.

(d) *Former DHS–CS employee.* Appointment under this part of a former DHS–CS employee is governed by § 158.525.

(e) *Restoration to duty from uniformed service or compensable injury.* In accordance with 5 CFR part 353, the Department restores to duty a DHS–CS employee who is a covered person described in 5 CFR 353.103.

(f) *Current and former political appointees.* Appointment under this part of a current political appointee and a former political appointee, both as defined by OPM, may be subject to additional requirements outside of this part, including coordination with OPM.

§ 158.524 Initial service period.

(a) All individuals appointed under this part serve an initial service period that constitutes a probationary period of three years beginning on the date of appointment.

(b) Except as stated in paragraph (c) of this section, service in the DHS–CS counts toward completion of a current initial service period under paragraph (a) of this section. No other service in an appointment made outside the authority of this part may count toward completion of an initial service period under paragraph (a) of this section.

(c) Service as a DHS–CS advisory appointee, as a reemployed annuitant described in § 158.523(a)(1), or providing uncompensated service described in

§ 158.523(a)(2) does not count towards completion of an initial service period in a subsequent appointment to a qualified position.

(d) CTMS policy implementing this section addresses computation of each DHS-CS employee's initial service period, including accounting for working schedules other than full-time schedules described in § 158.705 and for periods of absence while in pay and nonpay statuses.

§ 158.525 Hiring of former DHS-CS employees.

(a) *Rejoining the DHS-CS.* To facilitate future service in the DHS-CS by former DHS-CS employees, the Department aims to:

(1) Maintain communication with former DHS-CS employees to understand their interest in future service in the DHS-CS;

(2) Provide opportunities for former DHS-CS employees to be considered for appointment again to qualified positions; and

(3) Acknowledge former DHS-CS employees' enhancements to qualifications while outside the DHS-CS.

(b) *Rehiring.* Except as provided in paragraphs (c) through (e) of this section, to be appointed again to a qualified position a former DHS-CS employee must:

(1) Participate again in the assessment program described in § 158.520 for the Department to determine the former DHS-CS employee's current CTMS qualifications; and

(2) Meet employment eligibility and accept and satisfy applicable employment-related criteria as described in § 158.521.

(c) *Reassessment.* A former DHS-CS employee whose most recent appointment to a qualified position was a renewable appointment or a continuing appointment must participate again in the assessment program described in § 158.520 unless the Department determines otherwise based on factors relevant to the former DHS-CS employee, such as:

(1) Time elapsed since the former DHS-CS employee's most recent appointment to a qualified position under this part;

(2) Similarity of cybersecurity work performed by the former DHS-CS employee since that individual's most recent appointment to a qualified position under this part; or

(3) Similarity of the former DHS-CS employee's CTMS qualifications during the former employee's most recent appointment under this part to the CTMS qualifications of a newly identified assignment under the deployment program in § 158.701.

(d) *Former advisory and political appointees.* Appointment under this part of a former DHS-CS employee who previously served in an advisory appointment or other political appointment may be subject to additional requirements, including coordination with the Office of Personnel Management.

(e) *Prospective advisory appointees.* Appointment of any former DHS-CS employee to an advisory appointment is governed by subpart J of this part.

Subpart F—Compensating Talent

COMPENSATION SYSTEM

§ 158.601 Compensation strategy.

To ensure the DHS-CS fulfills its purpose, as stated in § 158.202, the Secretary or designee aims to establish and administer a compensation system, described in § 158.602, that:

(a) Ensures the compensation for DHS-CS employees is sufficiently competitive to recruit and retain individuals possessing CTMS qualifications;

(b) Values, encourages, and recognizes, in alignment with the DHS-CS core values described in § 158.305:

(1) Exceptional CTMS qualifications and mission impact,

(2) Excellence and innovation in the performance of DHS-CS cybersecurity work, and

(3) Continual learning to adapt to evolving cybersecurity risks and cybersecurity threats; and

(c) Acknowledges the unpredictable nature of cybersecurity work and the expectation that DHS-CS employees occasionally work unusual hours and extended hours, as needed, to execute the DHS cybersecurity mission, especially in response to exigent circumstances and emergencies, including cybersecurity incidents; and

§ 158.602

6 CFR Ch. I (1–1–23 Edition)

(d) Reflects an understanding of the cybersecurity talent market, including:

- (1) Leading compensation practices and trends,
- (2) Current cybersecurity work expectations and arrangements, and
- (3) An understanding of the concepts of total compensation and total rewards.

§ 158.602 Compensation system.

(a) The Secretary or designee establishes and administers a compensation system based on:

- (1) The compensation strategy in § 158.601;
- (2) Information from strategic talent planning described in § 158.401(c);
- (3) Generally recognized compensation principles and practices; and
- (4) Strategic talent priorities.

(b) The compensation system comprises:

- (1) The salary system described in § 158.610; and
- (2) Additional compensation described in § 158.603.

§ 158.603 Employee compensation.

(a) *Compensation.* As compensation for service in the DHS-CS, a DHS-CS employee receives a salary as described in paragraph (b) of this section. A DHS-CS employee may also receive additional compensation as described in paragraph (c) of this section.

(b) *Salary.* Except as provided in paragraphs (b)(1) and (2) of this section, a DHS-CS employee receives a salary under the salary system described in § 158.610. The Department sets a DHS-CS employee's salary as described in § 158.620, and salary may include a local cybersecurity talent market supplement described in § 158.612. The Department adjusts a DHS-CS employee's salary as described in § 158.621.

(1) *Uncompensated service.* A DHS-CS employee providing uncompensated service described in § 158.523(a)(2) does not receive a salary under this part.

(2) *Advisory appointees.* A DHS-CS advisory appointee receives a salary as described under subpart J of this part.

(c) *Additional compensation.* In alignment with the compensation strategy in § 158.601 and subject to the requirements of this subpart F, the Depart-

ment may provide the additional compensation described in paragraph (c)(1) of this section to DHS-CS employees, unless a DHS-CS employee is providing uncompensated service under § 158.523(a)(2).

(1) *Types.* Additional compensation under CTMS is:

(i) Recognition under §§ 158.632 through 158.634;

(ii) Other special payments under §§ 158.640 through 158.643; and

(iii) Other types of compensation, including leave and benefits, authorized under §§ 158.650 through 158.654 and provided in accordance with relevant provisions of other laws.

(2) *Combining types.* A DHS-CS employee, except such an employee providing uncompensated service and a DHS-CS advisory appointee, may receive any type of additional compensation described in paragraph (c)(1) of this section in combination with any other such type subject to the requirements of this subpart F, and subject to the limit described in paragraph (c)(3) of this section.

(3) *Limit.* Additional compensation described in paragraph (c)(1) of this section is subject to, and may be limited by, the aggregate compensation limit described in § 158.604.

(4) *Advisory appointees.* A DHS-CS advisory appointee may receive additional compensation as described in subpart J of this part.

(5) *Department discretion.* Any payment or nonpayment of additional compensation under this part, or the amount of any such compensation, is under the Department's discretion, and may be reviewable only as provided for under subpart I of this part.

§ 158.604 Aggregate compensation limit.

(a) *Limiting aggregate compensation.* A DHS-CS employee may not receive additional compensation listed in paragraphs (b)(1)(i) through (iv) of this section if such receipt would cause a DHS-CS employee's aggregate compensation for a calendar year to exceed the aggregate compensation limit applicable to that employee. A DHS-CS employee's applicable aggregate compensation limit is the limit amount assigned to the subrange of a salary

structure, described in §158.611, that contains the employee's salary. The Department assigns an aggregate compensation limit to each subrange in a salary structure by assigning the amounts referenced in 5 U.S.C. 5307(d)(1) in ascending order to the subranges, such that each subrange has an aggregate compensation limit that is greater than or equal to the salary maximum of that subrange.

(b) *Aggregate compensation.* For purposes of this part—

(1) A DHS-CS employee's aggregate compensation means the total of the employee's salary, including any local cybersecurity talent market supplement, and the following types of additional compensation the employee receives under this part:

- (i) Recognition payments;
- (ii) Payments for special working conditions;
- (iii) Payments for quarters allowances, overseas differentials and allowances, and remote worksite allowances, foreign currency allowances, and hostile fire pay; and
- (iv) Other similar payments described in CTMS policy as being authorized under this part and provided in accordance with other relevant provisions of law.

(2) The following types of compensation a DHS-CS employee receives under this part are excluded from the employee's aggregate compensation:

- (i) Payments or reimbursements for professional development and training;
- (ii) CTMS student loan repayments;
- (iii) CTMS allowances in nonforeign areas;
- (iv) Back pay because of an unjustified or unwarranted talent management action;
- (v) Severance pay;
- (vi) Lump-sum payments for accumulated and accrued annual leave;
- (vii) Voluntary separation incentive payments;
- (viii) Payments for reservist differentials; and
- (ix) Monetary value of any honorary recognition, leave, or other benefits.

(c) *Forfeiture of compensation exceeding limit amount.* Except under corrective action described in paragraph (d) of this section, a DHS-CS employee may not receive any portion of a pay-

ment for the additional compensation listed in paragraphs (b)(1)(i) through (iv) of this section that would cause the employee's aggregate compensation in any calendar year to exceed the applicable limit amount for that employee described in paragraph (a) of this section and the DHS-CS employee forfeits any such portion of a payment.

(d) *Corrective actions.* The Department may make a corrective action if the Department underestimated or overestimated a DHS-CS employee's aggregate compensation in a calendar year, including if an applicable aggregate compensation limit amount changed, resulting in the employee receiving aggregate compensation in excess of the applicable limit amount for a DHS-CS employee or the Department limiting or prohibiting an employee's aggregate compensation incorrectly. Corrective actions may include the Secretary or designee waiving a debt to the Federal Government for a DHS-CS employee under 5 U.S.C. 5584, if warranted, or making appropriate corrective payments to a DHS-CS employee.

§ 158.605 Exemption from other laws regarding compensation.

SALARIES

§ 158.610 Salary system.

- (a) Under the compensation system, described in §158.602 of this part, the Department establishes and administers a salary system with the goals of maintaining:
 - (1) Sufficiently competitive salaries for DHS-CS employees as stated in §158.601(a); and

6 CFR Ch. I (1–1–23 Edition)

- (2) Equitable salaries among DHS-CS employees.
- (b) The salary system comprises:
 - (1) At least one salary structure, described in §158.611 of this part, bounded by the salary range described in §158.613 and incorporating the salary limitations described in §158.614;
 - (2) The process for providing a local cybersecurity talent market supplement described in §158.612; and
 - (3) The salary administration framework described in §§158.620 through 158.622.

§ 158.611 Salary structure.

- (a) Under the salary system, described in §158.610, the Department establishes and administers one or more salary structures based on the strategy, information, principles and practices, and priorities listed in §158.602(a).
- (b) A salary structure:
 - (1) Is bounded by the salary range described in §158.613;
 - (2) Incorporates, as described in paragraph (d) of this section, the salary limitations described in §158.614; and
 - (3) May incorporate other salary and cost control strategies, such as control points.
- (c) A salary structure includes subranges, within the salary range described in §158.613 that are associated with work levels established by the work valuation system, described in §158.404. Each such subrange is associated with at least one such work level.
- (d) The Department incorporates the salary limitations described in §158.614 into a salary structure by assigning each such salary limitation to at least one subrange of the salary structure. The Department assigns such salary limitations in ascending order to the subranges such that each subrange has a salary limitation that is greater than or equal to the salary maximum of that subrange.
- (e) The Department may adjust a salary structure annually, or as the Secretary or designee determines necessary, based on the strategy, information, principles and practices, and priorities listed in §158.602(a).

§ 158.612 Local cybersecurity talent market supplement (LCTMS).

(a) *General.* The Department may provide a DHS-CS employee a LCTMS to ensure the employee receives a sufficiently competitive salary, as described in § 158.610(a). A LCTMS accounts for the difference between a salary as determined under a salary structure, described in § 158.611, and the Department's determination as to what constitutes a sufficiently competitive salary for that local cybersecurity talent market. The Department determines whether a LCTMS is necessary, and establishes and periodically adjusts local cybersecurity talent markets and local cybersecurity talent market supplement percentages, based on the strategy, information, principles and practices, and priorities listed in § 158.602(a).

(b) *Definitions.* As used in this section:

(1) *Local cybersecurity talent market* means the cybersecurity talent market in a geographic area that the Department defines based on the talent market analysis described in § 158.403, and that may incorporate any pay locality established or modified under 5 U.S.C. 5304.

(2) *Local cybersecurity talent market supplement percentage* means a percentage the Department assigns to a local cybersecurity talent market to increase the amount of a salary provided under a salary structure.

(c) *Salary supplement.* A LCTMS is considered part of salary under this part and for purposes of applying the aggregate compensation limit described in § 158.604. A LCTMS is also basic pay for purposes under 5 U.S.C. and 5 CFR, except for purposes of determining pay under 5 U.S.C. 7511 and 7512 and 5 CFR part 752.

(d) *Eligibility and termination.* (1) The Department determines eligibility for a LCTMS under this section and CTMS policy implementing this section. A DHS-CS employee is eligible for a LCTMS if the employee's official worksite, as determined under § 158.704, is located in a local cybersecurity talent market with an assigned local cybersecurity talent market supplement percentage for the salary structure under

which the employee's salary is provided.

(2) The Department terminates a LCTMS a DHS-CS employee receives when the employee's official worksite, as determined under § 158.704, is no longer in a local cybersecurity talent market with an assigned local cybersecurity talent market supplement percentage, or the salary structure under which the employee's salary is provided no longer has an assigned local cybersecurity labor market supplement, or both.

(3) A reduction in salary for a DHS-CS employee because of a change in any LCTMS for that employee is not a reduction in pay for the purposes of 5 U.S.C. 7512 and 5 CFR part 752.

(e) *Limitation.* A DHS-CS employee may not receive, and is not entitled to, any portion of a LCTMS that would cause the employee's salary to exceed the applicable salary limitation assigned to the subrange of a salary structure as described in § 158.611 that contains the employee's salary, but the employee may receive the portion of such a LCTMS that would not cause the employee's salary to exceed the applicable salary limitation. A DHS-CS employee may receive a LCTMS that would cause the employee's salary to be in the extended range, described in § 158.613(c), only if the Secretary or designee invokes the extended range under § 158.613(c)(2) for that employee.

§ 158.613 Salary range.

(a) *Range.* The salary range provides the boundaries of the salary system described in § 158.610. The salary range comprises a standard range and an extended range, and the standard range applies unless the Secretary or designee invokes the extended range under paragraph (c) of this section.

(b) *Standard range.* The upper limit of the standard range is equal to the amount of total annual compensation payable to the Vice President under 3 U.S.C. 104.

(c) *Extended range.* The upper limit of the extended range is 150 percent of the annual rate of basic pay for level I of the Executive Schedule (150% of EX-I). Only DHS-CS employees serving in renewable appointments may receive a salary amount in the extended range,

§ 158.614

and only if the Secretary or designee invokes the extended range for those employees as described in this paragraph (c).

(1) The Secretary or designee may invoke the extended range for a DHS-CS employee when the Secretary or designee determines, based on the compensation strategy in §158.601, that the employee's qualifications, the employee's mission impact, and mission-related requirements warrant adjusting the employee's salary beyond the standard range. The Secretary or designee must approve the salary adjustment of each such employee by name, and to receive a salary in the extended range the employee must either already be in a renewable appointment or accept a renewable appointment. While the employee is receiving a salary in an amount in the extended range, the Department may not change that employee's appointment to a continuing appointment.

(2) The Secretary or designee may invoke the extended range for an individual selected for appointment to a qualified position when the Secretary or designee determines, based on the compensation strategy in §158.601, that the individual's qualifications, the individual's anticipated mission impact, and mission-related requirements warrant setting the individual's salary beyond the standard range. The Secretary or designee must approve the appointment of each such individual to a qualified position by name, and the individual must be appointed to a renewable appointment only. While that individual is receiving a salary under this part in an amount in the extended range, the Department may not change that individual's appointment to a continuing appointment at any time.

(d) *Maximum.* No DHS-CS employee may receive a salary under this part in excess of 150% of EX-I.

§ 158.614 Salary limitations.

(a) The salary system, described in §158.610, has the following limitations on maximum rates of salary that apply within the CTMS salary range described in §158.613 of this part:

(1) The annual rate of basic pay for GS-15, step 10 under the General Schedule (excluding locality pay or any

6 CFR Ch. I (1-1-23 Edition)

other additional pay as defined in 5 CFR chapter 1);

(2) The annual rate of basic pay for level IV of the Executive Schedule;

(3) The annual rate of basic pay for level II of the Executive Schedule;

(4) The annual rate of basic pay for level I of the Executive Schedule; and

(5) The total annual compensation payable to the Vice President under 3 U.S.C. 104.

(b) The Department may establish additional limitations on maximum rates of salary for the salary system.

(c) The salary system incorporates each limitation on maximum rates of salary described in this section into each salary structure established under §158.611.

SALARY ADMINISTRATION

§ 158.620 Setting salaries.

(a) The Department sets the salary for an individual accepting an appointment to a qualified position as part of selection and appointment of the individual, described in §158.522. The Department sets the individual's salary within a subrange of a salary structure described in §158.611 based on consideration of:

(1) The individual's CTMS qualifications, determined under the assessment program described in §158.520;

(2) Applicable work and career structures, including the individual's initial work level, determined as part of selection and appointment under §158.522;

(3) The individual's anticipated mission impact;

(4) Mission-related requirements; and

(5) Strategic talent priorities.

(b) In setting the salary for an individual appointed to a qualified position under this part, the Department may set the individual's salary without regard to any prior salary of the individual, including any salary or basic pay while serving in a previous appointment under this part or in another previous Federal appointment made outside the authority of this part.

(c) In setting the salary for an individual appointed to a qualified position under this part, the Department may provide a local cybersecurity talent

market supplement described in § 158.612.

§ 158.621 Adjusting salaries.

(a) The Department adjusts a DHS-CS employee's salary, or the salaries of a group of DHS-CS employees, by paying a recognition adjustment under § 158.631, or paying a local cybersecurity talent market supplement under § 158.612, or both.

(b) The Department does not provide DHS-CS employees with any automatic salary increase or any salary increase based on length of service in the DHS-CS or in any position outside the DHS-CS.

(c) If the Department adjusts a salary structure under § 158.611(e) that results in an increase to the salary minimum for one or more subranges of the salary structure, for any DHS-CS employee receiving a salary in an affected subrange at the affected salary minimum, DHS adjusts the employee's salary to reflect the adjustment to the salary structure and the new salary minimum for the affected subrange. Such a salary adjustment is not considered a recognition adjustment under § 158.631.

§ 158.622 Administering salary in accordance with relevant provisions of other laws.

(a) Except as stated in paragraph (b) of this section, the Department administers salary under this part in accordance with the provisions of 5 CFR part 550 regarding pay administration generally.

(b) The following provisions of 5 CFR part 550 do not apply to administering salary under this part and do not apply under CTMS, to the DHS-CS, or to talent management involving the individuals described in § 158.103 of this part:

- (1) Subpart A regarding premium pay;
- (2) Subpart I regarding pay for duty involving physical hardship or hazard;
- (3) Subpart M regarding firefighter pay;
- (4) Subpart N compensatory time-off for travel; and
- (5) Subpart P regarding overtime for board patrol agents.

(c) The Department also administers salary under this part in accordance with the provisions of the following:

- (1) 5 U.S.C. 5520, 42 U.S.C. 659 and 5 CFR parts 581 and 582, regarding garnishment;
 - (2) 31 U.S.C. 3702 and 5 CFR part 178 regarding claims settlement;
 - (3) 31 U.S.C. 3711 and 3716 and 31 CFR chapter IX parts 900 through 904 regarding debt collection;
 - (4) 5 U.S.C. Chapter 55 Subchapter VII regarding payments to missing employees; and
 - (5) Other relevant provisions of other laws specifically adopted in CTMS policy.
- (d) For purposes of salary administration under this section, the Department administers salary based on consideration of a DHS-CS employee's work schedule under the work scheduling system, described in § 158.705, and may convert the employee's salary into an hourly rate, biweekly rate, or other rate.

RECOGNITION

§ 158.630 Employee recognition.

(a) *DHS-CS employees.* In alignment with the compensation strategy in § 158.601 and the performance management program described in § 158.802 of this part, the Department may provide recognition under §§ 158.631 through 158.634, on a periodic or *ad hoc* basis, to a DHS-CS employee based on the employee's mission impact. In providing such recognition, the Department may also consider mission-related requirements and strategic talent priorities.

(b) *Prospective employees.* In alignment with the compensation strategy in § 158.601, the Department may offer, and provide upon appointment, recognition payments under § 158.632(b) and recognition time-off under § 158.633(b), on a periodic or *ad hoc* basis, to an individual selected for employment in the DHS-CS based on:

- (1) The individual's CTMS qualifications determined under the assessment program described in § 158.520;
- (2) The individual's anticipated mission impact;
- (3) Mission-related requirements; and
- (4) Strategic talent priorities.

(c) *Eligibility.* The Department determines eligibility for recognition under this section, §§158.631 through 158.634, and CTMS policy implementing this section. The Department may defer providing recognition to a DHS–CS employee under this part if the Department is in the process of determining whether the employee’s performance is unacceptable, as defined in 5 U.S.C. 4301(3), or whether the employee has engaged in misconduct. If the Department determines a DHS–CS employee’s performance is unacceptable, as defined in 5 U.S.C. 4301(3), or the employee receives an unacceptable rating of record under §158.804, or the Department determines the employee has engaged in misconduct, the employee is ineligible to receive recognition under this part.

(d) *Policy.* CTMS policy implementing this section addresses:

- (1) Eligibility criteria;
- (2) Requirements for documenting the reason and basis for recognition provided to a DHS–CS employee;
- (3) Appropriate levels of review and approval for providing recognition;
- (4) Any limitations on the total number, frequency, or amount of recognition a DHS–CS employee may receive within any specific time period;
- (5) Any service agreement requirements; and
- (6) Processes for evaluating the effectiveness of recognition in supporting the purpose of CTMS described in §158.101, the purpose of the DHS–CS described in §158.202, and the operationalization of the compensation strategy described in §158.601.

(e) *Advisory appointees.* Recognition under this part for a DHS–CS advisory appointee is subject to additional requirements and restrictions in subpart J of this part.

§ 158.631 Recognition adjustments.

(a) Under this section and §158.630, the Department may provide a recognition adjustment to a DHS–CS employee for the reasons and bases stated in §158.630(a). A recognition adjustment is an adjustment to the DHS–CS employee’s salary provided under a salary structure described in §158.611. A recognition adjustment does not alter any

local cybersecurity talent market supplement for that employee.

(b) No DHS–CS employee may receive a recognition adjustment that would cause the employee’s salary to exceed the salary range maximum described in §158.613(d) or the applicable salary limitation assigned to the subrange of a salary structure as described in §158.611(d) that contains the employee’s salary. A DHS–CS employee may not receive a recognition adjustment that would cause the employee’s salary amount to be in the extended range, described in §158.613(c), unless the Secretary or designee invokes the extended range for that employee under §158.613(c)(1).

(c) A recognition adjustment under this section is not a promotion for any purpose under Title 5 U.S.C. or 5 CFR.

(d) A recognition adjustment under this section for a DHS–CS advisory appointee is subject to additional requirements and restrictions in subpart J of this part.

§ 158.632 Recognition payments.

(a) Under this section and §158.630, and for the reasons and bases stated in §158.630(a), the Department may provide a recognition payment to a DHS–CS employee in an amount of up to 20 percent, or up to 50 percent with approval of the Secretary or designee, of the receiving DHS–CS employee’s salary. The Department may require a service agreement of not less than six months and not more than three years as part of providing a recognition payment to a DHS–CS employee.

(b) Under this section and §158.630, and for the reasons and bases stated in §158.630(b) and as part of an offer of employment in the DHS–CS, the Department may offer a recognition payment to an individual selected for employment in the DHS–CS in an amount of up to 20 percent of the receiving individual’s initial salary in the DHS–CS. The Department requires a service agreement of not less than six months and not more than three years as part of providing, upon appointment, a recognition payment to an individual selected for employment in the DHS–CS.

(c) The Department may provide a recognition payment as a lump sum

payment, an installment payment, or a recurring payment.

(d) The Department may provide a recognition payment under this section to a former DHS-CS employee or to the legal heirs or estate of a former DHS-CS employee in accordance with 5 U.S.C. 4505.

(e) Acceptance of a recognition payment constitutes agreement for Federal Government use of any idea, method, device, or similar that is the basis of the payment.

(f) A recognition payment under this section is subject to and may be limited by the aggregate compensation limit described in § 158.604.

(g) A recognition payment is not salary under this part and is not basic pay for any purpose under 5 U.S.C. or 5 CFR.

(h) A recognition payment under this section is based on the following types of awards and incentives provided under 5 U.S.C.:

- (1) Cash awards under 5 U.S.C. 4502;

- (5) Recruitment, relocation, and retention incentives 5 U.S.C. 5753 and 5754.

(i) A recognition payment under this section is in lieu of the types of awards and incentives provided under 5 U.S.C. listed in paragraph (h) of this section, and a DHS-CS employee is ineligible to receive any such awards or incentives.

(j) An individual selected for employment in the DHS-CS is ineligible to receive, as part of the offer of employment, any other offer of a monetary award or incentive, a payment in addition to salary, or other monetary recognition from the Department except as provided in this section and § 158.630. An individual appointed to an advisory appointment is also ineligible to receive, as part of an offer of employment in the DHS-CS, any offer of recognition under this section.

(k) A recognition payment under this section for a DHS-CS advisory appointee is subject to additional requirements and restrictions in subpart J of this part.

§ 158.633 Recognition time-off.

(a) Under this section and § 158.630, and for the reasons and bases stated in § 158.630(a), the Department may provide recognition time-off to a DHS-CS employee for use within a designated timeframe not to exceed 26 work periods, as defined in § 158.705(c). Recognition time-off is time-off from duty without charge to leave or loss of compensation.

(b) Under this section and § 158.630, and for the reasons and bases stated in § 158.630(b) and as part of an offer of employment in the DHS-CS, the Department may offer up to 40 hours of recognition time-off to an individual selected for employment in the DHS-CS for use within a designated timeframe not to exceed 26 work periods, as defined in § 158.705(b). The Department may require a service agreement as part of providing, upon appointment, recognition time-off to an individual selected for employment in the DHS-CS.

(c) All recognition time-off provided, and the use of such time-off, must be recorded in a timekeeping system for purposes of salary administration and leave administration under this part.

(d) Recognition time-off provided under this section may not, under any circumstances, be converted to a cash payment to the receiving DHS-CS employee or any other type of time-off or leave.

(e) Recognition time-off under this section is based on time-off awards provided under the provisions of 5 U.S.C. 4502(e).

(f) Recognition time-off under this section is in lieu of the time-off awards provided under 5 U.S.C. 4502(e), and a DHS-CS employee is ineligible to receive any such awards.

(g) An individual selected for employment in the DHS-CS is ineligible to receive, as part of the offer of employment, any other offer of time-off or time-off award from the Department except as provided in this section and §§ 158.630 and 158.651. An individual appointed to an advisory appointment is also ineligible to receive, as part of an offer of employment in the DHS-CS, any offer of recognition under this section.

(h) A recognition time-off provided under this section to a DHS–CS advisory appointee is subject to additional requirements and restrictions in subpart J of this part.

§ 158.634 Honorary recognition.

(a) Under this section and § 158.630, the Department may establish one or more honorary recognition programs to provide honorary recognition to DHS–CS employees for the reasons and bases stated in § 158.630(a). The Department may incur necessary expenses for honorary recognition under an honorary recognition program established under this section.

(b) Honorary recognition under this section is based on honorary recognition provided under the provisions of 5 U.S.C. 4503, and a DHS–CS employee may be eligible to receive honorary recognition under 5 U.S.C. 4503 and 5 CFR part 451 in addition to any honorary recognition under this section.

(c) The Department may provide honorary recognition under this section to a former DHS–CS employee or to the legal heirs or estate of a former DHS–CS employee in accordance with 5 U.S.C. 4505.

(d) Honorary recognition under this section for a DHS–CS advisory appointee is subject to additional requirements in subpart J of this part.

OTHER SPECIAL PAYMENTS

§ 158.640 Professional development and training.

(a) In alignment with the compensation strategy described in § 158.601 and the career development program described in § 158.803, the Department may provide professional development and training opportunities, payments, and reimbursements for DHS–CS employees.

(b) CTMS policy implementing this section addresses:

- (1) Eligibility criteria;

(1) The maximum payment amounts under 5 U.S.C. 5379 and 5 CFR part 537 do not apply, and the Department may provide and a DHS-CS employee may receive a student loan repayment under this section so long as such repayment does not exceed \$16,500 per employee per calendar year and a total of \$90,000 per employee;

(2) The minimum service period length of three years under 5 U.S.C. 5379 and 5 CFR part 537 does not apply, and instead the length of a minimum service period for a DHS-CS employee receiving a student loan repayment under this section is determined under CTMS policy and based on the amount of the repayment received by the employee; and

(3) Eligibility criteria related to time-limited appointments under 5 U.S.C. 5379 and 5 CFR part 537 do not apply, and a DHS-CS employee in a renewable appointment may receive a student loan payment under this section.

(b) In alignment with eligibility criteria under 5 U.S.C. 5379 and 5 CFR part 537:

(2) A DHS-CS advisory appointee is ineligible to receive a student loan repayment under this section.

(c) CTMS policy implementing this section addresses:

(1) Eligibility criteria;

(2) Requirements for documenting the reason and basis for a student loan

repayment provided to a DHS-CS employee;

(d) Any student loan repayment provided under this section is excluded from the aggregate compensation limit described in § 158.604.

(e) Any student loan repayment provided under this section is not salary under this part and is not basic pay for any purpose under 5 U.S.C. or 5 CFR.

§ 158.642 Special working conditions payment program.

(a) In alignment with the compensation strategy described in § 158.601, the Department may establish a program to provide payments to DHS-CS employees to address special working conditions that are otherwise unaccounted for or the Department determines are accounted for insufficiently in DHS-CS employees' other types of additional compensation and salary.

(b) Special working conditions include circumstances in which a supervisor or other appropriate official requires a DHS-CS employee to perform DHS-CS cybersecurity work that involves, as determined by the Department:

(1) Unusual physical or mental hardship;

(2) Performing work at atypical locations, at unexpected times, or for an uncommon duration of time exceeding the expectation described in § 158.601(c) about working unusual hours and extended hours; or

(b) If, in administering compensation under §§ 158.650 through 158.654, the Department determines it is necessary to clarify the relationship between those sections and the relevant provisions of law referenced in those sections and any other relevant provisions of other laws, the Department will address the issue in new or revised CTMS policy.

Subpart G—Deploying Talent**§ 158.701 Deployment program.**

(a) *Deployment program.* The Secretary or designee establishes and administers a deployment program to:

(1) Guide when the Department uses CTMS to recruit and retain individuals possessing CTMS qualifications; and

(2) Operationalize aspects of the work valuation system, the talent acquisition system and the compensation system, described in §§ 158.404, 158.501, and 158.602 respectively.

(b) Under the deployment program, the Department:

(1) Designates qualified positions as described in § 158.702;

(2) Designates and staffs assignments as described in § 158.703;

(3) Determines and documents a DHS–CS employee’s official worksite as described in § 158.704;

(4) Administers a work scheduling system as described in § 158.705; and

(5) Performs necessary recordkeeping as described in § 158.706.

§ 158.702 Designating qualified positions.

(a) When a DHS organization requires individuals possessing CTMS qualifications to ensure the most effective execution of the DHS cybersecurity mission and the recruitment and retention of such individuals would likely be enhanced by using CTMS, the Secretary or designee designates qualified positions.

(b) CTMS policy implementing this section addresses:

(1) Procedures for DHS organizations to request using CTMS;

(2) Requirements for DHS organization using CTMS; and

(3) Information necessary to designate qualified positions.

(c) Designating qualified positions may result in:

(1) Establishing one or more qualified positions under the talent acquisition system, described in § 158.501; or

(2) Designating and staffing one or more assignments as described in § 158.703; or

(3) Both results described in paragraphs (c)(1) and (2) of this section.

(d) Designating qualified positions involves budget and fiscal consider-

ations related to establishing one or more qualified positions under the talent acquisition system, described in § 158.501.

§ 158.703 Designating and staffing assignments.

(a) *Designating assignments.* The Department designates assignments by defining combinations of CTMS qualifications and DHS–CS cybersecurity work associable with qualified positions. CTMS policy implementing this section addresses procedures for DHS organizations to designate assignments, including as a result of designating qualified positions as described in § 158.702.

(b) *Staffing assignments.* The Department staffs assignments by:

(1) Matching assignments with DHS–CS employees as described in paragraph (d) of this section;

(2) Matching assignments with newly appointed individuals as described in paragraph (c) of this section; or

(3) Seeking to recruit individuals and establish new qualified positions under the talent acquisition system described in § 158.501 and then matching assignments with newly appointed individuals as described in paragraph (c) of this section.

(c) *Initial assignment.* Upon appointment of an individual to a qualified position, the Department matches the individual with an assignment based on the alignment of the individual’s CTMS qualifications, determined under the assessment program described in § 158.520, to the CTMS qualifications of an assignment. In matching an individual with an initial assignment, the Department may also consider:

(1) Input from the individual;

(2) Input from DHS organizations;

(3) Mission-related requirements; and

(4) Strategic talent priorities.

(d) *Subsequent assignments.* The Department matches DHS–CS employees with assignments subsequent to employees’ initial assignments, as necessary.

(1) The Department matches a DHS–CS employee with a subsequent assignment based on the alignment of the employee’s CTMS qualifications with the CTMS qualifications of an assignment. In matching a DHS–CS employee

§ 158.704

6 CFR Ch. I (1–1–23 Edition)

with a subsequent assignment, the Department may also consider:

- (i) Input from the employee;
- (ii) Input from DHS organizations, especially the primary DHS organization of the employee's current assignment;
- (iii) Information about the employee from the performance management program described in §158.802 and the career development program described in §158.803;
- (iv) Mission-related requirements; and
- (v) Strategic talent priorities.

(2) A DHS-CS employee may have multiple assignments throughout the employee's service in a qualified position, but may only have one assignment at a time. A DHS-CS employee's subsequent assignments may have assignment information, described in §158.706(e), that is different than the assignment information of the employee's initial assignment, including primary DHS organization.

(3) In alignment with the career development program described in §158.803 and based on information from development reviews described in §158.806 the Department communicates with DHS-CS employees on an ongoing basis about subsequent assignment opportunities;

§ 158.704 Official worksite.

(a) *Definition.* A DHS-CS employee's official worksite is the geographic location where the employee regularly performs DHS-CS cybersecurity work or where the employee's DHS-CS cybersecurity work is based, as determined and documented by the Department under this section.

(b) *Determination.* The Department determines a DHS-CS employee's official work site for purposes of administering compensation under this part, especially eligibility for any compensation described in §§158.612 and 158.643. The Department's determination of a DHS-CS employee's official worksite includes consideration of any of the following for the employee: Telework, variation in location where the employee performs DHS-CS cybersecurity work, and temporary situations affecting the location where the employee performs DHS-CS cybersecurity work.

(c) *Documentation.* Upon appointment of an individual to a qualified position, the Department documents the individual's official worksite as part of documenting the employee's appointment to a qualified position and the employee's assignment, as described in §158.706. The Department updates documentation of a DHS-CS employee's official worksite, if the geographic location where the DHS-CS employee regularly performs DHS-CS cybersecurity work changes and such change impacts the determination of the DHS-CS employee's official worksite under paragraph (a) of this section and such change is expected to last, or does last, for six months or more.

§ 158.705 Work scheduling.

(a) *Work scheduling system.* The Secretary or designee establishes and administers a work scheduling system for DHS-CS employees to ensure:

(1) Agility for the Department in scheduling DHS-CS cybersecurity work to execute the DHS cybersecurity mission;

(2) Availability of DHS-CS employees to perform the DHS-CS cybersecurity work of their assignments;

(3) Clear expectations for DHS-CS employees about when they are expected to perform DHS-CS cybersecurity work associated with their assignments;

(4) Flexibility for DHS-CS employees in scheduling and performing DHS-CS cybersecurity work associated with their assignments; and

(5) Recording of, accounting for, and monitoring of hours worked by DHS-CS employees.

(b) *Definitions.* For purposes of this section—

(1) *Work period* means a two-week period of 14 consecutive days that begins on a Sunday and ends on a Saturday, and is the equivalent of a *biweekly pay period* defined in 5 U.S.C. 5504 and 5 CFR part 550, subpart F.

(2) *Minimum hours of work* means the minimum number of hours that a DHS-CS employee is required to work, or account for with time-off, during a work period, and is the equivalent to the term *basic work requirement* defined in 5 U.S.C. 6121.

(3) *Time-off* means leave under § 158.651, time-off under § 158.652, and recognition time-off under § 158.633, or other time-off of duty available for DHS-CS employees.

(4) *Full-time schedule* means 80 hours per work period.

(5) *Part-time schedule* means a specified number of hours less than 80 hours per work period. When DHS-CS cybersecurity work associated with a DHS-CS employee's assignment regularly requires the DHS-CS employee to exceed that employee's specified number of hours per work period, the Department considers, with input from the employee and the employee's supervisor, whether to change the employee's work schedule from part-time to full-time to ensure appropriate compensation under this part, including accrual of leave under § 158.651 and the DHS-CS employee's share of health benefits premiums provided under § 158.653.

(6) *Contingent schedule* means an irregular number of hours up to 80 hours per work period. A contingent schedule is appropriate only when the DHS-CS cybersecurity work associated with a DHS-CS employee's assignment is sporadic and cannot be regularly scheduled in advance. When DHS-CS cybersecurity work associated with a DHS-CS employee's assignment is able to be scheduled in advance on a regular basis, the Department changes the employee's work schedule from contingent to part-time or full-time, as appropriate, to ensure appropriate compensation under this part, including accrual of leave under § 158.651 and the DHS-CS employee's share of health benefits premiums provided under § 158.653.

(c) *Employee work schedules.* (1) A DHS-CS employee's work schedule, and any minimum hours of work associated with the employee's schedule, is determined at the time of appointment and recorded as part of documenting the employee's appointment to a qualified position under § 158.706. A DHS-CS employee on a contingent schedule does not have a minimum number of hours of work but has a maximum number of total hours for the employee's appointment that is determined at the time of appointment and recorded as part of

documenting the employee's appointment to a qualified position under § 158.706.

(2) A DHS-CS employee's work schedule, and any minimum hours of work, may change during the employee's service in a qualified position and the Department records any such changes in the documentation associated with the employee's qualified position under § 158.706.

(d) *Work schedule requirements.* (1) DHS-CS employees are expected to perform DHS-CS cybersecurity work associated with their assignments to execute the DHS cybersecurity mission, especially in response to exigent circumstances and emergencies, including cybersecurity incidents defined in 6 U.S.C. 659, without entitlement to more compensation than the employee's salary described in § 158.603. Hours worked by a DHS-CS employee that exceed the employee's minimum hours of work do not affect the employee's salary or result in any automatic compensation, including a type of additional compensation.

(2) A DHS-CS employee on a full-time schedule is expected to work at least 80 hours per work period.

(3) A DHS-CS employee on a part-time schedule is expected to work at least the employee's specified number of hours of work per work period.

(4) A DHS-CS employee on a contingent schedule is expected to work as necessary to perform the DHS-CS cybersecurity work associated with the employee's assignment, not to exceed the maximum number of total hours for the employee's appointment.

(5) DHS-CS employees must report hours worked by the employee. The Department monitors such hours for purposes of managing the DHS-CS, including considering any changes to DHS-CS employees' schedules, and administering compensation, including assisting in consideration of any additional compensation for DHS-CS employees under § 158.642.

(6) A DHS-CS employee on a full-time schedule or a part-time schedule must account for minimum hours of work by the conclusion of the last day of the work period. If the hours worked by the employee are less than the employee's minimum hours of work, the

§ 158.706

6 CFR Ch. I (1–1–23 Edition)

employee must use time-off approved by the employee's supervisor, or must be placed in an appropriate non-pay status for the purposes described in paragraphs (a)(1) and (2) of this section, to account for the difference between hours actually worked by the employee and the employee's minimum hours of work.

(7) A DHS-CS employee on a full-time schedule or a part-time schedule, in coordination with the employee's supervisor, may adjust when work hours are completed in a given work period, to ensure time-off for religious observance, while also completing minimum hours of work. A DHS-CS employee on a contingent schedule, in coordination with the employee's supervisor, may adjust when work hours are completed to ensure time-off for religious observance.

(e) *Hours worked and compensation.* The Department uses the work scheduling system described in this section in administering compensation under this part, especially salary administration described in § 158.622 and the compensation described in §§ 158.642, 158.650, 158.651, and 158.652. In alignment with the compensation strategy, described in § 158.601, the work scheduling system:

(1) Acknowledges the unpredictable nature of cybersecurity work and the expectation described in § 158.601(c) about working unusual hours and extended hours as needed; and

(2) Reflects an understanding of the cybersecurity talent market, especially current work expectations and arrangements.

(f) *Policy.* CTMS policy implementing this section addresses:

(1) Procedures for determining, recording, and updating as necessary, DHS-CS employees' work schedules;

(2) Procedures for selecting and communicating anticipated work hours in advance and communicating variances from those work hours;

(3) Requirements regarding reporting and monitoring hours worked;

(4) Procedures for accounting for minimum hours of work; and

(5) Other work scheduling requirements for DHS-CS employees, including DHS-CS employees supporting specific DHS organizations. Such require-

ments may include designated days, hours, core hours, or limits on the number of work hours per day;

§ 158.706 Recordkeeping.

(a) *Generally.* The Department documents an individual's appointment to a qualified position and creates records of a DHS-CS employee's employment in the DHS-CS in compliance with 5 U.S.C. 2951 and 5 CFR subchapter A, part 9, and subchapter B, parts 293 and 297.

(b) *Documenting a qualified position.* The Department documents a qualified position established under this part by documenting an individual's appointment to a qualified position. Such documentation includes a description of the individual's:

(1) CTMS qualifications and the DHS-CS cybersecurity work that can be performed through application of those qualifications;

(2) Applicable work and career structures established under the work valuation system described in § 158.404;

(3) Salary under the compensation system described in § 158.602;

(3) Assignment information described in paragraph (e) of this section;

(4) Official worksite described in § 158.704; and

(5) Work schedule described in § 158.705.

(c) *Updating qualified position documentation.* The Department updates the documentation associated with a DHS-CS employee's qualified position, described in paragraph (a) of this section, to reflect changes affecting the employee's qualified position, including any changes to the description of information listed in paragraph (a), such as enhancements to the employee's CTMS qualifications. Except as necessary for purposes of recordkeeping under this section, any update to the documentation associated with a DHS-CS employee's qualified position is not a promotion, transfer, or reassignment for any other purpose under 5 U.S.C. or 5 CFR.

(d) *Documenting an assignment.* The Department documents a DHS-CS employee's initial assignment as part of documenting the employee's qualified position under this section. The Department updates the documentation

associated with a DHS-CS employee's qualified position for each of the employee's subsequent assignments described in § 158.703.

(e) *Assignment information.* Documentation of each assignment under this section includes the following operational information:

- (1) Statement of cybersecurity work activities;
- (2) Timeframe, such as anticipated duration;
- (3) Primary DHS organization;
- (4) Personnel security requirements;
- (5) Location, such as official worksite determined under § 158.704;
- (6) Information related to work scheduling under § 158.705; and
- (7) Information related to the performance management program, including information relevant to appraisal reviews, mission impact reviews, and development reviews, described in subpart H of this part.

(f) *Integrating with existing processes.* For purposes of recordkeeping for DHS-CS employees, including documenting positions and assignments under this section, the Department uses existing Federal personnel recordkeeping processes, standards, requirements, and systems of record. CTMS policy implementing this section addresses integration of the approach to talent management under this part, including definitions used in this part, with existing Federal personnel recordkeeping processes, standards, requirements, and systems of record, as necessary.

§ 158.707 Details and opportunities outside DHS.

(a) DHS-CS employees serving in renewable appointments or continuing appointments may be detailed to:

- (1) A position in the excepted service in another agency under 31 U.S.C. 1535;
- (2) A position in the SES in another agency under 5 CFR 317.903;

(7) Another detail opportunity under other provisions of applicable law.

(b) Individuals from outside the DHS-CS may not be detailed to a qualified position.

(c) DHS-CS employees serving in continuing appointments may be assigned to eligible non-Federal organizations under the Intergovernmental Personnel Act in accordance with 5 U.S.C. 3371-3375 and 5 CFR part 334.

§ 158.708 Directed assignments.

(a) Occasionally, the Department may direct a subsequent assignment of a DHS-CS employee, and such a directed subsequent assignment may require a change in the employee's official worksite, determined under § 158.704. For such directed subsequent assignments of a DHS-CS employee, the Department pays or reimburses expenses or allowances under and in accordance with the Federal Travel Regulations at 41 CFR chapters 301 and 302, and for such directed assignments that are not temporary, DHS provides notice to and consultation with the employee as described in this paragraph.

(b) Directed subsequent assignments expected to last less than six months are considered temporary, and for purposes under the Federal Travel Regulations at 41 CFR chapters 301 and 302, are temporary duty.

(c) For such directed subsequent assignments expected to last six months or more and with an official worksite in a DHS-CS employee's current commuting area, defined in 5 CFR 550.703, the Department provides the employee written notice at least 30 calendar days before the effective date of the subsequent assignment. This notice requirement may be waived only when the employee consents in writing.

(d) For such directed subsequent assignments expected to last six months or more and with an official worksite outside of a DHS-CS employee's current commuting area, defined in 5 CFR 550.703, DHS consults with the employee on the reasons for, and the employee's preferences regarding, the proposed change in assignment. Following such consultation, the Department provides the employee written notice at

§ 158.709

least 90 calendar days before the effective date of the assignment. This notice requirement may be waived only when the employee consents in writing.

§ 158.709 Exemption from other laws regarding deployment.

The provisions of laws, among other similar laws, listed in §§158.405, 158.502, and 158.605 do not apply under CTMS, to the DHS-CS, or to talent management involving the individuals described in §158.103.

(2) Statements of the general course and method by which the Board's functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(3) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

(4) Substantive rules of general applicability adopted as authorized by law and statements of general policy or interpretations of general applicability formulated and adopted by the Board; and

(5) Each amendment, revision, or repeal of any material listed in paragraphs (a)(1) through (4) of this section.

(b) In accordance with 5 U.S.C. 552(a)(2), the Board shall make the following materials available for public inspection and copying:

(1) Statements of policy and interpretation that have been adopted by the Board and not published in the FEDERAL REGISTER;

(2) Administrative staff manuals and instructions to staff that affect a member of the public;

(3) Copies of all records, regardless of the form or format, which have been released to any person under paragraph (c) of this section and that, because of their nature or subject matter, the Board determines have become or are

likely to become the subject of subsequent requests for substantially the same records; and

(4) A general index of the records referred to in paragraph (b)(3) of this section.

(c) In accordance with 5 U.S.C. 552(a)(3), the Board shall make available, upon proper request, as described in section 5 of this part, all non-exempt Board records, or portions of records, not previously made public under paragraphs (a) and (b) of this section.

(d) The FOIA applies only to Board records in existence at the time of the request; the FOIA does not require that the Board create new records in order to respond to FOIA requests. When responsive records are located, the Board adopts a presumption of disclosure and openness.

§ 1001.4 Categories of exemptions.

(a) The FOIA does not require disclosure of matters that are:

(1) Specifically authorized under criteria established by an executive order to be kept secret in the interest of national defense or foreign policy and are, in fact, properly classified under executive order;

(2) Related solely to the internal personnel rules and practices of the Board;

(3) Specifically exempted from disclosure by statute (other than the Government in the Sunshine Act, 5 U.S.C. 552b, as amended), provided that such statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, establishes particular criteria for withholding, or refers to particular types of matters to be withheld; and

(ii) If enacted after October 28, 2009, specifically cites to Exemption 3 of the FOIA, 5 U.S.C. 552(b)(3);

(4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Inter-agency or intra-agency memoranda or letters, which would not be available at law to a party other than an agency in litigation with the Board;

(6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:

(i) Could reasonably be expected to interfere with enforcement proceedings;

(ii) Would deprive a person of a right to a fair trial or impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a state, local, or foreign agency or authority or any private institution that furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual.

(8) Contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or

(9) Geological and geophysical information and data, including maps, concerning wells.

(b) [Reserved]

§ 1001.5 Requests for records.

(a) You may request copies of records under this part by email to FOIA@pclob.gov or in writing addressed to FOIA Officer, Privacy and Civil Liberties Oversight Board. Requestors should check the Board's Web site at <https://www.pclob.gov> for the Board's current mailing address. Please provide contact information, such as your phone number, email address, and/or

mailing address, to assist the Board in communicating with you and providing released records.

(b) Your request shall reasonably describe the records sought with sufficient specificity, and when possible, include names, dates, and subject matter, in order to permit the FOIA Officer to locate the records with a reasonable amount of effort. If the FOIA Officer cannot locate responsive records based on your written description, you will be notified and advised that further identifying information is necessary before the request can be fulfilled. Requesters who are attempting to reformulate or modify such a request may discuss their request with the Board's FOIA Officer or FOIA Public Liaison. If a request does not reasonably describe the records sought, the Board's response to the request is likely to be delayed.

(c) Although requests are considered either FOIA or Privacy Act requests, the Board processes requests for records in accordance with both laws so as to provide the greatest degree of lawful access while safeguarding an individual's personal privacy.

(d) Your request should specify your preferred form or format (including electronic formats) for the records you seek. We will accommodate your request if the record is readily available in that form or format. When you do not specify the form or format of the response, we will provide responsive records in the form or format most convenient to us.

[82 FR 34835, July 27, 2017]

§ 1001.6 Responsibility for responding to requests.

(a) *In general.* The Board delegates authority to grant or deny FOIA requests in whole or in part to the FOIA Officer. When conducting a search for responsive records, the FOIA Officer generally will search for records in existence on the date of the search. If another date is used, the FOIA Officer shall inform the requester of the date used.

(b) *Responses.* The FOIA Officer will notify you of his or her determination to grant or deny your FOIA request in the time frame stated in § 1001.8. The Board will release reasonably seg-

regable non-exempt information. For any adverse determination, including those regarding any disputed fee matter; a denial of a request for a fee waiver; or a determination to withhold a record, in whole or in part, that a record does not exist or cannot be located; or to deny a request for expedited processing; the notice shall include the following information:

(1) The name(s) of any person responsible for the determination to deny the request in whole or in part;

(2) A brief statement of the reason(s) for the denial, including any FOIA exemption applied in denying the request. The FOIA Officer will indicate, if technically feasible, the amount of information deleted and the exemption under which a deletion is made on the released portion of the record, unless including that indication would harm an interest protected by the exemption;

(3) An estimate of the volume of information withheld, if applicable. This estimate does not need to be provided if it is ascertainable based on redactions in partially disclosed records or if the disclosure of the estimate would harm an interest protected by an applicable FOIA exemption;

(4) A statement that the adverse determination may be appealed and a description of the requirements for an appeal under § 1001.7; and

(5) A statement notifying you of the assistance available from the Board's FOIA Public Liaison and the dispute resolution services offered by OGIS.

(c) *Consultations and referrals.* (1) Upon receipt of a FOIA request for a record within the Board's possession, the FOIA Officer should determine if the Board or another federal agency is best able to determine eligibility for disclosure under the FOIA. If the FOIA Officer determines that another agency is better able to evaluate the releasability of the record, the FOIA Officer shall:

(1) Upon receipt of a FOIA request for a record within the Board's possession, the FOIA Officer should determine if the Board or another federal agency is best able to determine eligibility for disclosure under the FOIA. As to any such record, the FOIA Officer must proceed in one of the following ways:

(i) *Consultation.* When records originated with the Board, but contain within them information of interest to or originated by another agency or Federal Government office, the FOIA Officer must consult with that other entity prior to making a release determination.

(ii) *Referral.* When the FOIA Officer believes that a different agency is best able to determine whether to disclose the record the FOIA Officer will refer the responsibility for responding to the request regarding that record to that agency (but only if that other department or agency is subject to FOIA). Ordinarily, the department or agency that originated the record will be presumed best able to determine whether to disclose it. However, if the FOIA Officer and the originating agency jointly agree that the Board is in the best position to respond regarding the record, then the record may be handled as a consultation.

(2) Whenever a request is made for information that is classified, the FOIA Officer shall refer the responsibility for responding to that portion of the request to the agency that originated the information, or has the primary interest in it, as appropriate. Whenever a record contains information that the Board has derivatively classified because it contains information classified by another agency, the FOIA Officer shall refer the responsibility for responding to the request regarding that information to the agency that classified the underlying information or originated the record.

(3) If responsibility for responding to a request is referred to another department or agency, the FOIA Officer shall notify you of the referral. This notice shall identify the part of the request that has been referred and the name of each department or agency to which the request, or part of the request, has been referred, when appropriate and available, the notice will include a point of contact for the referral agency or department.

(d) *Coordination.* The standard referral procedure is not appropriate where disclosure of the identity of the agency to which the referral would be made is classified for national security reasons or otherwise could harm an interest

protected by an applicable exemption, such as the exemptions that protect personal privacy or national security interests. For instance, if the Board locates within its files materials originating with an Intelligence Community agency, and the involvement of that agency in the matter is classified and not publicly acknowledged, then to disclose or give attribution to the involvement of that Intelligence Community agency could cause national security harms. In such an instance, in order to avoid harm to an interest protected by an applicable exemption, the Board will coordinate with the originating agency to seek its views on the disclosability of the record. The release determination for the record that is the subject of the coordination will then be conveyed to the requester by the Board.

§ 1001.7 Administrative appeals.

(a) You may appeal an adverse determination related to your FOIA request, or the Board's failure to respond to your FOIA request within the prescribed time limits, to the Chief FOIA Officer, Privacy and Civil Liberties Oversight Board. Requestors should check the Board's Web site at <https://www.pclob.gov> for the Board's current mailing address.

(b) Your appeal must be in writing, sent to the address posted on the Board's Web site in accordance with paragraph (a) of this section, and it must be postmarked, or in the case of electronic submissions, transmitted, within 90 calendar days after the date of the letter denying your request, in whole or in part. The appeal should clearly identify the agency determination that is being appealed and the assigned case request number. In case of the Board's failure to respond within the statutory time frame, you may submit an administrative appeal at any time until an agency response has been provided. For the most expeditious handling, your appeal letter and envelope, or subject line of the electronic transmission, should be marked "Freedom of Information Act appeal."

§ 1001.8

6 CFR Ch. X (1–1–23 Edition)

(c) Your appeal letter should state facts and may cite legal or other authorities in support of your request.

(d) On receipt of any appeal involving classified information, the Chief FOIA Officer must take appropriate action to ensure compliance with applicable classification rules.

(e) The Chief FOIA Officer shall respond to all administrative appeals in writing and within the time frame stated in §1001.8(d). If the decision affirms, in whole or in part, the FOIA Officer's determination, the letter shall contain a statement of the reasons for the affirmation, including any FOIA exemption(s) applied, and will inform you of the FOIA's provisions for court review. If the Chief FOIA Officer reverses or modifies the FOIA Officer's determination, in whole or in part, you will be notified in writing and your request will be reprocessed in accordance with that decision. The Board may work with Office of Government Information Services (OGIS) to resolve disputes between FOIA requestors and the Board. A requester may also contact OGIS in the following ways: Via mail to OGIS, National Archives and Records Administration, 8601 Adelphi Road—OGIS, College Park, MD 20740 (ogis.archives.gov), via email at ogis@nara.gov, or via the telephone at 202-741-5770 or 877-684-6448. Facsimile is also available at 202-741-5769.

[82 FR 34836, July 27, 2017]

§ 1001.8 Time frame for Board response.

(a) *In general.* The Board ordinarily shall respond to requests according to their order of receipt.

(b) *Multi-track processing.* The Board may use two or more processing tracks by distinguishing between simple and more complex requests based on the amount of work or time needed to process the request.

(c) *Initial decisions.* The Board shall determine whether to comply with a FOIA request within 20 working days after our receipt of the request, unless the time frame for response is extended due to unusual circumstances as further described in paragraph (f) of this section. A request is received by the Board, for purposes of commencing the 20-day timeframe for its response, on

the day it is received by the FOIA Officer or, in any event, not later than ten days after the request is first received by any Board office.

(d) *Administrative appeals.* The Chief FOIA Officer shall determine whether to affirm or overturn a decision subject to administrative appeal within 20 working days after receipt of the appeal, unless the time frame for response is extended in accordance with subsection (e) of this section.

(e) *Tolling timelines.* We may toll the 20-day timeframe set forth in paragraphs (c) or (d) of this section:

(1) One time to await information that we reasonably requested from you, as permitted by 5 U.S.C. 552(a)(6)(A)(iii)(I);

(2) As necessary to clarify with you issues regarding the fee assessment.

(3) If we toll the time frame for response under paragraphs (e)(1) or (2) of this section, the tolling period ends upon our receipt of your response.

(f) *Unusual circumstances.* In the event of unusual circumstances, we may extend the time frame for response provided in paragraphs (c) or (d) of this section by providing you with written notice of the unusual circumstances and the date on which a determination is expected to be made. Where the extension is for more than ten working days, we will provide you with an opportunity either to modify your request so that it may be processed within the statutorily-prescribed time limits or to arrange an alternative time period for processing your request or modified request.

(g) *Aggregating requests.* When we reasonably believe that multiple requests submitted by a requester, or by a group of requesters acting in concert, involving clearly related matters, can be viewed as a single request that involves unusual circumstances, we may aggregate the requests for the purposes of fees and processing activities, which may result in an extension of the processing time.

(h) *Expedited processing.* You may request that the Board expedite processing of your FOIA request. To receive expedited processing, you must demonstrate a compelling need for such processing.

(1) For requests for expedited processing, a “compelling need” involves:

(i) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(ii) A request made by a person primarily engaged in disseminating information, with a time urgency to inform the public of actual or alleged federal government activity.

(2) Your request for expedited processing must be in writing and may be made at the time of the initial FOIA request or at any later time.

(3) Your request for expedited processing must include a statement, certified to be true and correct to the best of your knowledge and belief, explaining in detail the basis for requesting expedited processing. If you are a person primarily engaged in disseminating information, you must establish a particular urgency to inform the public about the federal government activity involved in the request.

(4) The FOIA Officer will decide whether to grant or deny your request for expedited processing within ten calendar days of receipt. You will be notified in writing of the determination. Appeals of adverse decisions regarding expedited processing shall be processed expeditiously.

§ 1001.9 Business information.

(a) *Designation of confidential business information.* In the event a FOIA request is made for confidential business information previously submitted to the Government by a commercial entity or on behalf of it (hereinafter ‘submitter’), the regulations in this section apply. When submitting confidential business information, you must use a good-faith effort to designate, by use of appropriate markings, at the time of submission or at a reasonable time thereafter, any portions of your submission that you consider to be exempt from disclosure under FOIA Exemption 4, 5 U.S.C. 552(b)(4). Your designation will expire ten years after the date of submission unless you request, and provide justification for, a longer designation period.

(b) *Notice to submitters.* Whenever you designate confidential business infor-

mation as provided in paragraph (a) of this section, or the Board has reason to believe that your submission may contain confidential business information, we will provide you with prompt written notice of a FOIA request that seeks your business information. The notice shall:

(1) Give you an opportunity to object to disclosure of your information, in whole or in part;

(2) Describe the business information requested or include copies of the requested records or record portions containing the information; and

(3) Inform you of the time frame in which you must respond to the notice.

(c) *Opportunity to object to disclosure.* The Board shall allow you a reasonable time to respond to the notice described in paragraph (b) of this section. If you object to the disclosure of your information, in whole or in part, you must provide us with a detailed written statement of your objection. The statement must specify all grounds for withholding any portion of the information under any FOIA exemption and, when relying on FOIA Exemption 4, it must explain why the information is a trade secret or commercial or financial information that is privileged and confidential. If you fail to respond within the time frame specified in the notice, the Board will conclude that you have no objection to disclosure of your information. The Board will only consider information that we receive within the time frame specified in the notice. Any information provided by a submitter under this subpart may itself be subject to disclosure under the FOIA.

(d) *Notice of intent to disclose.* The Board will consider your objection and specific grounds for non-disclosure in deciding whether to disclose business information. Whenever the Board decides to disclose business information over your objection, we will provide you with written notice that includes:

(1) A statement of the reasons why each of your bases for withholding were not sustained;

(2) A description of the business information to be disclosed; and

(3) A specified disclosure date, which shall be a reasonable time after the notice.

§ 1001.10

6 CFR Ch. X (1–1–23 Edition)

(e) *Exceptions to the notice requirement.* The notice requirements of paragraphs (c) and (d) of this section shall not apply if:

(1) The Board determines that the information shall not be disclosed;

(2) The information lawfully has been published or has been officially made available to the public;

(3) Disclosure of the information is required by statute (other than the FOIA) or by a regulation issued in accordance with the requirements of Executive Order 12600;

(4) The designation made by the submitter under paragraph (a) of this section appears obviously frivolous, except that, in such a case, the Board shall, within a reasonable time prior to the date the disclosure will be made, give the submitter written notice of the final decision to disclose the information.

(f) *Notice to requesters.* Whenever we provide a submitter with the notice described in paragraph (b) of this section, we also will provide notice to the requester that notice and opportunity to object to the disclosure are being provided to the submitter. The Board also must notify the requester when it notifies the submitter of its intent to disclose the requested information, and whenever a submitter files a lawsuit to prevent the disclosure of the information.

[78 FR 66997, Nov. 8, 2013, as amended at 82 FR 34836, July 27, 2017]

§ 1001.10 Fees.

(a) We will charge fees that recoup the full allowable direct costs we incur in processing your FOIA request. Fees may be charged for search, review or duplication. As a matter of administrative discretion, the Board may release records without charge or at a reduced rate whenever the Board determines that the interest of the United States government would be served. We will use the most efficient and least costly methods to comply with your request. The Board may charge for search time even if no records are located or the records located are exempt from disclosure. If the Board fails to comply with the FOIA's time limits in which to respond to a request, it may not charge search fees, unless the circumstances

outlined in paragraph (o) of this section are met.

(b) With regard to manual searches for records, we will charge the salary rate(s) (calculated as the basic rate of pay plus 16 percent of that basic rate to cover benefits) of the employee(s) performing the search.

(c) In calculating charges for computer searches for records, we will charge at the actual direct cost of providing the service, including the cost of operating computers and other electronic equipment, such as photocopiers and scanners, directly attributable to searching for records potentially responsive to your FOIA request and the portion of the salary of the operators/programmers performing the search.

(d) We may only charge requesters seeking documents for commercial use for time spent reviewing records to determine whether they are exempt from mandatory disclosure. Charges may be assessed only for the initial review—that is, the review undertaken the first time we analyze the applicability of a specific exemption to a particular record or portion of a record. Records or portions of records withheld in full under an exemption that is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. We may assess the costs for such subsequent review. No charge will be made for review at the administrative appeal stage of exemptions applied at the initial review stage.

(e) Records will be duplicated at a rate of \$.10 per page, except that the Board may adjust this rate from time to time by rule published in the FEDERAL REGISTER. For copies prepared by computer, such as tapes, CDs, DVDs, or printouts, we will charge the actual cost, including operator time, of production. For other methods of reproduction or duplication, we will charge the actual direct costs of producing the document(s). If we estimate that duplication charges are likely to exceed \$25, we will notify you of the estimated amount of fees, unless you indicated in advance your willingness to pay fees as high as those anticipated. Our notice will offer you an opportunity to confer with Board personnel to reformulate

the request to meet your needs at a lower cost. If the Board notifies you that the actual or estimated fees are in excess of \$25.00, your request will not be considered received and further work will not be completed until you commit in writing to pay the actual or estimated total fee, or designate some amount of fees you are willing to pay, or in the case of a noncommercial use requester who has not yet been provided with your statutory entitlements, you designate that you seek only that which can be provided by the statutory entitlements. The Board's FOIA Officer or Public Liaison are available to assist you in reformulating your request to meet your needs at a lower cost.

(f) We will charge you the full costs of providing you with the following services:

(1) Certifying that records are true copies; or

(2) Sending records by special methods such as express mail.

(g) We may assess interest charges on an unpaid bill starting on the 31st calendar day following the day on which the billing was sent. Interest shall be at the rate prescribed in 31 U.S.C. 3717 and will accrue from the date of the billing until payment is received by the Board.

(h) We will not charge a search fee for requests by educational institutions, non-commercial scientific institutions, or representatives of the news media. A search fee will be charged for a commercial use request.

(i) The Board will not charge duplication fees for requests by educational institutions, non-commercial scientific institutions, or representatives of the news media for a non-commercial use request if the agency fails to comply with the FOIA's time limits in which to respond to a request.

(j) Except for a commercial use request, we will not charge you for the first 100 pages of duplication and the first two hours of search.

(k) You may not file multiple requests, each seeking portions of a document or documents, solely for the purpose of avoiding payment of fees. When the Board reasonably believes that a requester, or a group of requesters acting in concert, has submitted requests

that constitute a single request involving clearly related matters, we may aggregate those requests and charge accordingly.

(1) We may not require you to make payment before we begin work to satisfy the request or to continue work on a request, unless:

(1) We estimate or determine that the allowable charges that you may be required to pay are likely to exceed \$250; or

(2) You have previously failed to pay a fee charged within 30 calendar days of the date of billing.

(m) In cases in which the Board requires advance payment, the request will not be considered received and further work will not be completed until the required payment is received. If you do not pay the advance payment within 30 calendar days after the date of the Board's fee determination, the request will be closed.

(n) Upon written request, we may waive or reduce fees that are otherwise chargeable under this part. If you request a waiver or reduction in fees, you must demonstrate that a waiver or reduction in fees is in the public interest because disclosure of the requested records is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in your commercial interest. After processing, actual fees must exceed \$25, for the Board to require payment of fees.

(o) If the Board has determined that unusual circumstances, as defined by the FOIA, apply and more than 5,000 pages are necessary to respond to the request, the Board may charge search fees, or, in the case of requesters described in paragraph (h) of this section, may charge duplication fees, if the following steps are taken. The Board must have provided timely written notice of unusual circumstances to the requester in accordance with the FOIA and the agency must have discussed with the requester via written mail, email, or telephone (or made not less than three good-faith attempts to do so) how the requester could effectively limit the scope of the request in accordance with 5 U.S.C. 552(a)(6)(B)(ii). If this exception is satisfied, the Board

§ 1001.11

may charge all applicable fees incurred in the processing of the request.

§ 1001.11 Other rights and services.

Nothing in this subpart shall be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

(2) The public announcement required by this section is made at the earliest practicable time.

(c) When a meeting has been called by the Chairman, the notice shall contain such agenda items as the Chairman designates. The notice shall be circulated to Members in advance of publication and Members, by majority vote, may add additional agenda items.

(d) When a meeting is called by a majority of Members, the notice shall contain such agenda items as have been approved by a majority of the Board.

(e) The Executive Director will ensure that the final agenda for the meeting conforms to the notice published in the FEDERAL REGISTER.

(f) If public notice is provided by means other than publication in the FEDERAL REGISTER, notice will be promptly submitted to the FEDERAL REGISTER for publication.

[78 FR 67002, Nov. 8, 2013, as amended at 82 FR 34838, July 27, 2017]

§ 1003.5 Grounds on which meetings may be closed or information withheld.

A meeting, or portion thereof, may be closed and information pertinent to such meeting withheld if the Board determines that the meeting or release of information is likely to disclose matters that are:

(a) Specifically authorized under criteria established by an executive order to be kept secret in the interests of national defense or foreign policy; and, in fact, are properly classified pursuant to such executive order. In making the determination that this exemption applies, the Board shall rely on the classification assigned to the document or assigned to the information from the federal agency from which the document was received.

(b) Related solely to the internal personnel rules and practices of the Board;

(c) Specifically exempt from disclosure by statute (other than 5 U.S.C. 552), provided that such statute:

(1) Requires that the matters be withheld from the public in such a

manner as to leave no discretion on the issue; or

(2) Establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(d) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(e) Involved with accusing any person of a crime or formally censuring any person;

(f) Of a personal nature, if disclosure would constitute a clearly unwarranted invasion of personal privacy;

(g) Either investigatory records compiled for law enforcement purposes or information which, if written, would be contained in such records, but only to the extent that the production of records or information would:

(1) Interfere with enforcement proceedings;

(2) Deprive a person of a right to either a fair trial or an impartial adjudication;

(3) Constitute an unwarranted invasion of personal privacy;

(4) Disclose the identity of a confidential source or sources and, in the case of a record compiled either by a criminal law enforcement authority or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source(s);

(5) Disclose investigative techniques and procedures; or

(6) Endanger the life or physical safety of law enforcement personnel;

(h) Contained in or relating to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;

(i) If prematurely disclosed, likely to significantly frustrate implementation of a proposed action of the Board, except that this subsection shall not apply in any instance where the Board has already disclosed to the public the content or nature of its proposed action or is required by law to make such disclosure on its own initiative prior to taking final action on such proposal; and

(j) Specifically concerned with the Board's issuance of a subpoena, or its

Privacy and Civil Liberties Oversight Board

§ 1003.9

participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration, or the initiation, conduct, or disposition by the Board of a particular case or formal agency adjudication pursuant to the procedures in 5 U.S.C. 554 or otherwise involving a determination on the record after opportunity for a hearing.

§ 1003.6 Procedures for closing meetings or withholding information, and requests by affected persons to close a meeting.

(a) A meeting or portion of a meeting may be closed and information pertaining to a meeting withheld under § 1003.5 only by vote of a majority of members.

(b) A separate vote of the members shall be taken with respect to each meeting or portion of a meeting proposed to be closed and with respect to information which is proposed to be withheld. A single vote may be taken with respect to a series of meetings or portions of a meeting that are proposed to be closed, so long as each meeting or portion thereof in the series involves the same particular matter and is scheduled to be held no more than 30 days after the initial meeting in the series. The vote of each member shall be recorded and no proxies shall be allowed.

(c) A person whose interests may be directly affected by a portion of a meeting may request in writing that the Board close that portion for any of the reasons referred to in § 1003.5(e), (f) and (g). Upon the request of a member, a recorded vote shall be taken whether to close such meeting or portion thereof.

(d) For every meeting closed, the General Counsel shall publicly certify that, in his or her opinion, the meeting may be closed to the public and shall state each relevant basis for closing the meeting. If the General Counsel invokes the bases set forth in § 1003.5(a) or (c), he/she shall rely upon the classification or designation assigned to the information by the originating agency. A copy of such certification, together with a statement by the presiding officer setting forth the time and place of the meeting and the persons present,

shall be retained by the Board as part of the transcript, recording, or minutes required by § 1003.8.

§ 1003.7 Changes following public announcement.

(a) The time, place, and agenda items of a meeting following the public announcement described in § 1003.4, or the determination of the Board to open or close a meeting, or a portion thereof, to the public may be changed following public announcement only if:

(1) A majority of all members determine by recorded vote that Board business so requires and that no earlier announcement of the change was possible; and

(2) The Board publicly announces such change and the vote of each member thereon at the earliest practicable time.

(b) Changes to the time, place and agenda items of a meeting called by the Chairman pursuant to § 1003.4(c) must be made with the concurrence of the Chairman, except that when Members have, by majority vote, added additional agenda items, the addition of those agenda items does not require the Chairman's concurrence.

[82 FR 34838, July 27, 2017]

§ 1003.8 Transcripts, recordings, or minutes of closed meetings.

Along with the General Counsel's certification and presiding officer's statement referred to in § 1003.6(d), the Board shall maintain a complete transcript or electronic recording adequate to record fully the proceedings of each meeting, or a portion thereof, closed to the public. Alternatively, for any meeting closed pursuant to § 1003.5(h) or (j), the Board may maintain a set of minutes adequate to record fully the proceedings, including a description of each of the views expressed on any item and the record of any roll call vote.

§ 1003.9 Public availability and retention of transcripts, recordings, and minutes, and applicable fees.

(a) The Board shall make available, in a place easily accessible, such as www.pclob.gov, to the public the transcript, electronic recording, or minutes

§ 1003.9

of a meeting, except for items of discussion or testimony related to matters the Board determines may be withheld under §1003.6.

(b) Copies of the nonexempt portions of the transcripts or minutes shall be provided upon receipt of the actual costs of the transcription or duplication.

6 CFR Ch. X (1–1–23 Edition)

(c) The Board shall maintain meeting transcripts, recordings, or minutes of each meeting closed to the public for a period ending at the later of two years following the date of the meeting, or one year after the conclusion of any Board proceeding with respect to the closed meeting.
